SPECIFIC PLAN AMENDMENT

In addition to the items describe above in the Specific Plan Filing package requirements, Specific Plan Amendment applications must clearly delineate and describe the extent of the proposed modifications to the adopted Specific Plan. An Amended Land Use Plan and Table shall be prepared, identifying all of the existing entitlements by Planning Area, together with the proposed amendment (expansion or reduction of the Specific Plan and/or Planning Areas, and/or the creation of new Planning Areas, or modifications to policies or development standards set forth in the adopted Specific Plan.

If, during the Preliminary Review of the Specific Plan project, in accordance with California Code of Regulations, Title 14, Chapter 3, Section 15060), or at the conclusion of an initial study [Environmental Assessment] (Sections 15063 and 15064) for the project, it is determined that the proposed Specific Plan has the potential to create a significant impact upon the environment; an Environmental Impact Report (EIR) shall be prepared (Section 15081 et seq.) In accordance with Riverside County Board of Supervisors policy, the applicant shall select an EIR Consultant from the County's List of Qualified EIR Consultants to prepare the EIR.
