APPLICATION FOR PRE-APPLICATION REVIEW (PAR)

Pre-Application Review (PAR) is an optional procedure for all development proposals identified as falling into Category I, II, or III, as defined below. The purpose of PAR is to:

1. Advise a prospective applicant of the current County standards and requirements.
2. Assess whether a prospective applicant's development proposal is consistent with the current County standards and requirements before an application is actually files and fees are paid.
3. Shorten the length of time required to process a development proposal once it has been accepted for processing.
4. Encourage development proposal designs that are sensitive to environmental and developmental constraints and that less the need for subsequent costly and time consuming redesigns.
5. Limit requests for special studies to those identified in the PAR letter.

Development proposals that are subject to PAR are divided into three categories on the basis of their relative complexity. The simplest proposals are classified as Category I proposals. The most complex proposals are classified as Category III proposals. For multiple applications, (i.e. GPA, CZ, Plot Plan) the category will be determined by the most complex application.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.
