

Monthly Progress Report

Riverside County Renewable Energy Planning Program

Landscape of the Colorado Desert.

Commission Agreement #: REN-13-002

Monthly Progress Report #: 08

Period Covered: May 1 – June 30, 2015

Attached to Invoice #: N/A

Project Manager: Cindy A. Thielman-Braun

Telephone # / Email: (951) 955-8632 / cthielma@rctlma.org

Commission Agree. Manager: Cory Irish, MS - 18

Telephone # / Email: (916) 654-4739 / cory.irish@energy.ca.gov

Executive Summary

May and June 2015 saw the completion of Tasks 1.7 and 2.3 with the completion of the selection and contracting process for a subconsultant. RBF Consulting, a Michael Baker International Company, was hired and work initiated on the detailed GIS analyses needed for the Salton Sea and DRECP areas of the County. With the consultant fully onboard, work on the detailed Salton Sea analysis could begin in earnest. Several meetings occurred towards this end. Analysis necessary for the GPA and renewable energy mapping remained ongoing. Similarly, conference calls and correspondence with the California Energy Commission and BLM also remained ongoing.

Work Statement

This section briefly addresses the status of the project's approved tasks in the Work Statement. Discussion is split into three sections focusing on completed activities, ongoing activities and, lastly, activities with no new progress to report. Each subtask item includes a report on its status, including discussion of any products due and whether or not the project is progressing according to schedule. Where applicable the discussion also covers any problems encountered, proposed changes contemplated and anticipated results for the upcoming quarter. Unless noted otherwise, each subtask remains on track in terms of budgeted funds and hours at this time and will continue to be produced monthly as per Work Statement and schedule.

Agreement Activities Completed This Month

Three tasks were completed in May – June 2015, as described below. All other activities and work products produced in the past month were part of on-going efforts and are described in subsequent sections.

A. Task 1.7 – Obtain and Execute Subcontracts

As noted in the prior monthly report, the subconsultant selection process has been completed. The resultant contract has been signed by consultant (RBF Consulting) and County representatives. The contracts were signed and on May 19, 2015, the County Board of Supervisors approved the motion executing the contract. See **Attachment A**.

B. Task 2.1 – Kickoff Meeting

With the consultants finally contracted, the County held a formal “kickoff meeting” with all of the County contributors and RBF on June 29, 2015. This meeting included a project overview as well as detailed discussion of the individual roles and contributions to be made by each team member and the consultant. Attendees included all participating County departments (Planning, Transportation, GIS, Demographics and Engineering) along with the newly retained RBF Consulting staff. Following the general meeting, those involved in technical issues (e.g., GIS work) met further to work through various GIS coordination and data-sharing issues. The agenda and notes for this meeting are included in **Attachment B**.

C. Task 2.3 – RFP for Consultant Services

As noted above, the contract and budget negotiations were concluded for the RFQ process and the signed contract was approved by the Board of Supervisors at the May 19 meeting.

Status of Ongoing Agreement Activities

The tasks listed below are ongoing and have had activity performed as indicated. Unless noted otherwise, each of these tasks will be reported on further in subsequent progress reports. Ongoing items will remain in this section unless concluded or there has been no activity during the reporting period. In such cases, the item will be discussed in the applicable other section instead.

A. Task 1.4 – Monthly Progress Report

The seventh progress report was prepared for April 2015. Details of the report were submitted to the CEC electronically. The County is preparing a second invoice for January 1 through June 30, 2015. It will be submitted as soon as it is completed.

B. Task 2.2 – Team Meetings

The eRED Project Manager (Cindy Thielman-Braun) met with several eRED team members either individually or in small groups throughout May – June 2015; mostly regarding County analysis of the Draft DRECP EIR/EIS. There were no formal agendas for these meetings. In addition, immediately after the formal approval of the contract, the County met informally with RBF on May 20th to begin work on Salton Sea issues. The agenda for this meeting is included in **Attachment C**.

C. Task 3.1 – Assemble Existing eRED Data

This task has been initiated in association with the research and preparation the eRED Project Manager has performed in developing the initial project presentations (for example, for internal use, etc.). The eRED team has also begun researching and studying existing eRED data and related technical information providing background on the issues the County is facing.

D. Task 3.2 – Develop eRED Opportunities and Constraints Criteria

Mapping and additional analysis of the draft DRECP EIR/EIS released by the State continued in April, with the focus on BLM plans. Working with RBF to obtain necessary data from BLM and analyze it accordingly. This task remains ongoing.

E. Task 3.3 – Identify Areas Suitable for Additional eRED Study

Similar to Task 3.2, this task also continues with the focus on County land use and conservation plans relative to BLM proposals (for both DRECP and CDCA). In all, this work effort remains ongoing.

F. Task 4.1 – Assemble Information/Data for Salton Sea eRED Study Region

Work on this subtask is ongoing. Work has begun with GIS staff and RBF is working to obtain relevant GIS data from agencies with land use or other management authority in the region (BLM, CVAG, USFWS,

Tribes, etc.) and infrastructure data from utility agencies (e.g., Imperial Irrigation District, Coachella Valley Water District, Southern California Edison, etc.). Analysis is underway of County land use, environmental and infrastructure data versus GIS data from these agencies.

G. Task 4.2 – Analyze Salton Sea eRED Opportunities and Constraints

Work on this subtask is ongoing on conjunction with the Task 4.1 effort described above.

H. Task 4.4 – Outreach and Coordination with Salton Sea Authority

No new meetings were held with the Salton Sea Authority in May – June 2015, although the Project Manager remained in email contact with the agency on coordination issues. This task remains ongoing.

I. Task 4.5 – Technical Coordination with Utilities and Other Agencies in Salton Sea Region

No specific meetings or other actions not already mentioned related to this task were held in May – June 2015. However, the County continued its email correspondence with BLM during this time in order to obtain GIS data related to BLM proposals. This task remains ongoing.

J. Task 7.1 – Develop and Publish Project Webpage

The eRED Project website remains up with content added to the site as it becomes available, e.g., copies of the monthly reports to the CEC, new maps ready for public viewing, public meeting information, etc. Information and data will continue to be added to the site as it is developed. This task remains ongoing.

K. Task 7.2 – Public Agency and Stakeholder Coordination and Other Outreach Meetings

Correspondence and coordination with a variety of agencies and interested parties remained ongoing in May – June 2015. In particular, the CEC arranged a conference call directly with the County of Riverside on May 5, 2015, in which options for further County engagement in the DRECP process (the “options memo”) were discussed. See **Attachment D** for agenda. In addition, the County participated in a CEC “county working group” conference call for the DRECP-involved counties in June. See **Attachment E** for the agenda and meeting notes. In all, this task remains ongoing.

Tasks Not Yet Begun or With No Notable Changes

For this reporting period, no new work has been undertaken on the tasks listed below. In every case, unless noted otherwise, these tasks are those for which requisite prior actions are not yet complete. None of these tasks have any specific work product anticipated in the next three months (unless noted otherwise). Agendas and notes will continue to be forwarded for any meetings that do occur.

A. Task 1.2 – Critical Project Review (CPR) Meetings

B. Task 1.3 – Final Meeting

- C. Task 1.5 – Final Report
- D. Task 4.3 – Develop Salton Sea eRED Study Region Policies and Plans
- E. Task 5.1 – Revise General Plan: Eastern Coachella Valley Area Plan
- F. Task 5.2 – Revise General Plan: Multipurpose Open Space Element
- G. Task 5.3 – Revise General Plan: Rest of Document
- H. Task 5.4 – Prepare General Plan Documents for Processing
- I. Task 6.1 – CEQA Initial Study
- J. Task 6.2 – Prepare Environmental Review Document
- K. Task 6.3 – CEQA Consultations
- L. Task 6.4 – Prepare Final CEQA Documents for Processing
- M. Task 8.1 – General Plan Amendment Initiation Process (GPIP) Processing
- N. Task 8.2 – Planning Commission Processing
- O. Task 8.3 – Board of Supervisors Processing
- P. Task 8.4 – Final Documents (Post-Adoption Actions, if Applicable)

Completed Tasks -- No Further Changes

The tasks below have been completed and were addressed under prior progress reports, as indicated. No further actions are planned or anticipated for these tasks.

- A. Task 1.1 – CEC Kickoff Meeting (Completed July 22, 2014; see Progress Report #01.)
- B. Task 1.6 – Required Permit Information (Completed July 31, 2014; see Progress Report #01.)

Work Product / Deliverables

Products are “any tangible item specified in the Work Statement.” As per the conditions of REN-13-002 Exhibit C, item 5 (“Products”), “Unless otherwise directed, draft copies of all products identified in the Work Statement shall be submitted to the Commission Agreement Manager for review and comment. The Recipient will submit an original and two copies of the final version of all products to the Commission Agreement Manager.” Thus, in accordance with this directive, the following work products are submitted for this reporting period.

- A. **Attachment A:** Board of Supervisors Minutes, #3-29, dated May 19, 2015. (Task 1.7 and 2.3)
- B. **Attachment B:** Agenda and meeting notes, Salton Sea Kickoff meeting, dated June 29, 2015. (Task 2.1)
- C. **Attachment C:** Agenda, meeting with RBF Consulting, dated May 20, 2015. (Task 2.2)
- D. **Attachment D:** Agenda, CEC – Riverside County conference call, dated May 5, 2015. (Task 7.2)
- E. **Attachment E:** Agenda, CEC-counties working group conference call, dated June 18, 2015. (Task 7.2)

Financial Status

This section presents a brief narrative addressing costs incurred to-date in relation to the approved Budget. Also includes a discussion as to whether or not the project is progressing within the approved Budget, as well as identification of any proposed changes or adjustments being that may be considered. To date, Invoice #01 has been submitted and paid by the State. A second invoice (#02) will be submitted for January – June 2015 as soon as it is completed. At present there are no issues outstanding (in either the Work Statement or the Budget) that might necessitate amendment of the Agreement. No budget changes or alterations are requested at this time.

Additional Information

These items address any information in the Work Statement or Special Conditions not already covered in one of the above sections. Ministerial types of project information are also addressed, as well as the outlook for any significant future changes (i.e., amendments) and any issues not addressed elsewhere.

Amendments

Item 8 (“Amendments”) of Exhibit C, Terms and Conditions of Non-Federally Funded Grants, of the Agreement notes that, “Changes to the Work Statement, changes to specific line items in the budget, or both, may be made under certain conditions.” At present, there are no issues outstanding (neither in the Work Statement nor Budget) that would necessitate the proposal of an amendment to the Agreement other than, potentially, whatever changes may be necessary to clarify invoicing procedures, as noted above. Should any other issue arise with the potential to lead to an amendment request, the County will contact the CEC immediately.

Legal Notice

No product or report produced as a result of work funded by this program shall be represented to be endorsed by the California Energy Commission and all such products or reports shall include the following statement:

“This document was prepared as a result of work sponsored by the California Energy Commission. It does not necessarily represent the views of the Energy Commission, its employees, or the State of California. Board of Supervisors Minutes, Item #3-29, dated May 19, 2015

FORM APPROVED COUNTY COUNSEL
BY: GREGORY P. PRAMOS DATE 5/6/15

Departmental Concurrence

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

914 A

FROM: TLMA – Transportation Department

SUBMITTAL DATE:
April 2, 2015

SUBJECT: Approval of an Engineering Services Agreement with RBF Consulting to Perform Existing and Planned Utility Mapping and Planning Services for the Salton Sea Renewable Energy Study Region Planning Project. 4th District; [\$150,000 total]; State Funds 100%

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the attached Engineering Services Agreement with RBF Consulting to perform preliminary engineering in the amount of \$96,880 for the Salton Sea Renewable Energy Study Region Planning Project in the Eastern Coachella Valley area; and
2. Authorize the Chairman of the Board to execute the Engineering Services Agreement on behalf of the County of Riverside; and
3. Authorize the Director of Transportation and Land Management, or his designee, to approve optional contingency-based extensions to the agreement, if deemed necessary, up to an amount not to exceed \$53,120 in grant funds.

Patricia Romo
Assistant Director of Transportation

Juan C. Perez
Director of Transportation and Land Management

FINANCIAL DATA	Current Fiscal Year:	Next Fiscal Year:	Total Cost:	Ongoing Cost:	POLICY/CONSENT (Per Exec. Office)
COST	\$ 50,000	\$ 100,000	\$ 150,000	\$ 0	Consent <input type="checkbox"/> Policy <input checked="" type="checkbox"/>
NET COUNTY COST	\$ 0	\$ 0	\$ 0	\$ 0	

SOURCE OF FUNDS: California Energy Commission Grant REN-13-002 (100%). There are no General Funds used in this project.

Budget Adjustment: No
For Fiscal Year: 14/15-15/16

C.E.O. RECOMMENDATION:

APPROVE

BY:

Tina Grande

SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

FORM 11: Approval of the Engineering Services Agreement with RBF Consulting to Perform Existing and Planned Utility Mapping and Planning Services for the Salton Sea Renewable Energy Study Region Planning Project. 4th District; [\$150,000]; State Funds 100%

DATE: April 2, 2015

PAGE: 2 of 3

BACKGROUND:**Summary**

The Riverside County (County) Board of Supervisors (Board) approved County Resolution Number 2014-064 approving the County application to the California Energy Commission (CEC) for grant funding under PON-13-504 – Renewable Energy and Conservation Planning Grant on March 11, 2014 (Agenda Item 3-27).

The County successfully obtained a grant in the amount of \$699,996.00 from the CEC pursuant to grant agreement REN-13-002, which commenced on July 21, 2014. Grant funding expires June 30, 2016. The goal of the grant agreement is to perform resource and constraints mapping, propose General Plan revisions and perform environmental review that will aid eligible renewable energy resource development opportunities available within the County. The engineering and mapping work will identify areas with potential eligible renewable energy resources and sufficient infrastructure to facilitate their development.

Accordingly the Transportation Department intends to develop data and maps identifying critical opportunities and constraints within the Salton Sea Study Region and assemble Geographical Information System (GIS) data identifying existing and planned infrastructure related to potential eligible renewable energy resources. Such infrastructure may include, but not be limited to, roads, power lines and electric substations, as well as water and sewer lines, drainage facilities and treatment plants.

A Request for Qualifications (RFQ) for preliminary engineering services for the Salton Sea Renewable Energy Study Region Planning Project was published on the Transportation Department's website and the Press Enterprise newspaper. Three firms submitted Statements of Qualifications (SOQ), which were carefully reviewed and evaluated by representatives of the County Transportation and Planning departments. All three firms were selected for interviews. Based on final scored results, RBF Consulting was selected as the most qualified firm to perform the preliminary mapping services for the project.

The County negotiated the scope of work and staff billing rates with RBF Consulting for a total contract fee of \$96,880. As the grant allocates a total of \$150,000 for the subcontracted work effort, a total of up to \$53,120 contingency is also requested to permit the County to evaluate and authorize contingency change orders, should any be deemed necessary. The Subcontractor shall submit a written request to the County for any costs not covered by the executed Engineering Services Agreement. The Subcontractor understands and agrees that costs shall not be incurred against the contingency without prior written authorization from the County.

Impact on Residents and Businesses

This work will allow the County to better plan and coordinate the provision of infrastructure and future development, particularly renewable energy resources, within the Salton Sea region. No specific development or construction work is proposed under the work effort to be subcontracted. It will assist efforts to revitalize the Salton Sea by providing a mapping database that the private and public sector can use, showing infrastructure opportunities and constraints.

SUPPLEMENTAL:**Additional Fiscal Information**

Engineering services up to the amount of \$96,880, plus a contingency of up to \$53,120, if deemed necessary, will be funded through California Energy Commission Grant Agreement REN-13-002. This grant commenced on July 21, 2014, and expires June 30, 2016. It allocates up to \$150,000 for the work to be performed by the subcontractor selected by the County. Subcontractor work will begin in FY 2014/2015 and end in FY 2015/2016. There are no General Funds used in this project.

SUBMITTAL TO THE BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

Contract History and Price Reasonableness

Three firms submitted Statements of Qualifications (SOQ), which were carefully reviewed and evaluated by representatives of the County Transportation and Planning departments. All three firms were selected for interviews. Based on final scored results, RBF Consulting was selected as the most qualified firm to perform the preliminary mapping services for the project.

The County negotiated the scope of work and staff billing rates extensively with RBF Consulting to arrive at the resulting contract fee. It is within the amount allotted for the task pursuant to the Grant Agreement (REN-13-002) executed with the California Energy Commission.

Attachment B:

Agenda and Meeting Notes, Salton Sea Kickoff Meeting, dated May June 29, 2015

CEC Renewable Energy Grant: Salton Sea Team Kick-off

June 29, 2015

I. GRANT PROJECT SCOPE

- A. Salton Sea Renewable Energy Study Area (Task 4) – UTILITY WORK (coordinate with TRANS)
- B. Far Eastern Desert (east of CVAG) (Task 3) – BLM Solar Plan / (DRECP) compatibility
- C. General Plan Amendment (Task 5) – Revise Open Space Element to address renewable energy

II. WHAT DO COUNTY STAKEHOLDERS NEED?

- A. What types of information are needed?
- B. What agencies do we need data from?
- C. What type of GIS processing, if any, will RBF need to do?
- D. Are there any unresolved data issues or needs we want RBF to tackle?

III. DATA NEEDS

- A. COUNTY SOURCES:
 - 1. TRANSPORTATION DATA – Richard Fairhurst
 - 2. UTILITY DATA – Who has what?
 - 3. LAND USE / ENTITLEMENT DATA – Plan to use GPA 960 proposed LUDs plus current?
 - 4. ENVIRONMENTAL DATA – What versions are most current—MMC? GPA 960? Others?
- B. UTILITY AGENCIES: IID, SCE, CVWD, other water districts
- C. OTHER AGENCIES: BLM, CVAG(?), Imperial County(?)
- D. REQUEST LETTER TO UTILITIES: Under Juan's signature? Or?

IV. NEXT STEPS

- A. CONTACTS and COMMUNICATIONS:
NOTE: CEC has list of staff authorized to bill to grant and strict reporting rules. PLEASE coordinate with the Project Manager (Cindy) to ensure your work is reimbursable. Call if questions.
- B. NEXT MEETING:
Meet in smaller groups as needed? (3 Areas: Policy; Infrastructure; GIS/Spatial Analysis)
- C. SCHEDULE – GPA ADOPTION: DEC. 2016 (Schedule of Internal Deadlines to follow).
NOTE: Final Report to CEC due March 31, 2016. CEC funding (& reimburs.) expires June 31, 2016.

Meeting Notes

Riverside County Renewable Energy Planning Program

Meeting Name:	County / RBF Salton Sea Kickoff Meeting
Date / Duration:	June 29, 2015, 11:00 am – 1:00 pm
Location:	Riverside County Administration Center, TLMA Conference Room 14A, 4080 Lemon Street, Riverside, CA 92501
County Attendees:	Cindy A. Thielman-Braun, Riverside County Planning Dept.* Juan Perez, Director, TLMA Steve Weiss, Director, Planning Dept. Larry Ross, Riverside County Planning Dept. Richard Fairhurst, Transportation Dept.* Emily Lee, GIS, RCIT* Angel Perez, GIS, RCIT*
Attendees:	Steve Bein, RBF* April Kaiser, RBF* Jim McPherson, RBF*
Purpose:	Introductions to Staff and Work Efforts
Topics Covered:	(1) Scope of Project and “big picture” plan for Salton Sea GIS / RED work. (2) Organization of effort; budget; lines of communication and responsibilities. (3) Data needs and process for obtaining, organizing and sharing data.
Action Items / Follow-up:	1. RBF to get utility data request letters out. 2. RBF to get remaining County GIS data needed from Richard Fairhurst & GIS. 2. County / RBF to start GIS mapping analysis for RED.

Meeting Summary

County TLMA staff met with the RBF team hired to handle the GIS work for the Renewable Energy grant. First hour's discussion involved the “big picture” items on the agenda and overall goals for the work. After that, the second hour involved discussion of specific technical GIS and data-sharing issues amongst the technical members. (Names marked with asterisk.)

Meeting Agenda Attached.

Attachment C:

Agenda, Meeting with RBF Consulting, dated May 20, 2015

CEC Renewable Energy Grant: RBF Meeting

May 20, 2015

I. GIS / Salton Sea - Kick-off Meeting

- A. Attendees: RBF and County team members
- B. Date: TBD, per Juan Perez's schedule, etc.

II. GIS Standards

- A. Richard Fairhurst, Trans. (951-955-6757)
- B. What County layers does RBF have? Need?
- C. DRECP data:
- D. BLM data: Mark Massar (BLM, Palm Springs Office refer to Steven Walterscheid main GIS guy at BLM CA Office; swalterscheid@blm.gov)

III. GIS / Mapping Products

- A. BLM / California Desert Conservation Plan: ***Need GIS data & mapping for BLM's proposals***
 - 1. LUPA for *California Desert Conservation Area*: Not just DRECP area. ACECs, NLCS, etc.
 - 2. CV-MSHCP: Making BLM plans "more consistent with" CV-MSHCP.
 - 3. Visual Resource Management: New or revised classifications throughout Co. Valley.
 - 4. Sand-to-Snow Monument: New Monument (see map).
- B. State / DRECP: ***GIS available at Data Basin?***
 - 1. Coordinate proposed DRECP uses (Desert Focus Areas) versus County land uses, etc.
 - 2. Determine where RE Policy Areas should go.
- C. What data / layers from County does RBF need?

IV. Work Products

- A. **General Plan Amendment:** Grant work product
 - 1. Coordinate LAND USES on federal and state lands (CDCP, DRECP, etc.)
 - 2. Develop POLICY AREAS for Far East Area, Desert Center Area Plan, etc.
- B. **Salton Sea / Utilities:** County Trans. work product
 - 1. Unclear what will go into GPA. Poss. Utility Corridor map? Others?
 - 2. May be used for Eastern Coachella Valley Area Plan; others?
