(For office use only)

Section 1:

The HANS process applies to property which may be needed for inclusion in the MSHCP Conservation Area or subjected to other MSHCP Criteria. The process ensures that an early determination will be made. Once an initial HANS determination has been made, it will be submitted to the Western Riverside County Regional Conservation Authority (RCA) for Joint Project Review (JPR). The RCA and the Wildlife Agencies will review the County's initial determination and provide comments. If it is determined that all or a portion of property is needed for inclusion in the MSHCP Conservation Area, various incentives may be available to a property owner for the conveyance of a property interest.

Section 2:

The HANS application must be submitted in order to process this application along with the deposit based fee of not less than \$1,501.44.

Section 3:

Results of the HANS determination and any JPR comments will be mailed to the Property Owner and Applicant. To ensure timely service, the Applicant is responsible for providing one-week written notice to the Riverside County Transportation and Land Management Agency (TLMA) Permit Assistance Center if any of the information below changes.
