*Assistant TLMA Director*

## Authorized Biological Consultants

The Environmental Programs Division (EPD) of the Riverside County Planning Department requires that all biological consultants, both firms and individuals who prepare biological reports for review by the County, have an executed agreement on file with the Department. Biological consultant(s) with current agreements on file with Riverside County are included on EPD's **Authorized Biological Consultant(s) Listing** located on the Department's website at <http://rctlma.org/epd/Consultant-Resources>. The list is NOT an endorsement by Riverside County or EPD, nor does Riverside County or EPD make representation or warranty of any kind, expressed or implied, of a biological consulting firm or individual's qualifications, ability, or capacity. The "list" is not intended to act as an advertising tool for biological consulting firms or individuals, and is made available as a courtesy to the public and should be used as a resource tool in locating the services of a County "authorized" biological consultant(s).

The public is advised to conduct appropriate reference and background checks prior to engaging any firm, or individual, to ensure that the firm or individual is in compliance with the law and familiar with current biological reporting guidelines and procedures established and required by Riverside County.

To be authorized as a biological consultant, please submit an **original signed** copy of the "Agreement" to the Riverside County Planning Department, Environmental Programs Division at 4080 Lemon Street 12<sup>th</sup> Floor, Riverside, CA 92501. A current copy of the Agreement can be downloaded from the Department's website at <http://rctlma.org/epd/Consultant-Resources> under the "Consultant Resources" tab.

For questions and/or comments regarding the list or Agreement, please contact the Environmental Programs Division (EPD) at (951) 955-6892.
