Re: APN 99-110-022

I am writing to inform you of the results of my research regarding the

Residential (R-2) Zone Classification. The section states: No other building or structure shall exceed 70 feet in height, unless a greater height is approved in writing by the County. No other building or structure shall exceed 105 feet in height, unless a greater height is approved in writing by the County. This approval must be in accordance with the County's zoning regulations.

The above information is based on the County's zoning regulations and is subject to change. Please consult the County's website for the most current information.

If you have any questions or concerns, please feel free to contact me at (909) 600-6177.

Sincerely,

David Watson, Senior Planner
