April, 2007
Every day, the Lakeview Nuevo Logo will be noticed on communication material ranging from stationary to signage. Each impression represents the community of Lakeview Nuevo and the County of Riverside. The logo and style guidelines unify communications and help them make a clear, strong, consistent message.

Each communication, through its content and presentation, provides information about the Lakeview Nuevo image. Direct information is given through what is stated; indirect information is given through the clarity, tone, style, and professionalism with which the information is presented. The result of this dedication to excellence within the marketing communications will only lead to strengthening the image and character of Lakeview Nuevo.
The Lakeview Nuevo Logo has a four color design treatment.

Ideally the logo will be used on a uniformly colored and patterned background for maximum impact and clarity. The logo will have a minimum of 1/4 X-Height white space around it.

In order to maintain legibility of the Lakeview Nuevo Logo, the minimum height dimension is 1/2”, 1.28 centimeters, 3.0 picas, or 36 points on letterhead and similar printed materials.
Do not attempt to construct this logo design. Electronic files in PDF format will be provided.

The following information serves as a guide to creating new designs and layouts. A hierarchy of information has been established, through the use of character styles, sizes and secondary graphics. This must be carried through in all future communications to maintain consistency.

LOGO USEAGE APPLICATIONS | LOGO PLACEMENT

For most applications the optimum placement for the Lakeview Nuevo Logo is the top left corner, or right corner of the layout with 1x-height white space around it, or a reasonable margin.

If required, the logo placements shown below are also acceptable. However for signage and large applications the logo must be placed at least 3 feet from the ground.

The size and location of the logo must be in proportion to the required size of signage text and form.

Morbi at enim non elit aliquam aliquum. Sed tincidunt eros ac nullam consectetuer adipiscing elit.

Etiam cursus. Lorem ipsum dolor sit amet, consectetuer adipiscing elit.

Pellentesque habitant morbi tristique senectus et netus et malesuada fames ac turpis egestas.

As is evident by the examples shown below, the logo can be presented and constructed out of various materials without altering the colors or the main graphic language that makes up the logo. This way the integrity of the logo can be maintained while still portraying the unique Lakeview Nuevo brand.

Painted/printed substrate or other fabrication method mounted onto a base fabricated out of MDF or other composite material.

Plasma-cut metal mounted onto a wooden background.

Plasma or Laser cut logo embellished with wrought-iron elements.

Routed, etched or “burned into” wood or other material.
