AGENDA
RIVERSIDE COUNTY PLANNING DEPARTMENT
DIRECTOR’S HEARING
COUNTY ADMINISTRATIVE CENTER
1st Floor, Conference Room 2A
4080 Lemon Street, Riverside, CA 92501

If you wish to speak, please complete a “SPEAKER IDENTIFICATION FORM” and give it to the Planning Director. The purpose of the public hearing is to allow interested parties to express their concerns. Please do not repeat information already given. If you have no additional information, but wish to be on record, simply give your name and address and state that you agree with the previous speaker(s).

In compliance with the Americans with Disabilities Act, if you require reasonable accommodations please contact the TLMA Commission Secretary at (951) 955-7436 or e-mail at esarabia@rivco.org. Requests should be made 72 hours in advance or as soon as possible prior to the scheduled meeting. Alternative formats are available upon request.

PROJECT DESCRIPTION AND LOCATION

TENTATIVE PARCEL MAP NO. 37592 is a proposal for a Schedule “J” subdivision of 343.72 gross acres into 25 lots primarily reflecting the Planning Areas for Specific Plan No. 382 (Belle Terre) with some parcels consisting of multiple Planning Areas. No grading or improvements are proposed for this subdivision.

The above is hereinafter “the project.”

The project is located easterly of Washington Street, southerly of Keller Road, westerly of Rebecca Street and Glen Gibson Court, northerly of Jean Nichols Road.

PROJECT RECOMMENDATION

STAFF RECOMMENDATIONS:

THAT THE ASSISTANT TLMA DIRECTOR TAKE THE FOLLOWING ACTIONS:

FIND that NO NEW ENVIRONMENTAL DOCUMENT IS REQUIRED because all potentially significant effects on the environment have been adequately analyzed in the previously certified ENVIRONMENTAL IMPACT REPORT NO. 531 for Specific Plan No. 382 and ADDENDUM NO. 1 to ENVIRONMENTAL IMPACT REPORT NO. 531 pursuant to applicable legal standards, and none of the conditions described in CEQA Guidelines Section 15162 exist based on the findings and conclusions provided in this staff report; and

APPROVE TENTATIVE PARCEL MAP NO. 37592, subject to the attached advisory notification document and conditions of approval, and based upon the findings and conclusions provided in this staff report.

PROJECT BACKGROUND AND ANALYSIS

Background:

Specific Plan

Specific Plan No. 382 was adopted by the Riverside County Board of Supervisors (Board) on December 9, 2014. The project proposed the development of an approximately 344-acre site with 1,282 residential units on approximately 170 acres and open space designations on approximately 150 acres.

Substantial Conformance No. 1 to Specific Plan No. 382 generally proposed to reduce the maximum total dwelling units from 1,282 to 856, adjust the dwelling unit allocation for planning areas including decreasing density categories/designations for certain planning areas, rearrange the planning area boundaries, consolidate park acreage for larger park areas, increase the total amount of area designated for open space, and modify the circulation plan. This Substantial Conformance to the Specific Plan along with Chance of Zone No. 1800020 and Tentative Tract Map No. 37449 were approved by the Board of Supervisors on December 10, 2019.
The proposed Schedule ‘J’ Tentative Parcel Map includes the entire Specific Plan Area and is divided into 25 lots. The map is for financial purposes only and will not include any development. Ultimate development of the site will be implemented by Tentative Tract Map No. 37449 and future maps that will incorporate the remaining planning areas of the Specific Plan.

Application Submittal

Tentative Parcel Map No. 37592 was submitted to the County of Riverside on October 18, 2018.

ENVIRONMENTAL REVIEW / ENVIRONMENTAL FINDINGS

In accordance with State CEQA Guidelines Section 15162, Tentative Parcel Map 37592 will not result in any new significant environmental impacts not identified in certified EIR No. 531. The Tentative Parcel Map is a Schedule ‘J’ map which is for financing or conveyance purposes only and will not result in any physical changes resulting in a substantial increase in the severity of previously identified significant effects, does not propose any substantial changes which will require major revision to EIR No. 531, no considerably different mitigation measures have been identified and no mitigation measures found infeasible have become feasible because of the following:

a. Tentative Parcel Map No. 37592 is a Schedule ‘J’ map which is for financing/conveyance purposes only. No physical change will occur in regards to the adopted Specific Plan No. 382 which was the basis of the analysis of EIR No. 531 and encompasses the proposed Tentative Parcel Map boundaries; and,

b. The subject site was included within the Specific Plan’s project boundary analyzed in EIR No. 531 and subsequently in Addendum No. 1 to EIR No. 531; and,

c. There are no changes to the mitigation measures included in EIR No. 531 and subsequently in Addendum No. 1 to EIR No. 531; and

d. Tentative Parcel Map No. 37592 does not propose any changes to the approved Specific Plan No. 382 as reviewed in EIR No. 531 and subsequently in Addendum No. 1 to EIR No. 531.

FINDINGS AND CONCLUSIONS

In order for the County to approve the proposed project, the following findings are required to be made:

Land Use Findings:

1. The project site has General Plan Land Use Designations of Community Development: High Density Residential (CD:HDR), Community Development: Medium High Density Residential (CD:MHDR), Community Development: Medium Density Residential (CD:MDR), Community Development: Low Density Residential (CD:LDR), Open Space – Recreation (OS-R), Open Space – Conservation (OS-C), Open Space – Conservation Habitat (OS-CH) as reflected on the land use plan for Specific Plan No. 382. The proposed Tentative Parcel Map is for the subdivision of approximately 343.72 gross acres into 25 lots for the purposes of financing. No grading or construction will be a part of this Map.
However, ultimate development of the site will occur with future tract maps designed in accordance with the adopted Specific Plan No. 382 and surrounding and future land uses.

2. The existing zoning is Specific Plan (Specific Plan No. 382). The Proposed Tentative Parcel Map is a Schedule 'J' map and will not result in any grading or new construction. Ultimate development will occur with future tract maps which will be designed in accordance with the development standards of the adopted Specific Plan No. 382.

**Entitlement Findings:**

**Tentative Parcel Map**

Tentative Tract Map No. 37592 is a Schedule "J" map that proposes a subdivision of 343.72 gross acres into 25 lots reflecting the Planning Areas for Specific Plan No. 382 (Belle Terre). The findings required to approve the Map, pursuant to the provisions of the Riverside County Ordinance No. 460, are followed below:

1. The proposed map, subdivision design and improvements are consistent with the General Plan, specifically General Plan Principle IV.A.1 which provides that the intent of the General Plan is to foster variety and choice in community development. The General Plan Principle IV.4, states that communities should range in location and type from urban to suburban to rural, and in intensity from dense urban centers to small cities and towns to rural country villages to ranches and farms. Low density residential development should not be the predominant use or standard by which residential desirability is determined. The General Plan IV.B.1, also states the General Plan should promote development of a "unique community identity" in which each community exhibits a special sense of place by retaining distinct edges and sufficient open space between scattered urbanized areas. This will facilitate the buildout of existing communities, as well as the creation of new towns, each of which have distinct boundary and edge conditions. The proposed tentative parcel map will comply with the General Plan by subdividing the property into respective Planning Areas of the Specific Plan to allow for future subdivision that will provide a variety of housing type in single-family residential community, promote community with the open space recreational areas and connecting to adjacent communities parks. The Tentative Parcel Map site is located within Specific Plan No. 382 (Belle Terre) with land use designations of Community Development: High Density Residential (CD:HDR), Community Development: Medium High Density Residential (CD:MHDR), Community Development: Medium Density Residential (CD:MDR), Community Development: Low Density Residential (CD:LDR), Open Space – Recreation (OS-R), Open Space – Conservation (OS-C), Open Space – Conservation Habitat (OS-CH) and is consistent with these land use designations and all other requirements of this Specific Plan and the project is consistent with all applicable requirements of State law and the ordinances of Riverside County.

2. The site of the proposed map is physically suitable for the type of development and density because the Specific Plan that the proposed subdivision implements proposes to limit development to non-sensitive areas of the site to conserve areas pursuant to requirements of the MSHCP. The proposed subdivision would not directly allow for any grading or development and so would not alter the site physically. Although the topography of the site is varying, currently approved Tentative Tract Map No. 37449 and future subdivisions from this current proposed subdivision would avoid the steepest areas and retain the natural contour of the site where possible. Infrastructure to serve the residential development including water, sewer, and roads are readily available along Washington Street. This development is consistent with the Specific Plan land use designations of Community Development:
High Density Residential (CD:HDR), Community Development: Medium High Density Residential (CD:MHHDR), Community Development: Medium Density Residential (CD:MDR), Community Development: Low Density Residential (CD:LDR), Open Space – Recreation (OS-R), Open Space – Conservation (OS-C), Open Space – Conservation Habitat (OS-CH).

3. The design of the proposed map or proposed improvements are not likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat since the proposed subdivision does not directly propose any development or improvements and any future further subdivision's impacts have been detailed in the Environmental Impact Report and subsequent Addendum No. 1 previously prepared for the Specific Plan.

4. The design of the proposed map or the type of improvements are not likely to cause serious public health problems, since the proposed subdivision does not directly propose any development or improvements and any future further subdivision's impacts have been detailed in the Environmental Impact Report and subsequent Addendum prepared for the Specific Plan, the project would not have a significant impact to local air quality or noise. Other impacts to the environment related to public health would be less than significant.

5. The proposed land division meets the requirements of Ordinance No. 460 for a Schedule 'J' Map. Ordinance No. 460 requires all land divisions to conform to the County's General Plan, applicable specific plans, Ordinance No. 348 and with the requirements of Ordinance No. 460. The project specifically complies with the Schedule 'J' improvement requirements of Ordinance No. 460 Section 10.16 as listed below:

a. Submission Criteria - The land to be subdivided by the Schedule 'J' Map is not developed and is located within a previously approved specific plan (SP No. 382) which will ultimately be for the development of residential, public facilities, recreational and open space uses.

b. Minimum Requirements. The proposed 25 parcels with a minimum lot size of 0.92 acres are greater than the minimum lot sizes of the approved Specific Plan No. 382 for the respective Planning Areas which range in size for residential lots from no minimum to 4,500 square feet. Legal access will be provided to the site via Washington Street and new dedications within the subdivision for Belle Terre Parkway Fields Drive, and Autumn Glen Circle. There are no physical constraints that affect the feasibility of future development, as previously determined by EIR No. 531, apart from Planning Areas 17, 18, 19, 20, and 21 totaling approximately 106.9 acres that will be set aside as MSHCP Conservation Areas. Ultimate development of the site will comply with the development standards of Specific Plan No. 382.

c. Compliance. The proposed Parcel Map includes all of the required information required for the map, which includes, lot numbers, street identification letter, assessor parcel numbers, and other required notes.

6. The design of the proposed land division or the type of improvements will not conflict with street dedications, acquired by the public at large, for access through, or use of, property within the proposed land division. No such dedications exist on the property that would be removed. Furthermore, the proposed development would provide road improvements across the property that would continue to provide access for properties located further east on the east side of the aqueduct to access to Washington Street.
7. Tentative Parcel Map No. 37592 is consistent with the minimum size allowed by the project site’s Zoning Classification of Specific Plan for each of the respective Planning Areas within the Specific Plan as noted above.

Other Findings:

1. The entire Belle Terre community is located within five (5) Criteria Area Cells. Specifically, the Belle Terre community is located within Cell 5279 Independent – Subunit 2 (SU2) French Valley/Lower Sedco Hills, Cell 5278 S, Cell 5274 S, Cell 5373 S, and Cell 5471 S – SU4 Cactus Valley/SWRCMSR/Johnson Ranch. The entire 343 acre Belle Terre community underwent the HANS process (HANS02082, GPA 14-02-06-01) receiving an initial HANS determination July 23, 2012 and an updated determination November 15, 2015. The proposed subdivision does not affect any of the planning areas identified for conservation habitat and would actually create separate parcels for those planning areas anticipated to be conveyed to Regional Conservation Authority ownership. The plan maintains MSHCP consistency through the French Valley Creek corridor. The Belle Terre community will continue to maintain wildlife movement with the ultimate construction of a wildlife crossing between PA’s 18 and 19. Approximately 106.90 acres of MSHCP conservation is proposed to be transferred to RCA for ownership and management in Planning Areas 17, 18, 19, 20, and 21.

2. The project site is not located within any city’s sphere of influence.

3. The project site is not located within an Airport Influence Area ("AIA") boundary and is therefore not subject to the Airport Land Use Commission ("ALUC") review.

4. Pursuant to the requirements of AB 52, tribal consultation was not required for the Project since the Project’s impacts are covered under EIR No. 531 and Addendum No. 1 to EIR No. 531 and a new Negative Declaration, Mitigated Negative Declaration, or Environmental Impact Report is not required for this project as is detailed in the previous Environmental Findings in this staff report. The Project is not subject to tribal consultation pursuant to SB 18 requirements since the project does not include an Amendment to the Specific Plan or General Plan. Mitigation measures and conditions of approval from the previous EIR and Specific Plan will still apply to the Tentative Parcel Map and subsequent further subdivisions relative to cultural resources, tribal cultural resources, and related monitoring.

5. The project site is located within Zone B of the Mount Palomar Observatory Lighting Zone boundary, as identified by Ordinance No. 655 (Mt. Palomar). The project is required to comply with all lighting standards specified within Ordinance No. 655, pursuant to Zone B.

6. The project site is located within the Fee Assessment Area of the Stephen’s Kangaroo Rat Habitat Conservation Plan ("SKRHC") Per County Ordinance No. 663 and the SKRHCP, all applicants who submit for development permits, including maps, within the boundaries of the Fee Assessment Area who cannot satisfy mitigation requirements through on-site mitigation, as determined through the environmental review process, shall pay a Mitigation Fee of $500.00 per gross acre of the parcels proposed for development. Payment of the SKRHC Mitigation Fee for this Project, instead of onsite mitigation, will not jeopardize the implementation of the SKRHC as all core reserves required for permanent Stephen’s Kangaroo Rat habitat have been acquired and no new land or habitat is required to be conserved under the SKRHC.

Fire Findings:
1. The project site is located within a Cal Fire State Responsibility Area ("SRA") and is partially within a very high fire hazard severity zone. As a part of being within an SRA, the Director of the Department of Forestry and Fire Protection or his/her designee must be notified of applications for building permits, tentative tract/parcel maps, and use permits for construction or development within an SRA. Riverside County Ordinance No. 787 Section 5.D states that the Fire Chief is authorized and directed to enforce all applicable State fire laws and provisions of this ordinance and to perform such duties as directed by the Board of Supervisors. As designated, the Riverside County Assistant Fire Marshall shall have the authority to enforce all applicable State fire laws that the notification requirement of Title 14 has been met. The following additional findings are required to be met:

a. The proposed land division is a Schedule 'J' Map and is for financing purposes only, no grading or construction will occur. However, ultimate development of the site will be designed so that each lot within Specific Plan No. 382, is in compliance sections 4290 and 4291 of the Public Resources Code by providing blue dot reflectors within streets, fire hydrant spacing requirements standards relating to driveways, turnarounds, gates, fire sprinkler systems, and vegetation management requirements.

b. Fire protection and suppression services will be available for the subdivision through Riverside County Fire Department.

c. The proposed Tentative Parcel Map is a Schedule 'J' map which is for financing purposes. No grading or new construction will occur. However, ultimate development of the site will be designed pursuant to the adopted Specific Plan No. 382. The approved Tentative Tract Map No. 37592 and any future maps within the area of Specific Plan No. 382 will be required to meet the regulations regarding road standards for fire equipment access adopted pursuant to Section 4290 of the Public Resources Code and Riverside County Ordinance No. 787.

Conclusion:

1. For the reasons discussed above, the proposed project conforms to all the requirements of the General Plan, Specific Plan, and with all applicable requirements of State law and the ordinances of Riverside County. Moreover, the proposed project would not be detrimental to the health, safety or general welfare of the community.

PUBLIC HEARING NOTIFICATION AND COMMUNITY OUTREACH

This project was advertised in the Press Enterprise Newspaper. Additionally, public hearing notices were mailed to property owners within 600 feet of the project site. As of the writing of this report, Planning Staff has not received written communication either in support or opposition to the proposed project.

Advisory Notification

The COUNTY, its advisory agencies, appeal boards, or legislative body concerning the Plot Plan, or its associated environmental documentation; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the Plot Plan, including, but not limited to, decisions made in response to California Public Records Act requests; and

(a) and (b) above are hereinafter collectively referred to as "LITIGATION."

The COUNTY shall promptly notify the applicant/permittee of any LITIGATION and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such LITIGATION or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such LITIGATION, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the Project, applicant/permittee shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars ($20,000). Applicant/permittee shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. To the extent such costs are not recoverable under the California Public Records Act from the records requestor, applicant/permittee agrees that deposits under this section may also be used to cover staff time incurred by the COUNTY to compile, review, and redact records in response to a Public Records Act request made by a petitioner in any legal challenge to the Project when the petitioner is using the Public Records Act request as a means of obtaining the administrative record for LITIGATION purposes. Within ten (10) days of written notice from COUNTY, applicant/permittee shall make such additional deposits.

Fire

Fire. 1  Gen - Fire

1.) Access - Fire Department emergency vehicle apparatus access road locations and design shall be in accordance with the California Fire Code, Riverside County Ordinance 460, Riverside County Ordinance 787, and Riverside County Fire Department Standards. Plans must be submitted to the Fire Department for review and approval prior to building permit issuance.

2.) Water - Fire Department water system(s) for fire protection shall be in accordance with the California Fire Code, Riverside County Ordinance 787 and Riverside County Fire Department Standards. Plans must be submitted to the Fire Department for review and approval prior to building permit issuance.

3.) High Fire Hazard Severity Zone - The project is located in the "SRA Very High Fire Hazard Severity Zone" of Riverside County as shown on a map titled Very High Fire Hazard Severity Zones, dated April 8, 2010 and retained on file at the office of the Fire Chief and supersedes other maps previously adopted by Riverside County designating high fire hazard areas.

Any building constructed on lots created by this project shall comply with the special construction provisions contained in Riverside County Ordinance 787, Title 14, the California Building Code and Riverside County Fire Department Information Bulletin #08-05. Plans must be submitted to the Fire Department for review and approval prior to building permit issuance.

Flood

Flood. 1  Flood Hazard Report

Parcel Map 37592 is a proposal for a schedule J subdivision of 344 acres into 25 lots reflecting the Planning Areas for Specific Plan 382 (Belle Terre). The site is located in the Rancho California area at the southeast corner of Keller Road and Washington Street. No grading or improvements are proposed for this subdivision.

The central portion of the site is impacted by French Valley Creek (a natural watercourse) with a tributary drainage area of approximately 5 square miles. French Valley Creek eventually ties to the District maintained Warm Springs Valley, French Valley Channel (project number 7-0-00205). Side slope protection will be required for those areas (adjacent to the floodplain) with erosive velocities and an adequate maintenance mechanism will need to be provided. A Preliminary Hydrology, Hydraulic, and Water Quality Study for Belle Terre Specific Plan (submitted by JLC Engineering in 2014) has been reviewed and is adequate for entitlement.

PM 37592 is located within the boundaries of the Warm Springs Valley section of the Murrieta Creek Area Drainage (ADP) for which the Board of Supervisors has adopted drainage fees pursuant to Ordinance No. 460. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to issuance of permits for this project. Although the current fee for this ADP is $677 per acre, the fee due will be based on the fee in effect at the time of payment.

90 Days to Protest

The land divider has 90 days from the date of approval of these conditions to protest, in accordance with the procedures set forth in Government Code Section 66020, the imposition of any and all fees, dedications, reservations and/or other exactions imposed on this project as a result of the approval or conditional approval of this project.

Planning. 2

Expiration Date

The conditionally approved TENTATIVE MAP shall expire three years after the County of Riverside Board of Supervisors’ original approval date, unless extended as provided by County Ordinance No. 460. Action on a minor change and/or revised map request shall not extend the time limits of the originally approved TENTATIVE MAP. If the TENTATIVE MAP expires before the recordation of the FINAL MAP, or any phase thereof, no recordation of the FINAL MAP, or any phase thereof, shall be permitted.

Planning. 3

Fees for Review

Any subsequent review/approvals required by the conditions of approval, including but not limited to grading or building plan review or review of any mitigation monitoring requirement, shall be reviewed on an hourly basis, or other appropriate fee, as listed in County Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

Transportation

Transportation. 1

RCTD - General

1. Alterations to natural drainage patterns shall require protecting downstream properties by means approved by the Transportation Department.

2. If the Transportation Department allows the use of streets for drainage purposes, the 10-year discharge shall be contained in the top of curb or asphalt concrete dikes, and the 100-year discharge shall be contained in the street right-of-way.

3. All corner cutbacks shall be applied per Standard 805, Ordinance 461.

4. All centerline intersections shall be at 90 degrees, plus or minus 5 degrees.

5. If any portion of the project is phased, the Project shall provide stand alone primary and secondary off-site access roads for each phase with routes to County maintained roads as approved by the Transportation Department.
6. If there are previously dedicated public roads and utility easements that were not accepted by the County, the Project shall file a separate application to the County of Riverside, Office of the County Surveyor, for the acceptance of the existing dedications by resolution and bear all costs thereof.

7. Additional information, standards, ordinances, policies, and design guidelines can be obtained from the Transportation Department Web site: http://rctlma.org/trans/. If you have questions, please call the Plan Check Section at (951) 955 6527.

Flood

050 - Flood. 1 ADP Fee Notice Not Satisfied
A notice of drainage fees shall be placed on the Environmental Constraint Sheet and final map. The exact wording of the note shall be as follows:

NOTICE OF DRAINAGE FEES

"Notice is hereby given that this property is located in the Murrieta Creek-Warm Springs Valley Area Drainage Plan which was adopted by the Board of Supervisors of the County of Riverside pursuant to Section 10.25 of Ordinance 460 and Section 66483, et seq., of the Government Code and that said property is subject to fees for said drainage area. Notice is further given that, pursuant to Section 10.25 of Ordinance 460, payment of the drainage fees shall be paid, by cashier's check or money order (only), to the Riverside County Flood Control and Water Conservation District at the time of issuance of the grading or building permit for said parcels, whichever occurs first, and that the owner of each parcel, at the time of issuance of either the grading or building permit, shall pay the fee required at the rate in effect at the time of issuance of the actual permit."

050 - Flood. 2 Delineate Watercourse on ECS Not Satisfied
The natural watercourse that traverses Parcel Map 37592 shall be delineated and labeled on the Environmental Constraint Sheet to accompany the final map. A note shall be placed on the Environmental Constraint Sheet stating:

"The natural watercourse(s) must be kept free of all buildings and obstructions. Flow obstructing fencing (e.g. chain-link, block wall) shall not be allowed."

050 - Flood. 3 On-site Drainage Easement Not Satisfied
Onsite drainage facilities located outside of road right-of-way shall be contained within drainage easements shown on the Final Map. A note shall be added to the final map stating:

"Drainage easements shall be kept free of all buildings and obstructions."

050 - Flood. 4 Phasing Not Satisfied
If the tract is built or recorded in phases, each phase must be protected from the one-percent annual chance (100-year) tributary flows and shall mitigate its water quality impacts. Additionally, the water quality features necessary to mitigate impacts associated with each phase shall be constructed. The construction of all necessary improvements along with easements and/or permission from affected property owners to safely discharge the concentrated or diverted one-percent annual chance (100-year) tributary flows of each phase shall be required prior to recording of the Final Map.

050 - Flood. 5 Show Floodplain on ECS Not Satisfied
The one-percent annual chance (100-year) floodplain limits through the property shall be delineated on an Environmental Constraint Sheet (ECS) to accompany the Final Map. Calculations and the pertinent data used to determine these limits shall be submitted to the District for review and approval. The area within the delineated floodplain limits shall be labeled as "Floodplain" on the ECS. A note shall be placed on the ECS stating:

"Floodplains and watercourses must be kept free of all buildings and obstructions. Flow obstructing

050 - Planning. 1 ECS NOTE MT PALOMAR Not Satisfied

The following Environmental Constraint Note shall be placed on the ECS:

"This property is subject to lighting restrictions as required by Ordinance No. 655, which are intended to reduce the effects of night lighting on the Mount Palomar Observatory. All proposed outdoor lighting systems shall be in conformance with Ordinance No. 655."

050 - Planning. 2 ECS SHALL BE PREPARED Not Satisfied

The land divider shall prepare an Environmental Constraints Sheet (ECS) in accordance with Section 2.2. E. & F. of Ordinance No. 460, which shall be submitted as part of the plan check review of the FINAL MAP.

050 - Planning. 3 Record Restriction - Finance/Conveyance Not Satisfied

The following language shall be recorded in the form of a restriction on the parcels created by the subdivision pursuant to the requirements of Ordinance No. 460 for a Schedule J subdivision: For Finance and Conveyance Purposes Only. A Future Subdivision Map or Land Use Entitlement or Permit is Necessary to Develop this Property. This Map Does Not Remove any Conditions of Approval For Separate Land Use Entitlements or Tentative Maps or Use Permits Approved for this Land.

6. All corner cutbacks shall be applied per Standard 805.

050 - Survey. 3 RCTD - Final Map Requirements Not Satisfied
The final map shall comply with the following requirements, as approved by the County Survey Department, to clear this condition:
1. Any easement not owned by a public utility, public entity or subsidiary, not relocated or eliminated prior to final map approval, shall be delineated on the final map in addition to having the name of the easement holder, and the nature of their interests, shown on the map.
2. Lot access shall be restricted on Washington Street, so noted on the final map.
3. The Project shall install survey monumentation as directed by the Transportation Department, or bond and enter into an agreement with the Transportation Department.

050 - Survey. 4 RCTD-WQ – WQMP ACCESS AND MAINT Not Satisfied

The project is located in the Santa Margarita watershed. An approved Water Quality Management
Plan (WQMP) is required prior to recordation of a final map or issuance of a grading permit. The
project shall submit a single PDF on two CD/DVD copies, in accordance with the latest version of the
WQMP manual, found at http://rcflood.org/npdes/SMRWMA.aspx, see County-specific WQMP. Prior
to opening model home complexes, sales offices, or using roads, the San Diego Regional Board
requires fully functioning BMPs in place. The County encourages BMP phasing or Self-Retaining
areas, see template for guidance. In addition, the project proponent shall ensure that the effects of
increased peak flow rate for the 1, 3, 6, 24-hour storm events for the 2, 5, and 10-year return periods
from the project are mitigated. All details necessary to build BMPs per the WQMP shall be included on
the grading plans.

060 - Planning-EPD.  1  30-Day Preconstruction Burrowing Owl Surveys - EPD  Not Satisfied

Pursuant to Objectives 6 & 7 of the Species Account for the Burrowing Owl included in the Western
Riverside County Multiple Species Habitat Conservation Plan (MSHCP), within 30 days prior to the
issuance of a rough grading permit, a pre-construction presence/absence survey for the burrowing
owl shall be conducted by a qualified biologist and the results provided in writing to the Environmental
Programs Department. If it is determined that the project site is occupied by the Burrowing Owl, take
of “active” nests shall be avoided pursuant to the MSHCP and the Migratory Bird Treaty Act. However,
when the Burrowing Owl is present, relocation outside of the nesting season (February 1 through
August 31) by a qualified biologist shall be required. The County Biologist shall be consulted to
determine appropriate type of relocation (active or passive) and translocation sites. A grading permit
may be issued once the species has been relocated.
When the requested documents/studies are completed and ready for EPD review, please upload
them to our Secure File Transfer server to ensure prompt response and review. If you are unfamiliar
with the process for uploading biological documents to the FTP site, please contact Matthew
Poonamallee at mpoonama@rivco.org and Teresa Harness at tharness@rivco.org for instructions.
Biological reports not uploaded to the FTP site may result in delayed review and approval.

060 - Planning-EPD.  2  Biological Monitoring - EPD  Not Satisfied

Prior to grading permit issuance a qualified biological monitor shall be contracted to monitor the fence
installation, survey for nesting birds, and provide weekly biological monitoring of the grading and

Planning-EPD

060 - Planning-EPD. 2 Biological Monitoring - EPD (cont.) Not Satisfied

Construction activities to ensure the project does not impact sensitive biological resources or encroach into the protected areas. A work plan shall be submitted from the qualified biological monitor to EPD to review and approve. The plan may include but not be limited to Best Management Practices (BMPs), fencing of Open Space/Conserved Areas, and monitoring reports. The applicant must provide evidence that the qualified biologist has reviewed all construction plans and proposed activities to minimize impacts to any sensitive species and habitats. EPD may require additional documentation in the form of biological reports and/or site visit(s) to confirm completion. Contracted Biologist may be required to submit a memo or email to EPD documenting that the project has been consistently active since initial grading occurred and does not require an additional 30-day BUOW preconstruction survey or nesting bird survey once the grading permit has been approved. This may be needed for future grading permits. Please contact EPD for further information.

060 - Planning-EPD. 3 EPD - Exhibit and Grading Plans Labeling Not Satisfied

All exhibits and grading plans shall clearly label the conservation space as “MSHCP Conservation Area - Grading Prohibited”

060 - Planning-EPD. 4 Fencing Plans - EPD Not Satisfied

Prior to grading, the applicant shall consult with EPD regarding developing a fencing/barrier plan that will provide adequate separation between the project and adjacent conservation areas to minimize impact of domestic animals and illegal trespass as outlined in Section 6.1.4 of the WRMSHCP. This fencing plan shall be submitted to EPD for review prior to project approval and EPD shall visit the site to inspect the barriers prior to final building inspection. This fencing/barrier plan will only be required for projects adjacent to the conservation areas. EPD staff shall have sole discretion in determining whether the proposed fencing will adequately protect the conservation area, and whether changes to the proposed fencing and signage plan are required.

060 - Planning-EPD. 5 Grading Plan Check - EPD Not Satisfied

No grading shall occur within any areas to be dedicated for conservation. In addition manufactured slopes shall not extend within any areas determined for conservation. No impacts from fuel mod zones for fire clearance shall occur within any conservation or other biologically constrained areas. All fuel mod zones and conservation or biologically constrained areas shall be clearly delineated on all exhibits. Prior to issuance of a grading permit the final grading plans of all maps under TPM37592 shall be submitted to EPD for review to ensure no grading shall occur within the conservation areas.

060 - Planning-EPD. 6 MBTA Nesting Bird Surveys - EPD Not Satisfied

Birds and their nests are protected by the Migratory Bird Treaty Act (MBTA) and California Department of Fish and Wildlife (CDFW) Codes. Since the project supports suitable nesting bird habitat, removal of vegetation or any other potential nesting bird habitat disturbances shall be conducted outside of the avian nesting season (February 1st through August 31st). If habitat must be cleared during the nesting season, a preconstruction nesting bird survey shall be conducted. The preconstruction nesting bird survey must be conducted by a biologist who holds a current MOU with the County of Riverside. If nesting activity is observed, appropriate avoidance measures shall be adopted to avoid any potential impacts to nesting birds. The nesting bird survey must be completed no more than 3 days prior to any ground disturbance. If ground disturbance does not begin within 3 days of the survey date a second survey must be conducted.

060 - Planning-EPD. 6 MBTA Nesting Bird Surveys - EPD (cont.) Not Satisfied

Prior to issuance of a permit for rough grading, the project's consulting biologist shall prepare and submit a report, documenting the results of the survey, to EPD for review. In some cases EPD may also require a Monitoring and Avoidance Plan prior to the issuance of a rough grading permit.

When the requested documents/studies are completed and ready for EPD review, please upload them to our Secure File Transfer server to ensure prompt response and review. If you are unfamiliar with the process for uploading biological documents to the FTP site, please contact Matthew Poonamallee at mpoonama@rivco.org and Teresa Harness at tharness@rivco.org for instructions. Biological reports not uploaded to the FTP site may result in delayed review and approval.

060 - Planning-EPD. 7 MSHCP Mitigation - EPD Not Satisfied

Prior to the issuance of any grading permits the applicant/developer shall submit to EPD a Habitat Mitigation and Monitoring Plan for the restoration of 2.58 acres of non-riparian/riverine habitat to offset the impacts to 1.29 acres of MSHCP riparian/riverine resources as approved in a Determination of Biologically Equivalent or Superior Preservation written by Cadre Environmental on November 21, 2013. The HMMMP shall include detailed descriptions of the following:
1. All biological resources mitigation, monitoring, and compliance measures proposed and agreed to by the Applicant
2. All biological resources mitigation measures identified as necessary to avoid or mitigate impacts
3. All biological resource mitigation, monitoring and compliance measures required in federal agency terms and conditions, such as those provided in the USFWS Biological Opinion
4. All sensitive biological resources to be impacted, avoided, or mitigated by Project construction, operation, and closure
5. All required mitigation measures for each sensitive biological resource
6. All measures that shall be taken to avoid or mitigate temporary disturbances from construction activities
7. Duration for each type of monitoring and a description of monitoring methodologies and frequency
8. Performance standards to be used to help decide if/when proposed mitigation is or is not successful
9. All performance standards and remedial measures to be implemented if performance standards are not met;
10. Biological resources-related facility closure measures including a description of funding mechanism(s)
11. A process for proposing plan modifications to the County of Riverside Environmental Programs Department and

The HMMP must be reviewed and approved by the RCA prior to
submittal to EPD. The applicant must provide confirmation
of HMMP approval to EPD at time of plan submittal.

060 - Planning-EPD. 8 RCA Conveyance - EPD Not Satisfied

Conveyance: As determined through the Habitat Evaluation and Acquisition Negotiation Strategy
(HANS case # 2082), established by the Western Riverside County Multiple Species Habitat
Conservation Plan, a total of 106.85 acres as documented within Joint Project Review #14-02-06-01
dated 5-12-2014 shall be conveyed to the Western Riverside County Regional Conservation Authority
(RCA), as County directs or authorizes, and accepted by the RCA. This dedication shall occur without
any fee credits or other compensation. This dedication must be completed prior to issuance of the
first building permit within the boundary of TTM37449.
Prior to the acceptance of this dedication the applicant shall provide a preliminary title report & Phase
1 Environmental Site Assessment for the area to be dedicated to the RCA for review. The RCA shall
have sole and absolute discretion with respect to the information contained in the preliminary title
report & Phase 1 Environmental Site Assessment. Title to this dedication shall be clear of all liens,
encumbrances, easements, leases (recorded & unrecorded) and taxes except those which the RCA
doom are acceptable (easements allowing for the maintenance of fuel modification or detention
basins shall not be accepted).

060 - Planning-EPD. 9 Streambed Permits - EPD Not Satisfied

Prior to issuance of grading permits, the applicant must provide documentation demonstrating that
streambed permits have been applied for. This would include a Notification of Lake or Streambed
Alteration was submitted to the California Department of Fish and Wildlife pursuant to Fish and Game
Code section 1602. If CDFW determines that a Lake or Streambed Alteration Agreement is required
as a result of the Notification process, the applicant shall provide the final Agreement documentation.
Also, a 401 Certification from Regional Water Quality Control Board shall be applied for and 404
permit from Army Corp of Engineers.
If the agencies decide no permit is required, the applicant shall provide evidence of communication to
to that effect from the agencies.

LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter "County of Riverside",

and Regent French Valley, LLC hereafter “Aplicant” and Regent French Valley, LLC “Property Owner”.

Description of application/permit use:

[Editorial Schedules 1 Map and Request Torrance Parcel Map]

If your application is subject to Deposit–based Fee, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect “Deposit-based Fees” for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the staff hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside. Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case. The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by County of Riverside, may result in the stoppage of work.

B. Within 15 days of the service by mail of the County of Riverside’s written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney’s fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.

C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property owner by the County.

D. This Agreement shall only be executed by an authorized representative of the Applicant and the Property Owner. The person(s) executing this Agreement represents that he/she has the express authority to enter into this agreement on behalf of the Applicant and/or Property Owner.
E. This Agreement is not assignable without written consent by the County of Riverside. The County of Riverside will not consent to assignment of this Agreement until all outstanding costs have been paid by Applicant.

F. Deposit statements, requests for deposits or refunds shall be directed to Applicant at the address identified in Section 4.

Section 3. To ensure quality service, Applicant is responsible to provide one-week written notice to the County of Riverside Transportation and Land Management Agency (TLMA) Permit Assistance Centers if any of the information below changes.

INDEMNIFICATION AGREEMENT REQUIRED FOR ALL PROJECTS

The owner(s) of the property, at their own expense, agree to defend, indemnify and hold harmless the County of Riverside and its agents, officers, and employees from and against any lawsuit, claim, action, or proceeding (collectively referred to as "proceeding") brought against the County of Riverside, its agents, officers, attorneys and employees to attack, set aside, void, or annul the County's decision to approve any tentative map (tract or parcel), revised map, map minor change, reversion to acreage, conditional use permit, public use permit, surface mining permit, WECS permit, hazardous waste siting permit, temporary outdoor event permit, plot plan, substantial conformance, revised permit, variance, setback adjustment, general plan amendment, specific plan, specific plan amendment, specific plan substantial conformance, zoning amendments, and any associated environmental documents. This defense and indemnification obligation shall include, but not limited to, damages, fees and/or costs awarded against the County, if any, and cost of suit, attorney's fees and other costs, liabilities and expenses incurred in connection with such proceeding whether incurred by applicant, property owner, the County, and/or the parties initiating or bringing such proceeding.

Property Owner(s) Signature(s) and Date

Jeffrey Dinkin, Authorized Signatory of Regent French Valley, LLC

PRINTED NAME of Property Owner(s)

If the property is owned by multiple owners, the paragraph above must be signed by each owner. Attach additional sheets, if necessary.

If the property owner is a corporate entity, Limited Liability Company, partnership or trust, the following documentation must also be submitted with this application:

- If the property owner is a limited partnership, provide a copy of the LP-1, LP-2 (if an amendment) filed with the California Secretary of State.
- If the property owner is a general partnership, provide a copy of the partnership agreement documenting who has authority to bind the general partnership and to sign on its behalf.
- If the property owner is a corporation, provide a copy of the Articles of Incorporation and/or a corporate resolution documenting which officers have authority to bind the corporation and to sign on its behalf. The corporation must also be in good standing with the California Secretary of State.
- If the property owner is a trust, provide a copy of the trust certificate.
INDEMNIFICATION AGREEMENT PROPERTY OWNER INFORMATION

- If the property owner is a Limited Liability Corporation, provide a copy of the operating agreement for the LLC documenting who has authority to bind the LLC and to sign on its behalf.

If the signing entity is also a corporate entity, Limited Liability Company, partnership or trust, the above documentation must also be submitted with this application. For any out of State legal entities, provide documentation showing registration with the California Secretary of State. In addition to the above, provide a copy of a Preliminary Title Report for the property subject to this application. The Preliminary Title Report must be issued by a title company licensed to conduct business in the State of California and dated less than six months prior to the date of submittal of this application. The Assistant TLMA Director may waive the requirement for a Preliminary Title Report if it can be shown to the satisfaction of the Assistant TLMA Director that the property owner(s) has owned the property consistently for at least the last five years.

ONLY FOR WIRELESS PROJECTS (SEE BELOW)

If the application is for a plot plan for a Wireless Communication Facility, the property owner(s) and the cellular service provider must sign the indemnification paragraph above. If the application is for a plot plan for a wireless communication co-location, only the co-locating service provider needs to sign the indemnification paragraph above.
NOTICE OF PUBLIC HEARING

A PUBLIC HEARING has been scheduled, pursuant to Riverside County Land Use Ordinance No. 348, before the Riverside County Director’s Hearing to consider a proposed project in the vicinity of your property, as described below:

TENTATIVE PARCEL MAP NO. 37592 (TPM37592) – No New Environmental Documentation is Required – EIR531 – Applicant: Regent French Valley, LLC – Engineer/Representative: Albert A. Webb Associates – Third Supervisorial District – Rancho California Zoning Area – Southwest Area Plan – Community Development: Medium High Density Residential (CD-MHDR) (5-8 DU/AC) – Community Development: High Density Residential (CD-HDR) (8-14 DU/AC) – Community Development: Medium Density Residential (CD-MDR) (2-5 DU/AC) – Community Development: Low Density Residential (CD-LDR) (1-2 DU/AC) – Open Space: Conservation Habitat (OS-CH) – Open Space: Recreation (OS-R) as reflected in Specific Plan No. 382 (Belle Terre) – Location: Easterly of Washington Street, southerly of Keller Road, westerly of Rebecca Street and Glen Gibson Court, and northerly of Abelia Street and Yates Road – Zoning: Specific Plan Zone (SP382) as reflected in the Specific Plan – 343.72 gross acres – REQUEST: The Tentative Parcel Map is a proposal for a Schedule “J” subdivision of 343.72 gross acres into 25 lots primarily reflecting the Planning Areas for Specific Plan No. 382 (Belle Terre) with some parcels consisting of multiple Planning Areas. No grading or improvements are proposed for this subdivision.

TIME OF HEARING: 1:30 p.m. or as soon as possible thereafter.
DATE OF HEARING: FEBRUARY 24, 2020
PLACE OF HEARING: RIVERSIDE COUNTY ADMINISTRATIVE CENTER
1ST FLOOR, CONFERENCE ROOM 2A
4080 LEMON STREET, RIVERSIDE, CA 92501

For further information regarding this project, please contact Project Planner Russell Brady at (951) 955-3025 or email at rbrady@rivco.org, or go to the County Planning Department’s Director’s Hearing agenda web page at http://planning.rivco.org/PublicHearings.aspx.

The Riverside County Planning Department has determined that although the proposed project could have a significant effect on the environment, No New Environmental Documentation is Required because (a) all potentially significant effects of the proposed project have been adequately analyzed in an earlier EIR, Negative Declaration, or Mitigated Negative Declaration pursuant to applicable legal standards, (b) all potentially significant effects of the proposed project have been avoided or mitigated pursuant to that earlier EIR, Negative Declaration, or Mitigated Negative Declaration, (c) the proposed project will not result in any new significant environmental effects not identified in the earlier EIR, Negative Declaration, or Mitigated Negative Declaration, (d) the proposed project will not substantially increase the severity of the environmental effects identified in the earlier EIR, Negative Declaration, or Mitigated Negative Declaration, (e) no considerably different mitigation measures have been identified and (f) no mitigation measures found infeasible have become feasible. The Planning Director will consider the proposed application at the public hearing.

The case file for the proposed project may be viewed Monday through Friday, from 8:00 a.m. to 5:00 p.m. at the Planning Department office located at 4080 Lemon Street 12th Floor, Riverside, CA 92501.

Any person wishing to comment on the proposed project may do so in writing between the date of this notice and the public hearing; or, may appear and be heard at the time and place noted above. All comments received prior to the public hearing will be submitted to the Planning Director, and the Planning Director will consider such comments, in addition to any oral testimony, before making a decision on the proposed project.

If this project is challenged in court, the issues may be limited to those raised at the public hearing, described in this notice, or in written correspondence delivered to the Planning Director at, or prior to, the public hearing. Be advised that as a result of public hearings and comment, the Planning Director may amend, in whole or in part, the proposed project. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the proposed project, may be changed in a way other than specifically proposed.
