AGENDA

RIVERSIDE COUNTY PLANNING DEPARTMENT
DIRECTOR’S HEARING

County Administrative Center
4080 Lemon Street
1st Floor, Conference Room 2A
Riverside, CA 92501

NOTE: Please be aware that the indicated staff recommendation shown below for each item may differ from that presented to the Planning Director during the public hearing.

If you wish to speak, please complete a “SPEAKER IDENTIFICATION FORM” and give it to the Planning Director. The purpose of the public hearing is to allow interested parties to express their concerns. Please do not repeat information already given. If you have no additional information, but wish to be on record, simply give your name and address and state that you agree with the previous speaker(s).

In compliance with the Americans with Disabilities Act, if any accommodations are needed, please contact Mary Stark at (951) 955-7436 or E-mail at mcstark@rctlma.org. Request should be made at least 48 hours or as soon as possible prior to the scheduled meeting.

1.0 CONSENT CALENDAR:

1.1 ADOPTION OF THE REVISED 2013 DIRECTOR’S HEARING CALENDAR

2.0 PUBLIC HEARINGS: 1:30 p.m. or as soon as possible thereafter.

2.1 PLOT PLAN NO. 25193 - CEQA Exempt - Applicant: Oscar Valero – Third/Third Supervisorial District – Location: Northerly Linda Rosea Road, southerly Pauba Road, easterly Calle Contento Road, westerly Anza Road - REQUEST: The Plot Plan is a proposal to permit a 598 sq. ft. canopy, 140 sq. ft. shed with attached 200 sq. ft. patio cover, and a 606 sq. ft. garage with attached 484 sq. ft. carport/canopy on 4.29 acres. Project Planner, Bahelila Boothe at (951) 955-8703 or email bboothe@rctlma.org. (Quasi-judicial)

2.2 PLOT PLAN NO. 25210 – Intent to Adopt a Negative Declaration – Applicant: Jung Hwan Choi – Engineer/Representative: Hyung Jin Seo – Third/Third Supervisorial District - Location: Northerly of Strawberry Valley Drive, easterly of Saunders Meadow Rd, westerly of Bickneil Lane and southerly of Highway 243 – Zoning: Scenic Highway Commercial (C-P-S) – REQUEST: The plot plan proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres. There is no added square footage to this proposal and all
modifications are interior with one additional accessible parking space to the rear of the property. Project Planner, H. P. Kang at (951) 955-1888 or email hpkang@rctlma.org. (Quasi-judicial)

2.3 PLOT PLAN NO. 25400 - CEQA Exempt - Applicant: SVH INV – First/First Supervisorial District – Location: Southerly Fox Springs Road, easterly Verdugo Road and 6 miles from Ortega Highway - REQUEST: The Plot Plan is a proposal to permit an unpermitted 3,024 square foot barn on 3.01 acres. Project Planner, Bahelila Boothe at (951) 955-8703 or email bboothe@rctlma.org. (Quasi-judicial)

2.4 PLOT PLAN NO. 25399 - CEQA Exempt - Applicant: Carol and Donald Garland – First/First Supervisorial District – Location: Northerly Multiview Drive, southerly of Cajalco, easterly Bushton Place, westerly of Oakview Place - REQUEST: The Plot Plan is a proposal to construct a 1,100 square foot addition to existing 960 square foot detached garage on 2.33 acres. Continued from September 23, 2013. Project Planner: Bahelila Boothe at (951) 955-8703 or email bboothe@rctlma.org. (Quasi-judicial)

3.0 PUBLIC COMMENTS:
COUNTY OF RIVERSIDE PLANNING DEPARTMENT
STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

The Plot Plan is a proposal to permit a 598 square foot metal canopy, a 140 square foot shed with attached 200 square foot patio cover, and a 506 square foot garage with attached 484 square foot carport/canopy on 4.29 acres.

ISSUES OF RELEVANCE:

The property is located in Fire State Responsibility Area and has been reviewed by Riverside County Fire Department. The property also has a code violation (CV1108008) for construction without permits.

RECOMMENDATIONS:

APPROVAL of PLOT PLAN NO. 25193, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings, which is incorporated herein by reference.

1. The project has a primary dwelling on the parcel where the detached accessory building is proposed.

2. The project site is designated Rural Community: Estate Density Residential (2 Acre Minimum) on The Southwest Area Plan.

3. The proposed detached accessory uses are a permitted use in the general plan designation.

4. The proposed detached accessory buildings are a permitted uses, subject to approval of a plot plan in the Residential Agricultural (R-A-5) zone.

5. The proposed detached accessory buildings uses are consistent with the development standards set forth in the R-A-5 zone.

6. The proposed 338 square foot canopy, a 140 square foot shed with attached 200 square foot patio, and a 600 square foot garage with attached 484 square foot canopy are considered detached accessory buildings under Section 18.18 of Ordinance No. 348.

7. The detached accessory buildings are compatible with the character of the surrounding community.

8. The detached accessory buildings are located more than 100 feet from the main building and are compatible with the surrounding community.
9. The project conforms to Section 15303, (New Construction or Conversion of Small Structures), of the CEQA guidelines and is exempt from CEQA if the project meets the following conditions: Class 3 consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The numbers of structures described in this section are the maximum allowable on any legal parcel. Examples of this exemption include but are not limited to: "... (e) Accessory (appurtenant) structures including garages, carports, patios, swimming pools, and fences".

CONCLUSIONS:

1. The proposed project is in conformance with the Riverside County General Plan.

2. The proposed project is consistent with Section 18.18 of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.

3. The public’s health, safety, and general welfare are protected through project design.

4. The proposed project is compatible with the present and future logical development of the area.

5. The proposed project will not have a significant effect on the environment.

6. The detached accessory building has been determined to be exempt under Section 15303(e) (New Construction or Conversion of Small Structures) of the California Environmental Quality Act.

REPORT PRINTED ON...Fri Aug 30 11:23:46 PDT 2013
Version 130624
10. GENERAL CONDITIONS

EVERY DEPARTMENT

10. EVERY. 1 PPA - PROJECT DESCRIPTION

The use hereby permitted is to permit an 598 square foot canopy, a 140 square foot shed with attached 200 square foot patio cover and a 606 square foot garage with attached 484 square foot carport/canopy on 4.29 acres.

10. EVERY. 2 PPA - HOLD HARMLESS

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PLOT PLAN; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the PLOT PLAN, including, but not limited to, decisions made in response to California Public Records Act requests.

The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.
10. GENERAL CONDITIONS

10. EVERY. 3  PPA - DEFINITIONS

The words identified in the following list that appear in all capitals in the attached conditions of Plot Plan No. 25193 shall be henceforth defined as follows:

APPROVED EXHIBIT A = Plot Plan No. 25193, Exhibit A, dated August 30, 2012. (Site Plan)

APPROVED EXHIBIT B = Plot Plan No. 25193, Exhibit B, dated August 30, 2012. (Elevations)

APPROVED EXHIBIT C = Plot Plan No. 25193, Exhibit C, dated August 30, 2013. (Floor Plans)

BS GRADE DEPARTMENT

10.BS GRADE. 1  PPA - GENERAL INTRODUCTION

Improvements such as grading, filling, over excavation and recompaction, and base or paving which require a grading permit are subject to the included Building and Safety Department Grading Division conditions of approval.

10.BS GRADE. 3  PPA - OBEY ALL GDG REGS

All grading shall conform to the California Building Code, Ordinance 457, and all other relevant laws, rules, and regulations governing grading in Riverside County and prior to commencing any grading which includes 50 or more cubic yards, the applicant shall obtain a grading permit from the Building and Safety Department.

10.BS GRADE. 6  PPA - NPDES INSPECTIONS

Construction activities including clearing, stockpiling, grading or excavation of land which disturbs less than 1 acre and requires a grading permit or construction Building permit shall provide for effective control of erosion, sediment and all other pollutants year-round. The permit holder shall be responsible for the installation and monitoring of effective erosion and sediment controls. Such controls will be evaluated by the Department of Building and Safety periodically and prior to permit Final to verify compliance with industry recognized erosion control measures.

Construction activities including but not limited to
10. GENERAL CONDITIONS

10.BS GRADE. 6  PPA - NPDES INSPECTIONS (cont.)

Clearing, stockpiling, grading or excavation of land, which disturbs 1 acre or more or on-sites which are part of a larger common plan of development which disturbs less than 1 acre are required to obtain coverage under the construction general permit with the State Water Resources Control Board. You are required to provide proof of WDID# and keep a current copy of the storm water pollution prevention plan (SWPPP) on the construction site and shall be made available to the Department of Building and Safety upon request.

Year-round, Best Management Practices (BMP's) shall be maintained and be in place for all areas that have been graded or disturbed and for all material, equipment and/or operations that need protection. Stabilized Construction Entrances and project perimeter linear barriers are required year round. Removal BMP's (those BMP's which must be temporarily removed during construction activities) shall be in place at the end of each working day.

Monitoring for erosion and sediment control is required and shall be performed by the QSD or QSP as required by the Construction General Permit. Stormwater samples are required for all discharge locations and projects may not exceed limits set forth by the Construction General Permit Numeric Action Levels and/or Numeric Effluent Levels. A Rain Event Action Plan is required when there is a 50% or greater forecast of rain within the 48 hours, by the National Weather Service or whenever rain is imminent. The QSD or QSP must print and save records of the precipitation forecast for the project location area from (http://www.srh.noaa.gov/forecast) and must accompany monitoring reports and sampling test data. A Rain gauge is required on site. The Department of Building and Safety will conduct periodic NPDES inspections of the site throughout the recognized storm season to verify compliance with the Construction General Permit and Stormwater ordinances and regulations.

10.BS GRADE. 7  PPA - EROSION CNTRL PROTECT

Graded but undeveloped land shall provide, in addition to erosion control planting, any drainage facility deemed necessary to control or prevent erosion. Additional erosion protection may be required during the rainy season from October 1, to May 31.
10. GENERAL CONDITIONS

10.BS GRADE. 8  PPA - DUST CONTROL  RECOMMEND

All necessary measures to control dust shall be implemented by the developer during grading. A PM10 plan may be required at the time a grading permit is issued.

10.BS GRADE. 11  PPA - MINIMUM DRAINAGE GRADE  RECOMMEND

Minimum drainage grade shall be 1% except on portland cement concrete where .35% shall be the minimum.

10.BS GRADE. 24  PPA - FINISH GRADE  RECOMMEND

Finish grade shall be sloped to provide proper drainage away from all exterior foundation walls in accordance with the California Building Code and Ordinance 457.

E HEALTH DEPARTMENT

10.E HEALTH. 1  PP#25193 - COMMENTS  RECOMMEND

Plot Plan#25193 is proposing a detached garage and carport without any plumbing.

10.E HEALTH. 2  ENV HEALTH RECORDS  RECOMMEND

Based on the information provided (DEH Records dated 3-22-01 - Re-review of approved onsite wastewater treatment system c/o M.Riha), the proposed location of PP#25193 does not appear to encroach upon the location of the septic system.

PLANNING DEPARTMENT

10.PLANNING. 1  PPA - LANDUSE APPROVAL ONLY  RECOMMEND

The applicant or the applicant's successor in interest is notified through this condition that the approval granted on Plot Plan No. 25193 is for land use approval only, and has only met the requirements of Ordinance 348. Any requirements deemed necessary by another department or agency of Riverside County on a subsequent building permit are valid and may cause this approval by the Riverside County Planning Department as it stands to be rendered null and void or require significant revision. It is incumbent upon the applicant to research the acceptability of this proposal to all responsible departments and agencies prior to the acceptance of this approval. Responsible agencies
10. GENERAL CONDITIONS

10.PLANNING. 1 PPA - LAN DUSE APPROVAL ONLY (cont.) RECOMMEND

include, but are not limited to the Fire Department, Environmental Health Department, the local Flood Control District, Building and Safety Department, Transportation Department, the Environmental Programs Department, the County Geologist, or the Transportation Land Management Agency.

10.PLANNING. 2 PPA - NO HOME OCCUPATIONS RECOMMEND

No home occupations are permitted in an accessory structure or guest home.

From section 21.36 of Ordinance 348: Home Occupations:

Home occupations means those uses that are customarily conducted in a residence, provided such uses must be incidental and secondary to the principal use of a dwelling as a residence. The following criteria shall apply to any home occupation:

a. Except for large family day care homes which may require two assistants and small family day care homes which may require one assistant to be present in addition to the licensee or provider, no person other than a resident of the dwelling shall be employed on the premises in the conduct of a home occupation.

b. A home occupation shall be conducted entirely within the dwelling and shall be incidental and secondary to the use of the dwelling as a residence.

c. A home occupation shall not be conducted in an accessory structure and there shall be no storage of equipment or supplies in an accessory structure or outside building.

d. The residential character of the exterior and interior of the dwelling shall not be changed.

e. No vehicles or trailers except those normally incidental to residential use shall be kept on the site.

f. No signs other than one unlighted identification sign, not more than two square feet in area, shall be erected on the premises.
10. GENERAL CONDITIONS

10.PLANNING. 3  PPA - SETBACKS IN HIGH FIRE

Please be advised that the setbacks for structures within a County designated high fire areas have increased. It is advisable prior to the purchase of structure or prior to planning of a structure (such as hiring an architect or engineer to create plans) that the applicant should contact the Fire Department to make sure that the structure meets those requirements.

Fire Department Planning
2300 Market Street, Suite 150
Riverside, CA 92501
951-955-4777

10.PLANNING. 4  USE - CAUSES FOR REVOCATION

In the event the use hereby permitted under this permit, a) is found to be in violation of the terms and conditions of this permit,
b) is found to have been obtained by fraud or perjured testimony, or
c) is found to be detrimental to the public health, safety or general welfare, or is a public nuisance, this permit shall be subject to the revocation procedures.

10.PLANNING. 5  PPA - ACSRY BLD NO HBTBL AREA

No habitable area has been approved with this approval. The addition of habitable area will require additional permits.

20. PRIOR TO A CERTAIN DATE

PLANNING DEPARTMENT

20.PLANNING. 1  PPA - EXPIRATION DATE-PP

This approval shall be used within two (2) years of approval date; otherwise, it shall become null and void and of no effect whatsoever. By use is meant the beginning of substantial construction contemplated by this approval within a two (2) year period which is thereafter diligently pursued to completion or to the actual occupancy of existiting buildings or land under the terms of the authorized use. Prior to the expiration of the two year period, the permittee may request a one (1) year extension of time request in which to use this plot plan. A maximum
20. PRIOR TO A CERTAIN DATE

20.PLANNING. 1  PPA - EXPIRATION DATE-PP (cont.)  RECOMMEND

of three one-year extension of time requests shall be permitted. Should the time period established by any of the extension of time requests lapse, or should all three one-year extensions be obtained and no substantial construction or use of this plot plan be initiated within five (5) years of the effective date of the issuance of this plot plan, this plot plan shall become null and void.

60. PRIOR TO GRADING PRMT ISSUANCE

BS GRADE DEPARTMENT

60.BS GRADE. 6  PPA - DRAINAGE DESIGN Q100  RECOMMEND

All drainage facilities shall be designed in accordance with the Riverside County Flood Control & Water District's or Coachella Valley Water District's conditions of approval regarding this application. If not specifically addressed in their conditions, drainage shall be designed to accommodate 100 year storm flows.

60.BS GRADE. 12  PPA - PRE-CONSTRUCTION MTG  RECOMMEND

Upon receiving grading plan approval and prior to the issuance of a grading permit, the applicant is required to schedule a pre-construction meeting with the Building and Safety Department Environmental Compliance Division.

80. PRIOR TO BLDG PRMT ISSUANCE

PLANNING DEPARTMENT

80.PLANNING. 1  PPA - CONFORM TO ELEVATIONS  RECOMMEND

Elevations of all buildings and structures submitted for building plan check approval shall be in substantial conformance with the elevations shown on APPROVED EXHIBIT B.

80.PLANNING. 2  PPA - CONFORM TO FLOOR PLANS  RECOMMEND

Floor plans shall be in substantial conformance with that shown on APPROVED EXHIBIT ___.
90. PRIOR TO BLDG FINAL INSPECTION

BS GRADE DEPARTMENT

90.BS GRADE. 6 PPA - PG APPROVAL BGR120084 RECOMMEND

Prior to final building inspection, the applicant shall obtain precise grade approval and/or clearance from the Building and Safety Department. The Building and Safety Department must approve the precise grading of your project before a building final can be obtained. Precise Grade approval can be accomplished by complying with the following:

1. Requesting and obtaining approval of all required grading inspections.

2. Submitting a "Wet Signed" copy of the Precise (Final) Grade Certification for the entire site from a Registered Civil Engineer certifying that the precise grading was completed in conformance with the approved grading plan.

3. Submitting a "Wet Signed" copy of the Certification certifying the installation of any onsite storm drain systems not inspected by Riverside County Flood Control District or the Riverside County Transportation Department.

Prior to release for building final, the applicant shall have met all precise grade requirements to obtain Building and Safety Department clearance.
The site is located in the County's subsidence potential zones. The site is located in an area of high potential for encountering paleo resources near the ground surface. In accordance with the new General Plan policies and the AP Act, GEO and PDP reports are not required for this case. The site could have the potential for Native American artifacts, but the area of the proposed barn appears to be previously disturbed. Hence, the significance of any artifact would be limited. The property owner should consider contacting this office and/or the local tribe (Pechanga) if artifacts are discovered. If human remains are discovered, the County Coroner should be contacted immediately.

The owner/developer should be aware of these issues and design/construct accordingly.

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.
APPLICATION FOR MINOR PLOT PLAN

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ["wet-signed"]. Photocopies of signatures are unacceptable.

PROPERTY OWNERS CERTIFICATION FORM
PP25193
APN 951-200-013

I, ____________________________, Mickey Zolezio, certify that on 8/28/2013 the attached property owners list was prepared by County of Riverside / GIS (Date) (Print Name) (Print Company or Individual's Name) Distance Buffered: 1000'

Pursuant to application requirements furnished by the Riverside County Planning Department; Said list is a complete and true compilation of the owners of the subject property and all other property owners within 600 feet of the property involved, or if that area yields less than 25 different owners, all property owners within a notification area expanded to yield a minimum of 25 different owners, to a maximum notification area of 2,400 feet from the project boundaries, based upon the latest equalized assessment rolls. If the project is a subdivision with identified off-site access/improvements, said list includes a complete and true compilation of the names and mailing addresses of the owners of all property that is adjacent to the proposed off-site improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I understand that incorrect or incomplete information may be grounds for rejection or denial of the application.

PROJECT DESCRIPTION AND LOCATION:

The plot plan proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager's unit on approximately 0.41 acres. There is no added square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property.

The project is located generally at the northerly of Strawberry Valley Drive, easterly of Saunders Meadow Rd, westerly of Bicknell Lane and southerly of Highway 243 in the area of Idyllwild within the County of Riverside.

SUMMARY OF FINDINGS:

1. Existing General Plan Land Use: Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio)

2. Surrounding General Plan Land Use: Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio) to the north, east, and west, Community Development: Medium Density Residential (CD:MDR) (2-5 Dwelling Unit Per Acre) to the south.

3. Existing Zoning: Scenic Highway Commercial (C-P-S)

4. Surrounding Zoning: Scenic Highway Commercial (C-P-S) to the north, east and west
Village Tourist Residential (R-3A) to the south

5. Existing Land Use: 5 Unit Apartment Complex

6. Surrounding Land Use: Commercial development to the west, and Single Family Residences to the south; and resort/hotel to the east; and Vacant to the north.

7. Project Data: Total Acreage: 0.41 acres
Project Size: 2,606 Square Feet

8. Environmental Concerns: See Attached Environmental Assessment

RECOMMENDATIONS:

ADOPTION of a NEGATIVE DECLARATION for ENVIRONMENTAL ASSESSMENT NO. 42544, based on the findings incorporated in the initial study and the conclusion that the project will not have a significant effect on the environment; and,
APPROVAL of PLOT PLAN NO. 25210, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings and in the attached environmental assessment, which is incorporated herein by reference.

1. The project site is designated Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio) on the Remap Area Plan which allows for resort/hotel development.

2. The Commercial Retail land use designation allows for the development of commercial retail uses at a neighborhood, community and regional level, as well as for professional office and tourist-oriented commercial uses.

3. The Scenic Highway Commercial (C-P-S) zone permits a wide variety of commercial retail uses, as well as an array of professional office uses.

4. The proposed use of Resort/Hotel is a permitted use in the (C-P-S) zone.

5. The proposed resort/hotel use is surrounded by Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio) to the north, east and west; and Community Development: Medium Density Residential (MDR) (2-5 Dwelling Units per Acre) to the south.

6. The proposed resort/hotel is consistent with the development standards set forth in the Scenic Highway Commercial (C-P-S).

7. The proposed resort/hotel use is consistent with the lot size, setbacks, building height, parking, and roof mounted equipment screening standards set forth in the Scenic Highway Commercial (C-P-S) zone.

8. The proposed resort/hotel use (as identified in the Section 9.50) is permitted in the Scenic Highway Commercial (C-P-S) zone based on County Ordinance No. 348.

9. The surrounding zoning is Scenic Highway Commercial (C-P-S) to the east and west, Village Tourist Residential (R-3A) to the south, and Controlled Development Areas (W-2) to the north.

10. The project site contains 5-unit two story apartment building with nine (9) parking spaces adjacent to an existing commercial service to the west and single family residential development to the south. There is a resort/hotel to the east and a vacant land to the north.

11. The potential air quality impacts resulting from the proposed project would not exceed emissions projected by the Air Quality element since there is no new added square footage and the proposed use is a resort/hotel similar to existing multi-family housing.

12. Based on the size and proposed use, the project will not generate trips above the emissions (e.g., ROC, NOx, CO, PM10) threshold that was identified in the 2003 General Plan EIR. The proposed project will generate 3 peak hour (AM and PM) trips as identified in the ITE Trip Generation 9th Edition. This does not exceed our 100 trip threshold for the peak hour.
13. All projects must comply with 2011 Riverside County Congestion Management Program dated December 14, 2011.

14. This project site is not located within a Criteria Area Cell Group. However, the Planning staff has conferred with the Environmental Programs Division staff and determined the project fulfills the requirements of the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).

15. Pursuant to Public Resources Code Division 13, Section 21083.3, Subsection 1, the General Plan has been designated to accommodate a specific density of development and an EIR (EIR No. 441) was approved for that planning action. The subject site does not contain any features that would create environmental impacts that would be peculiar to the subject parcels, beyond what was studied in the General Plan EIR.

16. Environmental Assessment No. 42544 concluded that there are no potentially significant impacts from the project proposal.

CONCLUSIONS:

1. The proposed project is consistent with the Scenic Highway Commercial (C-P-S) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.

2. The public’s health, safety, and general welfare are protected through project design.

3. The proposed project is clearly compatible with the present and future logical development of the area.

4. The proposed project was evaluated in Environmental Assessment No. 42544 and found to have less than significant impact and General Plan in EIR No. 441 evaluated the commercial density and use for this site.

5. The proposed project will not have a significant effect on the environment.

6. The proposed project will not preclude reserve design for the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).

INFORMATIONAL ITEMS:

1. As of this writing, one request for hearing was received.

2. The project site is not located within:
   a. A City Sphere of Influence;
   b. A Specific Plan;
   c. An Agricultural Preserve;
   d. A Subsidence Area;
   e. A Flood Zone;
   f. A Liquefaction area;
   g. The Western TUMF (Transportation Uniform Mitigation Fee Ord. 824);
h. The Stephens Kangaroo Rat Fee Area;
i. A Fault Zone; or,
j. An Airport Influence Area.

3. The project site is located within:
   a. A County Service Area No. 36 (Idyllwild);
   b. A High Fire Area;
   c. The DIF (Development Impact Fee Area Ord. 659) Remap; and,
   d. The Boundaries of the Hemet Unified School District.

4. The subject site is currently designated as Assessor’s Parcel Numbers 565-171-006.

D. Assessor’s Parcel No(s): 565-171-006

E. Street References: At the southeast corner of S. Circle Drive and Highway 243 in the community of Homeland within the County of Riverside.

F. Section, Township & Range Description or reference/attach a Legal Description: Recorded Book/Page: MB 10/81 Subdivision Name: Idyllwild Mt Park Co Sub 6 Lot/Parcel: 84

G. Brief description of the existing environmental setting of the project site and its surroundings: The project site is located in the community of Idyllwild, located along State Highway 243 and east of the City of Hemet. This area has historically included smaller mountainous lot rural community uses. The site currently contains one 2,600 square foot structure with front parking. The site is surrounded by residential development to the northeast and southeast, commercial development to the southwest, and vacant to northeast.

II. APPLICABLE GENERAL PLAN AND ZONING REGULATIONS

A. General Plan Elements/Policies:
1. **Land Use**: The proposed project meets the requirements for the Community Development: Commercial Retail (CD: CR) (0.20-0.35 Floor Area Ratio) land use designation. The proposed project meets the General Plan and all applicable land use policies.

2. **Circulation**: Adequate circulation facilities exist and are proposed to serve the proposed project. The proposed project meets with all other applicable circulation policies of the General Plan.

3. **Multipurpose Open Space**: No natural open space land was required to be preserved within the boundaries of this project. The proposed project meets with all other applicable Multipurpose Open Space element policies.

4. **Safety**: The proposed project is located within a high fire hazard area. The proposed project is not located within any other special hazard zone (including FEMA flood zone, fault zone, dam inundation zone, area with high liquefaction potential, etc.). The proposed project has allowed for sufficient provision of emergency response services to the project through the project design and payment of development impact fees. The proposed project meets with all other applicable Safety element policies.

5. **Noise**: Sufficient mitigation against any foreseeable noise sources in the area have been provided for in the design of the project. The project meets all other applicable Noise Element Policies.

6. **Housing**: The proposed project meets with all applicable Housing element policies.

7. **Air Quality**: The proposed project has been conditioned to control any fugitive dust during grading and construction activities. The proposed project meets all other applicable Air Quality element policies.

B. **General Plan Area Plan(s)**: Remap Area Plan

C. **Foundation Component(s)**: Community Development (CD)

D. **Land Use Designation(s)**: Commercial Retail (CD: CR) (0.20-0.35 Floor Area Ratio)

E. **Overlay(s), if any**: Not Applicable

F. **Policy Area(s), if any**: Village Tourist Policy Area

G. **Adjacent and Surrounding Area Plan(s), Foundation Component(s), Land Use Designation(s), and Overlay(s) and Policy Area(s), if any**: The project site is surrounded by properties which are designated Community Development: Commercial Retail (CD:CR) to the south, north, and west, Community Development: Medium Density Residential (CD:MDR) to the south.

H. **Adopted Specific Plan Information**

   1. **Name and Number of Specific Plan, if any**: Not Applicable

   2. **Specific Plan Planning Area, and Policies, if any**: Not Applicable

I. **Existing Zoning**: Scenic Highway Commercial (C-P-S)
J. Proposed Zoning, if any: Scenic Highway Commercial (C-P-S)

K. Adjacent and Surrounding Zoning: The project site is surrounded by mixture of Rural Residential (R-R) and Scenic Highway Commercial (C-P-S) along Highway 74 but not contiguous. The general vicinity of the project site is zoned Rural Residential (R-R) as it moves away from Highway 74.

III. ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED

The environmental factors checked below (x) would be potentially affected by this project, involving at least one impact that is a “Potentially Significant Impact” or “Less than Significant with Mitigation Incorporated” as indicated by the checklist on the following pages.

<table>

IV. DETERMINATION

On the basis of this initial evaluation:

<table>
<thead>
<tr>
<th>A PREVIOUS ENVIRONMENTAL IMPACT REPORT/NEGATIVE DECLARATION WAS NOT PREPARED</th>
</tr>
</thead>
<tbody>
<tr>
<td>☑ I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.</td>
</tr>
<tr>
<td>☐ I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project, described in this document, have been made or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.</td>
</tr>
<tr>
<td>☐ I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>A PREVIOUS ENVIRONMENTAL IMPACT REPORT/NEGATIVE DECLARATION WAS PREPARED</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐ I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED because (a) all potentially significant effects of the proposed project have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards, (b) all potentially significant effects of the proposed project have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration, (c) the proposed project will not result in any new significant environmental effects not identified in the earlier EIR or Negative Declaration, (d) the proposed project will not substantially increase the severity of the environmental effects identified in the earlier EIR or Negative Declaration, (e) no considerably different mitigation measures have been identified and (f) no mitigation measures found infeasible have become feasible.</td>
</tr>
<tr>
<td>☑ I find that although all potentially significant effects have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards, some changes or additions are necessary but none of the conditions described in California Code of Regulations, Section 15162 exist. An ADDENDUM to a previously-certified EIR or Negative Declaration has been prepared and will be considered by the approving body or bodies.</td>
</tr>
</tbody>
</table>
I find that at least one of the conditions described in California Code of Regulations, Section 15162 exist, but I further find that only minor additions or changes are necessary to make the previous EIR adequately apply to the project in the changed situation; therefore a SUPPLEMENT TO THE ENVIRONMENTAL IMPACT REPORT is required that need only contain the information necessary to make the previous EIR adequate for the project as revised.

I find that at least one of the following conditions described in California Code of Regulations, Section 15162, exist and a SUBSEQUENT ENVIRONMENTAL IMPACT REPORT is required: (1) Substantial changes are proposed in the project which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; (2) Substantial changes have occurred with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete or the negative declaration was adopted, shows any of the following: (A) The project will have one or more significant effects not discussed in the previous EIR or negative declaration; (B) Significant effects previously examined will be substantially more severe than shown in the previous EIR or negative declaration; (C) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measures or alternatives; or, (D) Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR or negative declaration would substantially reduce one or more significant effects of the project on the environment, but the project proponents decline to adopt the mitigation measures or alternatives.

V. ENVIRONMENTAL ISSUES ASSESSMENT

In accordance with the California Environmental Quality Act (CEQA) (Public Resources Code Section 21000-21178.1), this Initial Study has been prepared to analyze the proposed project to determine any potential significant impacts upon the environment that would result from construction and implementation of the project. In accordance with California Code of Regulations, Section 15063, this Initial Study is a preliminary analysis prepared by the Lead Agency, the County of Riverside, in consultation with other jurisdictional agencies, to determine whether a Negative Declaration, Mitigated Negative Declaration, or an Environmental Impact Report is required for the proposed project. The purpose of this Initial Study is to inform the decision-makers, affected agencies, and the public of potential environmental impacts associated with the implementation of the proposed project.

<table>
<thead>
<tr>
<th>Potentially Significant Impact</th>
<th>Less than Significant with Mitigation Incorporated</th>
<th>Less Than Significant Impact</th>
<th>No Impact</th>
</tr>
</thead>

AESTHETICS Would the project

1. Scenic Resources
   a) Have a substantial effect upon a scenic highway corridor within which it is located?  

   b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings and unique or landmark features; obstruct any prominent scenic vista or view open to the public; or result in the creation of an aesthetically offensive site open to public view?

Source: Riverside County General Plan Figure C-9 "Scenic Highways"

Findings of Fact:

a) The project site is located on the east side of SH-243 which is designated by the General Plan as a State Designated Scenic Highway. Through this area of the corridor, the scenic resources would include the view of the mountains and forest. The proposed Resort/Hotel building would be subject to the latest adopted building code and through design the visual impact is minimal in preserving and protecting the scenic highway corridor. The project is setback approximately 55 feet from the new right-of-way and provides new landscaping strip in between the parking stalls and the building that will minimize the impact to the scenic highway corridor. Additionally, the existing maximum height of the building is at 27 vertical feet to the roof pitch.

b) The proposed project will not substantially damage scenic resources, including, but not limited to, trees, rock outcroppings and unique or landmark features, open to the public, as these features do not exist on the project site. Additionally, the project will not result in the creation of an aesthetically offensive site open to public view.

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

2. Mt. Palomar Observatory
   a) Interfere with the nighttime use of the Mt. Palomar Observatory, as protected through Riverside County
Ordinance No. 655?

Source: GIS database, Ord. No. 655 (Regulating Light Pollution)

Findings of Fact:

a) According to the GENERAL PLAN, the project site is located approximately 28 miles away from the Mt. Palomar Observatory; which is within the designated 45-mile (ZONE B) Special Lighting Area that surrounds the Mt. Palomar Observatory. Ordinance No. 655 contains approved materials and methods of installation, definition, general requirements, requirements for lamp source and shielding, prohibition and exceptions. With incorporation of project lighting requirements of the Riverside County Ordinance No. 655 into the proposed project, this impact will be reduced to a less than significant impact. (COA 10.PLANNING.30) This is a standard condition of approval and therefore is not considered mitigation pursuant to CEQA.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

3. Other Lighting Issues
   a) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area? [X] □ □
   b) Expose residential property to unacceptable light levels? □ □ [X] □

Source: On-site Inspection, Project Application Description

Findings of Fact:

a-b) The project will not create a new source of substantial light or glare which would adversely affect day or nighttime views in the area, or expose residential property to unacceptable levels of light or glare. Adjacent residential properties will not be exposed to unacceptable light levels. Any lighting on site is required to be shielded and directed away from any residential properties. Light created from potential increased traffic to the site may increase as well as interior lighting associated with the proposed resort/hotel use. This lighting will be shielded from the neighboring residential properties per building code and Mt. Palomar Observatory Ordinance No. 655. The ordinance contains approved materials and methods of installation, definition, general requirements, requirements for lamp source and shielding, prohibition, and exceptions. With incorporation of the standard conditions of approval for project lighting requirements of the Riverside County Ordinance No. 655 into the proposed project, this impact will be reduced to a less than significant impact. (COA 10.PLANNING.6 and 10.PLANNING.30) and is therefore not considered mitigation pursuant to CEQA.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

AGRICULTURE & FOREST RESOURCES Would the project

4. Agriculture
   a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland) as shown on [X] □ □ □
the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?

<table>

<td>☐</td>
<td>☐</td>
<td>☐</td>
</tr>
</tbody>
</table>

Source: GIS database, and Project Application Materials.

Findings of Fact:

a) According to GIS database, the project is located in mountain area is not mapped as “Farmland”. Therefore, the project will not convert a Prime Farmland, Unique Farmland, or Farmland of Statewide Importance to non-agricultural use. The project will have no significant impact.

b) According to GIS database, the project is not located within an Agriculture Preserve or under a Williamson Act contract; therefore, no impact will occur as a result of the proposed project.

c) The project site is not surrounded by agriculturally zoned land (A-1, A-2, A-P, A-D & C/V) and will not cause development of non-agricultural uses within 300 feet of agriculturally zoned property. Therefore, the project site, the project will not cause development of a non-agricultural use within 300 feet of agriculturally zoned property.

d) The project will not involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

5. Forest

a) Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Govt. Code section 51104(g))? | ☐ | ☐ | ☐ | ☒ |

b) Result in the loss of forest land or conversion of forest land to non-forest use? | ☐ | ☐ | ☐ | ☒ |

c) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of forest land to non-forest use? | ☐ | ☐ | ☐ | ☒ |
Source: Riverside County General Plan Figure OS-3 "Parks, Forests and Recreation Areas," and Project Application Materials.

Findings of Fact:

a) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. The project is not located within the boundaries of a forest land (as defined in Public Resources Code Section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Govt. Code section 51104(g)). Therefore, the proposed project will not impact land designated as forest land, timberland, or timberland zoned Timberland Production.

b) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. The project is not located within forest land and will not result in the loss of forest land or conversion of forest land to non-forest use; therefore, no impact will occur as a result of the proposed project.

c) The project will not involve other changes in the existing environment which, due to their location or nature, could result in conversion of forest land to non-forest use.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

AIR QUALITY Would the project
6. Air Quality Impacts
   a) Conflict with or obstruct implementation of the applicable air quality plan? □ □ □ □
   b) Violate any air quality standard or contribute substantially to an existing or projected air quality violation? □ □ □ □
   c) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)? □ □ □ □
   d) Expose sensitive receptors which are located within 1 mile of the project site to project substantial point source emissions? □ □ □ □
   e) Involve the construction of a sensitive receptor located within one mile of an existing substantial point source emitter? □ □ □ □
   f) Create objectionable odors affecting a substantial number of people? □ □ □ □

Findings of Fact: CEQA Guidelines indicate that a project will significantly impact air quality if the project violates any ambient air quality standard, contributes substantially to an existing air quality violation, or exposes sensitive receptors to substantial pollutant concentrations.

a) The project site is located in the South Coast Air Basin (SCAB). The South Coast Air Quality Management District (SCAQMD) adopted its most recent Air Quality Management Plan (AQMP) for the SCAB on August 1, 2003. The AQMP is a plan for the regional improvement of air quality. As part of adoption of the County’s General Plan in 2003, the General Plan’s EIR (No. 441, SCH No. 2002051143) analyzed the General Plan growth projections for consistency with the AQMP and concluded that the General Plan is consistent with the SCAQMD’s AQMP. The project is consistent with the County General Plan and would therefore be consistent with the SCAQMD’s AQMP.

b-c) The South Coast Air Basin (SCAB) is in a non-attainment status for federal ozone standards, federal carbon monoxide standards, and state and federal particulate matter standards. Any development in the SCAB, including the proposed project, would cumulatively contribute to these pollutant violations.

The project is consistent with the General Plan and the Remap Area Plan land use designations. The General Plan (2003) is a policy document that reflects the County’s vision for the future of Riverside County. The General Plan is organized into eight separate elements, including an Air Quality Element. The purpose of the Air Quality Element is to protect County residents from the harmful effects of poor air quality. The Air Quality Element identifies goals, policies, and programs that are meant to balance actions regarding land use, circulation, and other issues with their potential effects on air quality. The Air Quality Element, in conjunction with local and regional air quality planning efforts, addresses ambient air quality standards set forth by the Federal Environmental Protection Agency (EPA) and the California Air Resources Board (CARB). Potential air quality impacts resulting from the proposed project would not exceed emissions projected by the Air Quality Element since they are not adding any new square footage. The County is charged with implementing the policies in the General Plan Air Quality Element, which are focused on reducing concentrations of criteria pollutants, reducing negative impacts to sensitive receptors, reducing mobile and stationary pollutant sources, increasing energy conservation and efficiency, improving the jobs to housing balance, and facilitating multi-jurisdictional coordination for the improvement of air quality.

Implementation of the project would not impact air quality beyond the levels documented in EIR No. 441 prepared for the General Plan. The project would impact air quality in the short-term during construction and in the long-term through operation. In accordance with standard county requirements, dust control measures and maintenance of construction equipment shall be utilized on the property to limit the amount of particulate matter generated. These are standard requirements and are not considered mitigation pursuant to CEQA.

The proposed project would primarily impact air quality through increased automotive emissions. Projects of this type do not generate enough traffic and associated air pollutants to violate clean air standards or contribute enough air pollutants to be considered a cumulatively considerable significant impact. Therefore, the impacts to air quality are considered less than significant.
d) A sensitive receptor is a person in the population who is particularly susceptible to health effects due to exposure to an air contaminant than is the population at large. Sensitive receptors (and the facilities that house them) in proximity to localized CO sources, toxic air contaminants or odors are of particular concern. High levels of CO are associated with major traffic sources, such as freeways and major intersections, and toxic air contaminants are normally associated with manufacturing and commercial operations. Land uses considered to be sensitive receptors include long-term health care facilities, rehabilitation centers, convalescent centers, retirement homes, residences, schools, playgrounds, child care centers, and athletic facilities. Surrounding land uses include residential, which is considered a sensitive receptor, however, the project is not expected to generate substantial point source emissions. The project will not include manufacturing uses or generate significant odors.

e) Surrounding land uses do not include significant localized CO sources, toxic air contaminants, or odors. An 2,606 square foot resort/hotel building is not considered a substantial point source emitter or a sensitive receptor.

f) The project will not create objectionable odors affecting a substantial number of people.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

**BIOLOGICAL RESOURCES** Would the project

**7. Wildlife & Vegetation**

a) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservation Community Plan, or other approved local, regional, or state conservation plan?

b) Have a substantial adverse effect, either directly or through habitat modifications, on any endangered, or threatened species, as listed in Title 14 of the California Code of Regulations (Sections 670.2 or 670.5) or in Title 50, Code of Federal Regulations (Sections 17.11 or 17.12)?

c) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U. S. Wildlife Service?

d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?

e) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or U. S. Fish and Wildlife Service?

f) Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool,
coastal, etc.) through direct removal, filling, hydrological interruption, or other means?

g) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?  □  □  □  ☒

Source: GIS database, WRCMSHCP

Findings of Fact:

a) The project site does not conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservation Community Plan, or other approved local, regional, or state conservation plan. The project site is a previously built parcel in a mountain village area. The area is currently being used as a multifamily residential structure. The proposal will disturb portions of approximately 0.4 acres for the construction of one handicap parking stall. Based on minor disturbance, the site is not anticipated to have biological impacts. Therefore, project will have less than significant impact.

b-c) The proposal will disturb a portion of approximately 0.4 acres for the construction of one handicap parking stall. Based on minor disturbance, the site is not anticipated to have habitat modifications, on any endangered, or threatened species, as listed in Title 14 of the California Code of Regulations (Sections 870.2 or 870.5) or in Title 50, Code of Federal Regulations (Sections 17.11 or 17.12). The project will have a less than significant impact.

d) The project will not result in the adverse impacts on MSHCP-listed plant or animal species. Natural watercourses are not present on the site. U.S. Army Corps of Engineers and CDFG jurisdictional waters of the US wetlands and streambeds are not present. The project will not interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident migratory wildlife corridors, or impede the use of native wildlife nursery sites. Therefore, there is no significant impact.

e-f) The project site does not contain riverine/riparian areas or vernal pools. Therefore, there is no significant impact.

g) The proposed project will not conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance. Therefore, there is no significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

**CULTURAL RESOURCES Would the project**

### 8. Historic Resources

a) Alter or destroy an historic site?  □  □  □  ☒

b) Cause a substantial adverse change in the significance of a historical resource as defined in California Code of Regulations, Section 15064.5?  □  □  □  ☒

Source: On-site Inspection, Project Application Materials
Findings of Fact:

a-b) The proposed site built with 2,606 square foot 2 story building. The project does not propose to alter or destroy a historic site or cause a substantial adverse change in the significance of a historical resource as defined in California Code of Regulations, Section 15064.5. The project will have no significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

9. Archaeological Resources
   a) Alter or destroy an archaeological site. [☐ ☐ ☒ ☐]
   b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to California Code of Regulations, Section 15064.5? [☐ ☐ ☒ ☐]
   c) “Disturb any human remains, including those interred outside of formal cemeteries?” [☐ ☐ ☒ ☐]
   d) Restrict existing religious or sacred uses within the potential impact area? [☐ ☐ ☒ ☐]

Source: Project Application Materials

Findings of Fact:

a-b) Site disturbance has already occurred from previous construction of 2,606 square foot 2-story building and associated parking areas. The project is not anticipated to alter or destroy an archaeological site. If, however, during ground disturbing activities, unique cultural resources are discovered, all ground disturbances shall halt until a meeting is held between the developer, archaeologist, and Native American representative to discuss the significance of the find. Therefore, the project will not alter or destroy an archaeological site or cause a substantive adverse change in the significance of an archaeological resource.

c) There may be a possibility that ground disturbing activities will expose human remains. The project is subject to State Health and Safety Code Section 7050.5 if human remains are discovered during ground disturbing activities. This is a standard condition and not considered mitigation for CEQA purposes. Therefore, the impact is considered less than significant.

d) The project will not restrict existing religious or sacred uses within the potential impact area. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required

10. Paleontological Resources
    a) Directly or indirectly destroy a unique paleonto- [☐ ☐ ☒ ☐]
logical resource, or site, or unique geologic feature?

Source: GIS database

Findings of Fact:

a) According to GIS database, this site has been mapped as having a low potential for paleontological resources. There may be a possibility that ground disturbing activities will expose fossil specimens. Therefore, a Paleontological Monitoring Report shall be submitted to the County Geologist for site grading operation. This is a standard condition and not considered mitigation for CEQA purposes. Therefore, the impact is considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required

11. Alquist-Priolo Earthquake Fault Zone or County Fault Hazard Zones

a) Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death?

b) Be subject to rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault?

Source: Riverside County General Plan Figure S-2 “Earthquake Fault Study Zones,” GIS database

Findings of Fact:

a-b) No active faults are known to traverse the subject site. The project site does not lie within a State of California Earthquake Fault Hazard Zone (formerly called an Alquist-Priolo Special Studies Zone). Additionally, the project is subject to the California Building Code (CBC) requirements pertaining to commercial development and thereby mitigating any potential impact to less than significant. As CBC requirements are applicable to all commercial development they are not considered mitigation for CEQA implementation purposes. Therefore, the impact is considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

12. Liquefaction Potential Zone

a) Be subject to seismic-related ground failure, including liquefaction?

Source: Riverside County General Plan Figure S-3 “Generalized Liquefaction”, GIS Database

Findings of Fact:
a) The project is located within an area of no potential for liquefaction. Adherence to the California Building Code (CBC) will mitigate any potential liquefaction that might exist on the site. As CBC requirements are applicable to all commercial development they are not considered mitigation for CEQA implementation purposes.

Mitigation: No mitigation measures required.

Monitoring: No monitoring measures are required.

13. **Ground-shaking Zone**

   Be subject to strong seismic ground shaking?

   - [ ] Potentially Significant Impact
   - [ ] Less than Significant with Mitigation Incorporated
   - [ ] Less than Significant Impact
   - [x] No Impact

**Source:** Riverside County General Plan Figure S-4 “Earthquake-Induced Slope Instability Map,” and Figures S-13 through S-21 (showing General Ground Shaking Risk)

**Findings of Fact:**

There are no known active or potentially active faults that traverse the site and the site is not located within an Alquist-Priolo Earthquake Fault Zone. The principal seismic hazard that could affect the site is ground shaking resulting from an earthquake occurring along several major active or potentially active faults in southern California. The project is located within a very high ground shaking risk area. California Building Code (CBC) requirements pertaining to commercial development will mitigate the potential impact to less than significant. As CBC requirements are applicable to all commercial development they are not considered mitigation for CEQA implementation purposes.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

14. **Landslide Risk**

   a) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, collapse, or rockfall hazards?

   - [ ] Potentially Significant Impact
   - [ ] Less than Significant with Mitigation Incorporated
   - [ ] Less than Significant Impact
   - [x] No Impact

**Source:** Riverside County General Plan Figure S-5 “Regions Underlain by Steep Slope”

**Findings of Fact:**

a) The project site is located on generally flat land with minimal possibilities of resulting in on- or off-site landslide, lateral spreading, collapse, or rock fall hazards. In addition, no further information is provided to suggest that the project would be located on unstable soil. The project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.
15. **Ground Subsidence**
   a) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in ground subsidence?

<table>

<tr>
<th>Potentially Significant Impact</th>
<th>Less than Significant with Mitigation Incorporated</th>
<th>Less Than Significant Impact</th>
<th>No Impact</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐</td>
<td>☐</td>
<td>☐</td>
<td>☑</td>
</tr>
</tbody>
</table>

**Source:** GIS database, Riverside County General Plan Figure S-7 "Documented Subsidence Areas".

**Findings of Fact:**

a) According to GIS database, the project site is not located in an area with potential subsidence. Adherence to the California Building Code (CBC) will mitigate any possible subsidence potential that might exist on the site to less than significant. As CBC requirements are applicable to all commercial development they are not considered mitigation for CEQA implementation purposes.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

16. **Other Geologic Hazards**
   a) Be subject to geologic hazards, such as seiche, mudflow, or volcanic hazard?

<table>
<thead>
<tr>

<th>Less Than Significant Impact</th>
<th>No Impact</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐</td>
<td>☐</td>
<td>☐</td>
<td>☑</td>
</tr>
</tbody>
</table>

**Source:** Project Application Materials, Building and Safety – Grading Review

**Findings of Fact:**
a) The project site is generally flat land with no slope present on the site. The proposed resort/hotel facility will not change topography or ground surface relief features. Therefore, the project will not have an impact.

b) The project will not cut or fill slopes greater than 2:1 or create a slope higher than 10 feet.

c) The project will not result in grading that affects or negates subsurface sewage disposal systems.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

<table>
<thead>
<tr>
<th>18. Soils</th>
</tr>
</thead>
<tbody>
<tr>
<td>a) Result in substantial soil erosion or the loss of topsoil?</td>
</tr>
<tr>
<td>b) Be located on expansive soil, as defined in Section 1802.3.2 of the California Building Code (2007), creating substantial risks to life or property?</td>
</tr>
<tr>
<td>c) Have soils incapable of adequately supporting use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?</td>
</tr>
</tbody>
</table>

**Source:** General Plan figure S-6 “Engineering Geologic Materials Map”, Project Application Materials, Building and Safety Grading review

a) The development of the site will not result in the loss of topsoil from grading activities and not in a manner that would result in significant amounts of soil erosion. Implementation of Best Management Practices (BMPs) would reduce the impact to below a level of significance. Impacts would be less than significant.

b) The project may be located on expansive soil; however, California Building Code (CBC) requirements pertaining to commercial development will mitigate the potential impact to less than significant. As CBC requirements are applicable to all development, they are not considered mitigation for CEQA implementation purposes.

c) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. The existing project is being served with public water and sewer system. Therefore, there is no impact anticipated with this project.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

<table>

<td>a) Change deposition, siltation, or erosion that may</td>
</tr>
</tbody>
</table>
modify the channel of a river or stream or the bed of a lake?

b) Result in any increase in water erosion either on or off site? ☐ ☐ ☒ ☐

Source: Flood Control District review, Project Application Materials

Findings of Fact:

a) The proposed project is not located in the vicinity of a stream or lake, will not change deposition, siltation, or erosion that may modify the channel of a river, stream, or the bed of a lake. The project will have no significant impact.

b) The proposed project is not likely to increase in water erosion either on or off site; therefore, the project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

20. Wind Erosion and Blowsand from project either on or off site.

a) Be impacted by or result in an increase in wind erosion and blowsand, either on or off site? ☐ ☐ ☒ ☐

Source: Riverside County General Plan Figure S-8 “Wind Erosion Susceptibility Map,” Ord. 460, Sec. 14.2 & Ord. 484

Findings of Fact:

a) The site is located in an area of Low Wind Erodibility rating. The General Plan, Safety Element Policy for Wind Erosion requires buildings and structures to be designed to resist wind loads which are covered by the California Building Code. With such compliance, the project will not result in an increase in wind erosion and blowsand, either on or off site. The project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

GREENHOUSE GAS EMISSIONS Would the project

a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment? ☐ ☐ ☒ ☐

b) Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases? ☐ ☐ ☒ ☐

Source: Project application materials, Air Study Dated April 15, 2013.
Findings of Fact:

a) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. Based on existing structures and no new addition of any square footage, the proposed project does not exceed the threshold set by South Coast Air Basin (SCAB) and Southeast Desert Air Basin (SEDAAB). The construction activities will involve light duty equipment and labor. However, the construction of this size (under 10,000 square foot) will not have a significant impact on the air quality of the area. Therefore, greenhouse gas emissions generated during construction phase are minimal. In addition, the powering of the resort/hotel will not require an extensive amount of electricity. Therefore, project is not anticipated to generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment.

b) The project will not conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases. The project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

HAZARDS AND HAZARDOUS MATERIALS

Would the project

22. Hazards and Hazardous Materials
   a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?

   b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?

   c) Impair implementation of or physically interfere with an adopted emergency response plan or an emergency evacuation plan?

   d) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?

   e) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?

Source: Project Application Materials

Findings of Fact:

a) The project will not create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials.
b) The project will not create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.

c) The project will not impair implementation of or physically interfere with an adopted emergency response plan or an emergency evacuation plan.

d) The project site is not located within one-quarter mile of an existing school. The proposed change of zone and construction of retail commercial facility does not emit and/or handle hazardous or acutely hazardous materials, substances, or waste. Therefore, there is no impact.

e) The project is not located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

---

23. Airports

   a) Result in an inconsistency with an Airport Master Plan?

   b) Require review by the Airport Land Use Commission?

   c) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?

   d) For a project within the vicinity of a private airstrip, or heliport, would the project result in a safety hazard for people residing or working in the project area?

Source: Riverside County General Plan Figure S-19 “Airport Locations,” GIS database

a) The project site is not located within the vicinity of any public or private airport; therefore, the project will not result in an inconsistency with an Airport Master Plan. The closest airport is Hemet-Ryan Airport which is located approximately 10 miles west of the project site.

b) The project site is not located within the vicinity of any public or private airport; therefore will not require review by the Airport Land Use Commission.

c) The project is not located within an airport land use plan and would not result in a safety hazard for people residing or working in the project area. The closest airport is Hemet-Ryan Airport which is located approximately 10 miles west of the project site.
d) The project is not within the vicinity of a private airstrip, or heliport and would not result in a safety hazard for people residing or working in the project area. The closest airport is Hemet-Ryan Airport which is located approximately 10 miles west of the project site.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

24. Hazardous Fire Area
   a) Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?

Source: Riverside County General Plan Figure S-11 “Wildfire Susceptibility,” GIS database

Findings of Fact:

a) The project is located in a high fire hazard area. The project shall adhere to all Fire Department requirements for projects located within high fire hazard areas. This is a standard condition of approval and is not considered mitigation under CEQA.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

HYDROLOGY AND WATER QUALITY Would the project

25. Water Quality Impacts
   a) Substantially alter the existing drainage pattern of the site or area, including the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation on- or off-site?

   b) Violate any water quality standards or waste discharge requirements?

   c) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?

   d) Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?

   e) Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood
Insurance Rate Map or other flood hazard delineation map?

f) Place within a 100-year flood hazard area structures which would impede or redirect flood flows?

   Potentially Significant Impact | Less than Significant with Mitigation Incorporated | Less Than Significant Impact | No Impact

   □ □ □ ✗

   g) Otherwise substantially degrade water quality?

   □ □ □ ✗

   h) Include new or retrofitted stormwater Treatment Control Best Management Practices (BMPs) (e.g. water quality treatment basins, constructed treatment wetlands), the operation of which could result in significant environmental effects (e.g. increased vectors or odors)?

   □ □ □ ✗

Source: Riverside County Flood Control District Flood Hazard Report/Condition.

Findings of Fact:

a-b) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager's unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. Through this process, the site will not alter the drainage from its current natural flow to Highway 243.

Additionally, the site does not contain nor alter the course a stream or river in a manner that would result in substantial erosion or siltation on- or off-site. Therefore, there is no impact anticipated.

c) The project will not substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted). Therefore, the impact is considered less than significant.

d) Due to the amount of impervious surfaces within the project site, this proposal will not increase flow rates on downstream property owners. Therefore, no new flood control facilities or water quality mitigation will be required. Therefore, the impact is considered less than significant.

e) The project site is not located within a 100 year flood zone and no new housing is proposed with this project. Therefore, the project shall not place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map No. 06065C2155G or other flood hazard delineation map.

f) The project site is not located within a 100 year flood zone within Zone X. Therefore, the project will not place structures within a 100-year flood hazard area which would impede or redirect flood flows.

g-h) The project will not substantially degrade water quality or include new or retrofitted stormwater Treatment Control Best Management Practices (BMPs) (e.g. water quality treatment basins, constructed treatment wetlands), the operation of which could result in significant environmental effects (e.g. increased vectors and odors). Therefore, there is no impact.

Mitigation: No mitigation measures are required.
### 26. Floodplains

Degree of Suitability in 100-Year Floodplains. As indicated below, the appropriate Degree of Suitability has been checked.

<table>
<thead>
<tr>
<th>Potentially Significant Impact</th>
<th>Less than Significant with Mitigation Incorporated</th>
<th>Less Than Significant Impact</th>
<th>No Impact</th>
</tr>
</thead>
<tbody>
<tr>
<td>NA - Nct Applicable ✗</td>

<td></td>
</tr>
</tbody>
</table>

- a) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or off-site? □ □ X □
- b) Changes in absorption rates or the rate and amount of surface runoff? □ □ X □
- c)Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam (Dam Inundation Area)? □ □ X □
- d) Changes in the amount of surface water in any water body? □ □ X □

**Source:** Riverside County General Plan Figure S-9 “100- and 500-Year Flood Hazard Zones,” Figure S-10 “Dam Failure Inundation Zone,” GIS database, FEMA Issued Flood Map

**Findings of Fact:**

a) Because of the small size and limited development of the project site, the project will not substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or off-site. Additionally, the property is located in Zone X, and it is determined to be outside the 0.2% annual chance floodplain [FEMA Flood Insurance Rate Map (FIRM) with effective date of August 28, 2008, Map No. 06065C2155G, Panel 2155 of 3805]. Therefore, the project will have less than significant impact.

b) Because of the small size and limited development of the project site, the project will not result in changes in absorption rates or the rate and amount of surface runoff within a floodplain. Therefore, the project will have less than significant impact.

c) The project will not expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam. Therefore, the project will have less than significant impact.

d) Because of the small size and limited development of the project site, the project will not cause changes in the amount of surface water in any water body. Therefore, the project will have less than significant impact.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.
**LAND USE/PLANNING** Would the project

27. Land Use
   a) Result in a substantial alteration of the present or planned land use of an area? □ □ ✗ □
   b) Affect land use within a city sphere of influence and/or within adjacent city or county boundaries? □ □ □ ✗

Source: General Plan and GIS database

**Findings of Fact:**

a) The proposed use is in compliance with the current land use of Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio) in the REMAP Area Plan. The project will have a less than significant impact as it likely will not result in the substantial alteration of the present or planned land use of an area.

b) The project is not adjacent to a city boundary and not in a sphere of influence. Therefore, the project will not have significant impact.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

28. Planning
   a) Be consistent with the site's existing or proposed zoning? □ □ ✗ □ □
   b) Be compatible with existing surrounding zoning? □ □ ✗ □ □
   c) Be compatible with existing and planned surrounding land uses? □ □ ✗ □ □
   d) Be consistent with the land use designations and policies of the Comprehensive General Plan (including those of any applicable Specific Plan)? □ □ ✗ □ □
   e) Disrupt or divide the physical arrangement of an established community (including a low-income or minority community)? □ □ ✗ □ □

Source: Riverside County General Plan Land Use Element, Staff review, GIS database

**Findings of Fact:**

a-b) The project will be consistent with the site's zoning for the proposed resort/hotel development. The project site is surrounded by properties which are zoned One-Family Dwellings Mountain Resort (R-1A), Village Tourist Residential (R-3A), and Scenic Highway Commercial (C-P-S) zonings along Highway 243 and south east and west of the project site. The General Plan designation for all properties along Highway 243 is Community Development: Commercial Retail (CD:CR) (0.2 to 0.35 Floor Area Ratio). It is the future plan for this area along Highway 243 to be developed as commercial retail developments. Therefore, the project will have no significant impact.
c) The proposed commercial development will be consistent with existing commercial developments along Highway 243 including but not limited to vacation resort, barber shop, mini storage, auto parts store, and a café. As a result, the project will be compatible with existing surrounding zoning and with existing and planned surrounding land uses. Impacts are less than significant.

d-e) The project is consistent with the land use designations and policies of the General Plan. In addition, the project will not disrupt or divide the physical arrangement of an established community. The project will have no significant impact.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required

### MINERAL RESOURCES Would the project

**29. Mineral Resources**

a) Result in the loss of availability of a known mineral resource that would be of value to the region or the residents of the State?

b) Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?

c) Be an incompatible land use located adjacent to a State classified or designated area or existing surface mine?

d) Expose people or property to hazards from proposed, existing or abandoned quarries or mines?

**Source:** Riverside County General Plan Figure OS-5 “Mineral Resources Area”

a) The project site is within unstudied area for Mineral Resources Area. The General Plan identifies policies that encourage protection for existing mining operations and for appropriate management of mineral extraction. A significant impact that would constitute a loss of availability of a known mineral resource would include unmanaged extraction or encroach on existing extraction. No existing or abandoned quarries or mines exist in the area surrounding the project site. The project does not propose any mineral extraction on the project site. Any mineral resources on the project site will be unavailable for the life of the project; however, the project will not result in the permanent loss of significant mineral resources.

b) The project will not result in the loss of availability of a known mineral resource in an area classified or designated by the State that would be of value to the region or the residents of the State. The project will not result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan.

c) The project will not be an incompatible land use located adjacent to a State classified or designated area or existing surface mine.

d) The project will not expose people or property to hazards from proposed, existing or abandoned quarries or mines.
Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

NOISE Would the project result in

Definitions for Noise Acceptability Ratings
Where indicated below, the appropriate Noise Acceptability Rating(s) has been checked.
NA - Not Applicable
A - Generally Acceptable
B - Conditionally Acceptable
C - Generally Unacceptable
D - Land Use Discouraged

30. Airport Noise
   a) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport would the project expose people residing or working in the project area to excessive noise levels?
      NA ☒ A ☐ B ☐ C ☐ D ☐
   b) For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?
      NA ☒ A ☐ B ☐ C ☐ D ☐

Source: Riverside County General Plan Figure S-19 “Airport Locations,” County of Riverside Airport Facilities Map

Findings of Fact:

a) The project site is not located within an airport land use plan or within two miles of a public airport or public use airport that would expose people residing on the project site to excessive noise levels. The closest airport (Hemet Ryan Airport) is located approximately 10 miles west from the project site. Therefore, there is no impact anticipated.

b) The project is not located within the vicinity of a private airstrip and would not expose people residing on the project site to excessive noise levels. The closest airport (Hemet Ryan Airport) is located approximately 10 miles west from the project site. Therefore, there is no impact anticipated.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

31. Railroad Noise
   NA ☒ A ☐ B ☐ C ☐ D ☐

Source: Riverside County General Plan Figure C-1 “Circulation Plan”, GIS database, On-site Inspection

Findings of Fact: The project site is not located adjacent to a rail line. The project has no significant impact.
Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

### 32. Highway Noise

<table>
<thead>
<tr>
<th>NA</th>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
</tr>
</thead>
</table>

Source: On-site Inspection, Project Application Materials

Findings of Fact: The project site is located adjacent to a highway. The closest highway is Highway 243 which fronts the project site. The next closest freeway is 10 Freeways is approximately 12.5 miles north from the project site.

The existing noise on the project site and surrounding areas is primarily created by the amount of traffic on adjacent SH-243. The proposal is for the 5 unit resort/hotel from a 5 unit apartment complex. Therefore, the residential use to commercial resort/hotel use is like and similar use and would not add any additional noise levels. In addition, the noise generated by Highway 243 isn't predicted to be within acceptable limits for commercial uses within the proposed commercial hotel use. There will be no significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

### 33. Other Noise

<table>
<thead>
<tr>
<th>NA</th>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
</tr>
</thead>
</table>

Source: Project Application Materials, GIS database

Findings of Fact: No additional noise sources have been identified near the project site that would contribute a significant amount of noise to the project. There will be no significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

### 34. Noise Effects on or by the Project

<p>| | | | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
</table>

   a) A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?

   b) A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?

   c) Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?
d) Exposure of persons to or generation of excessive ground-borne vibration or ground-borne noise levels?

<table>
<thead>
<tr>
<th>Potentially Significant Impact</th>
<th>Less than Significant with Mitigation Incorporated</th>
<th>Less Than Significant Impact</th>
<th>No Impact</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐</td>
<td>☐</td>
<td>☒</td>
<td>☐</td>
</tr>
</tbody>
</table>

**Source:** Riverside County General Plan, Table N-1 (“Land Use Compatibility for Community Noise Exposure”); Project Application Materials

**Findings of Fact:**

a) Although the project will increase the ambient noise level in the immediate vicinity during construction, and the general ambient noise level will not increase after project completion, the impacts are not considered significant within the commercial zoning areas.

b) All noise generated during project construction and the operation of the site must comply with the County’s noise standards, which restricts construction (short-term) and operational (long-term) noise levels. These may include but are not limited to hours of construction, hours of operation, hours of delivery, use of noise reducing equipments (e.g.: mufflers and engine shrouds), orientation of the main entrance, and setbacks. The operation of the resort/hotel will occur all within the enclosed structure and will not have excess noise beyond the normal vehicular noise added by the hotel guests. Therefore, the project will have a less than significant impact. These are standard conditions of approval, and therefore is not considered mitigation pursuant to CEQA.

c-d) The project would not expose persons to or generation of noise levels in excess of standards established in the local General Plan or noise ordinance, or applicable standards of other agencies or expose persons to or generation of excessive ground-borne vibration or ground-borne noise levels. The project will have a less than significant impact.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No mitigation measures are required.

**POPULATION AND HOUSING** Would the project

35. **Housing**
   a) Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere?
   | ☐                             | ☐                                             | ☒                           | ☐         |

   b) Create a demand for additional housing, particularly housing affordable to households earning 80% or less of the County’s median income?
   | ☐                             | ☐                                             | ☒                           | ☐         |

   c) Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?
   | ☐                             | ☐                                             | ☒                           | ☐         |

   d) Affect a County Redevelopment Project Area?
   | ☐                             | ☐                                             | ☒                           | ☐         |

   e) Cumulatively exceed official regional or local population projections?
   | ☐                             | ☐                                             | ☒                           | ☐         |

   f) Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of
   | ☐                             | ☐                                             | ☒                           | ☐         |
roads or other infrastructure)?

Source: Project Application Materials, GIS database, Riverside County General Plan Housing Element

Findings of Fact:

a) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager's unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property. The project will be converting exiting apartments to resort/hotel and will not displace substantial number of existing homes to necessitate any replacement housing elsewhere. Therefore, the project will have less than significant impact.

b) The project will not create a demand for additional housing, particularly housing affordable to households earning 80% or less of the County's median income. The project will have no significant impact.

c) The project will not displace substantial number of people, necessitating the construction of replacement housing elsewhere. The project will have no significant impact.

d) The project is not located within a Redevelopment Area and the State of California (Governor Brown) has dissolved the Redevelopment Agencies of all funding and responsibility. Therefore, the project will not affect a County Redevelopment Project Area. The project will have no significant impact.

e) The project will not cumulatively exceed official regional or local population projections. The project will have no significant impact.

f) The project could potentially encourage additional residential development in the area since there will be commercial retail service, but the development would have to be consistent with the land uses designated by the General Plan. The project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

PUBLIC SERVICES Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:

| 36. Fire Services |   |   | X |   |

Source: Riverside County General Plan Safety Element

The proposed project will have an incremental impact on the demand for fire services. Prior to the issuance of a certificate of occupancy, the applicant shall comply with the provisions of Ordinance No. 
659, which require payment of the appropriate fees set forth in the Ordinance. Ordinance 659 sets forth policies, regulations, and fees related to the funding and construction of facilities necessary to address direct and cumulative environmental effects generated by new development. With compliance to Ordinance No. 659, impact to fire services will be less than significant.

Additionally, the project will not result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities. Any construction of new facilities required by the cumulative effects will have to meet all applicable environmental standards.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

### 37. Sheriff Services

**Source:** Riverside County General Plan

The proposed project will have an incremental impact on the demand for sheriff services. Prior to the issuance of a certificate of occupancy, the applicant shall comply with the provisions of Ordinance No. 659, which require payment of the appropriate fees set forth in the Ordinance. Ordinance 659 sets forth policies, regulations, and fees related to the funding and construction of facilities necessary to address direct and cumulative environmental effects generated by new development. With compliance to Ordinance No. 659 and the mitigation measures, impact to sheriff services will be less than significant.

Additionally, the project will not result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities. Any construction of new facilities required by the cumulative effects will have to meet all applicable environmental standards.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

### 38. Schools

**Source:** Hemet Unified School District, GIS database

**Findings of Fact:** The project will not physically alter existing facilities or result in the construction of new or physically altered facilities. The proposed project is located within the Hemet Unified School District. Any construction of new facilities required by the cumulative effects of this project and surrounding projects would have to meet all applicable environmental standards. This project has been conditioned to comply with School Mitigation Impact fees in order to mitigate the potential effects to school services. This is a standard condition of approval and pursuant to CEQA is not considered mitigation.

**Mitigation:** No mitigation measures are required.
### 39. Libraries

**Source:** Riverside County General Plan

The proposed project will have an incremental impact on the demand for library services. Prior to the issuance of a certificate of occupancy, the applicant shall comply with the provisions of Ordinance No. 659, which require payment of the appropriate fees set forth in the Ordinance. Ordinance 659 sets forth policies, regulations, and fees related to the funding and construction of facilities necessary to address direct and cumulative environmental effects generated by new development. With compliance to Ordinance No. 659, impact to library services will be less than significant.

Additionally, the project will not result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities. Any construction of new facilities required by the cumulative effects will have to meet all applicable environmental standards.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

### 40. Health Services

**Source:** Riverside County General Plan

The use of the proposed lease area would not cause an impact on health services. The site is located within the service parameters of County health centers. The project will not physically alter existing facilities or result in the construction of new or physically altered facilities. The project will have no impact. Any construction of new facilities required by the cumulative effects of this project and surrounding projects would have to meet all applicable environmental standards.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

### RECREATION

#### 41. Parks and Recreation

a) Would the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?

EA No. 42544
Area (CSA) or recreation and park district with a Community Parks and Recreation Plan (Quimby fees)?

Source: GIS database, Ord. No. 659 (Establishing Development Impact Fees), Parks & Open Space Department Review

a) The proposed project proposes to convert an existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager’s unit on approximately 0.41 acres with no new square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property at the south side of Highway 243 and S. Circle Drive in the community of Idyllwild within the County of Riverside. The project would not include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment. The project will have no significant impact.

b) The project would not include the use of existing neighborhood or regional parks or other recreation facilities such that substantial physical deterioration of the facility would occur or be accelerated. The project will have no significant impact.

c) The project is located within a County Service Area No. 36 (Street Lighting District and Park & Recreation District). The project will have no significant impact on recreation and park district with a Community Parks and Recreation Plan.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

42. Recreational Trails

Source: Riverside County General Plan

Findings of Fact: The project (a request to convert existing building to resort/hotel) does not create a need or impact a recreational trail in the vicinity of the project. The project will have no significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

TRANSPORTATION/TRAFFIC Would the project
43. Circulation

a) Conflict with an applicable plan, ordinance or policy establishing a measure of effectiveness for the performance of the circulation system, taking into account all modes of transportation, including mass transit and non-motorized travel and relevant components of the circulation system, including but not limited to intersections, streets, highways and freeways, pedestrian and bicycle paths, and mass transit?

<td>☐</td>
<td>☐</td>
<td>☐</td>
</tr>
</tbody>
</table>

Source: Riverside County General Plan

Findings of Fact:

a) The project will generate minimal traffic to the area and regional transportation system. The project will not conflict with an applicable plan, ordinance or policy establishing a measure of effectiveness for the performance of the circulation system. The impact is less than significant.

b) The project will not conflict with an applicable congestion management program, including, but not limited to level of service standards and travel demand measures, or other standards established by the county congestion management agency for designated roads or highways. The project will have no impact.

c-d) The project does not propose any design issues that would cause a change in air traffic patterns, alter waterborne, or rail and air traffic. The project will have no impact.

e-f) The project will not substantially increase hazards due to a design feature or cause an effect upon a need for new or altered maintenance of roads. The project will have no impact.

g) The project site will cause an effect upon circulation during the project's construction; however, impacts are considered less than significant.

h) The project will not cause inadequate emergency access or access to nearby uses. The project will have no impact.
i) The project site will not conflict with adopted policies, plans or programs regarding public transit, bikeways or pedestrian facilities, or otherwise substantially decrease the performance or safety of such facilities. The project will have no impact.

Mitigation: No mitigation measures are required.
Monitoring: No monitoring measures are required.

44. Bike Trails

Source: Riverside County General Plan

Findings of Fact: The project does not incorporate any bicycle racks based on the use. The proposed resort/hotel use is generally not accessible with a bicycle from the lower valley and the resident manager lives on site, eliminating the need for employee trips. Therefore, the project will not have any impact to the bike trails.

Mitigation: No mitigation measures are required.
Monitoring: No monitoring measures are required.

UTILITY AND SERVICE SYSTEMS Would the project

45. Water
   a) Require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which would cause significant environmental effects? ☑

   b) Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed? ☐

Source: Department of Environmental Health Review

Findings of Fact:

a-b) The project is currently served by Idyllwild Water District (IWD). The project will not physically alter existing facilities or result in the construction of new or physically altered facilities. Any construction of new facilities required by the cumulative effects of this project and surrounding projects would have to meet all applicable environmental standards.

Mitigation: No mitigation measures are required.
Monitoring: No monitoring measures are required.

46. Sewer
   a) Require or result in the construction of new ☑
wastewater treatment facilities, including septic systems, or expansion of existing facilities, the construction of which would cause significant environmental effects?

b) Result in a determination by the wastewater treatment provider that serves or may service the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?

Source: Riverside County General Plan, Riverside County Waste Management District correspondence

Findings of Fact:

a-b) According to the Riverside County Waste Management Department, the proposed project has the potential to impact landfill capacity from the generation of solid waste during construction. The project will not physically alter existing facilities or result in the construction of new or physically altered facilities. Any construction of new facilities required by the cumulative effects of this project and surrounding projects would have to meet all applicable environmental standards.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.
48. **Utilities**

Would the project impact the following facilities requiring or resulting in the construction of new facilities or the expansion of existing facilities; the construction of which could cause significant environmental effects?

**Source:** Riverside County General Plan

**Findings of Fact:**

a-g) Implementation of the project will result in an incremental system capacity demand for energy systems, communication systems, storm water drainage systems, street lighting systems, maintenance of public facilities, including roads and potentially other governmental services. Each of the utility systems, including collection of solid waste, is available at the project site and lines will have to be extended onto the site, which will already be disturbed by grading and other construction activities. These impacts are considered less than significant based on the availability of existing public facilities that support local systems. The project will not conflict with adopted energy conservation plans.

Compliance with the requirements of Southern California Edison, Southern California Gas, Verizon, Riverside County Flood Control and Riverside County Transportation Department will ensure that potential impacts to utility systems are reduced to a less than significant level. Note street lighting must conform to the Palomar lighting standards (see discussion under Aesthetics). Based on data available at this time, no offsite utility improvements will be required to support this project.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.

49. **Energy Conservation**

a) Would the project conflict with any adopted energy conservation plans?

**Source:** Riverside County General Plan, Project Application Materials

a-b) The proposed project will not conflict with any adopted energy conservation plans. The project will have no significant impact.

**Mitigation:** No mitigation measures are required.

**Monitoring:** No monitoring measures are required.
MANDATORY FINDINGS OF SIGNIFICANCE

50. Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?

Source: Staff review, Project Application Materials

Findings of Fact: Implementation of the proposed project would not substantially degrade the quality of the environment, substantially reduce the habitat of fish or wildlife species, cause a fish or wildlife populations to drop below self-sustaining levels, threaten to eliminate a plant or animal community, or reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory.

51. Does the project have impacts which are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, other current projects and probable future projects)?

Source: Staff review, Project Application Materials

Findings of Fact: The project does not have impacts which are individually limited, but cumulatively considerable.

52. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?

Source: Staff review, project application

Findings of Fact: The proposed project would not result in environmental effects which would cause substantial adverse effects on human beings, either directly or indirectly.

VI. EARLIER ANALYSES

Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration as per California Code of Regulations, Section 15063 (c) (3) (D). In this case, a brief discussion should identify the following:

Earlier Analyses Used, if any: Not applicable

Location Where Earlier Analyses, if used, are available for review: Not applicable
VII. AUTHORITIES CITED

File: EA-PP25248
Revised: 8/23/2013 10:58 AM
10. GENERAL CONDITIONS

EVERY DEPARTMENT

10. EVERY. 1  USE - PROJECT DESCRIPTION

The use hereby permitted is for conversion of existing 2,606 square foot 2-story apartment building to 5 unit resort/hotel with one manager's unit on approximately 0.41 acres. There is no added square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property.

10. EVERY. 2  USE - HOLD HARMLESS

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PLOT PLAN; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the PLOT PLAN, including, but not limited to, decisions made in response to California Public Records Act requests.

The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it
10. GENERAL CONDITIONS

10. EVERY. 2 USE - HOLD HARMLESS (cont.)

incurs such expenses by providing legal services through its Office of County Counsel.

10. EVERY. 3 USE - DEFINITIONS

The words identified in the following list that appear in all capitals in the attached conditions of Plot Plan No. 25210 shall be henceforth defined as follows:

APPROVED EXHIBIT A = Plot Plan No. 25210, Exhibit A, Amended No. 1, dated 06/27/13.

10. EVERY. 4 USE - 90 DAYS TO PROTEST

The project developer has 90 days from the date of approval of these conditions to protest, in accordance with the procedures set forth in Government Code Section 66020, the imposition of any and all fees, dedications, reservations and/or other exactions imposed on this project as a result of this approval or conditional approval of this project.

BS GRADE DEPARTMENT

10.BS GRADE. 1 USE - GENERAL INTRODUCTION

Improvements such as grading, filling, over excavation and recompaction, and base or paving which require a grading permit are subject to the included Building and Safety Department Grading Division conditions of approval.

10.BS GRADE. 3 USE - OBEY ALL GDG REGS

All grading shall conform to the California Building Code, Ordinance 457, and all other relevant laws, rules, and regulations governing grading in Riverside County and prior to commencing any grading which includes 50 or more cubic yards, the applicant shall obtain a grading permit from the Building and Safety Department.

10.BS GRADE. 4 USE - DISTURBS NEED G/PMT

Ordinance 457 requires a grading permit prior to clearing, grubbing, or any top soil disturbances related to construction grading.
10. GENERAL CONDITIONS

10.BS GRADE. 6 USE - NPDES INSPECTIONS

Construction activities including clearing, stockpiling, grading or excavation of land which disturbs less than 1 acre and requires a grading permit or construction Building permit shall provide for effective control of erosion, sediment and all other pollutants year-round. The permit holder shall be responsible for the installation and monitoring of effective erosion and sediment controls. Such controls will be evaluated by the Department of Building and Safety periodically and prior to permit Final to verify compliance with industry recognized erosion control measures.

Construction activities including but not limited to clearing, stockpiling, grading or excavation of land, which disturbs 1 acre or more or on-sites which are part of a larger common plan of development which disturbs less than 1 acre are required to obtain coverage under the construction general permit with the State Water Resources Control Board. You are required to provide proof of WDID# and keep a current copy of the storm water pollution prevention plan (SWPPP) on the construction site and shall be made available to the Department of Building and Safety upon request.

Year-round, Best Management Practices (BMP's) shall be maintained and be in place for all areas that have been graded or disturbed and for all material, equipment and/or operations that need protection. Stabilized Construction Entrances and project perimeter linear barriers are required year round. Removal BMP's (those BMP's which must be temporarily removed during construction activities) shall be in place at the end of each working day.

Monitoring for erosion and sediment control is required and shall be performed by the QSD or QSP as required by the Construction General Permit. Stormwater samples are required for all discharge locations and projects may not exceed limits set forth by the Construction General Permit Numeric Action Levels and/or Numeric Effluent Levels. A Rain Event Action Plan is required when there is a 50% or greater forecast of rain within the 48 hours, by the National Weather Service or whenever rain is imminent. The QSD or QSP must print and save records of the precipitation forecast for the project location area from (http://www.srh.noaa.gov/forecast) and must accompany monitoring reports and sampling test data. A Rain gauge is
10. GENERAL CONDITIONS

10.BS GRADE. 6  USE - NPDES INSPECTIONS (cont.) RECOMMND

required on site. The Department of Building and Safety will conduct periodic NPDES inspections of the site throughout the recognized storm season to verify compliance with the Construction General Permit and Stormwater ordinances and regulations.

10.BS GRADE. 7  USE - EROSION CNTRL PROTECT RECOMMND

Graded but undeveloped land shall provide, in addition to erosion control planting, any drainage facility deemed necessary to control or prevent erosion. Additional erosion protection may be required during the rainy season from October 1, to May 31.

10.BS GRADE. 8  USE - DUST CONTROL RECOMMND

All necessary measures to control dust shall be implemented by the developer during grading. A PM10 plan may be required at the time a grading permit is issued.

10.BS GRADE. 11  USE - MINIMUM DRNAGE GRADE RECOMMND

Minimum drainage grade shall be 1% except on portland cement concrete where .35% shall be the minimum.

10.BS GRADE. 18  USE - OFFST. PAVED PKG RECOMMND

All offstreet parking areas which are conditioned to be paved shall conform to Ordinance 457 base and paving design and inspection requirements.

10.BS GRADE. 24  USE - FINISH GRADE RECOMMND

Finish grade shall be sloped to provide proper drainage away from all exterior foundation walls in accordance with the California Building Code and Ordinance 457.

E HEALTH DEPARTMENT

10.E HEALTH. 1 INDUSTRIAL HYGIENE-NOISE STUDY RECOMMND

Noise Consultant: Roma Environmental
Temecula, CA

Noise Study: "Noise Impact Analysis for the Idyllwild Motel PP 25210, Idyllwild, California"
10. GENERAL CONDITIONS

10.E HEALTH. 1 INDUSTRIAL HYGIENE-NOISE STUDY (cont.) RECOMMEND
dated June 27, 2013.

Based on the County of Riverside, Industrial Hygiene
Program's review of the aforementioned Noise Study,
PP 25210 shall comply with the recommendations set forth
under the Industrial Hygiene Program's response letter
dated July 15, 2013 c/o Steve Hinde, REHS, CIH (RivCo
Industrial Hygienist).

For further information, please contact the Industrial
Hygiene Program at (951) 955-8980.

10.E HEALTH. 2 IDYLLWILD WATER DISTRICT RECOMMEND

The subject property (26500 Idyllwild Road, Idyllwild) for
Plot Plan 25210 is currently receiving water and sewer
service from the Idyllwild Water District (IWD). It is the
responsibility of the facility to ensure that all
requirements to continue receiving potable water and
sanitary sewer service are met with IWD as well as all
other applicable agencies. Please note that the sewer
purveyor, IWD, shall have the responsibility of determining
all grease interceptor requirements if needed.

10.E HEALTH. 3 CONTACT DISTRICT ENV SERVICES RECOMMEND

If this facility proposes a public food facility, public
pool facility, and/or public spa facility, the applicant
shall contact the Department of Environmental Health,
District Environmental Services to obtain information
regarding plan check and permitting requirements.

County of Riverside, Department of Environmental Health
District Environmental Services
800 South Sanderson Avenue,
Hemet, CA 92545
(951) 766-2824

FLOOD RI DEPARTMENT

10.FLOOD RI. 1 USE FLOOD HAZARD RPT 12/12/12 RECOMMEND

Plot Plan No. 25182 is a proposal to convert an existin
two-story building to be a resort/hotel. The project
includes approximately 3,600 square foot (sf.) of concrete
paving. The 0.42 acre site is located in Idyllwild, north
10. GENERAL CONDITIONS

10. FLOOD RI. 1 USE FLOOD HAZARD RPT 12/12/12 (cont.) RECOMMND

of Strawberry Valley Drive, east of Saunders Meadow, and west of Bickneil Lane.

The site is located on a ridge and as such, does not receive offsite storm runoff. The project is located on relatively high ground with a negligible tributary area. Except for nuisance nature local runoff that may traverse portions of the property, the project is considered free from ordinary storm flood hazard. However, a storm of unusual magnitude could cause some damage. New construction should comply with all applicable ordinances.

The site proposes the addition or creation of approximately 3,600 sf. of impervious area, below the 5,000 sf. threshold for significant redevelopment and therefore a Water Quality Management Plan (WQMP) is not required.

If it is determined at final engineering that the development consists of an addition or replacement of 5,000 or more square feet of impervious surface on an existing developed site, it is subject to WQMP Significant Redevelopment requirements. Where Significant Redevelopment results in an increase/replacement of more than 50% of the existing impervious surfaces of an existing developed site, the WQMP would be required for the entire site. This development fits this category and therefore, the entire site shall be mitigated for water quality. A preliminary site specific WQMP shall be provided and approved by the District prior to issuance of conditions of approval. The WQMP provides detailed guidelines and templates to assist the developer in completing the necessary studies. These documents are available on-line at: www.rcflood.org/npdes.

10. FLOOD RI. 7 USE SBMT FINAL WQMP IF >5000SF RECOMMND

If it is determined at final engineering that the development consists of an addition or replacement of 5,000 or more square feet of impervious surface on an existing developed site, it is subject to WQMP Significant Redevelopment requirements. Where Significant Redevelopment results in an increase/replacement of more than 50% of the existing impervious surfaces of an existing developed site, the WQMP would be required for the entire site. A preliminary site specific WQMP shall be provided.
10. GENERAL CONDITIONS

10.FLOOD RI. 7 USE SBMT FINAL WQMP IF >5000SF (cont.) RECOMMEND

and approved by the District prior to issuance of conditions of approval, as appropriate. The WQMP provides detailed guidelines and templates to assist the developer in completing the necessary studies. These documents are available on-line at: www.rcflood.org/npdes.

PLANNING DEPARTMENT

10.PLANNING. 1 USE - LOW PALEO RECOMMEND

According to the County's General Plan, this site has been mapped as having a "Low Potential" for paleontological resources. This category encompasses lands for which previous field surveys and documentation demonstrates a low potential for containing significant paleontological resources subject to adverse impacts. As such, this project is not anticipated to require any direct mitigation for paleontological resources. However, should fossil remains be encountered during site development:

1. All site earthmoving shall be ceased in the area of where the fossil remains are encountered. Earthmoving activities may be diverted to other areas of the site.

2. The owner of the property shall be immediately notified of the fossil discovery who will in turn immediately notify the County Geologist of the discovery.

3. The applicant shall retain a qualified paleontologist approved by the County of Riverside.

4. The paleontologist shall determine the significance of the encountered fossil remains.

5. Paleontological monitoring of earthmoving activities will continue thereafter on an as-needed basis by the paleontologist during all earthmoving activities that may expose sensitive strata. Earthmoving activities in areas of the project area where previously undisturbed strata will be buried but not otherwise disturbed will not be monitored. The supervising paleontologist will have the authority to reduce monitoring once he/she determines the probability of encountering any additional fossils has dropped below an acceptable level.

6. If fossil remains are encountered by earthmoving
10. GENERAL CONDITIONS

10.PLANNING. 1 USE - LOW PALEO (cont.)

activities when the paleontologist is not onsite, these activities will be diverted around the fossil site and the paleontologist called to the site immediately to recover the remains.

7. Any recovered fossil remains will be prepared to the point of identification and identified to the lowest taxonomic level possible by knowledgeable paleontologists. The remains then will be curated (assigned and labeled with museum* repository fossil specimen numbers and corresponding fossil site numbers, as appropriate; places in specimen trays and, if necessary, vials with completed specimen data cards) and catalogued, an associated specimen data and corresponding geologic and geographic site data will be archived (specimen and site numbers and corresponding data entered into appropriate museum repository catalogs and computerized data bases) at the museum repository by a laboratory technician. The remains will then be accessioned into the museum repository fossil collection, where they will be permanently stored, maintained, and, along with associated specimen and site data, made available for future study by qualified scientific investigators. * Per the County of Riverside "SABER Policy", paleontological fossils found in the County of Riverside should, by preference, be directed to the Western Science Center in the City of Hemet.

8. The property owner and/or applicant on whose land the paleontological fossils are discovered shall provide appropriate funding for monitoring, reporting, delivery and curating the fossils at the institution where the fossils will be placed, and will provide confirmation to the County that such funding has been paid to the institution.

10.PLANNING. 2 USE - COMPLY WITH ORD./CODES

The development of these premises shall comply with the standards of Ordinance No. 348 and all other applicable Riverside County ordinances and State and Federal codes.

The development of the premises shall conform substantially with that as shown on APPROVED EXHIBIT A, unless otherwise amended by these conditions of approval.
10. GENERAL CONDITIONS

10.PLANNING. 3 USE - FEES FOR REVIEW RECOMMEND

Any subsequent submittals required by these conditions of approval, including but not limited to grading plan, building plan or mitigation monitoring review, shall be reviewed on an hourly basis (research fee), or other such review fee as may be in effect at the time of submittal, as required by Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

10.PLANNING. 4 USE - LIGHTING HOODED/DIRECTED RECOMMEND

Any outside lighting shall be hooded and directed so as not to shine directly upon adjoining property or public rights-of-way.

10.PLANNING. 5 USE - COLORS & MATERIALS RECOMMEND

Building colors and materials shall be in substantial conformance with those shown on APPROVED EXHIBIT A.

10.PLANNING. 9 USE - LIMIT ON SIGNAGE RECOMMEND

All signage shall be approved by the Planning Department pursuant to the requirements of Section 18.30 (Planning Department review only) of Ordinance No. 348.

10.PLANNING. 16 USE - RECLAIMED WATER RECOMMEND

The permit holder shall connect to a reclaimed water supply for landscape watering purposes when secondary or reclaimed water is made available to the site.

10.PLANNING. 18 USE - NO RESIDENT OCCUPANCY RECOMMEND

No permanent occupancy shall be permitted within the property approved under this plot plan as a principal place of residence except the caretaker's dwelling as shown on the APPROVED EXHIBIT A. No person, except the caretaker and members of the caretaker's family, shall use the premises as a permanent mailing address nor be entitled to vote using an address within the premises as a place of residence.
10. GENERAL CONDITIONS

10.PLANNING. 20 USE - EXTERIOR NOISE LEVELS

Exterior noise levels produced by any use allowed under this permit, including, but not limited to, any outdoor public address system, shall not exceed 45 db(A), 10-minute LEQ, between the hours of 10:00 p.m. to 7:00 a.m., and 65 db(A), 10-minute LEQ, at all other times as measured at any residential, hospital, school, library, nursing home or other similar noise sensitive land use. In the event noise exceeds this standard, the permittee or the permittee's successor-in-interest shall take the necessary steps to remedy the situation, which may include discontinued operation of the facilities. The permit holder shall comply with the applicable standards of Ordinance No. 847.

10.PLANNING. 21 USE - NOISE MONITORING REPORTS

The permit holder may be required to submit periodic noise monitoring reports as determined by the Department of Building and Safety as part of a code enforcement action. Upon written notice from the Department of Building and Safety requiring such a report, the permittee or the permittee's successor-in-interest shall prepare and submit an approved report within thirty (30) calendar days to the Department of Building and Safety, unless more time is allowed through written agreement by the Department of Building and Safety. The noise monitoring report shall be approved by the Office of Industrial Hygiene of the Health Service Agency (the permittee or the permittee's successor-in-interest shall be required to place on deposit sufficient funds to cover the costs of this approval prior to commencing the required report).

10.PLANNING. 23 USE - CAUSES FOR REVOCATION

In the event the use hereby permitted under this permit, a) is found to be in violation of the terms and conditions of this permit, b) is found to have been obtained by fraud or perjured testimony, or c) is found to be detrimental to the public health, safety or general welfare, or is a public nuisance, this permit shall be subject to the revocation procedures.
10. GENERAL CONDITIONS

10.PLANNING. 24 USE - CEASED OPERATIONS

In the event the use hereby permitted ceases operation for a period of one (1) year or more, this approval shall become null and void.

10.PLANNING. 28 USE - MT PALOMAR LIGHTING AREA

Within the Mt. Palomar Special Lighting Area, as defined in Ordinance No. 655, low pressure sodium vapor lighting or overhead high pressure sodium vapor lighting with shields or cutoff luminaires, shall be utilized.

10.PLANNING. 29 USE - ORD 810 O S FEE (1)

In accordance with Riverside County Ordinance No. 810, to assist in providing revenue to acquire and preserve open space and habitat, an Open Space Mitigation Fee shall be paid for each development project or portion of an expanded development project to be constructed in Western Riverside County. The amount of the fee for commercial or industrial development shall be calculated on the basis of "Project Area," which shall mean the net area, measured in acres, from the adjacent road right-of-way to the limits of the project development.

Any area identified as "NO USE PROPOSED" on the APPROVED EXHIBIT shall not be included in the Project Area.

10.PLANNING. 33 USE - BUSINESS LICENSING

Every person conducting a business within the unincorporated area of Riverside County, as defined in Riverside County Ordinance No. 857, shall obtain a business license. For more information regarding business registration, contact the Business Registration and License Program Office of the Building and Safety Department at www.rctlma.org.buslic.

TRANS DEPARTMENT

10.TRANS. 1 USE - STD INTRO (ORD 461)

With respect to the conditions of approval for the referenced tentative exhibit, the landowner shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Riverside County Road Improvement Standards (Ordinance
10. GENERAL CONDITIONS

10.TRANS. 1 USE - STD INTRO (ORD 461) (cont.) RECOMMEND

461). It is understood that the exhibit correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the exhibit to be resubmitted for further consideration. This ordinance and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

10.TRANS. 2 USE - COUNTY WEB SITE RECOMMEND

Additional information, standards, ordinances, policies, and design guidelines can be obtained from the Transportation Department Web site: http://rctlma.org/trans/. If you have questions, please call the Plan Check Section at (951) 955-6527.

10.TRANS. 3 USE - TS/EXEMPT RECOMMEND

The Transportation Department has not required a traffic study for the subject project. The Transportation Department has determined that the project is exempt from traffic study requirements.

10.TRANS. 4 USE - NO ADD'L ON-SITE R-O-W RECOMMEND

No additional on-site right-of-way shall be required on South Circle Drive since adequate right-of-way exists.

10.TRANS. 5 USE - NO ADD'L ROAD IMPRVMNTS RECOMMEND

No additional road improvements will be required at this time along South Circle Drive due to existing improvements.

20. PRIOR TO A CERTAIN DATE

BS PLNCK DEPARTMENT

20.BS PLNCK. 1 USE - BUILD & SAFETY PLNCK RECOMMEND

Approval for the current proposed allowance of the existing building (No bldg permit found) to apartment(s) is granted per the following requirements:
20. PRIOR TO A CERTAIN DATE

20.BS PLNCK. 1 USE - BUILD & SAFETY PLNCK (cont.)

Due to public safety concerns, time frames have been reduced. Within 30 days of the current planning case approval, building plans and supporting documents shall be submitted to the building department as part of the building & safety plan check/permit process.

All building plans and supporting documentation shall comply with current adopted California Building Codes, Riverside County Ordinances, and California Title 25 regulations in effect at the time of building plan submittal and fee payment to the Building Department. All Building Department plan submittal and fee requirements shall apply.

NOTE: Where a building and/or structure has been constructed, altered, or placed on the property without permit, the applicable building/structure shall not be occupied or in use until a final approved building inspection has been received.

Included within the building plan submittal, the applicant shall provide a copy of the approved construction waste management plan by the Riverside County Waste Management Department that:
1. Identifies the materials to be diverted from disposal by efficient usage, reuse on the project, or salvage for future use or sales.
2. Determines if materials will be sorted on site or mixed.
3. Identifies diversion facilities where material collected will be taken.
4. Specifies that the amount of materials diverted shall be calculated by weight or volume, but not both.

For information regarding compliance with the above provision and requirements, please contact the Waste Management Department @ (951) 486-3200.

Included within the building plan submittal, please provide a revised site plan to reflect all required accessible path of travel details. The revised site plan shall include the following information for the required continuous paved accessible path of travel:
1. Connection to the public R.O.W.
2. Connection to all buildings.
3. Connection to areas of public accommodation (Including recreation/sports park facilities and viewing areas.
4. Connection to accessible designed trash enclosures.
20. PRIOR TO A CERTAIN DATE

20.BS PLNCK. 1  USE - BUILD & SAFETY PLNCK (cont.) (cont.) RECOMMND

5. Connection to mail kiosks.
6. Connection to accessible parking loading/unloading areas.
   THE DETAILS SHALL INCLUDE:
   1. Accessible path construction type (Concrete or asphalt)
   2. Path width.
   3. Path slope%, cross slope%.
   4. Ramp and curb cut-out locations.
   5. Level landing areas at all entrance and egress points.

Please note the accessible path of travel included within the planning case was incomplete and is subject to review during the building plan review process.

PLANNING DEPARTMENT

20.PLANNING. 1  USE - EXPIRATION DATE-PP RECOMMND

This approval shall be used within two (2) years of approval date; otherwise, it shall become null and void and of no effect whatsoever. By use is meant the beginning of substantial construction contemplated by this approval within a two (2) year period which is thereafter diligently pursued to completion or of the actual occupancy of existing buildings or land under the terms of the authorized use.

Prior to the expiration of the two year period, the permittee may request a one (1) year extension of time request in which to use this plot plan. A maximum of three one-year extension of time requests shall be permitted. Should the time period established by any of the extension of time requests lapse, or should all three one-year extensions be obtained and no substantial construction or use of this plot plan be initiated within five (5) years of the effective date of the issuance of this plot plan, this plot plan shall become null and void.

20.PLANNING. 6  USE - EXISTING STRUCTURE CHECK RECOMMND

WITHIN SIXTY (60) DAYS OF THE EFFECTIVE DATE OF THIS PERMIT, the permittee or the permittee's successors-in-interest shall apply to the Building and Safety Department for all necessary permits, including the submission of all required documents and fees for any plan check review as determined by the Director of the Department of Building and Safety, to ensure that all existing buildings, structures and uses
20. PRIOR TO A CERTAIN DATE

20.PLANNING. 6  USE - EXISTING STRUCTURE CHECK (cont.) RECOMMEND

are in compliance with Ordinance No. 348 and Ordinance No.
457 and the conditions of approval of this permit.

60. PRIOR TO GRADING PRMT ISSUANCE

BS GRADE DEPARTMENT

60.BS GRADE. 1  USE - NPDES/SWPPP RECOMMEND

Prior to issuance of any grading or construction permits -
whichever comes first - the applicant shall provide the
Building and Safety Department evidence of compliance with
the following: "Effective March 10, 2003 owner operators
of grading or construction projects are required to comply
with the N.P.D.E.S. (National Pollutant Discharge
Elimination System) requirement to obtain a construction
permit from the State Water Resource Control Board (SWRCB).
The permit requirement applies to grading and construction
sites of "ONE" acre or larger. The owner operator can
comply by submitting a "Notice of Intent" (NOI), develop
and implement a STORM WATER POLLUTION PREVENTION PLAN
(SWPPP) and a monitoring program and reporting plan for the
construction site. For additional information and to obtain
a copy of the NPDES State Construction Permit contact the
SWRCB at www.swrcb.ca.gov.

Additionally, at the time the county adopts, as part of any
ordinance, regulations specific to the N.P.D.E.S., this
project (or subdivision) shall comply with them.

60.BS GRADE. 2  USE - GRADING SECURITY RECOMMEND

Grading in excess of 199 cubic yards will require a
performance security to be posted with the Building and
Safety Department.

60.BS GRADE. 3  USE - IMPORT / EXPORT RECOMMEND

In instances where a grading plan involves import or
export, prior to obtaining a grading permit, the applicant
shall have obtained approval for the import/export location
from the Building and Safety Department.

A separate stockpile permit is required for the import
site. It shall be authorized in conjunction with an
approved construction project and shall comply with the
60. PRIOR TO GRADING PRMT ISSUANCE

60.BS GRADE. 3  USE - IMPORT / EXPORT (cont.)

requirements of Ordinance 457.

If an Environmental Assessment, prior to issuing a grading permit, did not previously approve either location, a Grading Environmental Assessment shall be submitted to the Planning Director for review and comment and to the Building and Safety Department Director for approval.

Additionally, if the movement of import / export occurs using county roads, review and approval of the haul routes by the Transportation Department may be required.

60.BS GRADE. 4  USE - GEOTECH/SOILS RPTS

Geotechnical soils reports, required in order to obtain a grading permit, shall be submitted to the Building and Safety Department for review and approval prior to issuance of a grading permit. All grading shall be in conformance with the recommendations of the geotechnical/soils reports as approved by Riverside County.* *The geotechnical/soils, compaction and inspection reports will be reviewed in accordance with the RIVERSIDE COUNTY GEOTECHNICAL GUIDELINES FOR REVIEW OF GEOTECHNICAL AND GEOLoGIC REPORTS.

60.BS GRADE. 6  USE - DRAINAGE DESIGN Q100

All drainage facilities shall be designed in accordance with the Riverside County Flood Control & Water District's or Coachella Valley Water District's conditions of approval regarding this application. If not specifically addressed in their conditions, drainage shall be designed to accommodate 100 year storm flows.

60.BS GRADE. 11  USE-APPROVED WQMP-IF REQ'D

Prior to the issuance of a grading permit, the owner / applicant shall submit to the Building & Safety Department Engineering Division evidence that the project - specific Water Quality Management Plan (WQMP) has been approved by the Riverside County Flood Control District and that all approved water quality treatment control BMPs have been included on the grading plan.
60. PRIOR TO GRADING PRMT ISSUANCE

60.BS GRADE. 12  USE - PRE-CONSTRUCTION MTG  RECOMMND

Upon receiving grading plan approval and prior to the issuance of a grading permit, the applicant is required to schedule a pre-construction meeting with the Building and Safety Department Environmental Compliance Division.

60.BS GRADE. 13  USE - BMP CONST NPDES PERMIT  RECOMMND

Prior to the issuance of a grading permit, the owner/applicant shall obtain a BMP (Best Management Practices) Permit for the monitoring of the erosion and sediment control BMPs for the site. The Department of Building and Safety will conduct NPDES (National Pollutant Discharge Elimination System) inspections of the site based on Risk Level to verify compliance with the Construction General Permit, Stormwater ordinances and regulations until completion of the construction activities, permanent stabilization of the site and permit final.

60.BS GRADE. 14  USE - SWPPP REVIEW  RECOMMND

Grading and construction sites of "ONE" acre or larger required to develop a STORM WATER POLLUTION PREVENTION PLAN (SWPPP) - the owner/applicant shall submit the SWPPP to the Building and Safety Department Environmental Compliance Division for review and approval prior to issuance of a grading permit.

FLOOD RI DEPARTMENT

60.FLOOD RI. 1  USE SBMT FINAL WQMP IF >5000SF  RECOMMND

If it is determined at final engineering that the development consists of an addition or replacement of 5,000 or more square feet of impervious surface on an existing developed site, a copy of the project specific WQMP shall be submitted to the District for review and approval.

PLANNING DEPARTMENT

60.PLANNING. 10  USE - FEE STATUS  RECOMMND

Prior to the issuance of grading permits for Plot Plan No. 25210, the Planning Department shall determine the status of the deposit based fees. If the fees are in a negative status, the permit holder shall pay the outstanding balance.
80. PRIOR TO BLDG PRMT ISSUANCE

BS GRADE DEPARTMENT

80.BS GRADE. 1 USE - NO B/PRMT W/O G/PRMT

Prior to the issuance of any building permit, the property owner shall obtain a grading permit and/or approval to construct from the Building and Safety Department.

80.BS GRADE. 2 USE - ROUGH GRADE APPROVAL

Prior to the issuance of any building permit, the applicant shall obtain rough grade approval and/or approval to construct from the Building and Safety Department. The Building and Safety Department must approve the completed grading of your project before a building permit can be issued. Rough Grade approval can be accomplished by complying with the following:

1. Submitting a "Wet Signed" copy of the Soils Compaction Report containing substantiating data from the Soils Engineer (registered geologist or certified geologist, civil engineer or geotechnical engineer as appropriate) for his/her certification of the project.

2. Submitting a "Wet Signed" copy of the Rough Grade certification from a Registered Civil Engineer certifying that the grading was completed in conformance with the approved grading plan.

3. Requesting a Rough Grade Inspection and obtaining rough grade approval from a Riverside County inspector.

4. Rough Grade Only Permits: In addition to obtaining all required inspections and approval of all final reports, all sites permitted for rough grade only shall provide 100 percent vegetative coverage to stabilize the site prior to receiving a rough grade permit final.

Prior to release for building permit, the applicant shall have met all rough grade requirements to obtain Building and Safety Department clearance.

E HEALTH DEPARTMENT

80.E HEALTH. 1 USE - E.HEALTH CLEARANCE REQ.

ENVIRONMENTAL HEALTH CLEARANCE IS REQUIRED PRIOR TO THE ISSUANCE OF THIS BUILDING PERMIT.
80. PRIOR TO BLDG PRMT ISSUANCE

FLOOD RI DEPARTMENT

80.FLOOD RI. 1 USE SBMT FINAL WQMP IF >5000SF RECOMMND

If it is determined at final engineering that the development consists of an addition or replacement of 5,000 or more square feet of impervious surface on an existing developed site, a copy of the project specific WQMP shall be submitted to the District for review and approval.

PLANNING DEPARTMENT

80.PLANNING. 1 USE- LANDSCAPE PLOT PLAN REQ RECOMMND

Prior to issuance of building permits, the developer/permit holder shall file a Landscaping Minor Plot Plan Application to the Riverside County Planning Department for review and approval along with the current fee. The landscaping plans shall be in conformance with the APPROVED EXHIBITS; in compliance with Ordinance No. 348, Section 18.12; Ordinance No. 859; and, be prepared consistent with the County of Riverside Guide to California Friendly Landscaping. At minimum, plans shall include the following components:

1) Landscape and irrigation working drawings "stamped" by a California certified landscape architect;
2) Weather based controllers and necessary components to eliminate water waste;
3) A copy of the "stamped" approved grading plans; and,
4) Emphasis on native and drought tolerant species.

When applicable, plans shall include the following components:

1) Identification of all common/open space areas;
2) Natural open space areas and those regulated/conserved by the prevailing MSHCP;
3) Shading plans for projects that include parking lots/areas;
4) The use of canopy trees (24" box or greater) within the parking areas;
5) Landscaping plans for slopes exceeding 3 feet in height;
6) Landscaping and irrigation plans associated with entry monuments. All monument locations and dimensions shall be provided on the plan; and/or,
7) If this is a phased development, then a copy of the approved phasing plan shall be submitted for reference.

NOTE:
1) Landscaping plans for areas within the road right-of-way shall be submitted for review and approval by the Transportation Department only. The Planning Department
80. PRIOR TO BLDG PRMT ISSUANCE

80.PLANNING. 1 USE- LANDSCAPE PLOT PLAN REQ (cont.) RECOMMND

shall not approve landscape plans within the Road Right-of-Way.
2) When the Landscaping Plot Plan is located within a special district such as Valley-Wide Recreation and Park District, Jurupa Community Services District, Coachella Valley Water District, a County Service Area (CSA) or other maintenance district, the developer/permit holder shall submit plans for review to the appropriate special district for simultaneous review. The permit holder shall show evidence to the Planning Department that the subject District has approved said plans.

As part of the plan check review process and request for condition clearance, the developer/permit holder shall show proof of the approved landscaping plot plan by providing the Plot Plan number. The planning department shall verify the landscape route is approved and the Plot Plan is in TENTAPP status. Upon verification of compliance with this condition and the APPROVED EXHIBITS, the Planning Department shall clear this condition.

80.PLANNING. 4 USE - CONFORM TO ELEVATIONS RECOMMND

Elevations of all buildings and structures submitted for building plan check approval shall be in substantial conformance with the elevations shown on APPROVED EXHIBIT A.

80.PLANNING. 5 USE - CONFORM TO FLOOR PLANS RECOMMND

Floor plans shall be in substantial conformance with that shown on APPROVED EXHIBIT A.

80.PLANNING. 6 USE - ROOF EQUIPMENT SHIELDING RECOMMND

Roof mounted equipment shall be shielded from ground view. Screening material shall be subject to Planning Department approval.

80.PLANNING. 12 USE - PLANS SHOWING BIKE RACKS RECOMMND

Bike rack spaces or bike lockers shall be shown on the project's parking and landscaping plan submitted to the Planning Department for approval.
80. PRIOR TO BLDG PRMT ISSUANCE

80.PLANNING. 17 USE - WASTE MGMT. CLEARANCE

A clearance letter from Riverside County Waste Management District shall be provided to the Riverside County Planning Department verifying compliance with the conditions contained in their letter dated December 10, 2012, summarized as follows:
The developer shall provide adequate areas for collecting and loading recyclable materials such as paper products, glass and green waste in commercial, industrial, public facilities and residential development projects.

80.PLANNING. 20 USE - FEE STATUS

Prior to issuance of building permits for Plot Plan No. 25210, the Planning Department shall determine the status of the deposit based fees for project. If the case fees are in a negative state, the permit holder shall pay the outstanding balance.

90. PRIOR TO BLDG FINAL INSPECTION

90.BS GRADE DEPARTMENT

90.BS GRADE. 1 USE-WQMP BMP INSPI-IF REQ'D

Prior to final building inspection, the applicant shall obtain inspection of all treatment control BMPs and/or clearance from the Building and Safety Department. All structural BMPs described in the project - specific WQMP and indicated on the approved grading plan shall be constructed and installed in conformance with the approved plans and specifications. The Building and Safety Department must inspect and approve the completed WQMP treatment control BMPs for your project before a building final can be obtained.

90.BS GRADE. 2 USE-WQMP CERT-IF REQ'D

Prior to final building inspection, the applicant/owner shall submit a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the project - specific WQMP treatment control BMPs have been installed in accordance with the approved WQMP.
90. PRIOR TO BLDG FINAL INSPECTION

90.BS GRADE. 3 USE-GPS COORDINATES-IF REQ'D RECOMMEND

Prior to final building inspection, the applicant/owner shall provide the Department of Building Safety with GPS coordinates for the location of the project - specific WQMP treatment control BMPs.

90.BS GRADE. 4 USE-BUSINESS REGISTRATION RECOMMEND

Prior to final building inspection, the applicant/owner shall register the project with the Department of Building Safety Business Registration Division. Any person or entity that owns or operates a commercial and/or industrial facility shall register such facility for annual inspections.

90.BS GRADE. 5 USE-REQ'D GRADING INS'P'S RECOMMEND

The developer/applicant shall be responsible for obtaining the following inspections required by Ordinance 457.

a. Inspection of Final Paving-If any paving is proposed.
b. Precise Grade Inspection
c. Inspection of completed onsite storm drain facilities
c. Inspection of the WQMP treatment control BMPs-If WQMP is required.

90.BS GRADE. 6 USE-PRECISE GRDG APPROVAL RECOMMEND

Prior to final building inspection, the applicant shall obtain precise grade approval and/or clearance from the Building and Safety Department. The Building and Safety Department must approve the precise grading of your project before a building final can be obtained. Precise Grade approval can be accomplished by complying with the following:

1. Requesting and obtaining approval of all required grading inspections.

2. Submitting a "Wet Signed" copy of the Soils Compaction Report from the Soils Engineer (registered geologist or certified geologist, civil engineer or geotechnical engineer as appropriate) for the sub-grade and base of all paved areas.
90. PRIOR TO BLDG FINAL INSPECTION

90.BS GRADE. 6  USE - PRECISE GRDG APPROVAL (cont.)  RECOMMND

3. Submitting a "Wet Signed" copy of the Sub-grade (rough) Certification from a Registered Civil Engineer certifying that the sub-grade was completed in conformance with the approved grading plan.

4. Submitting a "Wet Signed" copy of the Precise (Final) Grade Certification for the entire site from a Registered Civil Engineer certifying that the precise grading was completed in conformance with the approved grading plan.

5. Submitting a "Wet Signed" copy of the Certification certifying the installation of any onsite storm drain systems not inspected by Riverside County Flood Control District or the Riverside County Transportation Department.

6. Submitting a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the Water Quality Management Plan treatment control BMPs have been installed in accordance with the approved WQMP.

Prior to release for building final, the applicant shall have met all precise grade requirements to obtain Building and Safety Department clearance.

FLOOD RI DEPARTMENT

90.FLOOD RI. 1  USE SBMT FINAL WQMP IF >5000SF  RECOMMND

If the development consists of an addition or replacement of 5,000 or more square feet of impervious surface on an existing developed site, it is subject to WQMP Significant Redevelopment requirements. All structural BMPs described in the project-specific WQMP shall be constructed and installed in conformance with approved plans and specifications. It shall be demonstrated that the Applicant is prepared to implement all non-structural BMPs described in the approved project specific WQMP and that copies of the approved project-specific WQMP are available for the future owners/occupants.
90. PRIOR TO BLDG FINAL INSPECTION

PLANNING DEPARTMENT

90.PLANNING. 3 USE - PARKING PAVING MATERIAL RECOMMEND

A minimum of nine (9) parking spaces shall be provided as shown on the APPROVED EXHIBIT A, unless otherwise approved by the Planning Department. The parking area shall be surfaced with asphaltic concrete or concrete to current standards as approved by the Department of Building and Safety.

90.PLANNING. 4 USE - ACCESSIBLE PARKING RECOMMEND

A minimum of one (1) accessible parking space[s] for persons with disabilities shall be provided as shown on APPROVED EXHIBIT A. Each parking space reserved for persons with disabilities shall be identified by a permanently affixed reflectorized sign constructed of porcelain on steel, beaded text or equal, displaying the International Symbol of Accessibility. The sign shall not be smaller than 70 square inches in area and shall be centered at the interior end of the parking space at a minimum height of 80 inches from the bottom of the sign to the parking space finished grade, or centered at a minimum height of 36 inches from the parking space finished grade, ground, or sidewalk. A sign shall also be posted in a conspicuous place, at each entrance to the off-street parking facility, not less than 17 inches by 22 inches, clearly and conspicuously stating the following:

"Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons may be towed away at owner's expense. Towed vehicles may be reclaimed at ___ or by telephoning ___ ."

In addition to the above requirements, the surface of each parking space shall have a surface identification sign duplicating the symbol of accessibility in blue paint of at least 3 square feet in size.

90.PLANNING. 8 USE - ROOF EQUIPMENT SHIELDING RECOMMEND

Roof-mounted equipment shall be shielded from ground view. Screening material shall be subject to Planning Department approval.
90. PRIOR TO BLDG FINAL INSPECTION

90.PLANNING. 10 USE - INSTALL BIKE RACKS

A bicycle rack with a minimum of two spaces shall be provided in convenient locations to facilitate bicycle access to the project area as shown on APPROVED EXHIBIT A. The bicycle racks shall be shown on project landscaping and improvement plans submitted for Planning Department approval, and shall be installed in accordance with those plans.

90.PLANNING. 11 USE - UTILITIES UNDERGROUND

All utilities, except electrical lines rated 33 kV or greater, shall be installed underground. If the permittee provides to the Department of Building and Safety and the Planning Department a definitive statement from the utility provider refusing to allow underground installation of the utilities they provide, this condition shall be null and void with respect to that utility.

90.PLANNING. 12 USE - CURBS ALONG PLANTERS

A six inch high curb with a twelve (12) inch wide walkway shall be constructed along planters on end stalls adjacent to automobile parking areas. Public parking areas shall be designed with permanent curb, bumper, or wheel stop or similar device so that a parked vehicle does not overhang required sidewalks, planters, or landscaped areas.

90.PLANNING. 16 USE - EXISTING STRUCTURES

All existing buildings, structures and uses on the entire property shall conform to all the applicable requirements of Ordinance No. 348 and Ordinance No. 457, and the conditions of this permit.

90.PLANNING. 24 USE - CONDITION COMPLIANCE

The Department of Building and Safety shall verify that the Development Standards of this approval and all other preceding conditions have been complied with prior to any use allowed by this permit.

90.PLANNING. 27 USE - ORD 810 O S FEE (2)

Prior to the issuance of a certificate of occupancy, or upon building permit final inspection prior to use or occupancy for cases without final inspection or certificate of
occupancy (such as an SMP), whichever comes first, the applicant shall comply with the provisions of Riverside County Ordinance No. 810, which requires the payment of the appropriate fee set forth in the Ordinance. The amount of the fee will be based on the "Project Area" as defined in the Ordinance and the aforementioned Condition of Approval. The Project Area for Plot Plan No. 25210 is calculated to be 0.41 net acres. In the event Riverside County Ordinance No. 810 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 810 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

Prior to the issuance of either a certificate of occupancy or prior to building permit final inspection, the applicant shall comply with the provisions of Riverside County Ordinance No. 659, which requires the payment of the appropriate fee set forth in the Ordinance. Riverside County Ordinance No. 659 has been established to set forth policies, regulations and fees related to the funding and installation of facilities and the acquisition of open space and habitat necessary to address the direct and cumulative environmental effects generated by new development project described and defined in this Ordinance, and it establishes the authorized uses of the fees collected.

The amount of the fee for commercial or industrial development shall be calculated on the basis of the "Project Area," as defined in the Ordinance, which shall mean the net area, measured in acres, from the adjacent road right-of-way to the limits of the project development. The Project Area for Plot Plan No. 25210 has been calculated to be 0.41 net acres.

In the event Riverside County Ordinance No. 659 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 659 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.
90. PRIOR TO BLDG FINAL INSPECTION

TRANS DEPARTMENT

90.TRANS. 1 USE-SIGNING & STRIPING

A signing and striping plan is required for this project. The project proponent shall be responsible for any additional paving and/or striping removal caused by the striping plan or as approved by the Director of Transportation.

NOTE: No on-site parking shall be allowed adjacent to the travel way of South Circle Drive. Appropriate signage shall be provided on-site to comply with this condition.

90.TRANS. 2 USE - WRCOG TUMF

Prior to the issuance of an occupancy permit, the project proponent shall pay the Transportation Uniform Mitigation Fee (TUMF) in accordance with the fee schedule in effect at the time of issuance, pursuant to Ordinance No. 824.

Please review the attached map(s) and/or exhibit(s) for the above-described project. This case is scheduled for a DRT meeting on December 20, 2012. All LDC/DRT Members please have draft conditions in the Land Management System on or before the above date. If it is determined that the attached map(s) and/or exhibit(s) are not acceptable, please have corrections in the system and DENY the routing on or before the above date. Once the route is complete, and the approval screen is approved with or without corrections, the case can be scheduled for a public hearing.

All other transmitted entities, please have your comments, questions and recommendations to the Planning Department on or before the above date. Your comments/recommendations/conditions are requested so that they may be incorporated in the staff report for this particular case.

Should you have any questions regarding this project, please do not hesitate to contact H.P Kang, Project Planner, at (951) 955-1888 or email at hpkang@rctma.org / MAILSTOP# 1070.

December 10, 2012

H.P. Kang, Project Planner
Riverside County Planning Department
P.O. Box No. 1409
Riverside, CA 92502-1409

RE: Plot Plan (PP) No. 25210 — Convert an Existing 2 Story Building into a Resort/Hotel
(APN: 565-171-006)

Dear Mr. Kang:

The Riverside County Waste Management Department (RCWMD) has reviewed the proposed project, located easterly of Saunders Meadow, northerly of Strawberry Valley Drive, and westerly of Bicknell Lane in the Remap Area Plan. The RCWMD recommends the following conditions for approval of PP 25210:

1. a) **Prior to issuance of a building permit**, a Waste Recycling Plan (WRP) shall be submitted to the Riverside County Waste Management Department for approval. At a minimum, the WRP must identify the materials (i.e., concrete, asphalt, wood, etc.) that will be generated by construction and development, the projected amounts, the measures/methods that will be taken to recycle, reuse, and/or reduce the amount of materials, the facilities and/or haulers that will be utilized, and the targeted recycling or reduction rate. During project construction, the project site shall have, at a minimum, two (2) bins: one for waste disposal and the other for the recycling of Construction and Demolition (C&D) materials. Additional bins are encouraged to be used for further source separation of C&D recyclable materials. Accurate record keeping (receipts) for recycling of C&D recyclable materials and solid waste disposal must be kept. Arrangements can be made through the franchise hauler.

   b) **Prior to issuance of an occupancy permit**, evidence (i.e., receipts or other type of verification) to demonstrate project compliance with the approved WRP shall be presented by the project proponent to the Riverside County Waste Management Department in order to clear the project for occupancy permits. Receipts must clearly identify the amount of waste disposed and Construction and Demolition (C&D) materials recycled.

2. **Prior to issuance of a building permit**, the applicant shall submit three (3) copies of a Recyclables Collection and Loading Area plot plan to the Riverside County Waste Management Department for review and approval. The plot plan shall conform to *Design Guidelines for Recyclables Collection and Loading Areas*, provided by the Waste Management Department, and shall show the location of and access to the
collection area for recyclable materials, along with its dimensions and construction detail, including elevation/façade, construction materials and signage. The plot plan shall clearly indicate how the trash and recycling enclosures shall be accessed by the hauler.

3. **Prior to final building inspection**, the applicant shall construct the recyclables collection and loading area in compliance with the Recyclables Collection and Loading Area plot plan(s), as approved and stamped by the Riverside County Waste Management Department and as verified by the Riverside County Building and Safety Department through site inspection.

4. Hazardous materials are not accepted at Riverside County landfills. In compliance with federal, state, and local regulations and ordinances, any hazardous waste generated in association with the development of the project shall be disposed of at a permitted Hazardous Waste disposal facility. Hazardous waste materials include, but are not limited to, paint, batteries, oil, asbestos, and solvents. For further information regarding determination, transportation, and disposal of hazardous waste, please contact the Riverside County Department of Environmental Health, Environmental Protection and Oversight Division, at 1.888.722.4234.

5. Use mulch and/or compost in the development and maintenance of landscaped areas within the project boundaries. Recycle green waste through either onsite composting of grass, i.e., leaving the grass clippings on the lawn, or sending separated green waste to a composting facility.

6. Consider xeriscaping and using drought tolerant/low maintenance vegetation in all landscaped areas of the project.

Thank you for the opportunity to review this proposal. If you have any questions, please call me at (951) 486-3283.

Sincerely,

[Signature]

Report written by: Steven Hinde, REHS, CIH
Senior Industrial Hygienist

Project Reviewed: Plot Plan No. 25210

Reference Number: SR# 28715

Applicant: Jung Chio
26500 Idyllwild Road
Idyllwild, CA 92549

Noise Consultant: Roma Environmental
Temecula, CA

Review Stage: First Review

Information Provided:

"Noise Impact Analysis for the Idyllwild Motel PP 25210, Idyllwild, California 92549" dated June 27, 2013
Noise Standards:

1. The "Noise Element" section of the Riverside County General Plan states "to avoid future noise hazard, the maximum capacity design standard (average daily trips for highways and major roads) (including airports) "shall be used for determining the maximum future noise level" or, in the case of freeways and airports, the projected conditions for 20 years in the future may be used.

2. The interior noise levels in residential dwellings shall not exceed 45 Ldn (CNEL).

3. The exterior noise level shall not exceed 65 Ldn.

**Highway Prediction Model:**

Using FHWA RD 77-108 Highway Traffic Prediction Model, the noise consultant shall estimate noise impacts (Ldn) from the Highways (design capacity "C" Level of Service).

**Acoustical Parameters for County Highways:**

1. Average daily traffic (ADT) design capacity of 16,700 assumed for Hwy 243 (the County General Plan classifies Hwy 243 as a "Mountain Arterial" highway quoted from the "Remap Area Plan Circulation, Vol. 2 Figure 6, dated Aug. 03".

2. Truck/Auto Mix as follows (Riverside Co. Road Department):

   **For Mountain Arterial Highway**

<table>
<thead>
<tr>
<th>VEHICLE</th>
<th>Overall %</th>
<th>DAY (7AM-7PM)</th>
<th>EVENING (7PM-10PM)%</th>
<th>NIGHT (10PM-7AM)%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Auto</td>
<td>92</td>
<td>69.5</td>
<td>12.9</td>
<td>9.6</td>
</tr>
<tr>
<td>Med. Truck</td>
<td>3</td>
<td>1.44</td>
<td>0.06</td>
<td>1.5</td>
</tr>
<tr>
<td>Heavy Truck</td>
<td>5</td>
<td>2.4</td>
<td>0.1</td>
<td>2.5</td>
</tr>
</tbody>
</table>

3. Traffic Speed of 40 MPH.

4. The distance from the center of Hwy 243 to the nearest building face is estimated to be 113 feet.

5. Modeling for Hwy 243 done using a "hard site" assumption for exterior.

6. The standard residential design with windows closed provides a 20 dB, A-weighted (reduction inside) attenuation.

7. Barrier calculations based on receptor at 10 feet from the barrier and at a 5
foot elevation for wall barrier height at or less than six feet. However, a receptor placement of 3-foot elevation is required when a wall barrier height is greater than six feet.

8. Interior calculations based on receptor at a 5-foot elevation inside the dwelling in the room nearest the noise source and 14 feet above the pad for the second floor in the middle of the room nearest the noise source.

Findings:

The consultant’s report is adequate. Based on our calculations the wall heights recommended should provide sufficient attenuation to reduce interior roadway noise levels to below 45 Ldn.

Recommendations:

The following conditions shall be applied to the project based on the information provided by the acoustical consultant:

1. Whenever a construction site is within one-quarter (1/4) of a mile of an occupied residence or residences, no construction activities shall be undertaken between the hours of 6:00 p.m. and 6:00 a.m. during the months of June through September and between the hours of 6:00 p.m. and 7:00 a.m. during the months of October through May. Exceptions to these standards shall be allowed only with the written consent of the building official. County of Riverside Ordinance No. 847, Section 2

2. During construction, best efforts should be made to locate stockpiling and/or stationary noise-generating construction equipment from the property line of existing of sensitive receptors, when and where feasible.

3. All construction equipment should be properly maintained with operation mufflers and air intake silencers as effective as those installed be the original manufacture.

4. To minimize noise from idling engines, all vehicles and construction equipment shall be prohibited from idling in excess of three minutes, when not in use.

To be incorporated into the project design:

5. In-window, through-wall, or through-floor air-conditioning, ventilating, or heating units shall not be used.

6. Through-the-wall/ door mailboxes or mail slots shall not be used.

7. Windows on the first floor should have an Sound Transmission Class (STC) rating a minimum of 32.
8. Sliding glass doors on the second floor should have an STC rating a minimum of 28.

9. Provide "windows closed" condition requiring mechanical ventilation.

10. All window, door and sliding glass door assemblies used shall be free of cut outs and openings and shall be well fitted and well weather-stripped and have positive seal.

11. At any penetrations of exterior wall by pipes, ducts or conduits, the space between the wall and pipes, ducts or conduits shall be caulked or filled with mortar to form an airtight seal.
APPLICATION FOR LAND USE PROJECT

CHECK ONE AS APPROPRIATE:

☑ PLOT PLAN  ☐ CONDITIONAL USE PERMIT  ☐ TEMPORARY USE PERMIT
☐ REVISED PERMIT  ☐ PUBLIC USE PERMIT  ☐ VARIANCE

PROPOSED LAND USE:   [N/A]

ORDINANCE NO. 348 SECTION AUTHORIZING PROPOSED LAND USE: Sect. 9.50. (A)(99)

ALL APPLICATIONS MUST INCLUDE THE INFORMATION REQUIRED UNDER ANY SUPPLEMENTAL INFORMATION LIST APPLICABLE TO THE SPECIFIC PROJECT. ADDITIONAL INFORMATION MAY BE REQUIRED AFTER INITIAL RECEIPT AND REVIEW. INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

"Planning Our Future... Preserving Our Past"
APPLICATION FOR LAND USE PROJECT

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ("wet-signed"). Photocopies of signatures are not acceptable.

JUNG HWAN CHOI

PRINTED NAME OF APPLICANT

SIGNATURE OF APPLICANT

AUTHORITY FOR THIS APPLICATION IS HEREBY GIVEN:

I certify that I am/we are the record owner(s) or authorized agent and that the information filed is true and correct to the best of my knowledge. An authorized agent must submit a letter from the owner(s) indicating authority to sign the application on the owner's behalf.

All signatures must be originals ("wet-signed"). Photocopies of signatures are not acceptable.

APPLICATION FOR LAND USE PROJECT

Approximate Gross Acreage: [4,319 SQ FT / 0.42 ACRES]

General location (nearby or cross streets): North of STRAWBERRY VALEYS DR., South of [BLANK], East of SAUNDERS MEADOW, West of BUCKNELL LN. [BLANK]

Thomas Brothers map, edition year, page number, and coordinates: [2003 EDITION FOR BLDZ. #1]

Project Description: (describe the proposed project in detail)

EXISTING 2 STORY BUILDING TO BE CONVERTED TO RESORT/HOTEL.
RENOVATION OF SITE LAYOUT, EXTERIOR STAIRS, DECKS AND INTERIOR WALLS.

Related cases filed in conjunction with this application:
PARO1310

Is there a previous application filed on the same site: Yes ☐ No [ ]

If yes, provide Case No(s): ____________________________________________ (Parcel Map, Zone Change, etc.)

E.A. No. (if known) __________________________ E.I.R. No. (if applicable): __________________________

Have any special studies or reports, such as a traffic study, biological report, archaeological report, geological or geotechnical reports, been prepared for the subject property? Yes ☐ No ☒

If yes, indicate the type of report(s) and provide a copy: __________________________________________

Is water service available at the project site: Yes ☒ No ☐

If "No," how far must the water line(s) be extended to provide service? (No. of feet/miles) __________

Will the project eventually require landscaping either on-site or as part of a road improvement or other common area improvements? Yes ☐ No [ ]

Is sewer service available at the site? Yes ☐ No ☒

If "No," how far must the sewer line(s) be extended to provide service? (No. of feet/miles) __________

Will the project result in cut or fill slopes steeper than 2:1 or higher than 10 feet? Yes ☐ No [ ]

How much grading is proposed for the project site?

Estimated amount of cut = cubic yards: [187 CUB YDS]
APPLICATION FOR LAND USE PROJECT

Estimated amount of fill = cubic yards 22 cu. yd.

Does the project need to import or export dirt? Yes ☑ No ☐

Import _____________________ Export 121 cu. yd. Neither __________

What is the anticipated source/destination of the import/export?
MINOR BACKYARD GRAADING OR A "NO" OUT.

What is the anticipated route of travel for transport of the soil material?
SR 249 TO J-10 OR SR 249 TO SR 74

How many anticipated truckloads? _________________________ truck loads.

What is the square footage of usable pad area? (area excluding all slopes) 2600 sq. ft.

Is the project located within 8½ miles of March Air Reserve Base? Yes ☐ No ☑

If yes, will any structure exceed fifty-feet (50’) in height (above ground level)? Yes ☐ No ☑

Is the project located within 1000 feet of a military installation, beneath a low-level flight path or within special use airspace as defined in Section 21098 of the Public Resources Code, and within an urbanized area as defined by Section 65944 of the Government Code? (See California Office of Planning and Research website: http://cmluca.projects.atlas.ca.gov/) Yes ☐ No ☑

Is the project located within the boundaries of an Airport Land Use Compatibility Plan adopted by the Riverside County Airport Land Use Commission? Yes ☐ No ☑

Does the project area exceed one acre in area? Yes ☐ No ☑

Is the project located within any of the following watersheds (refer to Riverside County Land Information System (RCLIS) (http://www3.timco.riverside.ca.us/pa/rclis/index.html) for watershed location)?
☒ Santa Ana River ☐ Santa Margarita River ☐ San Jacinto River ☐ Whitewater River
PROPERTY OWNERS CERTIFICATION FORM

APN 565-171-006

1. Mickey Zolezio, certify that on
(Please print name)
8/27/2013 the attached property owners list
(Date)
was prepared by County of Riverside / GIS
(Print Company or Individual’s Name)
Distance Buffered: 600’

Pursuant to application requirements furnished by the Riverside County Planning Department;
Said list is a complete and true compilation of the owners of the subject property and all other
property owners within 600 feet of the property involved, or if that area yields less than 25
different owners, all property owners within a notification area expanded to yield a minimum of
25 different owners, to a maximum notification area of 2,400 feet from the project boundaries,
based upon the latest equalized assessment rolls. If the project is a subdivision with identified
off-site access/improvements, said list includes a complete and true compilation of the names and
mailing addresses of the owners of all property that is adjacent to the proposed off-site
improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I
understand that incorrect or incomplete information may be grounds for rejection or denial of the
application.

The project is located at the Northerly of Strawberry Valley Drive, easterly of Saunders Meadow, and westerly of Bicknell Lane and southerly of Highway 243.

Project Description:
The plot plan proposes to convert an existing 2,696 square foot 2-story apartment building to 5 unit resort/hotel with one manager's unit on approximately 0.41 acres. There is no added square footage to this proposal and all modifications are interior with one additional accessible parking space to the rear of the property.

This is to advise that the Riverside County Planning Director, as the lead agency, has approved the above-referenced project on ________________________, and has made the following determinations regarding that project:

1. The project WILL NOT have a significant effect on the environment.
2. A Negative Declaration was prepared for the project pursuant to the provisions of the California Environmental Quality Act ($2,156.25 + $50.00).
3. Mitigation measures WERE NOT made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Plan/Program WAS NOT adopted.
5. A statement of Overriding Considerations WAS NOT adopted for the project.

This is to certify that the Mitigated Negative Declaration, with comments, responses, and record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.

COUNTY OF RIVERSIDE PLANNING DEPARTMENT
STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

The Plot Plan is a proposal to permit an existing unpermitted 3,024 square foot detached barn on 3.01 acres.

ISSUES OF RELEVANCE:

Property is located in a High Fire Area. Project has been reviewed and cleared by Riverside County Fire Department. Project was also reviewed by Riverside County Health Department.

RECOMMENDATIONS:

APPROVAL of PLOT PLAN NO. 25400, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings, which is incorporated herein by reference.

1. The project has a primary dwelling on the parcel where the detached accessory building is proposed.

2. The project site is designated Rural: Rural Mountainous (10 Acres Minimum) on Elsinore Area Plan.

3. The proposed detached accessory use is a permitted use in the general plan designation.

4. The proposed detached accessory building is a permitted use, subject to approval of a plot plan in the Light Agricultural (A-1- 2 1/2) zone.

5. The proposed detached accessory building use is consistent with the development standards set forth in the A-1- 2 1/2 zone.

6. The proposed 3,024 square foot detached barn is considered detached accessory building under Section 18.18 of Ordinance No. 348.

7. The detached accessory 3,024 square foot detached barn is compatible with the character of the surrounding community.

8. The detached accessory 3,024 square foot detached barn building is located more than 100 feet from the main building and is consistent with the character of the surrounding community

9. The project conforms to Section 15303, (New Construction or Conversion of Small Structures), of the CEQA guidelines and is exempt from CEQA if the project meets the following conditions: Class 3 consists of construction and location of limited numbers of new, small facilities or
structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. The numbers of structures described in this section are the maximum allowable on any legal parcel. Examples of this exemption include but are not limited to: "... (e) Accessory (appurtenant) structures including garages, carports, patios, swimming pools, and fences".

CONCLUSIONS:

1. The proposed project is in conformance with the Riverside County General Plan.

2. The proposed project is consistent with Section 18.18 of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.

3. The public’s health, safety, and general welfare are protected through project design.

4. The proposed project is compatible with the present and future logical development of the area.

5. The proposed project will not have a significant effect on the environment.

6. The detached accessory building has been determined to be exempt under Section 15303(e) (New Construction or Conversion of Small Structures) of the California Environmental Quality Act.
10. GENERAL CONDITIONS

EVERY DEPARTMENT

10. EVERY. 1  PPA - PROJECT DESCRIPTION

The use hereby permitted is a proposal to permit an existing unpermitted 3,024 square foot detached barn on 3.01 acres.

10. EVERY. 2  PPA - HOLD HARMLESS

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PLOT PLAN; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the PLOT PLAN, including, but not limited to, decisions made in response to California Public Records Act requests.

The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

10. EVERY. 3  PPA - DEFINITIONS

The words identified in the following list that appear in all capitals in the attached conditions of Plot Plan
10. GENERAL CONDITIONS

10. EVERY. 3 PPA - DEFINITIONS (cont.)

No. 25400 shall be henceforth defined as follows:

APPROVED EXHIBIT A = Plot Plan No. 25400, Exhibit A, Amended #1, dated September 10, 2013. (Site Plan)

APPROVED EXHIBIT B = Plot Plan No. 25400, Exhibit B, dated July 26, 2013. (Elevations)

APPROVED EXHIBIT C = Plot Plan No. 25400, Exhibit C, dated July 26, 2013. (Floor Plan)

BS PLNCK DEPARTMENT

10. BS PLNCK. 1 USE - BUILD & SAFETY PLNCK

Approved per building plan submittal of CWP 3,024 sq. ft. barn (BAS130099).

NOTE: Where any building, structure, equipment, alteration, change of use, or utility has been fully or partially constructed, placed or installed on a property without permit, the applicant shall comply with current Building Department policies and procedures with regards to construction without permit (CWP).

The applicant may obtain a demolition permit to remove the CWP item from the property, or may begin the process to obtain the required building permit(s). Due to public safety concerns, time frames have been reduced to ensure that all minimum code and safety requirements per all applicable departments have been satisfied. Building plans and supporting documents and required verification documents shall be submitted to the building department with fee payment for review prior to any approval of the current planning case.

Where a building and/or structure has been constructed, altered, or placed on the property without permit, the applicable building/structure shall not be occupied or in use until a final approved building inspection has been received.

FIRE DEPARTMENT

10. FIRE. 1 USE-#21-HAZARDOUS FIRE AREA

This project is located in the "Hazardous Fire Area" of Riverside County as shown on a map on file with the Clerk
10. GENERAL CONDITIONS

10.FIRE. 1  USE-#21-HAZARDOUS FIRE AREA (cont.)  RECOMMND

of the Board of Supervisors. Any building constructed within this project shall comply with the special construction provisions contained in Riverside County Ordinance 787.1.

10.FIRE. 2  USE-#005-ROOFING MATERIAL  RECOMMND

All buildings shall be constructed with class B roofing material as per the California Building Code.

10.FIRE. 3  USE-#50-BLUE DOT REFLECTOR  RECOMMND

Blue retroreflective pavement markers shall be mounted on private street, public streets and driveways to indicate location of fire hydrants. Prior to installation, placement of markers must be approved by the Riverside County Fire Department.

10.FIRE. 4  USE-#23-MIN REQ FIRE FLOW  RECOMMND

Minimum required fire flow shall be 1000 GPM for a 2 hour duration at 20 PSI residual operating pressure.

10.FIRE. 5  USE-#76-WHARF FIRE HYDRANT  RECOMMND

Approved wharf fire hydrant shall be located within 250 feet of any portion of the lot frontage.

PLANNING DEPARTMENT

10.PLANNING. 1  PPA - LANDUSE APPROVAL ONLY  RECOMMND

The applicant or the applicant's successor in interest is notified through this condition that the approval granted on Plot Plan No. 25400 is for land use approval only, and has only met the requirements of Ordinance 348. Any requirements deemed necessary by another department or agency of Riverside County on a subsequent building permit are valid and may cause this approval by the Riverside County Planning Department as it stands to be rendered null and void or require significant revision. It is incumbent upon the applicant to research the acceptability of this proposal to all responsible departments and agencies prior to the acceptance of this approval. Responsible agencies include, but are not limited to the Fire Department,
10. GENERAL CONDITIONS

10.PLANNING. 1  
PPA - LANDUSE APPROVAL ONLY (cont.)

Environmental Health Department, the local Flood Control District, Building and Safety Department, Transportation Department, the Environmental Programs Department, the County Geologist, or the Transportation Land Management Agency.

10.PLANNING. 2  
PPA - NO HOME OCCUPATIONS

RECOMMEND

No home occupations are permitted in an accessory structure or guest home.

From section 21.36 of Ordinance 348: Home Occupations:

Home occupations means those uses that are customarily conducted in a residence, provided such uses must be incidental and secondary to the principal use of a dwelling as a residence. The following criteria shall apply to any home occupation:

a. Except for large family day care homes which may require two assistants and small family day care homes which may require one assistant to be present in addition to the licensee or provider, no person other than a resident of the dwelling shall be employed on the premises in the conduct of a home occupation.

b. A home occupation shall be conducted entirely within the dwelling and shall be incidental and secondary to the use of the dwelling as a residence.

c. A home occupation shall not be conducted in an accessory structure and there shall be no storage of equipment or supplies in an accessory structure or outside building.

d. The residential character of the exterior and interior of the dwelling shall not be changed.

e. No vehicles or trailers except those normally incidental to residential use shall be kept on the site.

f. No signs other than one unlighted identification sign, not more than two square feet in area, shall be erected on the premises.
10. GENERAL CONDITIONS

10.PLANNING. 3 PPA - SETBACKS IN HIGH FIRE

Please be advised that the setbacks for structures within a County designated high fire areas have increased. It is advisable prior to the purchase of structure or prior to planning of a structure (such as hiring an architect or engineer to create plans) that the applicant should contact the Fire Department to make sure that the structure question meets those requirements.

Fire Department Planning  
2300 Market Street, Suite 150  
Riverside, CA 92501  
951-955-4777

10.PLANNING. 4 USE - CAUSES FOR REVOCATION

In the event the use hereby permitted under this permit, a) is found to be in violation of the terms and conditions of this permit,  
b) is found to have been obtained by fraud or perjured testimony, or  
c) is found to be detrimental to the public health, safety or general welfare, or is a public nuisance, this permit shall be subject to the revocation procedures.

10.PLANNING. 5 PPA - ACSRY BLD NO HBTBL AREA

No habitable area has been approved with this approval. The addition of habitable area will require additional permits.

20. PRIOR TO A CERTAIN DATE

PLANNING DEPARTMENT

20.PLANNING. 1 PPA - EXPIRATION DATE-PP

This approval shall be used within two (2) years of approval date; otherwise, it shall become null and void and of no effect whatsoever. By use is meant the beginning of substantial construction contemplated by this approval within a two (2) year period which is thereafter diligently pursued to completion or to the actual occupancy of existing buildings or land under the terms of the authorized use. Prior to the expiration of the two year period, the permittee may request a one (1) year extension of time request in which to use this plot plan. A maximum
20. PRIOR TO A CERTAIN DATE

20.PLANING. 1  PPA - EXPIRATION DATE-PP (cont.)  RECOMMEND

of three one-year extension of time requests shall be permitted. Should the time period established by any of the extension of time requests lapse, or should all three one-year extensions be obtained and no substantial construction or use of this plot plan be initiated within five (5) years of the effective date of the issuance of this plot plan, this plot plan shall become null and void.

20.PLANING. 2  PPA - EXISTING STRUCTURE (1)  RECOMMEND

WITHIN SIXTY (60) DAYS OF THE EFFECTIVE DATE OF THIS PERMIT, the permittee or the permittee's successors-in-interest shall apply to the Building and Safety Department for all necessary permits, including the submission of all required documents and fees for any plan check review as determined by the Director of the Department of Building and Safety, to ensure that all existing buildings, structures and uses are in compliance with Ordinance No. 348 and Ordinance No. 457 and the conditions of approval of this permit.

80. PRIOR TO BLDG PRMT ISSUANCE

FIRE DEPARTMENT

80.FIRE. 1  USE-#51-WATER CERTIFICATION  MET

The applicant or developer shall be responsible to submit written certification from the water company noting the location of the existing fire hydrant and that the existing water system is capable of delivering 1000 GPM fire flow for a 2 hour duration at 20 PSI residual operating pressure.

PLANNING DEPARTMENT

80.PLANING. 1  PPA - CONFORM TO ELEVATIONS  RECOMMEND

Elevations of all buildings and structures submitted for building plan check approval shall be in substantial conformance with the elevations shown on APPROVED EXHIBIT B.
80. PRIOR TO BLDG PRMT ISSUANCE

80.PLANING. 2 PPA - CONFORM TO FLOOR PLANS RECOMMEND

Floor plans shall be in substantial conformance with that shown on APPROVED EXHIBIT C.

90. PRIOR TO BLDG FINAL INSPECTION

FIRE DEPARTMENT

90.FIRE. 1 USE-#27-EXTINGUISHERS INEFFECT

Install portable fire extinguishers with a minimum rating of 2A-10BC and signage. Fire Extinguishers located in public areas shall be in recessed cabinets mounted 48" (inches) to center above floor level with maximum 4" projection from the wall. Contact Fire Department for proper placement of equipment prior to installation.

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.
APPLICATION FOR MINOR PLOT PLAN

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ["wet-signed"]. Photocopies of signatures are unacceptable).

[Signatures and printed names]

AUTHORITY FOR THIS APPLICATION IS HEREBY GIVEN:

I certify that I am/we are the record owner(s) or authorized agent and that the information filed is true and correct to the best of my knowledge. (Authorized agent must submit a letter from the owner(s) indicating authority to sign in the owner's behalf.

All signatures must be originals ["wet-signed"]. Photocopies of signatures are unacceptable).

SIGNATURE OF PROPERTY OWNER(s):
[Signatures and printed names]

If the subject property is owned by persons who have not signed as owners above, attach a separate sheet that references the application case number and lists the printed names and signatures of all persons having an interest in the property.

MINOR PLOT PLAN SUBMITTAL REQUIREMENTS FOR THE FOLLOWING APPLICATION TYPES:
(Note: All exhibits shall be folded to a maximum 8½" x 14" size, and digital images of all exhibits (site plan, building elevations, floor plans, & any other graphics in a format acceptable to the Planning Department (e.g. TIFF, GIF, JPEG, PDF) shall be included with the application package)

COMMERICAL/INDUSTRIAL

1. Completed Application form.
2. Six (6) scaled copies of a site plan showing all of the listed items (within the applicable case type column) as identified on the Minor Plot Plan Exhibit Requirements matrix.
3. Six (6) scaled copies of floor plan and elevations. See floor plan and elevation details described on page 12 for more information.
4. Current processing deposit-based fee.

ACCESSORY BUILDING

1. Completed Application form.
2. Six (6) scaled copies of a site plan showing all of the listed items (within the applicable case type column) as identified on the Minor Plot Plan Exhibit Requirements matrix.
3. Six (6) scaled copies of floor plan and elevations. See floor plan and elevation details described on page 12 for more information.
4. Color photographs of paint samples (or literature showing color samples) for the exterior of the structure.
5. Color photographs of roofing material samples (or literature showing color/material samples). Actual roofing tiles will not be accepted.
6. A minimum of three (3) ground-level panoramic photographs (color prints) clearly showing the whole project site. Include a locational map identifying the position from which the photo was taken and the approximate area of coverage of each photograph.
7. Current processing deposit-based fee. $510.00

GUEST HOUSE

1. Completed Application form.
2. Six (6) scaled copies of a site plan showing all of the listed items (within the applicable case type column) as identified on the Minor Plot Plan Exhibit Requirements matrix.
3. Six (6) scaled copies of floor plan and elevations. See floor plan and elevation details described on page 12 for more information.
LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter "County of Riverside",
and [NAME], hereafter "Applicant" and [PROPERTY ADDRESS], Property Owner.

Description of application/permit use: [MISC DETAILS]

If your application is subject to Deposit-based Fees, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect "Deposit-based Fees" for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside. Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case. The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by the County of Riverside, may result in the stoppage of work.

B. Within 15 days of the service by mail of the County of Riverside's written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney's fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.

C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property owner by the County.

4080 Lemon Street, 14th Floor • Riverside, California 92501 • (951) 955-8838
P. O. Box 1605 • Riverside, California 92502-1605 • FAX (951) 955-8879
This Agreement shall only be executed by an authorized representative of the Applicant and the Property Owner. The person(s) executing this Agreement represents that he/she has the express authority to enter into this agreement on behalf of the Applicant and/or Property Owner. This Agreement is not assignable without written consent by the County of Riverside. The County of Riverside will not consent to assignment of this Agreement until all outstanding costs have been paid by Applicant. Deposit statements, requests for deposits or refunds shall be directed to Applicant at the address identified in Section 4.

Section 3. To ensure quality service, Applicant is responsible to provide one-week written notice to the County of Riverside Transportation and Land Management Agency (TLMA) Permit Assistance Centers if any information below changes.

Section 4. Applicant and Owner Information

1. PROPERTY INFORMATION:
