PROJECT DESCRIPTION AND LOCATION

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map to subdivide 18.37 acres into nine (9) commercial parcels. The project is located south of Domenigoni Parkway, west of Frontier Loop, and north of Trail Side Rd.

PROJECT RECOMMENDATION

APPROVAL of the THIRD EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP NO. 35671, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to April 28, 2021, subject to all the previously approved and amended Conditions of Approval, with the applicant’s consent.

PROJECT BACKGROUND AND ANALYSIS

Background
Tentative Parcel Map No. 35671 was originally approved by the Board of Supervisors on April 28, 2009 per Fast Track processing (FTA-2007-07).

The Third Extension of Time was received March 19, 2018, ahead of the expiration date of April 28, 2018. The applicant and the County discussed conditions of approval and reached consensus on March 28, 2018.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (March 28, 2018) indicating the acceptance of the seven (7) recommended conditions.

Unless specifically requested by the applicant, this Extension of Time request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

State Bills
EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Riverside County Map Extensions
Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), tentative tract and parcel maps have an initial life-span approval of 3-years. In addition, a maximum of 5, 1-year extensions may be approved, upon a timely filed extension request, allowing for a total tentative map life-span approval of 8-years. On September 12, 2017, the Board of Supervisors approved an amendment to Ordinance 460, replacing the extension time frames to allow for 2, 3-year extensions, for a total tentative map life-span of 9-years.
As a result, the total number of years a map may be extended is 6 years. The first and second extensions of time granted 1 year each for a total of 2 years. Upon an approval action by the Director’s Hearing, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, this third extension will grant another 3 years, making the tentative parcel map’s expiration date April 28, 2021. If a final map has not been recorded prior to this date, the fourth extension of time request must be filed 30-days prior to map expiration.

ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act (“CEQA”), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

FINDINGS

In order for the County to approve a proposed project, the following findings are required to be made:

Extension of Time Findings

1. This Tentative Parcel Map has been found to be consistent with the Riverside County General Plan, pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.

2. This Tentative Parcel Map has been found to be consistent with Ordinance No. 348 (Zoning Code) and Ordinance No. 460 (Subdivision Regulations), pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.

3. No changes to the approved map are proposed in conjunction with this Extension of Time. All impacts have been analyzed in order to protect the public health, safety, and welfare.
Extension of Time
Environmental Determination

Project Case Number: PM35671
Original E.A. Number: 41581
Extension of Time No.: 3rd EOT
Original Approval Date: April 28, 2009
Project Location: Southerly of Domignoni Parkway, westerly of Frontier Loop, and northerly of Trail Side Rd
Project Description: Schedule 'E' commercial subdivision of 18.37 acres into nine (9) commercial parcels

On April 28, 2009, this Tentative Parcel Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

- I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.

- I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.

- I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.

- I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

RE: THIRD EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP No. 35671.

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

- 50. REQ E HEALTH DOCUMENTS
- 50. FINAL ACCESS AND MAINT
- 60. REQ BMP SWPPP WQMP
- 60. FINAL WQMP FOR GRADING
- 80. WQMP AND MAINTENANCE
- 90. WQMP REQUIRED
- 90. WQMP COMP AND BNS REG

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for the Planning Director’s Hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

PROJECT BACKGROUND AND ANALYSIS

Background:

The proposed subdivision is within the Crossroads in Winchester Specific Plan No. 288 (Specific Plan). The Specific Plan includes 17 Planning Areas with residential, commercial and open space components. The project involves Planning Areas 1, 4 and 6 which are designated High Density Residential (HDR), Open Space – Conservation (OS-C), and Very High Density Residential (VHDR) respectively.

The Tentative Parcel Map No. 37414 (PM No. 37414) proposes to divide the property at the boundary line separating Planning Area 1 and 6. Pursuant to the Specific Plan, Planning Area 1 and 6 will be bifurcated by the extension of Western Hills Drive, which will be a point of access to both of the proposed parcels and be dedicated in conjunction with this subdivision. While PM No. 37414 would create parcel sizes that are below the density range of the Specific Plan, the ultimate development of the site would be implemented by future Tentative Tract Maps or Plot Plans, in a manner consistent with the Specific Plan. PM No. 37414 is solely for the purpose of financing or conveying title, and will not create any legal building sites.

ENVIRONMENTAL REVIEW / ENVIRONMENTAL FINDINGS

The proposed schedule “J” subdivision is covered by the general rule (section 15061 (b) 3) which states that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility that the subdivision in question may have a significant effect on the environment, because the proposed map is for finance and conveyance purposes and will not result in any legal building sites. In addition, the proposed subdivision will not authorize the site to be graded.
FINDINGS AND CONCLUSIONS

In order for the County to approve the proposed project, the following findings are required to be made:

PM No. 37414 is a Schedule J subdivision map that proposes to subdivide 23.44 acres into two lots. The findings required to approve PM No. 37414, pursuant to Riverside County Ordinance No. 460, are as follows:

1. The proposed map, subdivision design and improvements are consistent with the Riverside County General Plan, and with all applicable requirements of State law and the ordinances of Riverside County because the project is consistent with General Plan Principle IV.A.1. Principal IV.A.1 provides that the intent of the General Plan is to foster variety and choice in community development, particularly in the choice and opportunity for housing in various styles, of varying densities and of a wide range of prices and accommodating a range of life styles in equally diverse community settings, emphasizing compact and higher density choices. The proposed subdivision facilitates this General Plan Principle by allowing conveyance of the property for a residential use in a manner consistent with the General Plan and the Specific Plan. While the proposed subdivision would create parcel sizes that are below the density range of the Specific Plan, the ultimate development of the site would be implemented by a future Tentative Tract Map and/or Plot Plan. The currently proposed Tentative Parcel Map is intended to allow individual home builders to develop portions of the project site in a manner consistent with the land use designations.

2. The site of the proposed land division is physically suitable for the type of development because the site has adequate access and infrastructure available to accommodate the future residential uses planned for the site, which was previously documented in EIR No. 376.

3. The site of the proposed land division is physically suitable for the proposed density of development because the size and shape of both proposed lots are consistent with Planning Areas 1 and 6 of the Specific Plan. While the proposed subdivision would create parcel sizes that are below the density range of the Specific Plan, the ultimate development of the site would be implemented by a future Tentative Tract Map.

4. The design of the proposed land division or proposed improvements are not likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat, because the map is for finance and conveyance purposes and will not result in any grading activities or construction. In addition, the proposed subdivision is consistent with the Specific Plan No. 288 and EIR No. 376, and would not cause any additional impacts beyond those analyzed in EIR No. 376.

5. The design of the proposed land division or the type of improvements are not likely to cause serious public health problems, because the subdivision is a Schedule “J” subdivision for conveyance/finance purposes, and does not create any legal building sites.

6. The design of the proposed land division or the type of improvements will not conflict with easements, acquired by the public at large, for access through, or use of, property within the proposed land division, because the subdivision is a financing/conveyance map and does not include specific plans for the ultimate development of the property or construction. In addition, two
existing dedications, Seta Street and Marie Road, are proposed to be vacated with the proposed map.

7. As indicated in the included project conditions of approval, the proposed land division includes the type of improvements as required by the Riverside County Land Division Ordinance for a Schedule "J" Map. Ordinance No. 460 requires all land divisions to conform to the County’s General Plan, with applicable specific plans, Ordinance No. 348 and with the requirements of Ordinance No. 460. The project specifically complies with the Schedule ‘J’ improvement requirements of Ordinance No. 460 Section 10.5 as listed below.

a. Submission Criteria. The land to be subdivided by the Schedule "J" subdivision map is not developed, is located within a previously approved specific plan (SP No. 288) and will be used for residential uses.

b. Minimum Requirements. Both of the proposed parcels exceed the 2,000 square foot minimum lot size as the proposed parcels are 8.74 acres and 13.70 acres. Legal access to both parcels will be provided from the proposed extension of Western Hills Drive (Street A) as shown on PM No. 37414, and on Figure A-3-1 of Specific Plan No. 288. Street A will have a 74 foot ultimate right-of-way. In addition, there are no physical constraints which affect the feasibility of future development, as previously determined by EIR No. 376. The project site is relatively flat with no development constraints other than the .08 acre area within Parcel #1, that is designated Open Space-Conservation (OS-C) within the Specific Plan.

c. Compliance. The subdivision map includes all of the required information required for the map, which includes lot numbers, street identifications letters, assessor’s parcel numbers, etc.

8. The lots shown on the Tentative Parcel Map are greater than the 2,000 square foot minimum lot size allowed by the project site’s land use designation within the Specific Plan because the subdivision is for finance/conveyance purposes only. The proposed lots are consistent with Planning Areas 1 and 6 of the Specific Plan, and are required to be further subdivided in accordance with the Specific Plan prior to the commencement of grading and construction.

Other Findings

1. This project is not located within a Criteria Area of the Western Riverside County Multi-Species Habitat Conservation Plan.

2. The project is located within the State Responsibility Area and is approximately 1.2 miles from Riverside County Fire Department – Station 34. Fire protection and suppression services will be available for the subdivision through Riverside County Fire Department. However, no new building sites will be created by this subdivision. In addition, each sheet of the subdivision map shall clearly provide the following statement: "For Finance and Conveyance Purposes Only. A Future Subdivision Map or Land Use Entitlement is Necessary to Develop this Property. This Map Does Not Remove any Conditions of Approval For Future Tentative Maps Approved for this Land."

3. For the reasons set forth above and in the EIR prepared for the Specific Plan, the proposed project will not have a significant effect on the environment. Implementation of future subdivisions or a Plot Plan(s) will require the incorporation of mitigation measures.
4. The project site is located within the Fee Assessment Area for the Stephen's Kangaroo Rat Habitat Conservation Plan (SKRHCP). Per County Ordinance No. 663 and the SKRHCP, all applicants for development permits, including maps, within the boundaries of the Fee Assessment Area who cannot satisfy mitigation requirements through on-site mitigation, as determined through the environmental review process, shall pay a Mitigation Fee of $500.00 per gross acre of the parcels proposed for development. Payment of the SKRHCP Mitigation Fee for this site will occur once the site is further subdivided and developed.

5. The project site is located within Zone B as identified by Ordinance No. 655 (Mt. Palomar). The project does not create any legal building sites, and therefore no impacts will occur.

PUBLIC HEARING NOTIFICATION AND OUTREACH

Public hearing notices were mailed to property owners within 600 feet of the proposed project site. As of the writing of this report Planning Staff has not received written communication/phone calls in support or opposition to the proposed project.

APPEAL INFORMATION

The Director's Hearing decision may be appealed to the Planning Commission. Such appeals shall be submitted to the Planning Department within 10 days of the notice of decision appearing on the Board's agenda.

ADVISORY NOTIFICATION DOCUMENT

Flood

Flood. 1 0010-Flood-MAP FLOOD HAZARD REPORT

Parcel Map (PM) 37414 is a proposal for a Schedule "J" subdivision of a 23.44-acre site into two lots in the Winchester area. The site is located on the northeast corner of Domenigoni Parkway and Rice Road. Salt Creek runs along the northern boundary of the site. This site is part of Parcel Map 36545, which has not obtained entitlement approval as of November 2017.

The northwestern corner of the site is located within the 100 year Zone A floodplain limits for Salt Creek as delineated on Panel No. 06065C-2080H of the Flood Insurance Rate Maps issued in conjunction with the National Flood Insurance Program administered by the Federal Emergency Management Agency (FEMA). The area within the delineated floodplain limits shall be labeled "floodplain" on the environmental constraint sheet accompanying the recorded final map. A note shall be place on the environmental constraint sheet stating, "Flood plains must be kept free of all buildings and obstructions". Water quality features shall be situated outside the floodplain limits.

Any grading, structures or other improvements within the floodplain limits will require the applicant to obtain a Conditional Letter of Map Revision (CLOMR) from FEMA prior to issuance of grading permits or recordation of the final map, unless the District has already revised the map. The developer shall obtain a LOMR prior to final building inspections for lots impacted by the floodplain.

A drainage area of approximately 220 acres is tributary to the site from the south through an existing double 48-inch culvert under Domenigoni Parkway. There is an existing interim dirt swale within a 40-foot drainage easement that conveys these flows to Salt Creek Channel, Stage 5 (project number 4-0-00110/drawing number 4-0698). The exhibit for Parcel Map 36545 showed a proposed 72-inch storm drain from the culvert outlet to a new, proposed outlet to Salt Creek Channel. It appears the intent is to abandon the existing interim dirt swale and its corresponding drainage easement.

A new connection into Salt Creek Channel will require all associated permits to be obtained prior to the issuance of any grading permits. Alternatively, the proposed storm drain can be designed with an alignment that utilizes the existing outlet into Salt Creek.

Any proposed drainage facility must be designed to the District's standards and have 100-year capacity. All drainage facilities proposed outside the public right-of-way shall be contained within drainage easements. All drainage easements must be delineated on an environmental constraint sheet to accompany the final map with a note stating, "Drainage easements must be kept free of all buildings and obstructions". In order to protect the any proposed structures from flooding, all underground facilities must have an emergency escape path in the event any inlets become blocked with debris.

It should be noted that the site is located within the bounds of the Salt Creek Channel - Winchester/North Hemet Area Drainage Plan (ADP) for which drainage fees have been established by the Board of Supervisors. Applicable ADP fees will be due (in
ADVISORY NOTIFICATION DOCUMENT

Flood

Flood. 1 0010-Flood-MAP FLOOD HAZARD REPORT (cont.)
accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior
to permits for this project. Although the current fee for this ADP is $131 per acre, the fee
due will be based on the fee in effect at the time of payment. The fee is payable to the
Flood Control District by cashier's check or money order only. The District will not accept
personal or company checks. The drainage fee is required to be paid prior to the issuance
of the grading permits or issuance of the building permits if grading permits are not issued.

Planning

Planning. 1 Specific Plan No. 288

Future Implementing Projects shall be consistent with Specific Plan No. 288.

Planning-All

Planning-All. 1 90 Days to Protest

The land divider has 90 days from the date of approval of these conditions to protest, in
accordance with the procedures set forth in Government Code Section 66020, the imposition
of any and all fees, dedications, reservations and/or other exactions imposed on this project
as a result of the approval or conditional approval of this project.

Planning-All. 2 AND - Hold Harmless

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold
harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the
following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul
an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body
concerning the [INSERT ALL APPLICATIONS FOR APPROVAL THAT APPLY] or its
associated environmental documentation; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul
any other decision made by the COUNTY concerning the [INSERT ALL
APPLICATIONS FOR APPROVAL THAT APPLY], including, but not limited to,
decisions made in response to California Public Records Act requests; and

(a) and (b) above are hereinafter collectively referred to as "LITIGATION."

The COUNTY shall promptly notify the applicant/permittee of any LITIGATION
and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the
applicant/permittee of any such LITIGATION or fails to cooperate fully in the defense, the
applicant/permittee shall not, thereafter, be responsible to defend, indemnify
or hold harmless the COUNTY.
Planning-All

Planning-All. 2 AND - Hold Harmless (cont.)

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such LITIGATION, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the Project, applicant/permittee shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars ($20,000). Applicant/permittee shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. To the extent such costs are not recoverable under the California Public Records Act from the records requestor, applicant/permittee agrees that deposits under this section may also be used to cover staff time incurred by the COUNTY to compile, review, and redact records in response to a Public Records Act request made by a petitioner in any legal challenge to the Project when the petitioner is using the Public Records Act request as a means of obtaining the administrative record for LITIGATION purposes. Within ten (10) days of written notice from COUNTY, applicant/permittee shall make such additional deposits.

Planning-All. 3 AND - Security for Monuments

Security for monuments and certificates for taxes and assessments shall be provided in accordance with Ordinance No. 460.

Planning-All. 4 Map Expiration Date

The conditionally approved TENTATIVE MAP shall expire three years after the County of Riverside Planning Director's approval date, unless extended as provided by County Ordinance No. 460. Action on a minor change and/or revised map request shall not extend the time limits of the originally approved TENTATIVE MAP. If the TENTATIVE MAP expires before the recordation of the FINAL MAP, or any phase thereof, no recordation of the FINAL MAP, or any phase thereof, shall be permitted.

Transportation

Transportation  2 0010-Transportation-MAP - DRAINAGE 2

The land divider shall accept and properly dispose of all off-site drainage flowing onto or through the site. In the event the Transportation Department permits the use of streets for drainage purposes, the provisions of Article XI of Ordinance No. 460 will apply. Should the quantities exceed the street capacity or the use of streets be prohibited for drainage purposes, the subdivider shall provide adequate drainage facilities and/or appropriate easements as approved by the Transportation Department.

Transportation  3 0010-Transportation-MAP - R-O-W EXCEEDS/VACATION

If the existing right-of-way along Seta Street and Marie Road (project boundary) exceeds that which is required for this project, the developer may submit a request for the vacation of said excess right-of-way. Said procedure shall be as approved by the Board of Supervisors. If said excess or superseded right-of-way is also County owned land, it may be necessary to enter into an agreement with the County for its purchase or exchange.

Transportation  4 0010-Transportation-MAP - STD INTRO 3(ORD 460/461)

With respect to the conditions of approval for the referenced tentative exhibit, the land divider shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Ordinance 460 and Riverside County Road Improvement Standards (Ordinance 461). It is understood that the tentative map correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the map to be resubmitted for further consideration. These Ordinances and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

Flood

050 - Flood.  1  0050-Flood-MAP ADP FEE NOTICE  Not Satisfied

A notice of drainage fees shall be placed on the Environmental Constraint Sheet (ECS) to accompany the final map. The exact wording of the note shall be as follows:

NOTICE OF DRAINAGE FEES

Notice is hereby given that this property is located in the Salt Creek Channel - Winchester/North Hemet Area Drainage Plan which was adopted by the Board of Supervisors of the County of Riverside pursuant to Section 10.25 of Ordinance 460 and Section 66483, et seq, of the Government Code and that said property is subject to fees for said drainage area.

Notice is further given that, pursuant to Section 10.25 of Ordinance 460, payment of the drainage fees shall be paid with cashier's check or money order only to the Riverside County Flood Control and Water Conservation District at the time of issuance of the grading or building permit for said parcels, whichever occurs first, and that the owner of each parcel, at the time of issuance of either the grading or building permit, shall pay the fee required at the rate in effect at the time of issuance of the actual permit.

050 - Flood.  2  0050-Flood-MAP DELINEATE WC ON ECS  Not Satisfied

The natural watercourse(s) that traverse(s) the site shall be delineated and labeled on the environmental constraint sheet to accompany the final map. A note shall be placed on the environmental constraint sheet stating "The watercourses must be kept free of all buildings and obstructions".

050 - Flood.  3  0050-Flood-MAP ONSITE EASE ON FINAL MAP  Not Satisfied

Onsite drainage facilities located outside of road right of way shall be contained within drainage easements shown on the final map. A note shall be added to the final map stating, "Drainage easements shall be kept free of buildings and obstructions".

050 - Flood.  4  0050-Flood-MAP SHOW FLOODPLAIN ECS  Not Satisfied

The 100-year floodplain limits through the property shall be delineated on an environmental constraint sheet to accompany the final map. Calculations and the pertinent data used to determine these limits shall be submitted to the District for review and approval.

The area within the delineated floodplain limits shall be labeled "floodplain" on the environmental constraint sheet. A note shall be placed on the environmental constraint sheet stating, "Approximate floodplains must be kept free of all buildings and obstructions. Any fencing shall be of a "rail" type. Chainlink fencing shall not be allowed".

050 - Flood.  5  0050-Flood-MAP SUBMIT ECS & FINAL MAP  Not Satisfied

A copy of the environmental constraint sheet and the final map shall be submitted to the District for review and approval. All submittals shall be date stamped by the engineer and include the appropriate plan check fee.

Planning

050 - Planning. 1 Final Map Statement Not Satisfied
Each sheet of the subdivision map shall clearly provide the following: “For Finance and Conveyance Purposes Only. A Future Subdivision Map or Land Use Entitlement is Necessary to Develop this Property. This Map Does Not Remove any Conditions of Approval For Future Tentative Maps Approved for this Land.”

050 - Planning. 2 Prepare a Final Map Not Satisfied
After the approval of the TENTATIVE MAP and prior to the expiration of said map, the land divider shall cause the real property included within the TENTATIVE MAP, or any part thereof, to be surveyed and a FINAL MAP thereof prepared in accordance with the current County Transportation Department - Survey Division requirements, the conditionally approved TENTATIVE MAP, and in accordance with Article IX of County Ordinance No. 460.
The County Transportation Department - Survey Division shall review any FINAL MAP and ensure compliance with the following:
A. All lots on the FINAL MAP shall be in substantial conformance with the approved TENTATIVE MAP relative to size and configuration.

Planning-CUL

050 - Planning-CUL. 1 ECS note CULTURAL Not Satisfied
Prior to final map approval the developer/applicant shall provide evidence to the Riverside County Planning Department that an Environmental Constraints Sheet has been included in the Grading Plans. This sheet shall indicate the presence of environmentally constrained area(s) and the requirements for avoidance of CA-RIV-05797 and adjacent reburial area.

Survey

050 - Survey. 1 0050-Survey-MAP - ACCESS RESTRICTION Not Satisfied
Lot access shall be restricted on Domenigoni Parkway and as noted on the final map.

050 - Survey. 2 0050-Survey-MAP - EASEMENT Not Satisfied
Any easement not owned by a public utility, public entity or subsidiary, not relocated or eliminated prior to final map approval, shall be delineated on the final map in addition to having the name of the easement holder, and the nature of their interests, shown on the map.

050 - Survey. 3 0050-Survey-MAP - VACATION Not Satisfied
The applicant, by his/her design, is requesting a vacation/abandonment of the existing dedicated rights-of-way along Seta Street and Marie Road (project boundary). Accordingly, prior to recordation of the final map, if an abandonment of the said rights-of-way cannot be utilized, applicant shall have filed a separate application with the County Surveyor for a conditional vacation of said rights-of-way, and the Board of Supervisors shall have approved the vacation request. If the Board of Supervisors denies the vacation request, the tentative map as designed may not record. The applicant may, however, redesign the map utilizing the existing rights-of-way, and may then reprocess the map after paying all appropriate fees and charges.

Transportation

050 - Transportation. 1 0050-Transportation-MAP - CENTERLINE STUDY PROFIL Not Satisfied

LAND USE and PERMIT APPLICATION PROCESSING AGREEMENT
Agreement for Payment of Costs of Application Processing

TO BE COMPLETED BY APPLICANT:

This agreement is by and between the County of Riverside, hereafter “County of Riverside”,

and Regent Winchester, LLC, hereafter “Applicant” and Regent Winchester, LLC “Property Owner”.

Description of application/permit use:
Schedule J Tentative Parcel Map

If your application is subject to Deposit-based Fee, the following applies

Section 1. Deposit-based Fees

Purpose: The Riverside County Board of Supervisors has adopted ordinances to collect “Deposit-based Fees” for the costs of reviewing certain applications for land use review and permits. The Applicant is required to deposit funds to initiate staff review of an application. The initial deposit may be supplemented by additional fees, based upon actual and projected labor costs for the permit. County departments draw against these deposited funds at the staff hourly rates adopted by the Board of Supervisors. The Applicant and Property Owner are responsible for any supplemental fees necessary to cover any costs which were not covered by the initial deposit.

Section 2. Applicant and Property Owner Responsibilities for Deposit-based Fee Applications

A. Applicant agrees to make an initial deposit in the amount as indicated by County ordinance, at the time this Agreement is signed and submitted with a complete application to the County of Riverside.

   Applicant acknowledges that this is an initial deposit and additional funds may be needed to complete their case.

   The County of Riverside will not pay interest on deposits. Applicant understands that any delays in making a subsequent deposit from the date of written notice requesting such additional deposit by the County of Riverside, may result in the stoppage of work.

B. Within 15 days of the service by mail of the County of Riverside's written notice that the application permit deposit has been reduced to a balance of less than 20% of the initial deposit or that the deposit is otherwise insufficient to cover the expected costs to completion, the Applicant agrees to make an additional payment of an amount as determined by the County of Riverside to replenish the deposit. Please note that the processing of the application or permit may stop if the amount on deposit has been expended. The Applicant agrees to continue making such payments until the County of Riverside is reimbursed for all costs related to this application or permit. The County of Riverside is entitled to recover its costs, including attorney's fees, in collecting unpaid accounts that would have been drawn on the deposit were it not depleted.

C. The Property Owner acknowledges that the Applicant is authorized to submit this agreement and related application(s) for land use review or permit on this property. The Property Owner also acknowledges that should the Applicant not reimburse the County of Riverside for all costs related to this application or permit, the Property Owner shall become immediately liable for these costs which shall be paid within 15 days of the service by mail of notice to said property owner by the County.
INDEMNIFICATION AGREEMENT

This INDEMNIFICATION AGREEMENT ("Agreement"), made by and between the COUNTY OF RIVERSIDE, a political subdivision of the State of California ("COUNTY"), and Regent Winchester, LLC, a Delaware Limited Liability Company ("PROPERTY OWNER"), relating to the PROPERTY OWNER’S indemnification of the COUNTY under the terms set forth herein:

WITNESSETH:

WHEREAS, the PROPERTY OWNER has a legal interest in the certain real property described as APN 461-220-021 and 461-220-024 ("PROPERTY"); and,

WHEREAS, on February 10, 2016, PROPERTY OWNER filed an application for Tract No. 37079 and on November 6, 2017, PROPERTY OWNER filed an application for Tentative Parcel Map No. 37414 ("PROJECT"); and,

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys’ fees in such challenges; and,

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys’ fees and damages which may be awarded to a successful challenger; and,

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation ("LITIGATION"); and,

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER’S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. Indemnification. PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and
employees from and against any claim, action or proceeding brought against the COUNTY, its agents, officers, and employees to attack, set aside, void or annul any approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys’ fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. **Defense Cooperation.** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY’s Office of County Counsel.

3. **Representation and Payment for Legal Services Rendered.** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys’ fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys’ fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER’s obligations under this Agreement.

4. **Payment for COUNTY’s LITIGATION Costs.** Payment for COUNTY’s costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY’s Planning Department the total amount of Twenty Thousand Dollars ($20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the “Deposit.”

5. **Return of Deposit.** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.
6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by certified or registered mail, return receipt requested, to the appropriate address set forth below:

COUNTY:
Office of County Counsel
Attn: Melissa Cushman
3960 Orange Street, Suite 500
Riverside, CA 92501

PROPERTY OWNER:
Regent Winchester, LLC
Attn: Marinel Robinson
11990 San Vincent Blvd., Ste. 200
Los Angeles, CA 90049

With a copy to:
Albert A. Webb Associates
Attn: Sandy Chandler
3788 McCray St.
Riverside, CA 92506

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER’s obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:
   a. Deem PROPERTY OWNER’s default of PROPERTY OWNER’s obligations as abandonment of the PROJECT and as a breach of this Agreement;
   b. Rescind any PROJECT approvals previously granted;
   c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney’s fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY’s review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.
10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

11. **Amendment and Waiver.** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.

12. **Severability.** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. **Survival of Indemnification.** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.

14. **Interpretation.** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.

15. **Captions and Headings.** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.

16. **Jurisdiction and Venue.** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court or jurisdiction.

17. **Counterparts; Facsimile & Electronic Execution.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.
18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.

□ Other: 15061 (b) 3 – General Rule

Reasons why project is exempt: The proposed schedule "J" subdivision is covered by the general rule (section 15061 (b) 3) which states that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility that the subdivision in question may have a significant effect on the environment, because the proposed map is for finance and conveyance purposes and will not result in any legal building sites. In addition, the proposed subdivision will not authorize the site to be graded.
