AGENDA
REGULAR MEETING
RIVERSIDE COUNTY PLANNING COMMISSION
COUNTY ADMINISTRATIVE CENTER
First Floor Board Chambers
4080 Lemon Street, Riverside, CA 92501

9:00 A.M. FEBRUARY 6, 2019

Any person wishing to speak must complete a “SPEAKER IDENTIFICATION FORM” and submit it to the Hearing Secretary. The purpose of the public hearing is to allow interested parties to express their concerns. Please do not repeat information already given. If you have no additional information, but wish to be on record, simply provide your name and address and state that you agree with the previous speaker(s).

Any person wishing to make a presentation that includes printed material, video or another form of electronic media must provide the material to the Project Planner at least 48 hours prior to the meeting.

In compliance with the Americans with Disabilities Act, if you require reasonable accommodations please contact Elizabeth Sarabia, TLMA Commission Secretary, at (951) 955-7436 or e-mail at esarabia@rivco.org. Requests should be made at least 72 hours prior to the scheduled meeting. Alternative formats are available upon request.

CALL TO ORDER:
SALUTE TO THE FLAG – ROLL CALL

1.0 CONSENT CALENDAR: 9:00 a.m. or as soon as possible thereafter (Presentation available upon Commissioners’ request)

NONE

2.0 GENERAL PLAN AMENDMENT INITIATION PROCEEDINGS: 9:00 a.m. or as soon as possible thereafter (Presentation available upon Commissioners’ request)

NONE

3.0 PUBLIC HEARING – CONTINUED ITEMS: 9:00 a.m. or as soon as possible thereafter.

NONE

4.0 PUBLIC HEARING – NEW ITEMS: 9:00 a.m. or as soon as possible thereafter.

5.0 WORKSHOPS:

5.1 UPDATES TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

6.0 ORAL COMMUNICATION ON ANY MATTER NOT ON THE AGENDA

7.0 DIRECTOR’S REPORT

8.0 COMMISSIONERS’ COMMENTS
Planning Commission Hearing: February 6, 2019

PROPOSED PROJECT

Case Number(s): Tentative Parcel Map No. 36545
CEQA Type: Nothing Further Required
Area Plan: Harvest Valley/Winchester
Zoning Area/District: Winchester Area
Supervisory District: Third District
Project Planner: Dave Alvarez
Project APN(s): 461-220-023,024

Applicant(s): Regent Winchester, LLC
Representative(s): Albert A. Webb Associates

PROJECT DESCRIPTION AND LOCATION

Tentative Parcel Map No. 36545 is a Schedule “E” subdivision of 25.19 gross acres into 14 parcels. The minimum proposed parcel size is 0.61 gross acres.

The project is located northerly of Domenigoni Parkway, southerly of Salt Creek Channel, easterly of Rice Road, and westerly of Winchester Road.

The above is hereinafter referred to as the “project”.

PROJECT RECOMMENDATION

STAFF RECOMMENDATIONS:

THAT THE PLANNING COMMISSION TAKE THE FOLLOWING ACTIONS:

FIND that No New Environmental Document is required pursuant to State CEQA Guidelines Section 15162, based on the findings and conclusions incorporated in the staff report; and,

APPROVE Tentative Parcel Map No. 36545 subject to the attached advisory notification document and conditions of approval, and based upon the findings and conclusions provided in this staff report.

**PROJECT LOCATION MAP**

![Project Location Map](image-url)

Figure 1: Project Location Map
PROJECT BACKGROUND AND ANALYSIS

Background:

The project is a Schedule “E” subdivision to create 14 parcels on 25.19 acres. Proposed Parcels 1 and 2 are to be utilized for water quality basins and recreation, and the remaining parcels would be expected to be utilized for commercial land uses pursuant to Specific Plan No. 288, Crossroads in Winchester, (SP No. 288). The parcels would take legal access from either Winchester Road or from a proposed 40 foot access easement that extends from Seta Street through the project site.

SP No. 288 includes 17 Planning Areas with residential, commercial and open space land use designations. The project involves Planning Areas No. 2 and 3. Planning Area No. 2 is designated Open Space – Recreation in the land use plan for SP No. 288, which is consistent with the General Plan’s Open Space: Recreation and Open Space: Conservation land use designations. Planning Area No. 3 is designated Commercial Retail in the land use plan for SP No. 288, which is consistent with the General Plan’s Community Development: Commercial Retail land use designation.

A Plot Plan or Conditional Use Permit will need to be reviewed and approved in accordance with Ordinance No. 348 prior to the construction and operation of a commercial use on the project site. Future plans to develop the site will need to conform to the lot configuration. If future development plans do not conform to the proposed lot configuration, the developer may be required to reconfigure the lots with a lot merger, lot line adjustment, revision, or a new map in accordance with Ordinance No. 460.

ENVIRONMENTAL REVIEW / ENVIRONMENTAL FINDINGS

Environmental Impact Report No. 376 (EIR) was certified in 2013 for Amendment No. 2 to SP No. 288. Pursuant to State CEQA Guidelines 15162, no further environmental documentation is required because:

1. No substantial changes are being proposed that will require major revisions of the previous EIR due to new significant environmental effects or a substantial increase in the severity of previously identified significant effects. The proposed project is a subdivision, not any type of development. Impacts within the previous EIR prepared included Open Space-Recreation and Commercial Retail. The project does not propose greater development or substantially different type of development that were analyzed in the previous EIR, which are Open Space-Recreation and Commercial Retail. No changes to Planning Areas 2 and 3 boundaries are being proposed. As a result, the environmental impacts from the proposed project will be similar to those examined previously.

2. No substantial changes have occurred at the project site or elsewhere with respect to the circumstances under which the project is being undertaken which would require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects. No changes to Planning Areas 2 or 3 boundaries are being proposed. The EIR studied Planning Area 2 as Open Space-Recreation, and Planning Area 3 as Commercial Retail. As a result, the environmental impacts to natural land resources that are associated with the physical boundary of the Project were previously analyzed. Since no changes to the Specific Plan land uses or to
the allowable land uses are being proposed, the potential impacts from the project are no worse than those previously analyzed in the EIR.

3. No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete, has been uncovered. The proposed project does not include any revisions to the approved for Specific Plan No. 288 and analyzed in the EIR. The proposed project is a subdivision of land would not directly create any physical development. The proposed subdivision creates additional parcels for future development, which would be required to be analyzed further to determine consistency with Specific Plan No. 288 and the assumptions included within the EIR. The proposed Project will not substantially alter the present or planned land use of the area, and noise impacts from operations will be similar to those examined previously.

FINDINGS AND CONCLUSIONS

In order for the County to approve the proposed project, the following findings are required to be made:

Land Use Findings:

1. The project site has a General Plan Land Use Designation of Community Development: Commercial Retail (CD:CR), Open Space: Recreation (OS:R), and Open Space: Conservation (OS:C). The project is a subdivision of land and no land uses are proposed at this time.

2. The project site has an existing Zoning Classification of Specific Plan (SP No. 288), which is consistent with the Riverside County General Plan.

3. Although the proposed project does not propose specific uses, its design fosters future development primarily as commercial uses which are allowed in Planning Areas No. 2 and 3 of SP No. 288, subject to a future approved Plot Plan or Conditional Use Permit, pursuant to the Specific Plan zoning ordinance.

Subdivision Findings:

The project is a Schedule "E" map that propose 14 parcels on 25.19 gross acres. The findings required to approve the project, pursuant to the provisions of Riverside County Ordinance No. 460, are as follows:

1. The proposed subdivision, subdivision design and improvements are consistent with the County's General Plan and SP No. 288 as provided in this staff report and the above Land Use Findings, and with all applicable requirements of State law and the ordinances of Riverside County. There are no community plans covering the site.

2. The site of the project is physically suitable for the type of development and density because the site is relatively flat which is conducive for development overall and does not present constraints to the proposed subdivision and development of the site, especially commercial development that is anticipated to be developed pursuant to the Specific Plan.
3. The design of the proposed project or proposed improvements are not likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat, because the proposed subdivision is consistent with the Specific Plan No. 288 and EIR No. 376, and would not cause any additional impacts beyond those analyzed in EIR No. 376. Furthermore, the current project for subdivision would not directly create development of building and uses that would create physical impacts and future development on the property would be required to be reviewed for consistency with the Specific Plan and EIR to determine environmental impacts of actual development.

4. The design of the proposed project or the type of improvements are not likely to cause serious public health problems, because the subdivision is consistent with the Specific Plan No. 288 and EIR No. 376, and would not cause any additional impacts beyond those analyzed in EIR No. 376. In addition the subdivision does not directly permit any commercial uses on the project site.

5. As indicated in the included project Conditions of Approval, the project includes the improvements as required by Riverside County Ordinance No. 460 for a Schedule “E” Map. Ordinance No. 460 requires all land divisions to conform to the County’s General Plan, with applicable specific plans, Ordinance No. 348 and with the requirements of Ordinance No. 460. The project complies with the Schedule ‘E’ improvement requirements provided in Section 10.5 of Ordinance No. 460 as listed below.

   a. Streets. Streets are proposed as shown on the Tentative Map, which include frontage improvements to Domenigoni Parkway and Winchester Road with the required street width dedication and improvements consistent with the required street width dedication and improvements for a Major Highway consistent with the General Plan Circulation Element. Curb and gutter and sidewalks are included for all proposed improved streets.

   b. Domestic Water. Domestic water service will be supplied by Eastern Municipal Water District via underground pipes consistent with the requirements set forth in California Administrative Code Title 22, Chapter 16.

   c. Fire Protection. The project will provide for super fire hydrants with minimum distance of 400 feet to all portions of the building and pressure at 4,000 gallons per minute for a 4 hour duration at 20 pounds per square inch. Other fire protection measures shall be determined based on specific interior tenant designs and building code requirements.

   d. Sewage Disposal. Sewer service will be supplied by Eastern Municipal Water District

   e. Fences. At minimum the project is required to provide six-foot high chain link fencing along any canal, drain, expressway, or other feature deemed hazardous. No such features exist on the project site, but Salt Creek is located adjacent to the project site. Future development will be required to install a fence or wall as may be appropriate along this boundary based on the future grading and building location and design for the project site.

   f. Electrical and Communication Facilities. The project will be provided electrical, telephone, street lighting, cable television service with lines place underground

6. The design of the proposed project or the type of improvements will not conflict with easements, acquired by the public at large, for access through, or use of, property within the proposed land division. Improvements will be incorporated into the right-of-way along Domenigoni Parkway and Winchester Road.
7. The project is consistent with the minimum lot size allowed for Planning Areas 2 and 3 in SP No. 288 because the zoning ordinance for SP No. 288 does not establish a minimum lot size requirement. The project’s minimum lot size proposed is 26,571 square feet.

Other Findings

1. The project site is within the Highway 79 Policy Area, and policy SWAP 9.2 requires a maximum residential density of the midpoint of the existing designation minus 9%. The project is for a tentative parcel map to accommodate future commercial development, not a residential use. Therefore, SWAP 9.2 does not apply to the proposed project.

2. This project is not located within a Criteria Area of the Western Riverside County Multi-Species Habitat Conservation Plan

3. Although compliance with Assembly Bill 52 was not required for the project because no further CEQA review was required, notices regarding this project were mailed to three requesting tribes on November 16, 2015 as courtesy to the tribes. Consultations were requested by the Pechanga Band of Luiseno Mission Indians and the Soboba Band of Luiseno Indians. Consultation was conducted with Soboba and Rincon per their request. Soboba concluded on March 23, 2016. Rincon did not have any comments. Pechanga did not have any comments. The final conditions of approval for the project were provided to Pechanga, as requested, and did not have any further comments and consultation was concluded.

4. The project site is located within the Fee Assessment Area for the Stephen’s Kangaroo Rat Habitat Conservation Plan (SKRHC). Per County Ordinance No. 663 and the SKRHC, all applicants for development permits within the boundaries of the Fee Assessment Area who cannot satisfy mitigation requirements through on-site mitigation, as determined through the environmental review process, shall pay a Mitigation Fee of $500.00 per gross acre of the parcels proposed for development. Payment of the SKRHC Mitigation Fee for this Project, instead of on-site mitigation, will not jeopardize the implementation of the SKRHC as all core reserves required for permanent Stephen’s Kangaroo Rat habitat have been acquired and no new land or habitat is required to be conserved under the SKRHC.

5. The project is located within the State Responsibility Area and future development of the project site will be required to be comply with the appropriate fire codes. The project site is approximately 1.2 miles from Riverside County Fire Department – Station 34. Fire protection and suppression services will be available for the future development of the site by the Riverside County Fire Department.

6. The project site is located within Zone B as identified by Ordinance No. 655 (Mt. Palomar). The project does not allow the construction of any structures, and therefore no impacts will occur.

PUBLIC HEARING NOTIFICATION AND COMMUNITY OUTREACH

Public hearing notices were mailed to property owners within 600 feet of the proposed project site. As of the writing of this report Planning Staff has not received written communication/phone calls in support or opposition to the proposed project.
The Planning Commission's decision may be appealed to the Board of Supervisors. Such appeals shall be submitted to the Clerk of the Board within 10 days of the notice of decision appearing on the Board of Supervisor's agenda.
ADVISORY NOTIFICATION DOCUMENT

The following notifications are included as part of the recommendation of approval for PM36545. They are intended to advise the applicant of various Federal, State and County regulations applicable to this entitlement and the subsequent development of the subject property.

Advisory Notification

Advisory Notification. 1 AND - Preamble

This Advisory Notification Document is included as part of the justification for the recommendation of approval of this Parcel Map and is intended to advise the applicant of various Federal, State and County regulations applicable to this entitlement and the subsequent development of the subject property in accordance with approval of that entitlement and are in addition to the applied conditions of approval.

Advisory Notification. 2 AND - Project Description & Operational Limits

Tentative Parcel Map No. 36545 is a schedule "E" subdivision of 25.19 gross acres into 14 lots. The minimum proposed parcel size is 0.61 gross acres.

Advisory Notification. 3 AND - Design Guidelines

Compliance with applicable Design Guidelines:
1. 3rd & 5th District Design Guidelines
2. County Wide Design Guidelines and Standards
3. County Design Guidelines

Advisory Notification. 4 AND - Exhibits

The development of the premises shall conform substantially with that as shown on APPROVED EXHIBIT(S)
Exhibit A (Site Plan)

Advisory Notification. 5 AND - Hold Harmless

The applicant/permittee or any successor in interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following: (a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the CONDITIONAL USE PERMIT and, (b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the CONDITIONAL USE PERMIT, including, but not limited to, decisions made in response to California Public Records Act requests.
ADVISORY NOTIFICATION DOCUMENT

Advisory Notification

Advisory Notification. 5 AND - Hold Harmless (cont.)
The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

E Health

E Health. 1 0010-E Health-EMWD WATER AND SEWER SERVICE

All projects subject to Specific Plan 288 A2 shall be required to connect to Eastern Municipal Water District (EMWD) water and sewer service. It is the responsibility of the project applicant to ensure that all requirements to obtain water and sewer service are met with EMWD as well as all other applicable agencies.

Comments: INEFFECT PAGUTIER 20151118

E Health. 2 0010-E Health-USE - NOISE STUDY

Prior to the development of the residential parcels, a noise study is required to be reviewed by the Office of Industrial Hygiene (IH). Please contact IH at 951-955-8980 for additional details.

Comments: RECOMMND KAKIM 20151117

E Health. 3 0020-E Health-ENVIRONMENTAL CLEANUPS PROGRAM

Prior to the approval of any implementing project within the SPECIFIC PLAN (i.e.: tract map, parcel map, use permit, plot plan, etc.), the following condition shall be placed on the implementing project:
Prior to the approval of any Planning Case project subject to SP 288 A2, the applicant shall submit to the Department of Environmental Health (DEH), Environmental Cleanups Program (ECP) for review and consideration an original copy of an Environmental Assessment Phase 1 Study (EA Phase 1). Applicable review fees shall be required.
Prior to the Issuance of any Grading Permit, an Environmental Assessment Phase 2 Study (EA Phase 2) shall be submitted to ECP for review if the information provided in the EA Phase 1 study indicates the requirements. Applicable review fees shall be required.
For further information, please contact ECP at (951)955-8982.
ADVISORY NOTIFICATION DOCUMENT

E Health

E Health. 3 0020-E Health-ENVIRONMENTAL CLEANUPS PROGRAM (cont.)

Comments: INEFFECT PAGUTIER 20151118

E Health. 4 0020-E Health-SP - INDUSTRIAL HYGIENE

Prior to the approval of any implementing projects within the SPECIFIC PLAN (i.e.: tract map, parcel map, use permit, plot plan, etc.) the following condition shall be placed on the implementing project:

A. General Condition shall be placed on the project indicating the following:

1) Facility-related noise, as projected to any portion of any surrounding property containing a "habitable dwelling, hospital, school, library or nursing home", must not exceed the following worst-case noise levels: - 45 dB(A) - 10 minute noise equivalent level ("leq"), between the hours of 10:00 p.m. to 7:00 a.m. (nighttime standard). 65 dB(A) - 10 minute leq, between 7:00 a.m. and 10:00 p.m. (daytime standard).

2) A six (6) foot high (noise barriers) masonry block walls or combination berm and block wall shall be constructed along Domenigoni Parkway.

3) Whenever a construction site is within one-quarter mile (1/4) of a mile of an occupied residence or residences, no construction activities shall be undertaken between the hours of 6:00 p.m. and 7:30 a.m. during the weekdays. No person, while engaged in construction, remodeling, digging, grading, demolition, or any other related building activity, shall operate any tool, equipment or machine in a manner that produces loud noise that disturbs a person of normal sensitivity who works or resides in the vicinity, or a peace officer, on any weekend day or any federal holiday. Exceptions to these standards shall be allowed only with the written consent of the building official.

4) To inform potential sensitive receivers within 1/4 mile of any areas that will require blasting, as to the timing and duration of any potential blasting activities associated with the project. Notification shall take place a minimum of five working days prior to anticipated blasting activities.

5) All construction vehicles or equipment shall be equipped with properly operating and maintained mufflers and in proper tune per manufacturer's specifications.

6) During construction, best efforts should be made to locate stockpiling and/or stationary noise-generating construction equipment from the property line of existing sensitive receptors, when and where feasible.

7) To reduce noise impacts associated with temporary diesel or gasoline powered generators, it shall have maximum noise muffing capacity and be located as fast as technically feasible placed a minimum of 500 feet from noise sensitive uses.

8) To minimize or eliminate motor driven noise from construction equipment, contractors shall utilize construction equipment that is either propane or electric powered, when technically feasible.

9) To minimize noise from idling engines, all vehicles and construction equipment shall be prohibited from idling in excess of three minutes, when not in use.

Prior to the Issuance of any Building Permit, the following shall be provided to the Building and Safety Department for review and approval:

1) A copy of the Precise Grading Plans and Building Architectural Plans.

2) The final acoustical impact analysis will be utilized to confirm this preliminary acoustical impact analysis' findings and to determine building and/or unit specific interior noise levels and potential mitigation measures necessary for the Project to
ADVISORY NOTIFICATION DOCUMENT

E Health

E Health. 4 0020-E Health-SP - INDUSTRIAL HYGIENE (cont.)
insure interior noise levels will be consistent with County standards.
3) To reduce impacts from loading docks, an analysis shall be done to determine the
proposed noise impact to adjacent properties.
4) A final acoustical report (as listed above) must be reviewed and approved
addressing the noise that might be produced from traffic and retail locations, etc.
Building design must be shown to reduce interior noise to at or below 45 Ldn for those
residential units along Winchester Road (SH-79), Domenigoni Parkway, and Rice
Road.
5) The applicant shall pay review fees to the appropriate Department for all time spent
in review of this project. Fees shall be assessed at time of project submittal for review.

Fire

Fire. 1 0010-Fire-MAP-#50-BLUE DOT REFLECTORS

Blue retroreflective pavement markers shall be mounted on private streets, public
streets and driveways to indicate location of fire hydrants. Prior to installation,
placement of markers must be approved by the Riverside County Fire Department.

Comments: RECOMMND SPAYNE 20151117

Fire. 2 0010-Fire-MAP*-#16-HYDRANT/SPACING

A fire hydrant hydrant system shall be required. Fire
hydrants shall provide fire flow per California Fire Code
2013 edition and Riverside County Fire Department
Standards.

Comments: RECOMMND SPAYNE 20151117

Flood

Flood. 1 0010-Flood-SP FLOOD HAZARD REPORT 8/30/12

Specific Plan 288 (Crossroads in Winchester) is proposal to
develop approximately 200-acres for various uses. The
specific plan is located south of the Winchester area
roughly bounded by Salt Creek Channel to the north,
Winchester Road (Highway 79) to the east and Old Newport
Road to the south. No specific development proposals
within the specific plan were submitted.

The topography of the site consists of a wide flat valley
in the northern portion and steep rocky hills in the
southern portion. The specific plan straddles two major
watersheds with the northern two-third (2/3) portion of the
Flood

Flood. 1 0010-Flood-SP FLOOD HAZARD REPORT 8/30/12 (cont.)
site in the Santa Ana River watershed and the remaining
one-third (1/3) southerly portion in the Santa Margarita
River watershed. Specifically, the northern portion drains
to Salt Creek Channel while the southerly portion flows to
Warm Springs Creek. As development proposals are
submitted, it is important that flows are not diverted from
one watershed to another and the existing drainage patterns
are perpetuated.

The center portion of the site predominantly drains under
Domenigoni Parkway through two (2), 48-inch RCP. A small
portion in this area drains to the east to an 18-inch CMP
under Winchester Road and eventually joins offsite flows
entering the site from the east through existing three (3)
30-inch CMP under Winchester Road, near the intersection of
Patton Avenue and Old Newport Avenue. These combined
flows join the northern portion of the site and outlet to
the adjacent Salt Creek Channel.

The southern portion drains to the southeast corner of the
site to a 30-inch CMP under Winchester Road. These flows
eventually flow to Warm Springs Creek.

The District received The Crossroads in Winchester
Preliminary Drainage Study, Albert A. Webb and Associates,
dated May 2012. The drainage study identified the existing
condition drainage problems and proposed condition drainage
solutions. The District finds the overall drainage study
acceptable for the specific plan, and therefore, a more
refined study shall be submitted at the development stage.

While improvements to District's Salt Creek Channel
(Project No. 4 - 0 - 00110) have eliminated a majority of
the floodplain which crossed the site, the northwest
portion of the site is still located within a Zone A
floodplain as delineated on Panel No. 06065C - 2080G of the
Flood Insurance Rate Maps issued in conjunction with the
National Flood Insurance Program administered by the
Federal Emergency Management Agency (FEMA). This 'bulge'
is a result of backwater caused by the restrictions of the
Rice Road crossing. Improvements will be required to
eliminate this floodplain so the site can be fully
developed. As a result of Salt Creek Channel, a
Conditional Letter of Map Revision (CLOMR) has been
approved for a section that is just downstream of the
project. A LOMR for the channel section north of the
ADVISORY NOTIFICATION DOCUMENT

Flood

Flood. 1 0010-Flood-SP FLOOD HAZARD REPORT 8/30/12 (cont.) project, constructed as part of TR30322-1, is pending.

All developments will be required to provide flood protection from the 100-year storm and discharge flows to an adequate outlet. Increased runoff mitigation will be required for developments which drain within the Warm Springs Creek watershed. No mitigation for increased runoff is required for developments which drain to Salt Creek Channel.

The proposed development of this site would adversely impact water quality. To mitigate for these impacts, the SP reflects four (4) water quality basins at the north portion of the project and one (1) water quality/detention basin at the southeast corner of the project. The proposed water quality features are acceptable for the specific plan. However, each individual development proposal will be required to submit a preliminary project-specific Water Quality Management Plan (WQMP) as part of their development proposal. The WQMP shall address the site specific development proposed and be consistent applicable regulations in effect at that time.

Drainage fees have been adopted by the Board of Supervisors. The properties which drain to Salt Creek Channel are subject to the Winchester/North Hemet sub-watershed of the Salt Creek Channel Area Drainage Plan (ADP). The properties which drain to Warm Springs Creek are subject to the Warm Springs Valley sub-watershed of the Murrieta Creek ADP. As development proposal(s) are submitted to the County for processing, these fees will be included in the conditions of approval.

RECOMMND EDUCKWOR 20171127
DRAFT EDUCKWOR 20171127
INEFFECT PAGUTIER 20151118

Flood. 2 0015-FLOOD HAZARD REPORT

Parcel Map (PM) 36545 is a proposal for a Schedule “E” subdivision of a 53.46-acre site in the Winchester area. The site is located on the northwesterly corner of Domenigoni Parkway and Winchester Road. Salt Creek runs along the northern boundary of the site. The project site is within the Crossroads in Winchester Specific Plan (SP) 288.

The improvements to the District’s Salt Creek Channel has eliminated the floodplain which historically crossed the site. A drainage area of approximately 220 acres is
ADVISORY NOTIFICATION DOCUMENT

Flood

Flood. 2 0015-FLOOD HAZARD REPORT (cont.)
tributary to the site from the south through an existing double 48-inch culvert under Domenigoni Parkway. There is an existing interim dirt swale within a 40-foot drainage easement that conveys these flows to Salt Creek Channel, Stage 5 (project number 4-0-00110/drawing number 4-0698). The tentative map shows a proposed 72-inch storm drain from the culvert outlet to a new, proposed outlet to Salt Creek Channel. There is another existing drainage swale within a 40-foot drainage easement in the easterly portion of the site that collects stormwater runoff from catch basins in Domenigoni Parkway and conveys them to Salt Creek Channel. The map shows a proposed 24-inch storm drain that conveys these flows to a new outlet into Salt Creek Channel. The intent of these proposed storm drains appears to be to abandon the existing interim drainage swales and the corresponding drainage easements. A new connection into Salt Creek Channel will require all associated encroachment permits to be obtained prior to the issuance of any grading permits. Alternatively, the proposed storm drains can be designed with alignments that utilize the existing outlets into Salt Creek.

Any proposed drainage facility must be designed to the District's standards and have 100-year capacity. All drainage facilities proposed outside the public right-of-way shall be contained within drainage easements. All drainage easements must be delineated on an environmental constraint sheet to accompany the final map with a note stating, "Drainage easements must be kept free of all buildings and obstructions". In order to protect the any proposed structures from flooding, all underground facilities must have an emergency escape path in the event any inlets become blocked with debris. If the applicant wishes to have the District maintain the major drainage facilities, then the applicant/engineer shall consult with the District early in the design process regarding materials, hydraulic design, and transfer of rights of way.

The impervious area proposed with this development project will generate impacts to water quality that must be mitigated. The preliminary water quality management plan (WQMP) indicates the use of bio-retention basin(s) to mitigate these impacts. Conceptually the preliminary WQMP is acceptable to the District, but may need additional information and the calculations to be refined in the final WQMP at the final plan check stage of development. Revisions to the WQMP may be required with the submittal of any associated land-use cases. All BMPs must be located outside of all drainage easements and the 100-year floodplain limits.

It should be noted that the site is located within the bounds of the Salt Creek Channel – Winchester/North Hemet Area Drainage Plan (ADP) for which drainage fees have been established by the Board of Supervisors. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to permits for this project. Although the current fee for this ADP is $131 per acre, the fee due will be based on the fee in effect at the time of payment. The fee is payable to the Flood Control District by cashier's check or money order only. The District will not accept personal or company checks. The drainage fee is required to be paid prior to the issuance of the grading permits or issuance of the building permits if grading permits are not issued.

Flood. 3 0020-Flood-SP ADDITIONAL REVISION REQD
ADVISORY NOTIFICATION DOCUMENT

Flood

0020-Flood-SP ADDITIONAL REVISION REQD (cont.)

Within 60 days or prior to the County approval of the final SPECIFIC PLAN document (as required by 20.PLANNING.2), additional edits are required to be incorporated. The SP document shall be edited as noted below:

1. Section 4 - Drainage Plan includes passing references to water quality basins. The document shall include further discussions on post-construction water quality mitigation measures in this section and other sections as applicable.

2. The basin locations and size differs between the drainage plan (Figure A-4-2) and grading plan (Figure A-7-2). The figures shall be revised accordingly.

It is the District's opinion that these items can be incorporated into the Draft SP prior to release for public review and thus are not issuing a denial for the project at this time. If these changes have not been included in the Draft SP during the public review process, corrections will be issued.

Planning

0010-Planning-MAP - GEOLOGIST'S COMMENTS

County Geologic Report (GEO) No. 2288 was previously reviewed and approved by the County Geologist for the SPECIFIC PLAN. The geotechnical consultant of record for this implementing project shall, at a minimum, update GEO02288 with regards to the specific project design and current standards of practice. Alternatively, a new study focused on the implementing project alone may be submitted.

This update or new study shall be submitted as a new GEO report attached specifically to implementing project (tract map, CUP, etc.). Note: acquisition of a County geologic report (GEO) number and submittal of review fees is required. All reports (2 wet-signed original copies), Planning Geologic Report application (case sub-type GEO3) and deposit base fee payment should be submitted, in person by the applicant or his/her representative, at one of the County's two main offices (Riverside, Palm Desert). These items should be submitted at the Land Use counter. Reports and payment should not be given to the Planner or County

Transportation

Transportation. 1 0010-Transportation-SP - SP288A2/CONDITIONS

The Transportation Department has reviewed the traffic
study submitted for the referenced project. The study has
been prepared in accordance with County-approved
guidelines. We generally concur with the findings relative
to traffic impacts.

The General Plan circulation policies require a minimum of
Level of Service 'C', except that Level of Service 'D' may
be allowed in community development areas at intersections
of any combination of secondary highways, major highways,
arterials, urban arterials, expressways or state highways
and ramp intersections.

The study indicates that it is possible to achieve adequate
levels of service for the following intersections based on
the traffic study assumptions.

Haun Road (NS) at:
Newport Road (EW)
I-215 Southbound Ramps (NS) at:
Newport Road (EW)
I-215 Northbound Ramps (NS) at:
Newport Road (EW)
Antelope Road (NS) at:

Transportation. 3 COUNTY WEB SITE

Additional information, standards, ordinances, policies, and design guidelines can be obtained from the Transportation Department Web site: http://rctima.org/trans/. If you have questions, please call the Plan Check Section at (951) 955-6527.

Transportation. 4 DRAINAGE 1

The land divider shall protect downstream properties from damages caused by alteration of the drainage patterns, i.e., concentration or diversion of flow. Protection shall be provided by constructing adequate drainage facilities including enlarging existing facilities and/or by securing a drainage easement. All drainage easements shall be shown on the final map and noted as follows: "Drainage Easement - no building, obstructions, or encroachments by landfills are allowed". The protection shall be as approved by the Transportation Department.

Transportation. 5 DRAINAGE 2

The land divider shall accept and properly dispose of all off-site drainage flowing onto or through the site. In the event the Transportation Department permits the use of streets for drainage purposes, the provisions of Article XI of Ordinance No. 460 will apply. Should the quantities exceed the street capacity or the use of streets be prohibited for drainage purposes, the subdivider shall provide adequate drainage facilities and/or appropriate easements as approved by the Transportation Department.

Transportation. 6 STD INTRO 3(ORD 460/461)

With respect to the conditions of approval for the referenced tentative exhibit, the land divider shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Ordinance 460 and Riverside County Road Improvement Standards (Ordinance 461). It is understood that the tentative map correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q’ s, and that their omission or unacceptability may require the map to be resubmitted for further consideration. These Ordinances and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation
Transportation

50. Prior To Map Recodarion

E Health
050 - E Health. 1 0015-E Health Solid Waste Service Not Satisfied
Prior to map recodarion, the project must provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.

050 - E Health. 2 0015-E Health Water and Sewer Service Not Satisfied
Provide current documentation from the appropriate purveyor(s) for the establishment of water and sewer service for this project, PRIOR TO MAP RECORDATION.

Fire
050 - Fire. 1 0050-Fire-MAP-#46-WATER PLANS Not Satisfied
The applicant or developer shall furnish one copy of the water system plans to the Fire Department for review. Plans shall be signed by a registered civil engineer, containing a Fire Department approval signature block, and shall conform to hydrant type, location, spacing and minimum fire flow. Once plans are signed by the local water company, the originals shall be presented to the Fire Department for signature.

050 - Fire. 2 0050-Fire-MAP-#47-SECONDARY ACCESS Not Satisfied
In the interest of Public Safety, the project shall provide an Alternate or Secondary Access(s). Said Alternate or Secondary Access(s) shall have concurrence and approval of both the Transportation Department and the Riverside County Fire Department.

050 - Fire. 3 0050-Fire-MAP-#53-ECS-WTR PRIOR/COMBUS Not Satisfied
Ecs map must be stamped by the Riverside County Surveyor with the following note: The required water system, including fire hydrants, shall be installed and accepted by the appropriate water agency prior to any combustible building material placed on an individual lot.

050 - Fire. 4 0050-Fire-MAP-#64-ECS-DRIVEWAY ACCESS Not Satisfied
Ecs map must be stamped by the Riverside County Surveyor with the following note: Fire Department access shall be in accordance with the California Fire Code, 2013 edition, and Riverside County Fire Department standards. An approved turnaround shall be provided at all building sites on driveways over 150 feet in length.

050 - Fire. 5 0050-Fire-MAP-#67-ECS-GATE ENTRANCES Not Satisfied
Ecs map must be stamped by the Riverside County Surveyor with the following note: Gate entrances shall be at least two feet wider than the width of the traffic lanes serving that gate. Any gate providing access from a road to a driveway shall be located at least 35 feet setback from the roadway and shall open to allow a vehicle to stop without obstructing traffic on the road. Where a one-way road with a single traffic lane provides access to a gate entrance, a 38 feet turning radius shall be used.

050 - Fire. 6 0050-Fire-MAP-#73-ECS-DRIVEWAY REQUIR Not Satisfied
Ecs map must be stamped by the Riverside County Surveyor with the following note: Access will not have an up, or downgrade of more than 15% access will not be less than 20 feet in width per the 2013 CFC and will have a vertical clearance of 15'. Access will be designed to withstand the weight of 75
50. Prior To Map Recordation

Fire

050 - Fire. 6 0050-Fire-MAP-#73-ECS-DRIVEWAY REQUIR (cont.) Not Satisfied thousand pounds over 2 axles. Access will have a turning radius of 38 feet capable of accommodating fire apparatus.

050 - Fire. 7 0050-Fire-MAP-#88-ECS-AUTO/MAN GATES Not Satisfied

Ecs map must be stamped by the Riverside County Surveyor with the following note: Gates shall be minimum 20 feet in width. Gate access shall be equipped with a rapid entry system. Plans shall be submitted to the Fire Department for approval prior to installation. Automatic/manual gate pins shall be rated with shear pin force, not to exceed 30' pounds. Automatic gates shall be equipped with emergency backup power. Gates activated by the rapid entry system shall remain open until closed by the rapid entry system.

050 - Fire. 8 0050-Fire-MAP*-#59-ECS-HYDR REQUIR Not Satisfied

Ecs map must be stamped by the Riverside County Surveyor with the following note: Should the applicant or developer choose to defer the fire protection requirements, an Environmental Constraint Sheet shall be filed with the final map containing the following: Prior to the issuance of a building permit, the applicant or developer shall provide written certification from the water company that approved fire hydrants exist or that financial arrangements have been made to provide hydrants

050 - Fire. 9 0050-Fire-MAP*-#70-ECS-ADDRESS Not Satisfied

Ecs map must be stamped by the Riverside County Surveyor with the following note: building addresses shall be clearly visible from public roadway. A permanent monument may be required for the address in any of the following ways: Attached to a permanent fence near the entrance to the project; addresses on a metal plate attached to a pole buried in 18"x18" concrete base; block, brick, or rock stand no less than 3 feet in height and 1 foot in width. Address numbers will be minimum 3 inch letter height, 3/8 inchstroke, reflectorized contrasting with the background colors of the sign. Address shall be displayed horizontally.

Flood

050 - Flood. 1 6 Items to Accept Facility Not Satisfied

Inspection and maintenance of the flood control facility/ies to be constructed with this tract must be performed by either the County Transportation Department or the Flood Control District. The engineer (owner) must request in writing that one of these agencies accept the proposed system. The request shall note the project number, location, briefly describe the system (sizes and lengths) and include an exhibit that shows the proposed alignment. The request to the District shall be addressed to the General Manager-Chief Engineer, Attn: Chief of the Planning Division. If the District is willing to maintain the proposed facility three items must be accomplished prior to recordation of the final map or starting construction of the drainage facility: 1) the developer shall submit to the District the preliminary title reports, plats and legal descriptions for all right of way to be conveyed to the District and secure that right of way to the satisfaction of the District; 2) an agreement with the District and any maintenance partners must be executed which establishes the terms and conditions of inspection, operation and maintenance; and 3) plans for the facility must be signed by the District's General Manager-Chief Engineer. The plans cannot be signed prior to execution of the agreement. An application to draw up an agreement must be submitted to the attention of the District's Administrative Services Section. All right of way transfer issues must be coordinated with the District's Right of Way Section. The engineer/developer will need to submit proof of flood control
50. Prior To Map Recordation

Flood

050 - Flood. 1 6 Items to Accept Facility (cont.) Not Satisfied
facility bonds and a certificate of insurance to the District’s Inspection section before a
pre-construction meeting can be scheduled.

050 - Flood. 2 ADP Fee Notice Not Satisfied
A notice of drainage fees shall be placed on the environmental constraint sheet and final map. The
exact wording of the note shall be as follows: NOTICE OF DRAINAGE FEES Notice is hereby given
that this property is located in the Salt Creek Channel – Winchester/North Hemet Area Drainage Plan
which was adopted by the Board of Supervisors of the County of Riverside pursuant to Section 10.25
of Ordinance 460 and Section 66483, et seq, of the Government Code and that said property is
subject to fees for said drainage area. Notice is further given that, pursuant to Section 10.25 of
Ordinance 460, payment of the drainage fees shall be paid with cashier's check or money order only
to the Riverside County Flood Control and Water Conservation District at the time of issuance of the
grading or building permit for said parcels, whichever occurs first, and that the owner of each parcel,
at the time of issuance of either the grading or building permit, shall pay the fee required at the rate in
effect at the time of issuance of the actual permit.

050 - Flood. 3 Encroachment Permit Required Not Satisfied
An encroachment permit shall be obtained for any work that is to be performed within the District
right-of-way or involving District facilities. The encroachment permit application shall be processed
and approved concurrently with the improvement plans.

050 - Flood. 4 On-site Drainage Easement Not Satisfied
Onsite drainage facilities located outside of road right of way shall be contained within drainage
easements shown on the final map. A note shall be added to the final map stating, "Drainage
easements shall be kept free of buildings and obstructions".

050 - Flood. 5 Phasing Not Satisfied
If the tract is built or recorded in phases, each phase must be protected from the one-percent annual
chance (100-year) tributary flows and shall mitigate its water quality impacts. Additionally, the water
quality features necessary to mitigate impacts associated with each phase shall be constructed. The
construction of all necessary improvements along with easements and/or permission from affected
property owners to safely discharge the concentrated or diverted one-percent annual chance
(100-year) tributary flows of each phase shall be required prior to its final map recordation.

050 - Flood. 6 Submit Final WQMP Not Satisfied
A copy of the project specific WQMP shall be submitted to the District for review and approval.

050 - Flood. 7 Submit Plans - Map Not Satisfied
A copy of the project specific WQMP, improvement plans, grading plans, final map, Environmental
Constraint Sheet, BMP improvement plans, and any other necessary documentation along with
supporting hydrologic and hydraulic calculations shall be submitted to the District for review and
approval. All submittals shall be date stamped by the engineer and include a completed Flood Control
Deposit Based Fee Worksheet and the appropriate plan check fee deposit.
050 - Planning.  1  

0050-Planning-MAP - CC&R RES PRI COMMON AREA  
Not Satisfied

The applicant shall notify the Planning Department that the following documents shall be submitted to the Office of County Counsel and submit said documents for review along with the current fee, which shall be subject to County Counsel approval:
1. A cover letter identifying the project for which approval is sought;
2. A signed and notarized declaration of covenants, conditions and restrictions;
3. A sample document, conveying title to the purchaser of an individual lot or unit, which provides that the declaration of covenants, conditions and restrictions is incorporated therein by reference; and,
4. A deposit equaling three (3) hours of the current hourly fee for Review if Covenants, Conditions and Restrictions established pursuant to County Ordinance No. 671 at the time the above referenced documents are submitted for County Counsel review.

The declaration of covenants, conditions and restrictions submitted for review shall a) provide for a minimum term of 60 years, b) provide for the establishment of a property owners' association comprised of the owners of each individual lot or unit as tenants in common, c) provide for ownership of the common area by either the property owners' association or the owners of each individual lot or unit as tenants in common, and (d) contain the following provisions verbatim:

"Notwithstanding, any provision in this Declaration to the contrary, the following provisions shall apply: The property owners' association established herein shall manage and continuously maintain the 'common area', more particularly described on Exhibit '____', attached hereto, and shall not sell or transfer the 'common area' or any part thereof, absent the prior written consent of the Planning Director of the County of Riverside or the County's successor-in-interest.

The property owners' association shall have the right to assess the owners of each individual lot or unit for the reasonable cost of maintaining such 'common area' and shall have the right to lien the property of any such owner who defaults in the payment of a maintenance assessment. An assessment lien, once created, shall be prior to all other liens recorded subsequent to the notice of assessment or other document creating the assessment lien.

This Declaration shall not be terminated, 'substantially' amended, or property deannexed therefrom absent the prior written consent of the Planning Director of the County of Riverside or the County's successor-in-interest. A proposed amendment shall be considered 'substantial' if it affects the extent, usage or maintenance of the 'common area' established pursuant to this Declaration.

In the event of any conflict between this Declaration and the Articles of Incorporation, the Bylaws, or the property owners' association Rules and Regulations, if any, this Declaration shall control."  

Once approved by the Office of County Counsel, the declaration of covenants, conditions and restrictions shall be recorded the Planning Department with one copy retained for the case file, and one copy provided to the County Transportation Department - Survey Division.

050 - Planning.  2  

0050-Planning-MAP - COMMON AREA MAINTENANCE  
Not Satisfied

PRIOR TO MAP RECORDATION, the following procedures for common area maintenance procedures shall be complied with:
a. A permanent master maintenance organization shall be established for the specific plan area, to assume ownership and maintenance responsibility for all common recreation, open space, circulation systems and landscaped areas. The organization may be public or private. Merger with an area-wide or regional organization shall satisfy this condition provided that such organization is legally and financially capable of assuming the responsibilities for ownership and maintenance. If the organization is a private association then neighborhood associations shall be established for each residential development, where required, and such associations may assume ownership and maintenance responsibility for neighborhood common areas.
50. Prior To Map Recordation

Planning

050 - Planning. 2

0050-Planning-MAP - COMMON AREA MAINTENANCE (cont)

b. Unless otherwise provided for in these conditions of approval, common open areas shall be conveyed to the maintenance organization as implementing development is approved or any subdivision as recorded.

c. The maintenance organization shall be established prior to or concurrent with the recordation of the first land division. d. The common areas to be maintained by the master maintenance organization shall include, but not be limited to, the following: Planning Area[s] ______.

050 - Planning. 3

0050-Planning-MAP - ECS DEBRIS FLOW

An environmental constraints sheet (ECS) shall be prepared for this project. The ECS shall indicate the area of the project site that is subject to potential debris flow and rockfall hazards. In addition, a note shall be placed on the ECS as follows:

"Portions of this site, as delineated on this ECS map and as indicated in County Geologic Report (GEO) No. 2288, contain areas of potential debris flow and/or rockfall hazards. These areas must be assessed by the project engineering geologist and project geotechnical engineer and appropriately mitigated during site grading. All slopes must be maintained protect against erosion and future potential slope failure.

050 - Planning. 4

0050-Planning-MAP - ECS LIQUEFACTION

An environmental constraints sheet (ECS) shall be prepared for this project. The ECS shall indicate the area of the project site that is subject to the potential hazard of liquefaction (may include entirety of site). In addition, a note shall be placed on the ECS as follows:

"This site, as delineated on this ECS map and as indicated in County Geologic Report (GEO) No. 2288, is subject to the potential hazard of liquefaction. Therefore, mitigation of this hazard, in the form of remedial grading and/or structural design improvements, is required prior to placement of settlement sensitive structures on this site."

050 - Planning. 5

Map - CC&R Reciprocal Easement

"The land divider shall notify the Planning Department that the following documents shall be submitted to the Office of the County Counsel and submit said documents for review along with the current fee, which documents shall be subject to County Counsel approval:

1. A cover letter identifying the project for which approval is sought referencing the Planning Department case number;

2. A copy AND an original wet signed, notarized grant of reciprocal easement document, which includes, but is not necessarily limited to, both a legal description of the boundaries of the reciprocal easement and a scaled map or diagram of such boundaries, both signed and stamped by a California registered civil engineer or licensed land surveyor;

3. A sample document conveying title to the purchaser of an individual lot or unit which provides that the grant of reciprocal easement is incorporated therein by reference; and

4. A deposit equaling three (3) hours at the current hourly rate for the Review of Covenants, Conditions and Restrictions as established pursuant to Ordinance No. 671 at the time the above documents are submitted for review by the Office of the County Counsel.

The grant of reciprocal easement document submitted for review shall (a) provide for no limit to the
50. Prior To Map Recordation

Planning

050 - Planning. 5 Map - CC&R Reciprocal Easement (cont.) Not Satisfied
term of years or life of the reciprocal easement, (b) provide reciprocal easements for ingress and
egress, parking, drainage and flood control facilities between parcels shown on the TENTATIVE MAP
property known as Parcels 1-4 on property known as Pulsar Industrial Court, and (c) contain the
following provisions verbatim:

"Notwithstanding any provision in this Grant of Reciprocal Easement to the contrary, the following
provision shall apply:

This Grant of Reciprocal Easement shall not be terminated, 'substantially' amended, or property
deannexed therefrom absent the prior written consent of the Planning Director of the County of
Riverside, or the County's successor-in-interest. A proposed amendment shall be considered
'substantial' if it affects the extent, usage or maintenance of the reciprocal easement established
pursuant to the Grant of Reciprocal Easement."

Once approved by the Office of the County Counsel, the copy and the original grant of reciprocal
easement document shall be forwarded to the Planning Department. The Planning Department shall
keep the copy for the case file and forward the original document to the Transportation
Department-Survey Division for safekeeping until the final map is ready to record. The
Transportation Department-Survey Division shall record the original grant of reciprocal easement
document in conjunction with the recordation of the final map.

050 - Planning. 6 Map - CC&R Reciprocal Easement Not Satisfied

"The land divider shall notify the Planning Department that the following documents shall be

outdoor lighting systems shall be in conformance with County Ordinance No. 655."

Survey

050 - Survey. 1 ACCESS RESTRICTION Not Satisfied

Lot access shall be restricted on Domenigoni Parkway and so noted on the final map.

050 - Survey. 2 EASEMENT Not Satisfied
50. Prior To Map Recordation

Survey

050 - Survey. 2 EASEMENT (cont.) Not Satisfied

Any easement not owned by a public utility, public entity or subsidiary, not relocated or eliminated prior to final map approval, shall be delineated on the final map in addition to having the name of the easement holder, and the nature of their interests, shown on the map.

Transportation

050 - Transportation. 1 ANNEX L&LMD/OTHER DIST Not Satisfied

Prior to map recordation, the project proponent shall comply with County requirements within public road rights-of-way, in accordance with Ordinance 461. Assurance of maintenance is required by filing an application for annexation to Landscaping and Lighting Maintenance District No. 89-1-Consolidated and/or any other maintenance district approved by the Transportation Department. Said annexation should include the following:

1. Landscaping along Domenigoni Parkway and SH-79 (Winchester Road)
2. Street lights.
3. Trails along Domenigoni Parkway.
4. Traffic signals located per traffic condition of approval.

5. Street sweeping.

For street lighting, the project proponent shall contact the County Service Area (CSA) Project Manager who determines whether the development is within an existing CSA or will require annexation into the CSA.

If the project is outside boundaries of a CSA, the project proponent shall contact the Transportation Department L&LMD 89-1-C Administrator and submit the following:

1. Completed Transportation Department application.
2. Appropriate fees for annexation.
3. Two (2) sets of street lighting plans approved by the Transportation Department.
4. "Streetlight Authorization" form from SCE, or other electric provider.

050 - Transportation. 2 CONSTRUCT RAMP Not Satisfied

Ramps shall be constructed at 4-way intersections and "T" intersections per Standard No. 403, sheets 1 through 7 of Ordinance 461.

050 - Transportation. 3 CORNER CUT-BACK I Not Satisfied

All corner cutbacks shall be applied per Standard 805, Ordinance 461, except for corners at Entry streets intersecting with General Plan roads, they shall be applied per Exhibit 'C' of the Countywide Design Guidelines.

050 - Transportation. 4 IMP PLANS Not Satisfied

Improvement plans for the required improvements must be prepared and shall be based upon a design profile extending a minimum of 300 feet beyond the limit of construction at a grade and alignment as approved by the Riverside County Transportation Department. Completion of road improvements does not imply acceptance for maintenance by County.

NOTE: Before you prepare the street improvement plan(s), please review the Street Improvement Plan Policies and Guidelines from the Transportation Department Web site:
50. Prior To Map Recordation

Transportation

050 - Transportation. 4 IMP PLANS (cont.)
http://rctlma.org/trans/General-Information/Pamphlets-Brochures

050 - Transportation. 5 INTERSECTION/50' TANGENT
All centerline intersections shall be at 90 degrees, plus or minus 5 degrees, with a minimum 50' tangent, measured from flowline/curbface or as approved by the Transportation Planning and Development Review Division Engineer.

050 - Transportation. 6 LANDSCAPING/TRAILS
The project proponent shall comply in accordance with landscaping(and/or trail) requirements within public road rights-of-way (or within easements adjacent to the public rights-of-way), in accordance with Ordinance 461, Comprehensive Landscaping Guidelines & Standards, and Ordinance 859.
Landscaping shall be improved within Domenigoni Parkway and SH-79 (Winchester Road) (and/or trails shall be improved along Domenigoni Parkway.
Landscaping plans shall be submitted on standard County plan sheet form (24" X 36").
Landscaping plans shall be submitted with the street improvement plans. If landscaping maintenance (and/or trails) is to be annexed to a County Service Area, or Landscaping and Lighting Maintenance District, landscaping plans shall depict ONLY such landscaping, irrigation and related facilities as are to be placed within the public road rights-of-way.

050 - Transportation. 7 LIGHTING PLAN
A separate street light plan and/or a separate bridge light plan) is required for this project. Street (and bridge) lighting shall be designed in accordance with County Ordinance 460 and Streetlight Specification Chart found in Specification Section 22 of Ordinance 461. For projects within SCE boundaries use County of Riverside Ordinance 461, Standard No. 1500 or No. 1501.

050 - Transportation. 8 MAP - DEDICATIONS
Seta Street (Entry) designated as ENTRY STREET and shall be improved with 54' full-width AC pavement and 6" concrete curb & gutter within the 84 foot full-width dedicated right-of-way in accordance with County Standard No. 103, Section "A", Ordinance 461. (54'/84') (Modified for increased improvements from 44' to 54' AC pavements and increased right-of-way from 74' to 84')

NOTE:

1. A 5' sidewalk shall be constructed 3' from the property line within the 15' parkway, per Standard No. 103, Ordinance 461.

050 - Transportation. 9 MAP - EXISTING CALTRANS MAINTAINED
Winchester Road (SH-79) is a paved "Caltrans" maintained road designated MAJOR HIGHWAY and shall be improved with 38'-55' half-width AC pavement, concrete curb and gutter (project side), 8" concrete curbed raised median, and much up asphalt concrete paving; reconstruction or resurfacing of existing paving as determined by the CALTRANS within the 109'-126' full-width (59'-76' project side and 50' on the opposite side of centerline) dedicated right-of-way in accordance with County Standard No. 93, page (1 of 2) and (2 of 2), Ordinance 461.
50. Prior To Map Recordation

Transportation

050 - Transportation. 9 MAP - EXISTING CALTRANS MAINTAINED (cont.) Not Satisfied

NOTE:

1. A 5' meandering sidewalk (project side) shall be constructed within the 21' parkway or as approved by Caltrans.

2. A right in/right out driveway shall be constructed per County standard No. 207(A), Ordinance 461.

3. A 12' raised curb median along project boundary on Winchester Road (SH-79) shall be constructed at the centerline as directed by Caltrans. This is restrict access from the project to right-in/right-out turning movements.

4. Project proponent shall pay a fair share amount contribution for the construction of Winchester Road (SH-79) bridge as determined by the Director of Transportation.

5. All required curb to curb improvement plans, within the Caltrans jurisdiction, shall be submitted to Caltrans.

6. All parkway improvement plans, within the Caltrans jurisdiction, shall be submitted to County Transportation Department for review and approval.

050 - Transportation. 10 MAP - EXISTING MAINTAINED Not Satisfied

Domenigoni Parkway is a paved County maintained road designated URBAN ARTERIAL HIGHWAY and shall be improved with a 12' wide sidewalk/bike path adjacent to the right-of-way line within the 21' dedicated parkway, and/or drainage devices including sewer and water laterals shall be constructed as determined by the Director of Transportation.

NOTE:

1. Driveway shall be constructed per Standard No. 207(A), Ordinance 461 along Domenigoni Parkway.

2. Driveway shall be right in/out only.

050 - Transportation. 11 SIGNING & STRIPING PLAN Not Satisfied

A signing and striping plan is required for this project. The applicant shall be responsible for any additional paving and/or striping removal caused by the striping plan or as approved by the Director of Transportation.

050 - Transportation. 12 SOILS 2 Not Satisfied

The developer/owner shall submit a preliminary soils and pavement investigation report addressing the construction requirements within the road right-of-way.

050 - Transportation. 13 ST DESIGN/IMPRV CONCEPT Not Satisfied

The street design and improvement concept of this project shall be coordinated with PM37414.
50. Prior To Map Recordation

Transportation

050 - Transportation. 14 UTILITY PLAN Not Satisfied

Electrical power, telephone, communication, street lighting, and cable television lines shall be designed to be placed underground in accordance with Ordinance 460 and 461, or as approved by the Transportation Department. The applicant is responsible for coordinating the work with the serving utility company. This also applies to existing overhead lines which are 33.6 kilovolts or below along the project frontage and between the nearest poles offsite in each direction of the project site. A disposition note describing the above shall be reflected on design improvement plans whenever those plans are required. A written proof for initiating the design and/or application of the relocation issued by the utility company shall be submitted to the Transportation Department for verification purposes.

60. Prior To Grading Permit Issuance

BS-Grade

060 - BS-Grade. 1 0060-BS Grade-MAP - EASEMENTS/PERMISSION Not Satisfied

Prior to issuance of a Grading Permit, the applicant may be required to post a Grading and/or Erosion Control Security. Please contact the Riverside County Transportation Department at (951) 955-6888 for additional information and requirements.

060 - BS-Grade. 2 0060-BS Grade-MAP - IF WQMP IS REQUIRED Not Satisfied

If a Water Quality Management Plan (WQMP) is required, the owner/applicant shall submit to the Building & Safety Department, the Final Water Quality Management Plan (WQMP) site plan for comparison to the grading plan.

060 - BS-Grade. 3 0060-BS Grade-MAP - IMPROVEMENT SECURITIES Not Satisfied

Prior to issuance of a Grading Permit, the applicant may be required to post a Grading and/or Erosion Control Security. Please contact the Riverside County Transportation Department at (951) 955-6888 for additional information and requirements.

060 - BS-Grade. 4 0060-BS-Grade-MAP - NO PRECISE GRDG Not Satisfied

A PRECISE GRADING PERMIT WILL NOT BE ISSUED, BY THE BUILDING AND SAFETY DEPARTMENT, FOR ANY PARCEL(S) OF THIS SUBDIVISION - UNLESS AN APPROPRIATE LAND USE PERMIT HAS ALSO BEEN ISSUED AND APPROVED, BY THE PLANNING DEPARTMENT, FOR THAT SAME PARCEL(S).

Flood

060 - Flood. 1 6 Items to Accept Facility Not Satisfied

Inspection and maintenance of the flood control facility/ies to be constructed with this tract must be performed by either the County Transportation Department or the Flood Control District. The engineer (owner) must request in writing that one of these agencies accept the proposed system. The request shall note the project number, location, briefly describe the system (sizes and lengths) and include an exhibit that shows the proposed alignment. The request to the District shall be addressed to the General Manager-Chief Engineer, Attn: Chief of the Planning Division. If the District is willing to maintain the proposed facility three items must be accomplished prior to recodification of the final map or starting construction of the drainage facility: 1) the developer shall submit to the District the preliminary title reports, plats and legal descriptions for all right of way to be conveyed to the District
60. Prior To Grading Permit Issuance

Flood

060 - Flood. 1 6 Items to Accept Facility (cont.) Not Satisfied and secure that right of way to the satisfaction of the District; 2) an agreement with the District and any maintenance partners must be executed which establishes the terms and conditions of inspection, operation and maintenance; and 3) plans for the facility must be signed by the District’s General Manager-Chief Engineer. The plans cannot be signed prior to execution of the agreement. An application to draw up an agreement must be submitted to the attention of the District’s Administrative Services Section. All right of way transfer issues must be coordinated with the District’s Right of Way Section. The engineer/developer will need to submit proof of flood control facility bonds and a certificate of insurance to the District’s Inspection section before a pre-construction meeting can be scheduled.

060 - Flood. 2 ADP Fee - Map Not Satisfied Parcel Map (PM) 36545 is located within the limits of the Salt Creek Channel – Winchester/North Hemet Area Drainage Plan (ADP) for which the Board of Supervisors has adopted drainage fees pursuant to Ordinance No. 460. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to issuance of permits for this project. Although the current fee for this ADP is $131 per acre, the fee due will be based on the fee in effect at the time of payment. Drainage fees shall be paid with cashier’s check or money order only to the District.

060 - Flood. 3 Encroachment Permit Required Not Satisfied An encroachment permit shall be obtained for any work that is to be performed within the District right-of-way or involving District facilities. The encroachment permit application shall be processed and approved concurrently with the improvement plans.

060 - Flood. 4 Phasing. Not Satisfied If the tract is built or recorded in phases, each phase must be protected from the one-percent annual chance (100-year) tributary flows and shall mitigate its water quality impacts. Additionally, the water quality features necessary to mitigate impacts associated with each phase shall be constructed. The construction of all necessary improvements along with easements and/or permission from affected property owners to safely discharge the concentrated or diverted one-percent annual chance (100-year) tributary flows of each phase shall be required prior to its final map recordation.

060 - Flood. 5 Submit Final WQMP Not Satisfied A copy of the project specific WQMP shall be submitted to the District for review and approval.

060 - Flood. 6 Submit Plans Not Satisfied A copy of the project specific WQMP, improvement plans, grading plans, BMP improvement plans and any other necessary documentation along with supporting hydrologic and hydraulic calculations shall be submitted to the District for review. The plans must receive District approval prior to the issuance of permits. All submittals shall be date stamped by the engineer and include a completed Flood Control Deposit Based Fee Worksheet and the appropriate plan check fee deposit.

Planning

060 - Planning. 1 0060- PLANNING- BIOLOGY- SPECIFIC PLAN CONDITION Not Satisfied
60. Prior To Grading Permit Issuance

Planning

060 - Planning. 1 0060- PLANNING- BIOLOGY- SPECIFIC PLAN CONDITION  Not Satisfied
A non-jurisdictional determination from USACE and CDFG staff shall be obtained or applicable
permits obtained by implementing Project developers from these agencies prior to development of the
planning areas PA-1 through PA-4.

060 - Planning. 2 0060- PLANNING- CULTURAL- SPECIFIC PLAN CONDITION  Not Satisfied
For any grading activity that involves excavation below a depth of five feet from natural grade, a
paleontological resource monitoring program shall be developed and submitted to the County
Department of Building and Safety prior to the issuance of the associated grading permit. The
program shall include for monitoring the site, by a qualified professional, for paleontological resources
during 50 percent of the time of mass grading activities.
If paleontological resources are discovered during the monitoring activities, and such resources are
determined to be potentially significant, resource recovery and/or recordation operations shall occur
as directed by a qualified professional. Such operations may include resource salvage, preparation of
recovered specimens, identification and curation, and written documentation.
The qualified monitor is empowered to temporary halt or divert grading equipment to allow removal of
abundant or large specimens.

060 - Planning. 3 0060- PLANNING- CULTURAL  Not Satisfied
The developer/permit holder or any successor in interest shall comply with the following for the life of
this Project: If during ground disturbance activities, cultural resources are discovered that were not
assessed by the archaeological reports and/or environmental assessment conducted prior to Project
approval, the following procedures shall be followed. A cultural resources site is defined, for this
condition, as being three or more artifacts in close association with each other, but may include fewer
artifacts if the area of the find is determined to be of significance due to it sacred or cultural
importance. All ground disturbance activities within 100 feet of the discovered cultural resource shall
be halted until a meeting is convened between the developer, the Project Archaeologist, the Native
American tribal representative (or other appropriate ethic/cultural group representative), and the
County Archaeologist to discuss the significance of the find. At the meeting, the significance of the
discoveries shall be discussed and after coordination with the Native American tribal (or other
appropriate ethnic/cultural group representative) and the Project Archaeologist, a decision is made,
with the concurrence of the County Archaeologist, as to whether the resource will be subject to
preservation in place or documentation and/or data recovery. Further ground disturbance shall not
resume within the area of the discovery until an agreement has been reached by all parties.

060 - Planning. 4 0060- PLANNING- CULTURAL  Not Satisfied
Prior to the issuance of grading permits, the developer/permit holder shall retain and enter into a
monitoring and mitigation service contract with a qualified Archaeologist for mitigation services. This
professional shall be known as the "Project Archaeologist." The Project Archaeologist shall be
included in the pre-grade meetings to provide cultural/historical sensitivity training including the
establishment of set guidelines for ground disturbance in sensitive areas with the grading contractors
and any required tribal or special interest monitors. The Project Archaeologist shall manage and
oversee monitoring for all mass or rough grading activities and excavation of each portion of the
Project site including clearing, grubbing, tree removals, mass or rough grading, trenching, and
structure demolition. The Project Archaeologist shall have the authority to temporarily divert, redirect
or halt the ground disturbance activities to allow identification, evaluation, and potential recovery of
cultural resources in coordination with any required tribal or special interest monitors. Monitoring may
60. Prior To Grading Permit Issuance

Planning

060 - Planning. 4  0060- PLANNING- CULTURAL (cont.) Not Satisfied
be stopped or reduced if in the professional opinion of the Project Archaeologist, and the concurrence of the County Archaeologist, there is no further need for monitoring after a reasonable period of monitoring with negative results. Pursuant to the recommendation in the Phase II Archeological Testing and Evaluation the soil in and around the central and east central portions of the Locus B, Site 33-0020292, shall be removed under the direction of the archaeological monitor (i.e. controlled removal) and screened for artifacts as part of the monitoring program. The developer/permit holder shall submit a fully executed copy of the contract to the Riverside County Planning Department to ensure compliance with this condition of approval. Upon verification, the Planning Department shall clear this condition. NOTE: -The Project Archaeologist is responsible for implementing mitigation using standard professional practices for cultural resources archaeology. The Project Archaeologist shall consult with the County, developer/ permit holder and any required tribal or special interest group monitor throughout the process. -This agreement shall not modify any approved condition of approval or mitigation measure.

060 - Planning. 5  0060- PLANNING- GRADING- SPECIFIC PLAN CONDITION Not Satisfied
1 - The toes and tops of all slopes higher than ten feet shall be rounded with curves with radii designed in proportion to the total height of the slope where drainage and stability permits such rounding.
2 - Where cut and fill slopes are created higher than ten feet, detailed landscaping and irrigation plans shall be submitted to the Planning Department prior to grading plan approval. The plans shall be reviewed for type and density of ground cover, shrubs and trees.
3 - Graded, but undeveloped land shall be maintained weed-free and planted with interim landscaping within 90 days of completion of grading, unless building permits are obtained.
4 - All grading activities shall be in substantial conformance with the overall Conceptual Grading Plan of the SPECIFIC PLAN and shall implement all the grading-related recommendations in the Geotechnical Investigation Report prepared by the Garret Group, LLC, and the supplemental Geologic Update prepared by Petra Geotechnical, Appendix B.
5 - Prior to initial grading activities, a detailed soils report and geotechnical study shall be prepared which analyzes on-site soil conditions and slope stability and includes appropriate measures to control erosion and dust.
6 - Prior to any on-site grading for each project or group of projects, a detailed grading plan shall be prepared. A grading permit shall be obtained from the County of Riverside, as required by County Ordinance No. 457, prior to grading.
7 - Grading work on the entire project site shall be balanced on-site whenever possible.
8 - Potential brow ditches, terrace drains, or other minor swales shall be lined with natural erosion control materials or concrete and shall comply with NPDES "Best Management Practices."

060 - Planning. 6  0060- PLANNING- SPECIFIC PLAN CONDITION Not Satisfied
To reduce construction equipment emissions during site grading in Phase 1, the contractor's fleet of off-road diesel-powered construction equipment greater than 25 hp shall meet the Tier 2 off-road emissions standards or better. Prior to issuance of grading permits, proof of compliance shall be provided to the County in Project construction specifications, which shall include, but is not limited to, a copy of each unit's certified tier specification.

060 - Planning. 7  0060-Planning-MAP - ARCHAEOLOGIST RETAINED Not Satisfied
Prior to the issuance of grading permits, a qualified archaeologist shall be retained by the land divider
60. Prior To Grading Permit Issuance

Planning

060 - Planning. 7  
0060-Planning-MAP - ARCHAEOLOGIST RETAINED (cont.) Not Satisfied
for consultation and comment on the proposed grading with respect to potential impacts to unique
archaeological resources. Should the archaeologist, after consultation with the appropriate Native
American tribe, find the potential is high for impact to unique archaeological resources (cultural
resources and sacred sites), a pre-grading meeting between the archaeologist, a Native American
observer, and the excavation and grading contractor shall take place. During grading operations, when
deemed necessary in the professional opinion of the retained archaeologist (and/or as determined by
the Planning Director), the archaeologist, the archaeologist's on-site representative(s) and the Native
American Observer shall actively monitor all project related grading and construction and shall have
the authority to temporarily divert, redirect, or halt grading activity to allow recovery of unique
archaeological resources. Prior to the issuance of grading permits, the NAME, ADDRESS and
TELEPHONE NUMBER of the retained archaeologist shall be submitted to the Planning Department
and the B&S Grading Division. If the retained archaeologist, after consultation with the appropriate
Native American tribe, finds no potential for impacts to unique archaeological resources, a letter shall
be submitted to the Planning Department certifying this finding by the retained qualified archaeologist.

060 - Planning. 8  
0060-Planning-MAP - CULTURAL RESOURCES Not Satisfied
Prior to issuance of grading permits where archaeological monitoring is required, the County
Archaeologist or her/his representative shall attend the pre-grade meeting to ensure that cultural
sensitivity training is adequately presented by the Project Archaeologist and Tribal Monitor, as
appropriate.
The selected Project Archaeologist for archaeological monitoring work shall be the
consultant-of-record for that scope of work. Any changes in archaeological consultant shall require
county approval.
The County Archaeologist may make site inspections at any time during site grading to ensure
compliance with monitoring requirements.

060 - Planning. 9  
0060-Planning-MAP - F&W CLEARANCE Not Satisfied
PRIOR TO THE ISSUANCE OF GRADING PERMITS, the applicant shall obtain written notification to
the County Planning Department that the appropriate California Department of Fish and Game
notification pursuant to Sections 1601/1603 of the California Fish and Game Code has taken place, or
obtain an "Agreement Regarding Proposed Stream or Lake Alteration" (Sections 1601/1603 Permit)
should any grading or construction be proposed within or along the banks of any natural watercourse
or wetland, located either on-site or any required off-site improvement areas. Copies of any
agreement shall be submitted with the notification.

060 - Planning. 10  
0060-Planning-MAP - PALEO PRIMP & MONITOR Not Satisfied
PRIOR TO ISSUANCE OF GRADING PERMITS:

1. The applicant shall retain a qualified paleontologist approved by the County of Riverside to create
and implement a project-specific plan for monitoring site grading/earthmoving activities (project
paleontologist).

2. The project paleontologist retained shall review the approved development plan and grading plan
and shall conduct any pre-construction work necessary to render appropriate monitoring and
mitigation requirements as appropriate. These requirements shall be documented by the project
paleontologist in a Paleontological Resource Impact Mitigation Program (PRIMP). This PRIMP shall be
60. Prior To Grading Permit Issuance

Planning

060 - Planning. 10 0060-Planning-MAP - PALEO PRIMP & MONITOR (cont.) Not Satisfied submitted to the County Geologist for review and approval prior to issuance of a Grading Permit.

Information to be contained in the PRIMP, at a minimum and in addition to other industry standard and Society of Vertebrate Paleontology standards, are as follows:

1. Description of the proposed site and planned grading operations.

2. Description of the level of monitoring required for all earth-moving activities in the project area.

3. Identification and qualifications of the qualified paleontological monitor to be employed for grading operations monitoring.

4. Identification of personnel with authority and responsibility to temporarily halt or divert grading equipment to allow for recovery of large specimens.

5. Direction for any fossil discoveries to be immediately reported to the property owner who in turn will immediately notify the County Geologist of the discovery.

6. Means and methods to be employed by the paleontological monitor to quickly salvage fossils as they are unearthed to avoid construction delays.

7. Sampling of sediments that are likely to contain the remains of small fossil invertebrates and vertebrates.

8. Procedures and protocol for collecting and processing of samples and specimens.

9. Fossil identification and curation procedures to be employed.

10. Identification of the permanent repository to receive any recovered fossil material. * Per the County of Riverside "SABER Policy", paleontological fossils found in the County of Riverside should, by preference, be directed to the Western Science Center in the City of Hemet. A written agreement between the property owner/developer and the repository must be in place prior to site grading.

11. All pertinent exhibits, maps and references.

12. Procedures for reporting of findings.

13. Identification and acknowledgement of the developer for the content of the PRIMP as well as acceptance of financial responsibility for monitoring, reporting and curation fees. The property owner and/or applicant on whose land the paleontological fossils are discovered shall provide appropriate funding for monitoring, reporting, delivery and curating the fossils at the institution where the fossils will be placed, and will provide confirmation to the County that such funding has been paid to the institution.

All reports shall be signed by the project paleontologist and all other professionals responsible for the report's content (eg. Professional Geologist), as appropriate. Two wet-signed original copies of the report(s) shall be submitted to the office of the County Geologist along with a copy of this condition and the grading plan for appropriate case processing and tracking. These documents should not be
60. Prior To Grading Permit Issuance

Planning

060 - Planning. 10 0060-Planning-MAP - PALEO PRIMP & MONITOR (cont.) Not Satisfied
submitted to the project Planner, the Plan Check staff, the Land Use Counter or any other County
office. In addition, the applicant shall submit proof of hiring (i.e. copy of executed contract, retainer
agreement, etc) a project paleontologist for the in-grading implementation of the PRIMP.

060 - Planning. 11 0060-Planning-MAP - SKR FEE CONDITION Not Satisfied

PRIOR TO THE ISSUANCE OF GRADING PERMITS, the applicant shall comply with the provisions
of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee
set forth in that ordinance. The amount of the fee required to be paid may vary depending upon a
variety of factors, including type of development application submitted and the applicability of any fee
reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be
calculated on the approved development project which is anticipated to be 184.9 acres in accordance
with the SPECIFIC PLAN.* If the development is subsequently revised, this acreage amount may be
modified in order to reflect the revised development project acreage amount. In the event Riverside
County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should
Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee
ordinance, payment of appropriate fee set forth in that ordinance shall be required.

* The fee may be applied to the proposed area of disturbance or the entire SPECIFIC PLAN site at the
discretion of the County Fee Administrator

Transportation

060 - Transportation. 1 Drainage Easement(s) Not Satisfied

The applicant shall provide on plan the instrument numbers and recordation dates of the proposed
drainage easements.

060 - Transportation. 2 SUBMIT GRADING PLAN Not Satisfied

When you submit a grading plan to the Department of Building and Safety, two sets of the grading
plan (24" X 36") shall be submitted to the Transportation Department for review and subsequently for
the required clearance of the condition of approval prior to the issuance of a grading permit.
Please note, if improvements within the road right-of-way are required per the conditions of approval,
the grading clearance may be dependent on the submittal of street improvement plans, the opening of
an IP account, and payment of the processing fee.
Otherwise, please submit required grading plan to the Transportation Department, Plan Check
Section, 8th Floor, 4080 Lemon Street, Riverside, CA
Standard plan check turnaround time is 10 working days.

70. Prior To Grading Final Inspection

Planning

070 - Planning. 1 0070- PLANNING- CULTURAL Not Satisfied

To reduce construction-related fugitive dust emissions, the contractor shall provide the County
Building and Safety Department with sufficient proof of compliance with SCAQMD Rule 403 and other
dust control measures including, but not limited to: -watering active sites three times daily, -requiring
the application of non-toxic soil stabilizers according to manufacturers’ specifications to all inactive
construction areas (previously graded areas inactive for 10 days or more, assuming no rain),
-requiring all trucks entering or leaving the site hauling dirt, sand, or soil, or other loose materials on
70. Prior To Grading Final Inspection

Planning

070 - Planning. 1 0070- PLANNING- CULTURAL (cont.) Not Satisfied
public roads to be covered and maintain a freeboard height of 12 inches, -suspending all excavating and grading operations when wind gusts (as instantaneous gust) exceed 25 miles per hour, post contact information outside the property for the public to call if specific air quality issues arise; the individual charged with receipt of these calls shall respond to the caller within 24 hours and resolution of the air quality issue, if valid, will occur as soon as possible, -sweeping of streets using SCAQMD Rule 1186 and 1186.1 certified street sweepers or roadway washing trucks (utilizing recycled water if it becomes available) at the end of the day if visible soil material is carried over to adjacent streets, -posting and enforcement of traffic speed limits of 15 miles per hour or less on all unpaved roads, -installation of wheel washers or gravel pads at construction entrances where vehicles enter and exit unpaved roads onto paved roads, or wash off trucks and any equipment leaving the site each trip to prevent track out, -replacing ground cover in disturbed areas as quickly as possible, and -paving of all roadways, driveways, sidewalks, etc., shall be completed as soon as possible.

070 - Planning. 2 0070-Planning-MAP - PALEO MONITORING REPORT Not Satisfied
PRIOR TO GRADING FINAL: The applicant shall submit to the County Geologist one wet-signed copy of the Paleontological Monitoring Report prepared for site grading operations at this site. The report shall be certified by the professionally-qualified Paleontologist responsible for the content of the report. This Paleontologist must be on the County’s Paleontology Consultant List. The report shall contain a report of findings made during all site grading activities and an appended itemized list of fossil specimens recovered during grading (if any) and proof of accession of fossil materials into the pre-approved museum repository. In addition, all appropriate fossil location information shall be submitted to the Western Center, the San Bernardino County Museum and Los Angeles County Museum of Natural History, at a minimum, for incorporation into their Regional Locality Inventories.

090 - Flood. 1  BMP - Education (cont.)  Not Satisfied
Department a notarized affidavit stating that the distribution of educational materials to the tenants is assured prior to the issuance of occupancy permits. If conditioned for a Water Quality Management Report (WQMP), a copy of the notarized affidavit must be placed in the report. The District MUST also receive the original notarized affidavit with the plan check submittal, by mail or in person in order to clear the appropriate condition. Placing a copy of the affidavit in the WQMP without submitting the original will not guarantee clearance of the condition.

090 - Flood. 2  Facility Completion - Map  Not Satisfied
The District will not release occupancy permits for any lots within the map or phase within the recorded map until the new storm drain and the drainage system are deemed substantially complete.

090 - Flood. 3  Implement WQMP - Map  Not Satisfied
All structural BMPs described in the project-specific WQMP shall be constructed and installed in conformance with approved plans and specifications. It shall be demonstrated that the applicant is prepared to implement all non-structural BMPs described in the approved project specific WQMP and that copies of the approved project-specific WQMP are available for the future owners/occupants. The District will not release occupancy permits for any portion of the project exceeding 80% of the total recorded residential lots within the map or phase within the map prior to the completion of these tasks.

Planning

090 - Planning. 1  0090- PLANNING- MAP - CULTURAL  Not Satisfied
Prior to final inspection of the first building permit, the developer/permit holder shall submit two (2) copies of a Phase IV Cultural Resources Monitoring Report that complies with the Riverside County Archeologist's requirements for such reports. The report shall include evidence of the required cultural/historical sensitivity training for the construction staff held during the pre-grade meeting. The Planning Department shall review the report to determine adequate mitigation compliance. Provided the report is adequate, the Planning Department shall clear this condition.

Transportation

090 - Transportation. 1  80% COMPLETION  Not Satisfied
Occupancy releases will not be issued to Building and Safety for any lot exceeding 80% of the total recorded residential lots within any map or phase of map prior to completion of the following improvements:

a) Primary and Alternate(secondary) access roads shall be completed and paved to finish grade according to the limits indicated in the improvement plans and as noted elsewhere in these conditions.

b) Interior roads shall be completed and paved to finish grade according to the limits indicated in the improvement plans and as noted elsewhere in these conditions. All curbs, gutters, sidewalks and driveway approaches shall be installed. The final lift of Asphalt Concrete on interior streets shall be placed prior to the release of the final 20% of homes or the production models or at any time when construction of new homes within the development has stopped. The developer shall be required to cap pave in front of occupied homes up to the nearest capped street within the tract boundary. The
90. Prior to Building Final Inspection

Transportation

090 - Transportation. 1 80% COMPLETION (cont.) Not Satisfied
subdivision will remain responsible for the maintenance of these facilities until all improvements within the tract boundary shall be completed and accepted into the County maintained system.

c) Storm drains and flood control facilities shall be completed according to the improvement plans and as noted elsewhere in these conditions. Written confirmation of acceptance for use by the Flood Control District, if applicable, is required.

d) Water system, including fire hydrants, shall be installed and operational, according to the improvement plans and as noted elsewhere in these conditions. All water valves shall be raised to pavement finished grade. Written confirmation of acceptance from water purveyor is required.

e) Sewer system shall be installed and operational, according to the improvement plans and as noted elsewhere in these conditions. All sewer manholes shall be raised to pavement finished grade. Written confirmation of acceptance from sewer purveyor is required.

f) Landscaping and irrigation, water and electrical systems shall be installed and operational in accordance with County Ordinance 461.

090 - Transportation. 2 LANDSCAPING Not Satisfied
The project proponent shall comply in accordance with landscaping requirements within public road rights-of-way, (or within easements adjacent to the public rights-of-way), in accordance with Ordinance 461, Comprehensive Landscaping Guidelines & Standards, and Ordinance 859. Landscaping shall be improved within Domenigoni Parkway and SH-79 (Winchester Road).

090 - Transportation. 3 R & B B D Not Satisfied
Prior to the time of issuance of a Certificate of Occupancy or upon final inspection, whichever occurs first, the project proponent shall pay fees in accordance with Zone E2 of the Menifee Road and Bridge Benefit District.
NOTE: The project gross acreage is 24.30 acres.

090 - Transportation. 4 STREET LIGHTS INSTALL Not Satisfied
Install streetlights along the streets associated with development in accordance with the approved street lighting plan and standards of County Ordinance 460 and 461. For projects within Imperial Irrigation District (IID) use (IID's) pole standard. Streetlight annexation into L&LMD or similar mechanism as approved by the Transportation Department shall be completed.
It shall be the responsibility of the Developer to ensure that streetlights are energized along the streets of those lots where the Developer is seeking Building Final Inspection (Occupancy).

090 - Transportation. 5 UTILITY INSTALL Not Satisfied
Electrical power, telephone, communication, street lighting, and cable television lines shall be placed underground in accordance with Ordinance 460 and 461, or as approved by the Transportation Department. This also applies to existing overhead lines which are 33.6 kilovolts or below along the project frontage and between the nearest poles offsite in each direction of the project site.
A certificate should be obtained from the pertinent utility company and submitted to the Department of Transportation as proof of completion.

090 - Transportation. 6 WRCOG TUMF Not Satisfied
90. Prior to Building Final Inspection
   Transportation

090 - Transportation. 6 WRCOG TUMF (cont.)

Prior to the issuance of an occupancy permit, the project proponent shall pay the Transportation Uniform Mitigation Fee (TUMF) in accordance with the fee schedule in effect at the time of issuance, pursuant to Ordinance No. 824.

TENTATIVE PARCEL MAP NO. 36545- EA: 42848- Applicant: Regent Winchester- Albert Webb & Associates- Third Supervisorial District – Winchester Zoning Area- Harvest Valley/Winchester Area Plan- Community Development: Commercial Retail (CD: CR), Community Development: High Density Residential (CD: HDR), Community Development: Medium Density Residential (CD: MDR), Open Space: Conservation (OS:C), Open Space: Reservation (OS:R), and Community Development: Very High Density Residential (CD: VHDR)- Location: Northerly of Dormignoni Parkway, southerly of Salt Creek Channel, easterly of Rice Road, and westerly of Winchester Road-53.46 acres- Zoning: Specific Plan (SP). REQUEST: The Parcel Map proposes a Schedule “E” subdivision to create fifteen (15) parcels in three (3) separate phases. Two (2) of the parcels will be for residential land use and thirteen (13) of the parcels will be for commercial/retail use. APNs: 461-220-116 and 461-220-011.

LDC staff members and other listed Riverside County Agencies, Departments and Districts staff:
A Bluebeam invitation has been emailed to appropriate staff members so they can view and markup the map(s) and/or exhibit(s) for the above-described project. Please have your markups completed and draft conditions in the Land Management System (LMS) on or before the indicated LDC date. If it is determined that the attached map(s) and/or exhibit(s) are not acceptable, please have corrections in the system and DENY the LMS routing on or before the above date. This case is scheduled for a [LDC meeting on November 19, 2015]. Once the route is complete, and the approval screen is approved with or without corrections, the project can be scheduled for a public hearing.

Other listed entities/individuals:
Please note that the Planning Department has gone paperless and is no longer providing physical copies of the submitted map(s) and/or exhibit(s) for review. However we still want your comments. Please go the Department’s webpage at: http://planning.rctlma.org/DevelopmentProcess/LDCAgendas/2015LDCAgendas.aspx
Open the LDC agenda for the above reference date, and scroll down to view the applicable map(s) and/or exhibit(s). Please provide any comments, questions and recommendations to the Planning Department on or before the above referenced date.

Should you have any questions regarding this project, please do not hesitate to contact Peter Lange, (951) 955-1417, Project Planner, or e-mail at Plange@rctlma.org/ MAILSTOP #: 1070

Re: Multiple Amendments to Ordinance No. 348.4

Dear Ms. Heather Thomson,

The Agua Caliente Band of Cahuilla Indians (ACBCI) appreciates your efforts to include the Tribal Historic Preservation Office (THPO) in the GPA 1218 project. The project area is not located within the boundaries of the ACBCI Reservation. However, it is within the Tribe’s Traditional Use Area. Since this action does not have the potential to impact cultural resources, we have no concerns at this time. This letter shall conclude our consultation efforts.

*At this time the concerns of the ACBCI THPO have been addressed and proper mitigation measures have been proposed to ensure the protection of tribal cultural resources. This letter shall conclude our AB52 consultation efforts.

Again, the Agua Caliente appreciates your interest in our cultural heritage. If you have questions or require additional information, please call me at (760)699-6956. You may also email me at ACBCI-THPO@aguacaliente.net.

Cordially,

RE: AB 52 Consultation; PM36545

This letter serves as a formal conclusion to consultation under AB 52 for the Soboba Band of Luiseño Indians.

The Soboba Band of Luiseño Indians appreciates your observance of Tribal Cultural Resources and their preservation in your project. The information provided to us on said project(s) has been assessed through our Cultural Resource Department. At this time the Soboba Band does not have any specific concerns regarding known cultural resources in the specified areas that the project encompasses, but does request that the appropriate consultation continue to take place between concerned tribes, project proponents, and local agencies. Please feel free to contact me with any additional questions or concerns.

Sincerely,

Joseph Ontiveros

Re: PM36545

Dear Ms. Thomson:

This letter is written on behalf of Rincon Band of Luiseño Indians. We have received your notification regarding the PM36545 Project and we thank you for the SB18/AB52 continued consultation notification. The location you have identified is within the Territory of the Luiseño people.

Embedded in the Luiseño Territory are Rincon’s history, culture and identity. The project is within the Territory of the Luiseño people but, is not within Rincon’s Historic Boundaries. We do not have any additional information regarding this project but, we defer to the Pechanga Band of Luiseño Indians or Soboba Band of Luiseño Indians who are closer to your project area.

Thank you for the opportunity to protect and preserve our cultural assets.

Sincerely,

Vincent Whipple  
Manager  
Rincon Cultural Resources Department

- If all questions answered "NO" Project requires incorporation of Site Design and source control BMPs imposed through Conditions of Approval or permit conditions.
APPLICATION FOR SUBDIVISION AND DEVELOPMENT

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) REQUIREMENTS

In 1987, Congress amended the Clean Water Act to require the permitting of stormwater discharges from municipal storm drain systems. The Riverside County Board of Supervisors adopted Riverside County Ordinance No. 754.1 establishing stormwater/urban runoff management and discharge controls to protect and enhance the water quality of Riverside County watercourses, water bodies, groundwater, and wetlands in a manner pursuant to and consistent with the Federal Clean Water Act.

Preventing pollution is much easier, and less costly than cleaning up polluted stormwater. Runoff from construction and grading sites can carry sediments and other pollutants into storm drains. Also, a developed site can contribute damaging new pollutants to the surrounding environment. A variety of “best management practices” (BMPs) can be used to prevent different types of stormwater pollution. Construction-related water quality impacts shall be addressed in accordance with County Ordinances, and shall comply with the Regional Water Quality Control Board Construction Permit, where applicable. New developments and redevelopments within the Santa Ana Region Watershed of Riverside County must mitigate their post construction water quality impacts by complying with Section 6 of the Drainage Area Management Plan (DAMP). New developments and redevelopment projects within Santa Margarita Region Watershed must mitigate their post construction water quality impacts by complying with Section 6 of the individual Co-permittee Jurisdictional Runoff Management Plan (JRMP). Some development and redevelopment projects may be required to submit a project-specific WQMP/SSMP in compliance with Section 6 of the DAMP and with Section 6 of the individual Co-permittee JRMP. Projects within the Whitewater watershed may refer to Appendix H of the Whitewater River Region Stormwater Management Plan (SWMP). These documents are available on-line at:

http://rcflood.org/npdes/SantaAnaWS.aspx,
http://rcflood.org/npdes/SantaMargaritaWS.aspx, and
http://rcflood.org/npdes/WhitewaterWS.aspx

Noncompliance with Riverside County Ordinance No. 754.1 may result in the imposition of substantial penalties by the local Regional Water Quality Control Board.
FILING INSTRUCTIONS FOR SUBDIVISION APPLICATION

The following instructions are intended to provide the necessary information and procedures to facilitate the processing of a Subdivision application. Your cooperation with these instructions will insure that your application can be processed in the most expeditious manner possible.

THE SUBDIVISION AND DEVELOPMENT FILING PACKAGE MUST CONSIST OF THE FOLLOWING:

1. One completed and signed application form.
2. One copy of the current legal description for each property involved as recorded in the Office of the County Recorder. A copy of a grant deed of each property involved will suffice.
3. If any of the properties involved do not abut a public street, a copy of appropriate documentation of legal access (e.g. recorded easement) for said property shall be provided.
4. Thirty-five (35) copies (40 if submitted at the Palm Desert Planning Office) of the Tentative Map. The map must also include the information described in the applicable application type column of the Subdivision and Development Matrix. All exhibits must be folded no larger than 8½" x 14."
5. Six (6) copies (9 if submitted at the Palm Desert Planning Office) of building floor plans (Exhibit "C") and elevations (Exhibit "B") elevations if project is a vesting tract, planned residential development (condominium etc.) or is within a R-2, R-4, or R-6 Zone. The exhibits shall also include the information described in items 1 through 7 of the Land Use and Development Matrix. All exhibits must be folded no larger than 8½" x 14."
6. One (1) recent (less than one-year old) aerial photograph of the entire Project Site with the boundary of the site delineated.
7. Two 8½" x 11" photocopies of a U. S. Geological Survey Quadrangle Map delineating the Site boundaries (Note: each photocopy must not have been enlarged or reduced, have a North arrow, scale, quadrangle name, and Section/Township/Range location of the site.)
8. A minimum of three (3) ground-level panoramic photographs (color prints) clearly showing the whole project site. Include a locational map identifying the position from which the photo was taken and the approximate area of coverage of each photograph.
9. Digital images of the aerial photograph, Tentative Map, Exhibit B (Building Elevations) & Exhibit C (Building Floor Plans), if any, the U.S.G.S. Map, and the panoramic photographs of the site in a format acceptable to the Planning Department (e.g. TIFF, GIF, JPEG, PDF)
10. Two (2) completed copies of the Project Specific Preliminary WQMP for the applicable watershed, if required.
11. One (1) SAN 53 (Sewer & Water Availability) letter from the Riverside County Environmental Health Department.
12. One geological report or waiver thereof if the land division lies within an Alquist-Priolo Earthquake Fault Zone.
13. One program for soil erosion control and other pollutants if the land division lies within a desert blow sand area.
14. Request for waiver of final map, when applicable (Parcel Maps only).
15. Deposit-based fees for the applicable application type or types, and Environmental Assessment deposit-based fee.
APPLICATION FOR SUBDIVISION AND DEVELOPMENT

The following is the minimum information required on the tentative map exhibit. The information below consists of detailed descriptions of information required on primary exhibits, as indicated in the Subdivision and Development Matrix.

SPOT ELEVATIONS

Spot elevations (proposed finished elevations) sufficient to demonstrate that streets, driveways, parking lots, and drainage grades meet minimum requirements. Spot elevations may be necessary at street intersections, ends, and cul-de-sacs; beginning and end of all driveways, parking lot outer limits, entrance and end points, and at all grade breaks.

CONSTRAINED AREA

Constrained areas include, but are not limited to, the following resources and hazards: Slopes in excess of 25%, biologically sensitive areas, archaeologically sensitive areas, flood hazard areas, ridgelines, hilltops, and geologically hazardous areas. Within constrained areas, proposed pad locations and driveways must be shown.

SITE GRADING, SUBSURFACE DISPOSAL REQUIREMENTS

When subsurface disposal is proposed, include and identify the primary sewage disposal system and its 100% expansion area, proposed cuts and/or fills in the areas of the sewage disposal systems, the elevation of the individual building pads such that there will be gravity feed to the sewage disposal system, and statement signed and with seal, as to the appropriateness of the grading plan with regard to the soils percolation engineer's report. Said statement may be attached to the grading plan or placed upon a blue line copy of the grading plan.

DRAINAGE PLAN

Tentative Maps/Primary Exhibits shall include a conceptual drainage plan showing how all on-site and off-site stormwater will be conveyed through the property. The exhibit shall clearly label points of concentration where flows enter or exit the site and indicate the amount of runoff (cubic feet per second - CFS) and the tributary drainage area (acres) at these points. The drainage plan shall acknowledge offsite construction required to collect flows and to discharge them to an adequate outlet. The exhibit shall also clearly label all watercourses, channels, culverts, brook ditches, or other flood control facilities passing through the site and indicate whether they are proposed or existing. Additionally, all facilities shall be labeled with name, owner, maintenance entity, capacity, grades, and dimensions. All easements or rights of way shall be shown and their widths indicated. Where calculated flow rates or hydraulic capacities are supplied or where flood control facilities are proposed, the exhibit shall be signed and sealed by a registered civil engineer.

In cases where it is not feasible to show the required detail on the exhibit or where offsite improvements or analysis are required, the applicant may submit two (2) copies of a drainage report as a supplement to the exhibit.

WATER QUALITY MANAGEMENT PLAN (WQMP) & Standard Stormwater Mitigation Plan (SSMP)

The Santa Ana, San Diego, and Colorado River Regional Water Quality Control Boards have adopted Board Orders R8-2010-0033, R9-2010-0016, and R7-2013-0011, respectively, in compliance with the federal National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer
APPLICATION FOR SUBDIVISION AND DEVELOPMENT

System (MS4) Clean Water Act requirements. These Board Orders regulate the discharge of pollutants from the County's MS4 permit, and require the County to implement measures to mitigate the water quality impacts of new developments within its jurisdiction. In compliance with these Board Orders, projects submitted within the certain portions of the unincorporated area of Riverside County for discretionary approval will be required to comply with the Water Quality Management Plan for Urban Runoff (WQMP) or with the Standard Stormwater Mitigation Plan (SSMP). The WQMP/SSMP addresses post-development water quality impacts from new development and redevelopment projects. The WQMP/SSMP requirements will vary depending on the project's geographic location (Santa Ana River, Santa Margarita River or Whitewater River watersheds). The WQMP/SSMP provides detailed guidelines and templates to assist the developer in completing the necessary studies. These documents are available on-line at:

http://rcflood.org/NPDES/

To comply with the WQMP/SSMP, a developer must submit a "Project-Specific", post construction WQMP/SSMP. This report is intended to, a). Identify potential post-project pollutants and hydrologic impacts associated with the development; b). Identify proposed mitigation measures (Best Management Practices - BMPs) for identified impacts including site design, source control and treatment control post-development BMPs; and c). Identify sustainable funding and maintenance mechanisms for the aforementioned BMPs. A template for this report is included as an appendix to the WQMP/SSMP.

Projects requiring Project Specific WQMPs or Project Specific SSMPs will need to include a PRELIMINARY Project Specific WQMP/SSMP along with the subdivision application package. The format of the PRELIMINARY report would mimic the format/template of the final report but would be at a much lesser level of detail. For example, points a, b & c above would be covered, rough calculations supporting sizing would be included, and footprint/locations for the BMPs would be identified on the tentative exhibit. Detailed drawings will not be required.

FLOOR PLANS AND ELEVATIONS

All floor plans and elevation exhibits shall include the information listed as indicated for items 1 through 7 of the Primary Exhibit Requirements (page 13) folded no larger than 8½" x 14". In addition, architectural elevations shall include scaled drawings of all sides of all buildings with dimensions indicating proposed height, and any wall signs, air conditioning equipment, solar equipment or other equipment mounted on exterior walls or roof. Conceptual sign program will be presented on the building architectural elevations or as a separate exhibit. No landscaping, figures, or other presentation decorations shall be illustrated on the building elevations.

DESIGN MANUAL

As an alternative to showing footprints, elevations, and floor plans, eight (8) copies of a Design Manual may be prepared and submitted as part of the Vesting Map or Planned Residential/Commercial Development application package. If this alternative is utilized, the applicant shall be required to identify on the tentative map, or as an exhibit to the tentative map, the building envelope for each lot. The building envelope is the buildable portion of the lot excluding all side, front and rear yard requirements and any special easements, uses, or topographic constraints. The applicant must insure that there is adequate area outside of the setback requirements for each housing model to be built on each lot, or identify model types that cannot be built on specific lots. This includes fireplaces, with the exception of the one-foot that is allowed to encroach into the setback. The applicant must identify in the design manual whether or not fireplaces will extend one foot into the setback.
APPLICATION FOR SUBDIVISION AND DEVELOPMENT

Design Manuals shall contain the following minimum information: Development Standards (ranges of minimum and maximum lot sizes, setbacks, height, frontage, depth, width, encroachments, lot coverage, parking, landscaping, size of dwelling units, location of two story structures, etc.), Design Guidelines (lighting concepts, grading criteria, siting criteria, fencing/walls, architectural features such as theme, form, mass, height, shade/shadow, building relief, materials, roof form and material, spaces, and accessory structures), Landscaping (coverage, plant selection, planting guidelines, special treatments), Lighting, and other information as required.

Projects with design manuals will receive a condition of approval, requiring plot plan approval prior to the issuance of a building permit, filed pursuant to Section 18.30 of Ordinance No. 348, finalizing footprint location and model type on each lot.

ALTERNATIVE ACCESS

When alternative access is required and the alternative access is off-site, or when any other public improvement is required or proposed off-site, the land divider shall do each of the following as part of the tentative map review.

1. Provide any studies or information required to adequately evaluate the environmental impacts of constructing the off-site, improvement/alignment; and,

2. Show all proposed centerline, approximate gradients and radii on the tentative map in addition to other factors such as street widths, pavement surface, etc. for the off-site improvement/alignment; and,

3. Provide mailing labels showing the addresses of property owners that are adjacent to the off-site improvement/alignment for hearing notification purposes and,

4. Provide written assurance(s) from the owner(s) of the property underlying the off-site improvement/alignments that sufficient right-of-way to construct will be provided. A formal agreement or offer of dedication is not necessary to satisfy this requirement, but the owner's willingness to cooperate must be communicated as to a form acceptable to the Transportation Department; and, in the event that the land divider does not satisfy one or more of the requirements set forth in subsections J-1, J-2, or J-3 of Riverside County Ordinance No. 460, and no exception is granted, the tentative map shall be redesigned such that the off-site improvement/alignment is no longer required. If the land divider refuses or is unable to redesign project review staff shall recommend to the appropriate Advisory Agency or Appeal Board that the tentative map be denied. In the event that the land divider does not satisfy the requirement set forth in subsection J-4. of RCO No. 460, project review staff shall note in its report the potential need to institute eminent domain proceedings and the appropriate Advisory Agency or Appeal Board may, in its discretion, act on the tentative map as designed or require that the map be redesigned to eliminate the off-site improvement/alignment.

The following table lists the minimum information required on the tentative map exhibit. IF ANY REQUIRED INFORMATION IS NOT APPLICABLE TO A SPECIFIC PROJECT, AN EXPLANATORY NOTE MUST BE PLACED ON THE EXHIBIT NEXT TO THE AMENDMENT BLOCK, EXPLAINING WHY THE INFORMATION IS NOT NECESSARY. All map exhibits must be clearly drawn and legible. NOTE: Additional information may be required during review of the subdivision, including information not specifically required by this checklist.

1. Name, address, and telephone number of applicant.
2. Name, address, and telephone number of landowner.
3. Name, address, and telephone number of exhibit preparer.
4. Assessor's Parcel Number(s) and, if applicable, address of the property.
5. Scale (number of feet per inch) use Engineer's Scale for all maps and exhibits. Architect's scale is only acceptable for the floor plans, elevations, and landscaping plans.
6. North arrow.
7. Data tentative map or exhibit prepared.
8. Map Number.
9. Title of Map (i.e. Map No., "Vesting Tentative Map", etc.).
10. Proposed improvement schedule (i.e. Schedule "A", "B", "C", etc.).
11. Map book and page numbers of adjoining recorded land divisions.
12. Complete legal description of property.
13. Overall dimensions and approximate total net and gross acreage of property.
14. Vicinity map, showing two access roads and site relationship to major highways and cities (Proposed and existing paved roads will be indicated by heavy dark lines or noted as paved).
15. Exhibit Amendment Block.
16. Thomas Brothers map page and coordinates (Indicate edition year used.).
17. Land division boundary line.
18. Proposed lot lines and dimensions of each parcel.
19. Net lot size, for each lot.
20. Gross lot size, for each lot 2 acre and larger in size.
21. Location of adjoining property and lot lines.
22. A statement indicating that the tentative map includes the entire contiguous ownership of the land divider or only a portion thereof.
23. Existing and proposed zoning and land use of property.
24. Existing use and zoning of property immediately surrounding subject property.
25. If project is within a Specific Plan, indicate the Specific Plan Planning Area number and the land use designation of subject property and all surrounding property.
26. Names of utility purveyors and school district(s), including providers of water, sewer, gas, electricity, telephone, and cable television.
27. Location, widths, and improvements of existing and proposed public utility easements, transmission lines, power and telephone poles, and underground utilities on or abutting the property.
28. Names, locations, right-of-way widths, and improvements of adjacent existing and proposed streets and the approximate grades of proposed and existing streets and approximate street centerline radii of curbs. If private streets are proposed, they shall be so noted on the tentative map.
29. Proposed names of streets without current names.
30. List and accurately show all easements of record (by map or instrument number).
31. Streets, alleys, and rights-of-way providing legal access to the property.
32. Indicate whether or not property is within a County Service Area or Community Facilities District, identify the district or area.
33. Typical street improvement cross-section (not required on schedule "H" or "I" parcel maps).
34. Label and describe any land or rights-of-way to be dedicated to public or other uses.
35. Any known existing wells on the property or within 200 feet of the property boundary.

36. Existing topography of the property, with the source(s) of the contour lines identified. The contour lines shall extend 300 feet beyond the exterior boundaries of the subject property when adjacent property is unimproved or vacant. When adjacent property is improved or not vacant, contour lines shall extend beyond the exterior boundaries of the subject property a distance sufficient to determine compatibility with adjacent property. Maximum contour interval should be five feet. Flood Control District and Transportation Department base maps are acceptable sources of information. Topography from U.S.G.S. maps may be used only when more detailed information is not available. Additional topography map be required if deemed necessary.

X  

37. Preliminary grading including all cut/fill slopes to scale with slope ratios and slope setbacks from structures and property lines, the elevations of all individual building pads, the elevations at the perimeter of the subdivision, conceptual drainage facilities (including the location of terraces, terrace drains, berm ditches, V-ditches, and lot to lot drainage facilities), existing topography and the relationship to adjoining land and development, and any existing grading.

X  

38. Preliminary grading as described above in item “37” for all existing and proposed road, and for all proposed pad and driveway locations within “contained” areas (See detailed description of “Constrained Area” on Page 11).

X  

39. Detailed grading plan to include all information required above in item “37” for preliminary grading plus a typical lot drainage design with a building envelope.

X  

40. Spot elevations (See detailed description of “Spot Elevations” on Page 11).

X  

41. When subsurface septic sewage disposal is intended, include the information described on Page 11 under, “Site Grading, Subsurface Disposal.”

X  

42. Note whether or not land is subject to liquefaction, or other geologic hazards, or is within a Special Studies Zone.

X  

43. Note whether or not land is subject to overflow, inundation, or flood hazards.

X  

44. FEMA mapped flood plains and floodways including zone designations.

X  

45. Drainage plan. (See description of "Drainage Plan on Page 11").

X  

46. Centerline curve radii and typical selections of all open channels.

X  

47. Table indicating area and density calculations with percentage breakdowns, including total area involved, total building area divided by uses, if applicable, total parking/paved area, total landscaped area, total recreation and/or open space area. Identify proposed parking spaces.

X  

48. Numbered mobile home or recreational vehicle spaces, dwelling units, or lots, and the total number of each type of space, unit, or lot.

X  

49. Labeled common areas, open space, and recreational areas with location, dimensions, acreage, and known proposed uses, and name of proposed owner(s) or entity(ies) who will maintain these areas.

X  

50. Location, dimensions, setbacks, and nature of any proposed and all existing fences, gates, walls, free-standing signs, driveways, turnouts and/or turnarounds, curbs, drainage structures, and above and below ground structures, including specific subsurface disposal systems.

X  

51. Location, dimensions, arrangement, and numbering of parking spaces for existing and/or proposed parking, loading and unloading facilities, identifying handicapped and compact parking spaces.

X  

52. Location and dimensions of existing and proposed ingress and egress, and methods of vehicular circulation.

X  

53. Lighting system, both street and outdoor.

X  

54. Location and dimensions of existing dwellings, buildings or other structures, labeled as

Existing and indicating whether they are to remain or be removed.

55. Location, dimensions, and height of proposed dwellings, buildings or other structures, labeled as proposed.

56. Setback dimensions of existing structures and paved areas.

57. Setback dimensions of proposed structures and paved areas.

58. Location and amount of flammable/combustible liquids and waste of both above and below ground.

59. Dimensioned elevations, including details of proposed materials for elevations, and type of construction and occupancy classification per the current County Adopted Uniform Building Code and floor plans for each building (Attach to Site Plan.)

60. Square footage of each dwelling unit and every floor and the total for each building shown.

61. Conceptual Planting Plan prepared pursuant to Ord. No. 859 and the County of Riverside Guide to California Friendly Landscaping which may be found at [http://www.rclima.org/trans/land_dev_landscaping_guidelines.html](http://www.rclima.org/trans/land_dev_landscaping_guidelines.html). Projects that include off-street parking shall also conform to Ord. No. 348, Section 18.12 and provide shading plans in conjunction with the Conceptual Planting Plan. Tentative Parcel Maps that include common area landscaping (e.g. in ROW, etc.) are required to submit Conceptual Planting Plans.

63. If R-2 Zone (Article VII, Sec. 7.1a (9)), Restricted Single-Family Residential Subdivision: building footprints, floor plan assignments, proposed setbacks, pad elevations, street grades, and all cut and fill slopes in excess of one foot in vertical height.

64. To show compliance with the County's Water Quality Management Plan, water quality features or a note describing the site's water quality features shall be shown.

Additional copies of this application may be obtained from the Planning Department's Web Page at [http://planning.rclima.org/DevelopmentProcess/Applications.aspx](http://planning.rclima.org/DevelopmentProcess/Applications.aspx)
INDEMNIFICATION AGREEMENT

This INDEMNIFICATION AGREEMENT ("Agreement"), made by and between the COUNTY OF RIVERSIDE, a political subdivision of the State of California ("COUNTY"), and Regent Winchester, LLC, a Delaware Limited Liability Company ("PROPERTY OWNER"), relating to the PROPERTY OWNER'S indemnification of the COUNTY under the terms set forth herein:

WITNESSETH:

WHEREAS, the PROPERTY OWNER has a legal interest in the certain real property described as APN 461-220-022 ("PROPERTY"); and, 

WHEREAS, on October 26, 2015, PROPERTY OWNER filed an application for Parcel Map No. 36545 ("PROJECT"); and, 

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys' fees in such challenges; and, 

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys' fees and damages which may be awarded to a successful challenger; and, 

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation ("LITIGATION"); and, 

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER'S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. **Indemnification.** PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and employees from and against any claim, action or proceeding brought against the COUNTY, its agents, officers, and employees to attack, set aside, void or annul any
approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys' fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. **Defense Cooperation.** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY’s Office of County Counsel.

3. **Representation and Payment for Legal Services Rendered.** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys’ fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys’ fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER’s obligations under this Agreement.

4. **Payment for COUNTY's LITIGATION Costs.** Payment for COUNTY’s costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY’s Planning Department the total amount of Twenty Thousand Dollars ($20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the “Deposit.”

5. **Return of Deposit.** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.

6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by
certified or registered mail, return receipt requested, to the appropriate address set forth below:

COUNTY:
Office of County Counsel
Attn: Melissa Cushman
3960 Orange Street, Suite 500
Riverside, CA 92501

PROPERTY OWNER:
Regent Winchester, LLC
Attn: Marinel Robinson
11990 San Vincent Blvd., Ste. 200
Los Angeles, CA 90049

With a copy to:
Albert A. Webb Associates
Attn: Sandy Chandler
3788 McCray St.
Riverside, CA 92506

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER’s obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:
   a. Deem PROPERTY OWNER’s default of PROPERTY OWNER’s obligations as abandonment of the PROJECT and as a breach of this Agreement;
   b. Rescind any PROJECT approvals previously granted;
   c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney’s fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY’s review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.
10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

11. **Amendment and Waiver.** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.

12. **Severability.** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

13. **Survival of Indemnification.** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.

14. **Interpretation.** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.

15. **Captions and Headings.** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.

16. **Jurisdiction and Venue.** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court or jurisdiction.

17. **Counterparts; Facsimile & Electronic Execution.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.
18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.

NOTICE OF PUBLIC HEARING

A PUBLIC HEARING has been scheduled, pursuant to Riverside County Land Use Ordinance No. 348, before the RIVERSIDE COUNTY PLANNING COMMISSION to consider a proposed project in the vicinity of your property, as described below:

TIME OF HEARING: 9:00 a.m. or as soon as possible thereafter.
DATE OF HEARING: FEBRUARY 6, 2019
PLACE OF HEARING: RIVERSIDE COUNTY ADMINISTRATIVE CENTER
BOARD CHAMBERS, 1ST FLOOR
4080 LEMON STREET, RIVERSIDE, CA 92501

For further information regarding this project, please contact Project Planner David Alvarez at (951) 955-5719 or email at daalvarez@rivco.org, or go to the County Planning Department’s Planning Commission agenda web page at http://planning.rctlma.org/PublicHearings.aspx.

The Riverside County Planning Department has determined that the above-described application is exempt from the provisions of the California Environmental Quality Act (CEQA). The Planning Commission will consider the proposed application at the public hearing.

The case file for the proposed project may be viewed Monday through Friday, from 8:00 a.m. to 5:00 p.m. at the Planning Department office, located at 4080 Lemon Street 12th Floor, Riverside, CA 92501.

Any person wishing to comment on the proposed project may do so in writing between the date of this notice and the public hearing; or, may appear and be heard at the time and place noted above. All comments received prior to the public hearing will be submitted to the Planning Commission, and the Planning Commission will consider such comments, in addition to any oral testimony, before making a decision on the proposed project.

If this project is challenged in court, the issues may be limited to those raised at the public hearing, described in this notice, or in written correspondence delivered to the Planning Commission at, or prior to, the public hearing. Be advised that as a result of public hearings and comment, the Planning Commission may amend, in whole or in part, the proposed project. Accordingly, the designations, development standards, design or improvements, or any properties or lands within the boundaries of the proposed project, may be changed in a way other than specifically proposed.

PROPERTY OWNERS CERTIFICATION FORM

I, _______________ VINNIE NGUYEN _______________ certify that on _______________ January 24, 2019 _______________,

The attached property owners list was prepared by _______________ Riverside County GIS _______________,

APN (s) or case numbers _______________ PM36545 _______________ for

Company or Individual’s Name _______________ RCIT - GIS _______________,

Distance buffered _______________ 1800’ _______________

Pursuant to application requirements furnished by the Riverside County Planning Department. Said list is a complete and true compilation of the owners of the subject property and all other property owners within 600 feet of the property involved, or if that area yields less than 25 different owners, all property owners within a notification area expanded to yield a minimum of 25 different owners, to a maximum notification area of 2,400 feet from the project boundaries, based upon the latest equalized assessment rolls. If the project is a subdivision with identified off-site access/improvements, said list includes a complete and true compilation of the names and mailing addresses of the owners of all property that is adjacent to the proposed off-site improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I understand that incorrect or incomplete information may be grounds for rejection or denial of the application.

TITLE: _______________ GIS Analyst _______________

Project Location

The Parcel Map proposes a Schedule “E” subdivision of 25.19 gross acres into 14 parcels. The minimum proposed parcel size is 0.61 gross acres.  
Project Description

This is to advise that the Riverside County Planning Commission as the lead agency, has approved the above-referenced project on February 6, 2019, and has made the following determinations regarding that project:

1. The project WILL NOT have a significant effect on the environment and no further CEQA review is required based on the finding provided in the staff report.

This is to certify that the earlier record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.
