7. **Planning Area 7: High School**

a. **Descriptive Summary**

Planning Area 7, as depicted in Figure 42, Planning Area 7, provides for development of a 50.0 acre high school site. The 50 acre high school site within Planning Area 7 will be offered to the Temecula Valley Unified School District for the provision of a high school to serve the French Valley area. Should the Temecula Valley Unified School District not utilize the site for school facilities, the site may revert to medium density residential use (4.0 dwelling units per acre with a maximum dwelling unit of 200 units and a 7,200 square foot minimum lot size) including development standards for medium density residential use outlined in this Specific Plan. However, the total number of dwelling units permitted within the Johnson Ranch Specific Plan will not exceed 3,500. Any increase in the overall number of units in the Specific Plan shall require an amendment to the Specific Plan.
