II. SUMMARY

A. PROJECT SUMMARY

1. Project Site Location

The site of the proposed project is located in the Western Coachella Valley within an unincorporated portion of Riverside County. Figure II-1 depicts the location of NorthStar in a regional context. Figure II-2 depicts the exterior boundary of the project site, displays the general on and off-site topography and presents the location of the proposed project in relation to key elements of the surrounding street system. As shown, the project site is located north of Interstate 10 and east of the Cook Street Interchange. Access into the site is provided via Varner Road which is situated parallel to the southern boundary of the project site.

2. Project Site Boundaries and Surrounding Land Uses

The 455.75 acre project site incorporates portions of Sections 27, 34 and 35 of Township 4 South, Range 6 East, San Bernardino Base and Meridian. The assessors parcel numbers comprising the site include 653-300-048; 653-410-041, 042, 043, 045, 046; 653-420-026, 027, 028; 653-430-007; and 653-440-023, 025, 026.

Figure II-3 (Plan View and Oblique Aerial of the Project Site) displays the current distribution of land uses within the project site boundaries and around the project vicinity. As shown, a majority of the site has been mass graded1.

Surrounding land uses include the Coachella Valley Preserve (which is situated within the Open Space – Conservation Habitat land use designation in the Riverside County General Plan and will remain in a vacant/natural state) to both the east and northeast, Cook Street to the west and Varner Road to the south. Interstate 10 (a 140-foot wide six lane major arterial with special Caltrans right-of-way requirements) is located immediately south of Varner Road. The City of Palm Desert, the Cal State University San Bernardino Desert Campus and additional commercial and industrial uses are situated across Interstate 10, further south of the project site.

3. Project Site History

1981 The County of Riverside approved the “Oasis” project (Specific Plan No. 151). The project was a mixed-use residential (1522 mobile home lots) and commercial development (12 acres) that included a 27-hole golf course and maintenance facility

1988 A name change occurred and the “NorthStar” Specific Plan was amended to facilitate a similar mixed-use concept as the “Oasis”, but modified to include single-family detached residential dwellings instead of mobile homes. The commercial area was also changed to accommodate a business park.

1989 A land trade with the U.S. Fish and Wildlife Service was completed realigning the property line between the site and the Coachella Valley Preserve to the north.

---

1 It should also be noted that the golf course is scheduled to be open for play in late 2005, early 2006.
transaction served, in part, to meet the project’s biological resource mitigation and fee requirements.

1998 The County of Riverside approved a 2nd amendment to Specific Plan No. 151, referred to as the “NorthStar Commerce Center and Golf Club.” The mixed-use development concept remained, but the plan was modified to include additional business park, commercial and recreational oriented land uses. Amendment No. 2 also resulted in the elimination of all permanent dwelling units.

2003 The County of Riverside approved a mass grading permit (BGR 03-197), consistent with Specific Plan 151 Amendment No. 2 and on the environmental clearances associated with the action.

2005 The County of Riverside approved a Golf Course Plot Plan (PP19242), consistent with prior approvals associated with Specific Plan No. 151 Amendment No. 2.

2005 The County of Riverside approved two additional Plot Plans (PP19740 and PP 20512) which allowed for the construction of an 81,000 square foot golf clubhouse, and two comfort stations. Each plot plan is consistent with Specific Plan No. 151 Amendment No. 2.

Concurrent with Amendment No. 2 and subsequent plot plans was the approval of several related discretionary actions. Most of those actions (in one way or another) brought the project into conformity and consistency with relevant documents related to law, land use and policy. Among the related approvals were Comprehensive General Plan Amendment No. 443, Zone Change No. 6346, and associated plot plans (19242, 20512, 19740).

4. Project Description

The “NorthStar” Specific Plan No. 343 is the 4th iteration and redesign of Specific Plan No. 151\(^2\). The Specific Plan reflects current and projected market conditions, facilitates a greater diversity of land uses and enables the integration of land use types into a cohesive “upscale” mixed use community. The NorthStar project proposes 455.75 gross acres of multi-phased development with a unique blend of the following land uses:

- 18-hole Golf Course
- Golf Clubhouse
- Golf View Hotel
- Golf View Villas
- Resort Timeshare Units
- Golf View Condominiums
- Mixed Use Retail Village
- Industrial Park (Research & Development
- Executive Office
- Community Commercial

Table II-1 provides a statistical summary of the aforementioned land uses within the proposed NorthStar Specific Plan. See **Figure IV-1** for land uses and **Figure IV-2** for a conceptual illustration.

---

\(^2\) The previous and second amendment to Specific Plan No. 151 is the “North Star Commerce Center and Golf Club.”
