COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

Tentative Parcel Map No. 31717 is a Schedule G subdivision of 1.1 gross acres into two 0.5 acre parcels. The project site is currently developed with two detached single-family residences and one detached garage. The applicant is proposing a subdivision which would locate one single-family residence on each proposed parcel. No new construction or grading is proposed as a part of this subdivision.

The project site is located northerly of Olive Avenue, southerly of Haddock Street, easterly of Longfellow Avenue, and westerly of Highway 79 and is within the Highway 79 and Winchester Policy Areas within the Harvest Valley/Winchester Area Plan.

BACKGROUND:

AB 52 Tribal Consultation

During the initial review stage of this project, it was anticipated that a Negative Declaration pursuant to CEQA would be prepared. As a result, and pursuant to AB 52, notices regarding this project were sent to all requesting Tribes on December 7, 2016. AB 52 provides for a 30-day period in which all noticed Tribes may request consultation regarding the proposed project. During that 30-day period it was determined that the project was exempt from CEQA based on Section 15315 of the State CEQA Guidelines. If a project is exempt from CEQA, AB52 consultation is not required. Additionally, no tribe requested consultation.

SUMMARY OF FINDINGS:

1. Existing General Plan Land Use (Ex. #5): Community Development: Medium Density Residential 2-5 du/ac (CD:MDR)
2. Surrounding General Plan Land Use (Ex. #5): Community Development: Medium Density Residential 2-5 du/ac (CD: MDR) to the east and south, Community Development: Mixed Use Area (CD: MUA) to the west and Open Space: Residential (OS: R) to the north.
3. Existing Zoning (Ex. #2): Rural Residential (R-R)
4. Surrounding Zoning (Ex. #2): Rural Residential (R-R) to the north, south, east and west, Mixed-Use (MU) to the west.
5. Existing Land Use (Ex. #1): Single-family residential

| 8. Environmental Concerns: | Exempt from CEQA pursuant to State CEQA Guidelines Section 15315 |

RECOMMENDATIONS:

STAFF RECOMMENDS THAT THE PLANNING COMMISSION TAKE THE FOLLOWING ACTIONS:

FIND that the project is **EXEMPT** from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15315 (Minor Land Divisions) based on the findings and conclusions incorporated in the staff report; and,

APPROVE TENTATIVE PARCEL MAP NO. 37171, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings and in the attached conditions of approval.

1. The project site is designated Community Development: Medium Density Residential (CD: MDR) (2 – 5 du/ac) on the Harvest Valley/Winchester Area Plan. Development within this area is encouraged to be single-family detached and attached with a density range of 2 to 5 dwelling units per acre. Limited agriculture and animal keeping is permitted. The proposed subdivision will result in two 0.5 acre lots with a density of two dwelling unit per acre. The site is currently developed with two single-family detached residences and no new construction is proposed as a part of this entitlement. The proposed subdivision is consistent with the land use designation as shown in the Harvest Valley /Winchester Area Plan and with all other relevant policies of this Area Plan and the overall General Plan.
2. The project site is located within the Winchester and Highway 79 Policy Areas. The proposed project does not conflict with these Policy Areas policies. Specifically, policy HVWAP 3.4 of the Winchester Policy Area provides that if a specific plan or master plan has not been adopted, permit development to conform to the underlying land use designations. The project site is not located within a specific plan or master plan. The project site's land use designation is Community Development: Medium Density Residential (2 – 5 du/ac). The project site currently has two existing single-family dwelling units on one lot. The proposed land division is within the allowable density for this land use designation and will be consistent with the existing development pattern of the area. In regards to the Highway 79 Policy Area, residential developments within this policy area are required to be consistent with HVWAP 7.2, and reduce their density by 9% from the midpoint of the density range of the applicable land use designation to achieve a reduction in traffic generated from the area. This 9% reduction would require the existing land use density of 2- 5 dwelling units per acre to be reduced to 3.185dwelling units per acre. The project a density of 2.0 dwellings per, which is consistent with this policy because it does not exceed the allowable number of dwelling units per acre.

3. The project site is surrounded by properties that are designated Community Development: Medium Density Residential 2-5 du/ac (CD:MDR) to the east and south, Community Development: Mixed Use Area (CD: MUA) to the west and Open Space: Residential (OS: R) to the north.
4. The zoning classification for the project site is Rural Residential (R-R).
5. The proposed subdivision of 1.1 acres into two – 0.5 acre parcels with a lot width of approximately 90 feet is consistent with the required lot area size dimensions and development standards as set forth in the R-R zoning classification which requires lots to be no less than one-half acre in size and lot widths to be no less than 80 feet.
6. The project site is surrounded by properties which are zoned Rural Residential (R-R) to the north, south and east and Mixed Use (MU) to the west. Existing residential uses as well as a park, school and fire department have been constructed and are operating within the project vicinity. Subdividing this 1.1 acre parcel in to two – 0.5 acre parcels will ensure consistency with the development pattern of the area in that the zoning to the south, east and west allows for residential development at 0.5 acre minimum and the Mixed Use development to the west encourages higher density residential uses along with commercial uses serving the local community.
7. Based on review by staff, the proposed Tentative Parcel Map is consistent with the minimum improvements for Schedule G subdivisions as provided in Section 10.12.A.2 of Ordinance 460 as they pertain to streets, domestic water, fire protection, sewage disposal and electrical and communication facilities.
 - The following condition of approval (10. TRANS. 1) ensures that the requirements of Ordinance No. 460 as it pertains to Schedule G street improvements have been met:

“With respect to the conditions of approval for the referenced tentative exhibit, the land divider shall provide all street improvements, street improvement plans and / or road dedications set forth herein in accordance with Ordinance No. 460 and Riverside county Road Improvement Standards (Ordinance No. 461). It is understood that the tentative map correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q’s, and their omission or unacceptability may require the map to be resubmitted for further consideration. These Ordinances and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

- The following Condition of Approval (10. FIRE 1) as it pertains to location of fire hydrants and fire flow have been met:

“ An approved standard fire hydrant (6” x 4” x 2 ½ ” shall be located within 400 feet of all exterior portions of the buildings as measured along approved vehicular travelways. Minimum fire flow shall be per the CFC for 1-hour duration at 20 PSI.”

Lastly, the existing single-family residences are already provided with domestic water and an on-site sewage disposal system. No electrical and communication facilities are required as part of a Schedule ‘G’ parcel map.

8. The proposed project is not located within an existing Criteria Area of the Western Riverside County Multiple Species Conservation Plan, and as such is not required to dedicate a portion of the project site for dedication purposes.
9. The project site is not located within a High Fire Area. Fire protection and suppression services will be available for the proposed project through Riverside County Fire Department.
10. The proposed project has been determined to be categorically exempt from CEQA, as set forth per Section 15315 (Minor Land Divisions) of the State CEQA Guidelines. Section 15315 is a Class 15 exemption which requires that the division of property be in an urbanized area zoned for residential, commercial or industrial uses, into four or fewer parcels when the division is in conformance with the General Plan and zoning, no variances or exceptions would be required, all services and access to the proposed parcels are consistent with local standards and are available, the parcel has not been involved in a division of a larger parcel within the previous 2 years, and the parcel does not have an average slope greater than 20 percent.

The proposed subdivision is a lot split on a parcel that is zoned residential and is currently developed with two single family residences. The subdivision will create two legal parcels which will meet the Rural Residential (R-R) Development Standards of Zoning Ordinance No. 348 and allowable land uses as noted in the Community Development: Medium Density Residential (CD: MDR) Land Use Designation in the Harvest Valley/Winchester Area Plan. The proposed project is consistent with the General Plan and Zoning Ordinance. The project site has not been involved in a land division within the previous 2 years. All services and access are currently available to the proposed project site. The topography of the project site and surrounding area is flat. In regards to being located within an "urbanized area," State CEQA Guidelines Section 15387 provides that the Lead Agency is to determine whether a particular area meets the criteria of "urbanization" by examining the area or by referring to a map prepared by the U.S. Bureau of Census designating the area as "urbanized". Section 15387 further provides that urbanized areas include areas having a population density of at least 1000 persons per square mile that are adjacent to a city or group of contiguous cities with a population of 50,000 or more. The City of Menifee is located approximately 3.8 miles to the west and has a population of 87,174 people and the City of Hemet located approximately 3 miles to the east has a population of 83,861. Census Tract 427.29 which is adjacent to the proposed project's census tract has a population density of 2,380 persons per square mile. As stated above the project area is located in a developed area and is surrounded by residentially zoned property. The area west of the project site Land Use Designation has recently been changed to Mixed Use Area, with a requirement that new development include at least 75% of its development devoted to high density residential uses. Future planning of this area and Riverside County as a whole will result in a more densely populated area. Staff has determined that the proposed subdivision meets the requirements of Section 15315 as well as the definition of urbanized area.

11. The proposed project meets all the requirements of Ordinance No. 460 Section 7.1 as stated below:
 - a. The proposed map is not located within a Specific Plan. The proposed map and its design are consistent with the General Plan because the Land Use Designation, Community Development: Medium Density Residential encourages a density of 2 - 5 dwelling units per acre, and the proposed land division is of a 1.1 acre parcel into two-0.5 acre parcels. The parcels proposed will be consistent with the development pattern in the project vicinity and the existing right-of-way improvements are consistent with the County of Riverside's road standards.

- b. The project site is physically suitable for the proposed land division in that the development standards for lot size and setbacks are met, the topography of the project site is flat and existing roads and services are accessible.
 - c. The proposed land division is physically suitable for the proposed density of the development. The subdivision will be dividing a 1.1 acre parcel into two parcels resulting in a density of one dwelling unit per 0.5 acre. The land use designation for this property is Medium Density Residential (MDR), 2 - 5 dwelling units per acre. The proposed project will result in an overall density of 2 dwelling units per acre. There will be no additional infrastructure required in that roads are existing, and because two single-family residences currently exist, services such as septic systems, water, gas, electricity and telephone are already serving the site. No additional demand on services will occur due to project implementation. The proposed subdivision will not result in an increase in density than what is allowed per the General Plan.
 - d. The proposed project is exempt from CEQA based on Section 15315 (Minor Land Divisions); therefore, it has been determined that no harm to fish or wildlife or their habitat will occur. In addition standard conditions of approval will also ensure that any sensitive plant or animal species or their habitat will be protected if found on the project site during any ground moving activity. (COA 60.EPD.1 and 60.EPD.2)
 - e. The land division is not located within a High Fire Hazard Area, emergency vehicles can easily access the project site from existing roadways, is not located within a fault zone or within a ½ mile of a fault Therefore, health, welfare and safety of the community and property owners will not be jeopardized by the proposed land division.
 - f. The design of the tentative parcel map will not conflict with easements, acquired by the public at large for access through or use of property within the proposed subdivision. Within the tentative parcel map there is an existing easement located along the northern portion of the proposed Parcel 1 for access and use of the property. This easement will not conflict with the design of the proposed subdivision.
12. The project site is located within the Fee Assessment Area for the Stephen's Kangaroo Rat Habitat Conservation Plan (SKRHCP). Per County Ordinance No. 663 and the SKRHCP, all applicants for development permits within the boundaries of the Fee Assessment Area who cannot satisfy mitigation requirements through on-site mitigation, as determined through the environmental review process, shall pay a Mitigation Fee of \$500.00 per gross acre of the parcels proposed for development. Payment of the SKRHCP Mitigation Fee for this Project, instead of on-site mitigation, will not jeopardize the implementation of the SKRHCP as all core reserves required for permanent Stephen's Kangaroo Rat habitat have been acquired and no new land or habitat is required to be conserved under the SKRHCP. (COA 60. PLANNING. 17)
13. During the initial review stage of this project, it was anticipated that a Negative Declaration pursuant to CEQA would be prepared. As a result, and pursuant to AB 52, notices regarding this project were sent to all requesting Tribes on December 7, 2016. AB 52 provides for a 30-day period in which all noticed Tribes may request consultation regarding the proposed project. During that 30-day period it was determined that the project was exempt from CEQA based on Section 15315 of the State CEQA Guidelines. If a project is exempt from CEQA, AB52 consultation is not required. Additionally, no tribe requested consultation.

CONCLUSIONS:

1. The proposed project is in conformance with the Community Development: Medium Density Residential (CD: MDR) 2-5 du/acre Land Use Designation and with all other elements of the Riverside County General Plan.
2. The proposed project is consistent with the Rural Residential (R-R) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
3. The proposed project is consistent with the Schedule G map requirements of Ordinance No. 460, and with all other applicable provisions of Ordinance No. 460.
4. The public's health, safety and general welfare are protected through project design.
5. The proposed project is compatible with the present and future logical development of the area because the proposed project is for the subdivision of a 1.1 acre parcel into two 0.5 acre parcels which is consistent with the zoning classification and land use designation within the project area.
6. The proposed project will not have a significant effect on the environment. As stated above, the proposed project was found to be exempt from CEQA based on Section 15315.
7. The proposed project will not preclude reserve design for the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP) because the project is not located within a WRCMSHCP cell group.

INFORMATIONAL ITEMS:

1. As of this writing, no letters, in support or opposition have been received.
2. The project site is not located within:
 - a. High Fire Area or State Responsibility area; or
 - b. A cell group of the Western Riverside County Multi-Species Habitat Conservation Plan (WRCMSHCP); or
 - c. An earthquake fault zone; or
 - d. A City Sphere of Influence; or
 - e. A 100-year flood plain.
3. The project site is located within:
 - a. The Lakeview/Nuevo/Romoland/Homeland County Service Area #146 ;
 - b. An area susceptible to soil subsidence;
 - c. A very high liquefaction area;
 - d. The Stephens Kangaroo Rat Fee Area; and
 - e. Hemet Unified School District.
4. The subject site is currently designated as Assessor's Parcel Number 462-120-068

E HEALTH DEPARTMENT

10.E HEALTH. 1 MAP - USE OF ONSITE SYSTEMS

RECOMMND

PM37171 will result in 2 parcels with at least 0.5acre gross. At the time of the review of this project, there were existing homes on the property already serviced by onsite wastewater treatment systems (OWTS). Any repairs/modifications/upgrades will be subject to current requirements of the Local Agency Management Program applicable at the time the work is being proposed. If and when sewer is available to the property, the property will be required to connect to sewer.

10.E HEALTH. 2 USE - POTABLE WATER SERVICE

RECOMMND

PM37171 is currently receiving potable water service from Eastern Municipal Water District (EMWD). It is the responsibility of the developer to ensure that all requirements to obtain potable water service are met with EMWD as well as all other applicable agencies.

FIRE DEPARTMENT

10.FIRE. 1 MAP* -#13-HYDRANT SPACING

RECOMMND

An approved standard fire hydrant (6"x4"x2 1/2") shall be located within 400 feet of all exterior portions of the buildings as measured along approved vehicular travelways. Minimum fire flow shall be per the CFC for 1-hour duration at 20 PSI.

Parcel Map (PM) 37171 is a proposal for a Schedule G subdivision of a 1.1-acre site into 2 parcels (minimum lot size of 0.5 acres) in the Winchester area. The site is located on the east side of Longfellow Street approximately 600 feet north of Olive Avenue and the District facility Salt Creek Channel (project number 4-0-00110). The site is immediately south of Winchester Park.

The 100-year Zone A floodplain limits for Salt Creek are contained within the channel improvements. Except for nuisance nature local runoff that may traverse portions of

the property, the project is considered free from ordinary storm flood hazard. However, a storm of unusual magnitude could cause some damage. New construction should comply with Section 1B of Ordinance 457, by elevating the finished floor a minimum of one foot above the adjacent ground measured at the upstream edge of the structure.

The exhibit and aerial photos indicate that the 2 residential structures, one for each proposed parcel, are existing and intend to remain. Our records indicate Second Unit Permit (SUP) 00527 for this site was reviewed by the District in May 1994 and approved by County in July 1994.

The site is located within the bounds of the Salt Creek Channel - Winchester/North Hemet Area Drainage Plan (ADP) for which drainage fees have been established by the Board of Supervisors. Applicable ADP fees will be due (in accordance with the Rules and Regulations for Administration of Area Drainage Plans) prior to permits for this project. Although the current fee for this ADP is \$131 per acre (or per lot for parcels larger than one acre), the fee due will be based on the fee in effect at the time of payment. The fee is payable to the Flood Control District by cashier's check or money order only. The District will not accept personal or company checks. The drainage fee is required to be paid prior to the issuance of the grading permits or issuance of the building permits if grading permits are not issued. A notice of drainage fees shall be placed on the environmental constraint sheet that is recorded with the final map.

PLANNING DEPARTMENT

10.PLANNING. 1 MAP- MAP ACT COMPLIANCE RECOMMND

This land division shall comply with the State of California Subdivision Map Act and to all requirements of County Ordinance No. 460, Schedule G, unless modified by the conditions listed herein.

10.PLANNING. 2 MAP - FEES FOR REVIEW RECOMMND

Any subsequent review/approvals required by the conditions of approval, including but not limited to grading or building plan review or review of any mitigation monitoring requirement, shall be reviewed on an hourly basis, or other

appropriate fee, as listed in county Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

10.PLANNING. 7 MAP- ZONING STANDARDS RECOMMND

Lots created by this TENTATIVE MAP shall be in conformance with the development standards of the Rural Residential (R-R) Zone.

10.PLANNING. 15 MAP - HUMAN REMAINS RECOMMND

Pursuant to State Health and Safety Code Section 7050.5, if human remains are encountered, no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission (NAHC) shall be contacted by the Coroner within the period specified by law (24 hours). The NAHC shall immediately notify those persons it believes to be most likely descended from the deceased Native American. The descendants may, with the permission of the owner of the land, or his or her authorized representative, inspect the site of the discovery of the Native American human remains and may recommend to the owner or the person responsible for the excavation work means for treatment or disposition, with appropriate dignity, of the human remains and any associated grave goods. The descendants shall make recommendations or preferences for treatment within 48 hours of being granted access to the site. (b) Upon the discovery of Native American remains, the landowner shall ensure that the immediate vicinity, where the Native American human remains are located, is not damaged or disturbed by further development activity until the landowner has discussed and conferred, as prescribed in this section, with the most likely descendants regarding their recommendations, if applicable, taking into account the possibility of multiple human remains. The landowner shall discuss and confer with the descendants all reasonable options regarding the descendants' preferences for treatment. (1) The descendants' preferences for

treatment may include the following: (A) The nondestructive removal and analysis of human remains and items associated with Native American human remains. (B) Preservation of Native American human remains and associated items in place. (C) Relinquishment of Native American human remains and associated items to the descendants for treatment. (D) Other culturally appropriate treatment. (2) The parties may also mutually agree to extend discussions, taking into account the possibility that additional or multiple Native American human remains, as defined in this section, are located in the project area, providing a basis for additional treatment measures. (c) For the purposes of this section, "conferral" or "discuss and confer" means the meaningful and timely discussion and careful consideration of the views of each party, in a manner that is cognizant of all parties' cultural values, and where feasible, seeking agreement. Each party shall recognize the other's needs and concerns for confidentiality of information provided to the other. (d) (1) Human remains of a Native American may be an inhumation or cremation, and in any state of decomposition or skeletal completeness. (2) Any items associated with the human remains that are placed or buried with the Native American human remains are to be treated in the same manner as the remains, but do not by themselves constitute human remains. (e) Whenever the commission is unable to identify a descendant, or the descendants identified fail to make a recommendation, or the landowner or his or her authorized representative rejects the recommendation of the descendants and the mediation provided for in subdivision (k) of Section 5097.94, if invoked, fails to provide measures acceptable to the landowner, the landowner or his or her authorized representative shall reinter the human remains and items associated with Native American human remains with appropriate dignity on the property in a location not subject to further and future subsurface disturbance. To protect these sites, the landowner shall do one or more of the following: (1) Record the site with the commission or the appropriate Information Center. (2) Utilize an open-space or conservation zoning designation or easement. (3) Record a document with the county in which the property is located. The document shall be titled "Notice of Reinternment of Native American Remains" and shall include a legal description of the property, the name of the owner of the property, and the owner's acknowledged signature, in addition to any other information required by this section.

MAP - UNANTICIPATED RESOURCES

RECOMMND

The developer/permit holder or any successor in interest shall comply with the following for the life of this permit.

If during ground disturbance activities, unanticipated cultural resources* are discovered, the following procedures shall be followed:

All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted and the applicant shall call the County Archaeologist immediately upon discovery of the cultural resource. A meeting shall be convened between the developer, the project archaeologist**, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the County Archaeologist to discuss the significance of the find. At the meeting with the aforementioned parties, a decision is to be made, with the concurrence of the County Archaeologist, as to the appropriate treatment (documentation, recovery, avoidance, etc) for the cultural resource.

Further ground disturbance shall not resume within the area of the discovery until the appropriate treatment has been accomplished.

* A cultural resource site is defined, for this condition, as being a feature and/or three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to sacred or cultural importance.

** If not already employed by the project developer, a County approved archaeologist shall be employed by the project developer to assess the value/importance of the cultural resource, attend the meeting described above, and continue monitoring of all future site grading activities as necessary.

TRANS DEPARTMENT

10.TRANS. 1 MAP - STD INTRO 3(ORD 460/461) RECOMMND

With respect to the conditions of approval for the referenced tentative exhibit, the land divider shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Ordinance 460 and Riverside County Road Improvement Standards (Ordinance 461). It is understood that the tentative map correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the map to be resubmitted for further consideration. These Ordinances and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

10.TRANS. 2 MAP - COUNTY WEB SITE RECOMMND

Additional information, standards, ordinances, policies, and design guidelines can be obtained from the Transportation Department Web site:
<http://rctlma.org/trans/>. If you have questions, please call the Plan Check Section at (951) 955-6527.

10.TRANS. 3 MAP - TS/EXEMPT RECOMMND

The Transportation Department has not required a traffic study for the subject project. It has been determined that the project is exempt from traffic study requirements.

10. GENERAL CONDITIONS

10.TRANS. 4 MAP - DRAINAGE 1 RECOMMND

The land divider shall protect downstream properties from damages caused by alteration of the drainage patterns, i.e., concentration or diversion of flow. Protection shall be provided by constructing adequate drainage facilities including enlarging existing facilities and/or by securing a drainage easement. All drainage easements shall be shown on the final map and noted as follows: "Drainage Easement - no building, obstructions, or encroachments by landfills are allowed". The protection shall be as approved by the Transportation Department.

10.TRANS. 5 MAP - DRAINAGE 2 RECOMMND

The land divider shall accept and properly dispose of all off-site drainage flowing onto or through the site. In the event the Transportation Department permits the use of streets for drainage purposes, the provisions of Article XI of Ordinance No. 460 will apply. Should the quantities exceed the street capacity or the use of streets be prohibited for drainage purposes, the subdivider shall provide adequate drainage facilities and/or appropriate easements as approved by the Transportation Department.

10.TRANS. 6 MAP - NO ADD'L ON-SITE R-O-W RECOMMND

No additional on-site right-of-way shall be required on Longfellow Street since adequate right-of-way exists per PM 55/76 (PM No. 10712).

10.TRANS. 7 MAP - R-O-W EXCEEDS/VACATION RECOMMND

If the existing right-of-way along Longfellow Street exceeds that which is required for this project, the developer may submit a request for the vacation of said excess right-of-way. Said procedure shall be as approved by the Board of Supervisors. If said excess or superseded right-of-way is also County-owned land, it may be necessary to enter into an agreement with the County for its purchase or exchange.

After the approval of the TENTATIVE MAP and prior to the expiration of said map, the land divider shall cause the real property included within the TENTATIVE MAP, or any part thereof, to be surveyed and a FINAL MAP thereof prepared in accordance with the current County Transportation Department - Survey Division requirements, the conditionally approved TENTATIVE MAP, and in accordance with Article IX of County Ordinance No. 460.

50.PLANNING. 2 MAP- SURVEYOR CHECK LIST RECOMMND

The County Transportation Department - Survey Division shall review any FINAL MAP and ensure compliance with the following:

A. All lots on the FINAL MAP shall be in substantial conformance with the approved TENTATIVE MAP relative to size and configuration.

B. All lots on the FINAL MAP shall have a minimum lot size of 0.5 gross acres.

C. All lot sizes and dimensions on the FINAL MAP shall be in conformance with the development standards of the R-R zone, and with the Riverside County General Plan.

D. All lots on the FINAL MAP shall comply with the length to width ratios, as established by Section 3.8.C. of County Ordinance No. 460.

E. All knuckle or cul-de-sac lots shall have a minimum of 35 feet of frontage measured at the front lot line.

EPD DEPARTMENT

60.EPD. 1 EPD - BUOW HABITAT ASSESSMENT RECOMMND

Prior to the issuance of a grading permit, a biologist who holds an MOU with the County of Riverside shall perform a burrowing owl Habitat Assessment in accordance with the MSHCP Burrowing Owl Survey Instructions (Step I) (March 2006). If burrowing owl habitat occurs on-site, both Step II (focused surveys, census, and mapping) and Preconstruction Surveys are required. The results shall be submitted to the Riverside County Environmental Programs Department Biologist for review and approval.

60.EPD. 2 EPD - MBTA SURVEY RECOMMND

Birds and their nests are protected by the Migratory Bird Treaty Act (MBTA) and California Department of Fish and Wildlife (CDFW) Codes. Since the project supports suitable nesting bird habitat, removal of vegetation or any other potential nesting bird habitat disturbances shall be conducted outside of the avian nesting season (February 1st through August 31st). If habitat must be cleared during the nesting season, a preconstruction nesting bird survey shall be conducted. The preconstruction nesting bird survey must be conducted by a biologist who holds a current MOU with the County of Riverside. If nesting activity is observed, appropriate avoidance measures shall be adopted to avoid any potential impacts to nesting birds. The nesting bird survey must be completed no more than 3 days prior to any ground disturbance. If ground disturbance does not begin within 3 days of the survey date a second survey must be conducted. project proponent must provide written proof to the Riverside County Planning Department, Environmental Programs Division (EPD) that a biologist who holds an MOU with the County of Riverside has been retained to carry out the required survey. Documentation submitted to prove compliance prior to grading permit issuance must at a minimum include the name and contact information for the Consulting Biologist and a signed statement from the Consulting Biologist confirming that they have been contracted by the applicant to conduct a Preconstruction Nesting Bird Survey. In some cases EPD may also require a Monitoring and Avoidance Plan prior to the issuance of a grading permit. Prior to finalization of a grading permit or prior to issuance of any building permits the projects consulting biologist shall prepare and submit a report, documenting the results of the survey, to EPD for review.

FLOOD RI DEPARTMENT

60.FLOOD RI. 1 MAP ADP FEES

RECOMMND

Parcel Map 37171 is located within the limits of the Salt Creek Channel - Winchester/North Hemet Area Drainage Plan for which drainage fees have been adopted.

Drainage fees shall be paid with cashier's check or money order only to the District at the time of the issuance of grading permits for the approved parcels or at the time of issuance of building permits if no grading permits are issued for the parcels and may be paid, at the option of the land owner, in pro rata amounts. The amount of the drainage fee required to be paid shall be the amount that is in effect for the particular Area Drainage Plan at the time of issuance of the grading permits or issuance of the building permits if grading permits are not issued.

RECOMMND

1.The applicant shall retain a qualified paleontologist approved by the County of Riverside to create and implement a project-specific plan for monitoring site grading/earthmoving activities (project paleontologist).

2.The project paleontologist retained shall review the approved development plan and grading plan and shall conduct any pre-construction work necessary to render appropriate monitoring and mitigation requirements as appropriate. These requirements shall be documented by the project paleontologist in a Paleontological Resource Impact Mitigation Program (PRIMP). This PRIMP shall be submitted to the County Geologist for review and approval prior to issuance of a Grading Permit.

Information to be contained in the PRIMP, at a minimum and in addition to other industry standards and Society of Vertebrate Paleontology standards, are as follows:

1.Description of the proposed site and planned grading operations.

2.Description of the level of monitoring required for all earth-moving activities in the project area.

3.Identification and qualifications of the qualified paleontological monitor to be employed for grading operations monitoring.

4.Identification of personnel with authority and responsibility to temporarily halt or divert grading equipment to allow for recovery of large specimens.

5.Direction for any fossil discoveries to be immediately reported to the property owner who in turn will immediately notify the County Geologist of the discovery.

6.Means and methods to be employed by the paleontological monitor to quickly salvage fossils as they are unearthed to avoid construction delays.

7.Sampling of sediments that are likely to contain the remains of small fossil invertebrates and vertebrates.

9.Fossil identification and curation procedures to be employed.

10.Identification of the permanent repository to receive any recovered fossil material. *Pursuant the County of Riverside "SABER Policy", paleontological fossils found in the County of Riverside should, by preference, be directed to the Western Science Center in the City of Hemet. A written agreement between the property owner/developer and the repository must be in place prior to site grading.

11.All pertinent exhibits, maps and references.

12.Procedures for reporting of findings.

13.Identification and acknowledgement of the developer for the content of the PRIMP as well as acceptance of financial responsibility for monitoring, reporting and curation fees. The property owner and/or applicant on whose land the paleontological fossils are discovered shall provide appropriate funding for monitoring, reporting, delivery and curating the fossils at the institution where the fossils will be placed, and will provide confirmation to the County that such funding has been paid to the institution.

All reports shall be signed by the project paleontologist and all other professionals responsible for the report's content (eg. Professional Geologist), as appropriate. One original signed copy of the report(s) shall be submitted to the office of the County Geologist along with a copy of this condition and the grading plan for appropriate case processing and tracking. These documents should not be submitted to the project Planner, the Plan Check staff, the Land Use Counter or any other County office. In addition, the applicant shall submit proof of hiring (i.e. copy of executed contract, retainer agreement, etc.) a project paleontologist for the in-grading implementation of the PRIMP.

RECOMMND

Prior to the issuance of a grading permit, the land divider/permit holder shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance. The amount of the fee required to be paid may vary depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 1.1 gross acres in accordance with the TENTATIVE MAP. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

90.PLANNING. 6 MAP- SKR FEE CONDITION

RECOMMND

 Prior to the issuance of a certificate of occupancy, or upon building permit final inspection, whichever comes first, the land divider/permit holder shall comply with the provisions of Riverside County Ordinance No. 663, which generally requires the payment of the appropriate fee set forth in that ordinance. The amount of the fee required to be paid may vary, depending upon a variety of factors, including the type of development application submitted and the applicability of any fee reduction or exemption provisions contained in Riverside County Ordinance No. 663. Said fee shall be calculated on the approved development project which is anticipated to be 1.1 gross acres in accordance with TENTATIVE MAP. If the development is subsequently revised, this acreage amount may be modified in order to reflect the revised development project acreage amount. In the event Riverside County Ordinance No. 663 is rescinded, this condition will no longer be applicable. However, should Riverside County Ordinance No. 663 be rescinded and superseded by a subsequent mitigation fee ordinance, payment of the appropriate fee set forth in that ordinance shall be required.

INDEMNIFICATION AGREEMENT

This INDEMNIFICATION AGREEMENT ("Agreement"), made by and between the COUNTY OF RIVERSIDE, a political subdivision of the State of California ("COUNTY"), and Social Props Invest, LLC, Trustee of the 28800 Longfellow Street Trust UDT 2/23/16 ("PROPERTY OWNER"), relating to the PROPERTY OWNER'S indemnification of the COUNTY under the terms set forth herein:

WITNESSETH:

WHEREAS, the PROPERTY OWNER has a legal interest in the certain real property described as APN 462-120-068 ("PROPERTY"); and,

WHEREAS, on November 29, 2016, PROPERTY OWNER filed an application for Parcel Map No. 37171 ("PROJECT"); and,

WHEREAS, judicial challenges of projects requiring discretionary approvals, including, but not limited to, California Environmental Quality Act determinations, are costly and time consuming. Additionally, project opponents often seek an award of attorneys' fees in such challenges; and,

WHEREAS, since property owners are the primary beneficiaries of such approvals, it is appropriate that such owners bear the expense of defending against any such judicial challenge, and bear the responsibility of any costs, attorneys' fees and damages which may be awarded to a successful challenger; and,

WHEREAS, in the event a judicial challenge is commenced against the PROJECT, the COUNTY has requested and the PROPERTY OWNER has agreed to defend, indemnify and hold harmless the COUNTY, its agents, officers, or employees from any claim, action or proceeding against the COUNTY, its agents, officers, or employees to attack, set aside, void or annul any approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the PROJECT or its associated environmental documentation ("LITIGATION"); and,

WHEREAS, this Agreement is entered into by the COUNTY and PROPERTY OWNER to establish specific terms concerning PROPERTY OWNER'S indemnification obligation for the PROJECT.

NOW, THEREFORE, it is mutually agreed between COUNTY and PROPERTY OWNER as follows:

1. **Indemnification.** PROPERTY OWNER, at its own expense, shall defend, indemnify and hold harmless the COUNTY, its agents, officers, and employees from and against any claim, action or proceeding brought against the

COUNTY, its agents, officers, and employees to attack, set aside, void or annul any approval of the PROJECT including any associated costs, damages, and expenses including, but not limited to, costs associated with Public Records Act requests submitted to the COUNTY related to the PROJECT and an award of attorneys' fees and costs incurred or arising out of the above-referenced claim, action or proceeding brought against the COUNTY ("Indemnification Obligation.")

2. ***Defense Cooperation.*** PROPERTY OWNER and the COUNTY shall reasonably cooperate in all aspects of the LITIGATION. Nothing contained in this Agreement, however, shall be construed to limit the discretion of COUNTY, in the interest of the public welfare, to settle, defend, appeal or to decline to settle or to terminate or forego defense or appeal of the LITIGATION. It is also understood and agreed that all litigation pleadings are subject to review, revision and approval by COUNTY's Office of County Counsel.

3. ***Representation and Payment for Legal Services Rendered.*** COUNTY shall have the absolute right to approve any and all counsel retained to defend COUNTY in the LITIGATION. PROPERTY OWNER shall pay the attorneys' fees and costs of the legal firm retained by PROPERTY OWNER to represent the COUNTY in the LITIGATION. Failure by PROPERTY OWNER to pay such attorneys' fees and costs may be treated as an abandonment of the PROJECT and as a default of PROPERTY OWNER's obligations under this Agreement.

4. ***Payment for COUNTY's LITIGATION Costs.*** Payment for COUNTY's costs related to the LITIGATION shall be made on a deposit basis. LITIGATION costs include any associated costs, fees, damages, and expenses as further described in Section 1. herein as Indemnification Obligation. Within thirty (30) days of receipt of notice from COUNTY that LITIGATION has been initiated against the PROJECT, PROPERTY OWNER shall initially deposit with the COUNTY's Planning Department the total amount of Twenty Thousand Dollars (\$20,000). PROPERTY OWNER shall deposit with COUNTY such additional amounts as COUNTY reasonably and in good faith determines, from time to time, are necessary to cover costs and expenses incurred by the COUNTY, including but not limited to, the Office of County Counsel, Riverside County Planning Department and the Riverside County Clerk of the Board associated with the LITIGATION. Within ten (10) days of written notice from COUNTY, PROPERTY OWNER shall make such additional deposits. Collectively, the initial deposit and additional deposits shall be referred to herein as the "Deposit."

5. ***Return of Deposit.*** COUNTY shall return to PROPERTY OWNER any funds remaining on deposit after ninety (90) days have passed since final adjudication of the LITIGATION.

6. **Notices.** For all purposes herein, notices shall be effective when personally delivered, delivered by commercial overnight delivery service, or sent by certified or registered mail, return receipt requested, to the appropriate address set forth below:

COUNTY:
Office of County Counsel
Attn: Melissa Cushman
3960 Orange Street, Suite 500
Riverside, CA 92501

PROPERTY OWNER:
28800 Longfellow St. Trust
Attn: Robert Nicorici
3380 La Sierra Ave. #104-141
Riverside, CA 92503

7. **Default and Termination.** This Agreement is not subject to termination, except by mutual agreement or as otherwise provided herein. In the event of a default of PROPERTY OWNER's obligations under this Agreement, COUNTY shall provide written notification to PROPERTY OWNER of such alleged default and PROPERTY OWNER shall have ten (10) days after receipt of written notification to cure any such alleged default. If PROPERTY OWNER fails to cure such alleged default within the specified time period or otherwise reach agreement with the COUNTY on a resolution of the alleged default, COUNTY may, in its sole discretion, do any of the following or combination thereof:

- a. Deem PROPERTY OWNER's default of PROPERTY OWNER's obligations as abandonment of the PROJECT and as a breach of this Agreement;
- b. Rescind any PROJECT approvals previously granted;
- c. Settle the LITIGATION.

In the event of a default, PROPERTY OWNER shall remain responsible for any costs and attorney's fees awarded by the Court or as a result of settlement and other expenses incurred by the COUNTY related to the LITIGATION or settlement.

8. **COUNTY Review of the PROJECT.** Nothing in this Agreement shall be construed to limit, direct, impede or influence the COUNTY's review and consideration of the PROJECT.

9. **Complete Agreement/Governing Law.** This Agreement represents the complete understanding between the parties with respect to matters set forth herein. This Agreement shall be construed in accordance with the laws of the State of California.

10. **Successors and Assigns.** The obligations specific herein shall be made, and are binding on the successors in interest of the PROPERTY OWNER, whether the succession is by agreement, by operation of law or by any other means.

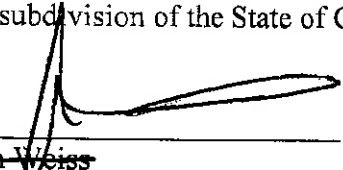

11. ***Amendment and Waiver.*** No modification, waiver, amendment or discharge of this Agreement shall be valid unless the same is in writing and signed by all parties.
12. ***Severability.*** If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.
13. ***Survival of Indemnification.*** The parties agree that this Agreement shall constitute a separate agreement from any PROJECT approval, and if the PROJECT, in part or in whole, is invalidated, rendered null or set aside by a court of competent jurisdiction, the parties agree to be bound by the terms of this Agreement, which shall survive such invalidation, nullification or setting aside.
14. ***Interpretation.*** The parties have been advised by their respective attorneys, or if not represented by an attorney, represent that they had an opportunity to be so represented in the review of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Agreement.
15. ***Captions and Headings.*** The captions and section headings used in this Agreement are inserted for convenience of reference only and are not intended to define, limit or affect the construction or interpretation of any term or provision hereof.
16. ***Jurisdiction and Venue.*** Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed in the Courts of Riverside County, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court or jurisdiction.
17. ***Counterparts; Facsimile & Electronic Execution.*** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. To facilitate execution of this Agreement, the parties may execute and exchange facsimile or electronic counterparts, and facsimile or electronic counterparts shall serve as originals.

18. **Joint and Several Liability.** In the event there is more than one PROPERTY OWNER, the liability of PROPERTY OWNER shall be joint and several, and PROPERTY OWNER each of them shall be jointly and severally liable for performance of all of the obligations of PROPERTY OWNER under this Agreement.

19. **Effective Date.** The effective date of this Agreement is the date the parties sign the Agreement. If the parties sign the Agreement on more than one date, then the last date the Agreement is signed by a party shall be the effective date.

IN WITNESS WHEREOF, the parties hereto have duly caused this Agreement to be executed by their authorized representatives as of the date written.
