AGENDA

• REGULAR MEETING • RIVERSIDE COUNTY •
RIVERSIDE COUNTY PLANNING COMMISSION
4080 LEMON STREET, 1ST FLOOR BOARD CHAMBERS
RIVERSIDE, CA 92501

CALL TO ORDER - ROLL CALL
SALUTE TO THE FLAG

If you wish to speak, please complete a "SPEAKER IDENTIFICATION FORM" and give it to the TLMA Commission Secretary. The purpose of the public hearing is to allow interested parties to express their concerns. Please do not repeat information already given. If you have no additional information, but wish to be on record, simply give your name and address and state that you agree with the previous speaker(s).

In compliance with the Americans with Disabilities Act, if any accommodations are needed, please contact Mary Stark at (951) 955-7436 or E-mail at mcstark@rctlma.org. Request should be made at least 48 hours or as soon as possible prior to the scheduled meeting.

1.0 CONSENT CALENDAR

1.1 **NONE**

2.0 GENERAL PLAN AMENDMENT INITIATION PROCEEDINGS: 9:00 a.m. or as soon as possible thereafter. (Presentation available upon Commissioners' request)

2.1 **NONE**

3.0 PUBLIC HEARING: 9:00 a.m. or as soon as possible thereafter:

- 3.1 **CONDITIONAL USE PERMIT NO. 3692** – Intent to Adopt Negative Declaration – Applicant: Corrie Kates – Fourth/Fourth Supervisorial District – Location: Northerly of Woburn Court, southerly of Pet Land Place at 30640 Gunther Street in Thousand Palms - **REQUEST:** Proposal to open a Brewery and Bottling plant (Type 23 ABC License – Small Beer Manufacturer) within an existing 7,045 square foot industrial building with 16 parking spaces producing approximately 3,000 barrels of beer per year (93,000 gallons) with manufactured product being delivered to local restaurants and retail stores. The project includes a 500 square foot "tasting room" with stand-up bar that will be used for marketing and showcasing the product to potential vendors by appointment only. Project Planner: Jay Olivas at 951-955-1195 or email at jolivas@rctlma.org (Quasi judicial)

Applicant: CV Brewing Co.
Representative: Corrie Kates

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

Conditional Use Permit No. 3692 proposes to open a Brewery and Bottling plant (Type 23 ABC License – Small Beer Manufacturer) within an existing 7,045 square foot industrial building with 16 parking spaces producing approximately 3,000 barrels of beer per year (93,000 gallons) using approximately 11 tanks with manufactured product being delivered to local restaurants and retail stores by approximately four (4) truck trips per week. The project includes a 500 square foot “tasting room” with stand-up bar that will be used for marketing and showcasing the product to potential vendors by appointment only.

The project site is located in the Community of Thousand Palms within the Western Coachella Valley Area Plan in Eastern Riverside County; more specifically, northerly of northerly of Woburn Court, southerly of Pet Land Place at 30640 Gunther Street.

ISSUE OF POTENTIAL CONCERN:

The proposed liquor license is not located within 1,000 feet radius of businesses that currently have active-on and off-site alcohol beverage control licenses.

There are no schools, parks or churches within the 1,000 foot vicinity of the project. According to the California Department of Alcoholic Beverage Control (ABC), there are six (6) on-sale and nine (9) off-sale alcoholic beverage licenses for census tract 445.05, and no Type 23 - Small Beer Manufacturer licenses within this census tract. Additionally, according to the ABC, a Type 23 license is a non-retail license and therefore is not subject to a determination of Public Necessity and Convenience.

With the lack of impacts to schools, parks, and churches in the immediate vicinity, staff finds that the Type 23 license would not have a negative impact to the community, and therefore supports adding the use of a brewery and bottling plant to this site.

BACKGROUND:

Plot Plan No. 18221 was the original project application for the subject industrial building and was approved in 2004. The proposed project does not alter the conditions of approval for Plot Plan No. 18221 and does not replace Plot Plan No. 18221. CUP 3692 proposes only to add a small beer manufacturer within an existing vacant industrial building.

SUMMARY OF FINDINGS:

- | | |
|--|--|
| 1. Existing General Plan Land Use (Ex. #5): | Light Industrial (.25 - .60 Floor Area Ratio) |
| 2. Surrounding General Plan Land Use (Ex. #5): | Light Industrial (.25 - .60 Floor Area Ratio) to the north, south, west; High Density Residential (8-14 D.U./Ac.) to the west. |

- | | |
|-----------------------------------|--|
| 3. Existing Zoning (Ex. #2): | Manufacturing-Service Commercial (M-SC) |
| 4. Surrounding Zoning (Ex. #2): | Manufacturing-Service Commercial (M-SC) to the north, south, west; One Family Dwellings (R-1) to the east |
| 5. Existing Land Use (Ex. #1): | Industrial Building |
| 6. Surrounding Land Use (Ex. #1): | Industrial buildings to the north, south, and west; vacant residential land to the east (PP24228). |
| 7. Project Data: | Total Acreage: .51 Gross / Net
Total Number of Existing Buildings: 1
Total Existing Building Square Footage: 7,045
Total Existing Parking Spaces: 16
Liquor License Type: 23 |
| 8. Environmental Concerns: | See attached environmental assessment |

RECOMMENDATIONS:

ADOPTION of a **NEGATIVE DECLARATION** for **ENVIRONMENTAL ASSESSMENT NO. 42570**, based on the findings incorporated in the initial study and the conclusion that the project will not have a significant effect on the environment; and,

APPROVAL of **CONDITIONAL USE PERMIT NO. 3692**, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

FINDINGS: The following findings are in addition to those incorporated in the summary of findings, and in the attached environmental assessment, which is incorporated herein by reference.

1. The project site is designated Community Development: Light Industrial (CD: LI) (.25 - .60 Floor Area Ratio) on the Western Coachella Valley Area Plan.
2. The proposed use, a brewery and bottling plant (Type 23 ABC License – Small Beer Manufacturer), is a permitted use in the Community Development: Light Industrial (CD: LI) (.20 - .60 Floor Area Ratio) land use designation.
3. The project site is surrounded by properties which are designated Community Development: Light Industrial (CD: LI) (.25-.60 Floor Area Ratio) to the north, south, and west; and Community Development: High Density Residential (CD: HDR) (8 -14 D.U./Ac.) to the east.
4. The zoning for the subject site is Manufacturing – Service Commercial (M-SC).
5. The proposed use, a brewery and bottling plant (Type 23 ABC License - Small Beer Manufacturer), is a permitted use, subject to approval of a conditional use permit in the Manufacturing Service Commercial (M-SC) zone.
6. The project site is surrounded by properties which are zoned Manufacturing - Service Commercial (M-SC) to the north, south, and west; and, One – Family Dwellings (R-1) to the east.
7. Within the vicinity of the proposed project there are industrial buildings to the north, south, and west, and vacant residential land to the east.

8. The population for Census Tract 445.05 was approximately 6,401 persons according to the US Census Bureau (2007-2011 American Community Survey 5-Year Estimates).
9. The project will be consistent with the objectives of Type 23 – Small Beer Manufacturers licensing requirements (Alcoholic Beverage Control Act: California Business and Professions Code 23357).
10. Per the Email received March 21, 2013 from ABC, there are no Type 23 - Small Beer Manufacturers currently in Census Tract 445.05. According to the ABC, a Public Necessity and Convenience finding is not required.
11. The project site is consistent with the objectives of Section 18.48 (Alcoholic Beverage Sales) of Ordinance No. 348.
12. Access to the site is from Gunther Street (78' ROW). The project will provide appropriate street and off-site traffic mitigation, such as, Transportation Uniform Mitigation (TUMF) fees, in compliance with the requirements of the circulation element of the General Plan.
13. The project is approximately one mile from a fire station. The project will provide appropriate fire protection measures in conformance with the fire services policies of the General Plan.
14. Domestic water and sewer is provided by the Coachella Valley Water District. Domestic water and sanitation shall be provided in conformance with the water and sewer land uses standards of the General Plan.
15. The project is located within the boundaries of the Thousand Palms Community Council and was brought to the March 28, 2013 community council meeting for informational purposes only.
16. The project is within the Coachella Valley Multiple Species Habitat Conservation Plan, but is not specifically located within a Conservation Area.
17. The project site is not currently located within 1,000 feet of existing residential dwellings, however, up to 81 apartment units may be built in the future on the adjoining easterly property subject to approved Plot Plan 24228.
18. The brewery and bottling plant within an existing industrial building would be approximately 500 feet from any future apartment units approved under Plot Plan No. 24228 and would be subject to California Building Code (CBC) addressing any impacts to future apartment units.
19. The project is not located within 1,000 feet of an established place of religious worship.
20. No schools are located within 1,000 feet from the project site.
21. The project is not located within 1,000 feet of an existing or planned public park or playground.
22. The proposed use will not be situated in such a manner that the facility will cause undue vehicle traffic impacts to any school, church, public park or playground.
23. Environmental Assessment No. 42570 did not identify potentially significant impacts.

CONCLUSIONS:

1. The proposed project is in conformance with the Community Development: Light Industrial (CD: LI) (.25 - .60 Floor Area Ratio) land use designation, and with all other elements of the Riverside County General Plan.
2. The proposed project is conditionally consistent with the Manufacturing Service Commercial (M-SC) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
3. The public's health, safety and general welfare are protected through project design.
4. The proposed project is compatible with the present and future logical development of the area.
5. The proposed project will not have a significant effect on the environment.

INFORMATIONAL ITEMS:

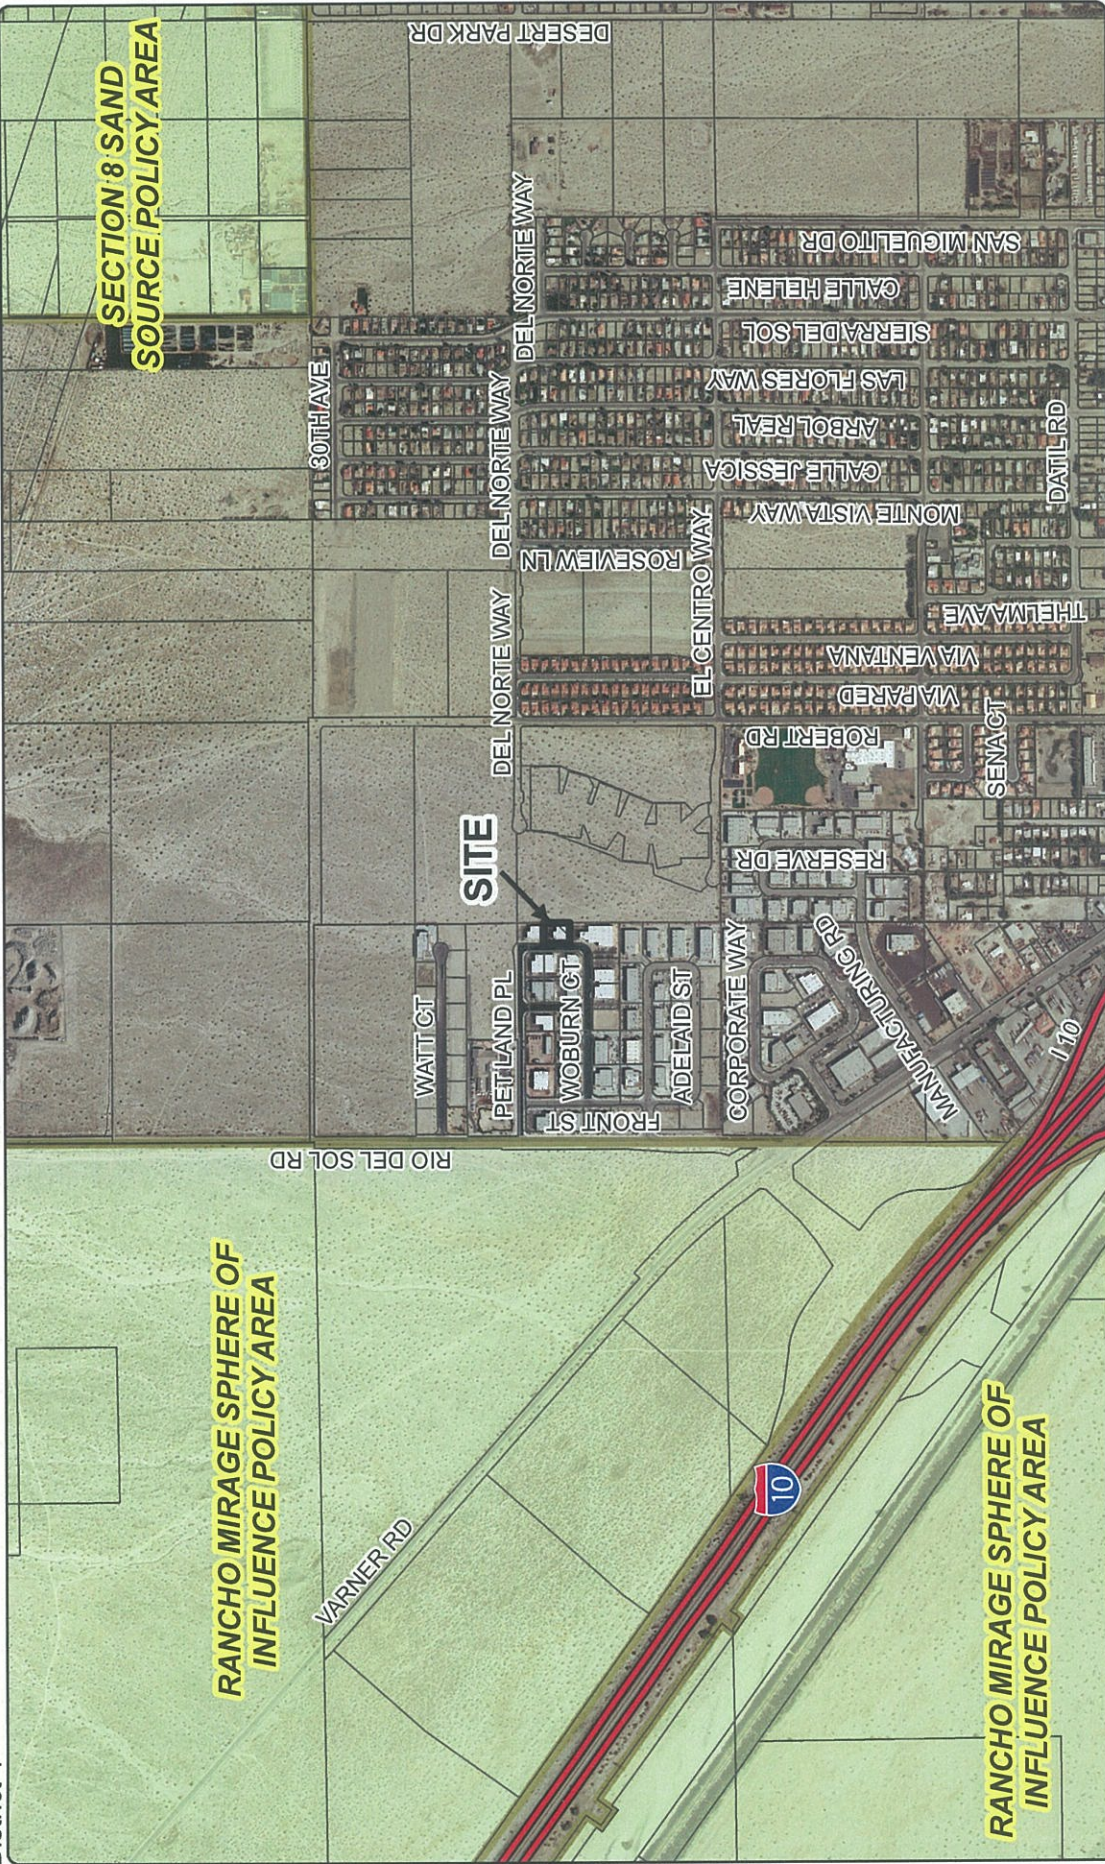

1. As of this writing (3/25/13), no public letters, in support or opposition have been received.
2. The project site is not located within:
 - a. An Historic Preservation District;
 - b. Agriculture Preserve;
 - c. A Redevelopment Area;
 - d. A High Fire area;
 - e. An Airport Influence Area;
 - f. A Conservation Area.
3. The project site is located within:
 - a. Areas of Flooding Sensitivity;
 - b. An Area subject to the Mt. Palomar Lighting Ordinance No. 655 (Zone B);
 - c. An Area of Liquefaction Potential (Moderate);
 - d. An Area Susceptible to Subsidence;
 - e. A Low Paleontological Sensitivity Area; and,
 - f. The boundaries of the Palm Springs Unified School District.
4. The subject site is currently designated as Assessor's Parcel Number 650-350-017.

I. PROJECT INFORMATION

A. Project Description: Proposal to open a Brewery and Bottling plant (Type 23 ABC License – Small Beer Manufacturer) within an existing 7,045 square foot industrial building with 16 parking spaces producing approximately 3,000 barrels of beer per year (93,000 gallons) using approximately 11 tanks with manufactured product being delivered to local restaurants and stores by approximately four (4) truck trips per week. The project includes a 500 square foot “tasting room” to sample the product and determine salability and whether it should be bottled for distribution. The “tasting room” will also be used for marketing and showcasing the product to potential vendors by appointment only. No project grading is proposed.

B. Type of Project: Site Specific ; Countywide ; Community ; Policy .

C. Total Project Area: .51 Gross Acres

Residential Acres:	Lots:	Units:	Projected No. of Residents:
Commercial Acres:	Lots:	Sq. Ft. of Bldg. Area:	Est. No. of Employees:
Industrial Acres: .51	Lots: 1	Sq. Ft. of Bldg. Area: 7,045	Est. No. of Employees: 5-10
Other:			

D. Assessor's Parcel No(s): 650-350-017

E. Street References: North of Woburn Court, south of Pet Land Place at 30640 Gunther Street in Thousand Palms.

F. Section, Township & Range Description or reference/attach a Legal Description:
Township 4 South, Range 6 East, Section 18

G. Brief description of the existing environmental setting of the project site and its surroundings: This project site contains an existing industrial building and is located within an existing business park. Surrounding land uses consist of industrial buildings to the north, south, and west. Vacant residential land is located to the east intended for up to 81 future apartment units (Plot Plan No. 24228).

II. APPLICABLE GENERAL PLAN AND ZONING REGULATIONS

A. General Plan Elements/Policies:

1. **Land Use:** The project implements Policy LU 4.1, requiring developments to be located and designed to visually enhance, not degrade, the character of the surrounding area. The proposed project is located within the Light Industrial land use designation and the existing industrial building contains exterior design features such as varied roof lines at front entrance and landscaping such as trees to visually enhance the area.
2. **Circulation:** The project has adequate circulation to the site with improved streets including Gunther Street that contains curbs, gutters, and sidewalks. Therefore, it is consistent with the Circulation Element of the General Plan. The proposed project meets all other applicable circulation policies of the General Plan.
3. **Multipurpose Open Space:** No natural open space land was required to be preserved within the boundaries of this project. The proposed project meets with all other applicable Multipurpose Open Space element policies.
4. **Safety:** The proposed project is located within Areas of Flooding Sensitivity. Existing retention areas mitigate flood impacts from increased runoff. The proposed project has allowed for sufficient provision of emergency response services to the tenants. The proposed project meets with all other applicable Safety element policies.
5. **Noise:** Sufficient mitigation against any foreseeable noise sources in the area have been provided for in the design of the project. The project will not generate noise levels in excess of standards established in the General Plan or noise ordinance. The project meets all other applicable Noise Element Policies.
6. **Housing:** The proposed project is not subject to Housing Element Policies.
7. **Air Quality:** The existing industrial building to be remodeled meets all applicable Air Quality element policies.

B. **General Plan Area Plan(s):** Western Coachella Valley

C. **Foundation Component(s):** Community Development

D. **Land Use Designation(s):** Light Industrial (.25-.60 Floor Area Ratio)

E. **Overlay(s), if any:** Not Applicable

F. **Policy Area(s), if any:** Not Applicable

G. **Adjacent and Surrounding Area Plan(s), Foundation Component(s), Land Use Designation(s), and Overlay(s) and Policy Area(s), if any:** The project site is surrounded by properties which are designated Light Industrial and High Density Residential.

H. Adopted Specific Plan Information

1. **Name and Number of Specific Plan, if any:** Not Applicable

2. Specific Plan Planning Area, and Policies, if any: Not Applicable

I. Existing Zoning: Manufacturing-Service Commercial (M-SC)

J. Proposed Zoning, if any: Not Applicable

K. Adjacent and Surrounding Zoning: The project site is surrounded by properties which are zoned Manufacturing-Service Commercial (M-SC), One-Family Dwellings (R-1) and Two-Family Dwellings (R-2).

III. ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED

The environmental factors checked below (x) would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" or "Less than Significant with Mitigation Incorporated" as indicated by the checklist on the following pages.

- | | | |
|---|--|---|
| <input type="checkbox"/> Aesthetics | <input type="checkbox"/> Hazards & Hazardous Materials | <input type="checkbox"/> Recreation |

| <input type="checkbox"/> Greenhouse Gas Emissions | <input type="checkbox"/> Public Services | |

IV. DETERMINATION

On the basis of this initial evaluation:

A PREVIOUS ENVIRONMENTAL IMPACT REPORT/NEGATIVE DECLARATION WAS NOT PREPARED

I find that the proposed project **COULD NOT** have a significant effect on the environment, and a **NEGATIVE DECLARATION** will be prepared.

I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project, described in this document, have been made or agreed to by the project proponent. **A MITIGATED NEGATIVE DECLARATION** will be prepared.

I find that the proposed project **MAY** have a significant effect on the environment, and an **ENVIRONMENTAL IMPACT REPORT** is required.

A PREVIOUS ENVIRONMENTAL IMPACT REPORT/NEGATIVE DECLARATION WAS PREPARED

I find that although the proposed project could have a significant effect on the environment, **NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED** because (a) all potentially significant effects of the proposed project have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards, (b) all potentially significant effects of the proposed project have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration, (c) the proposed project will not result in any new significant environmental effects not identified in the earlier EIR or Negative Declaration, (d) the proposed project will not substantially increase the severity of the environmental effects identified in the earlier EIR or Negative Declaration, (e) no considerably different mitigation measures have been identified and (f) no mitigation measures found infeasible have become feasible.

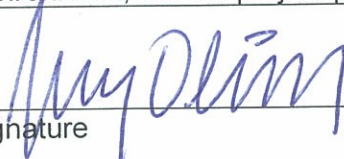

I find that although all potentially significant effects have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards, some changes or additions are necessary but none of the conditions described in California Code of Regulations, Section 15162

exist. An **ADDENDUM** to a previously-certified EIR or Negative Declaration has been prepared and will be considered by the approving body or bodies.

I find that at least one of the conditions described in California Code of Regulations, Section 15162 exist, but I further find that only minor additions or changes are necessary to make the previous EIR adequately apply to the project in the changed situation; therefore a **SUPPLEMENT TO THE ENVIRONMENTAL IMPACT REPORT** is required that need only contain the information necessary to make the previous EIR adequate for the project as revised.

I find that at least one of the following conditions described in California Code of Regulations, Section 15162, exist and a **SUBSEQUENT ENVIRONMENTAL IMPACT REPORT** is required: (1) Substantial changes are proposed in the project which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; (2) Substantial changes have occurred with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR or negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified as complete or the negative declaration was adopted, shows any the following:(A) The project will have one or more significant effects not discussed in the previous EIR or negative declaration;(B) Significant effects previously examined will be substantially more severe than shown in the previous EIR or negative declaration;(C) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measures or alternatives; or,(D) Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR or negative declaration would substantially reduce one or more significant effects of the project on the environment, but the project proponents decline to adopt the mitigation measures or alternatives.

V. ENVIRONMENTAL ISSUES ASSESSMENT

In accordance with the California Environmental Quality Act (CEQA) (Public Resources Code Section 21000-21178.1), this Initial Study has been prepared to analyze the proposed project to determine any potential significant impacts upon the environment that would result from construction and implementation of the project. In accordance with California Code of Regulations, Section 15063, this Initial Study is a preliminary analysis prepared by the Lead Agency, the County of Riverside, in consultation with other jurisdictional agencies, to determine whether a Negative Declaration, Mitigated Negative Declaration, or an Environmental Impact Report is required for the proposed project. The purpose of this Initial Study is to inform the decision-makers, affected agencies, and the public of potential environmental impacts associated with the implementation of the proposed project.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
AESTHETICS Would the project				
1. Scenic Resources				
a) Have a substantial effect upon a scenic highway corridor within which it is located?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings and unique or landmark features; obstruct any prominent scenic vista or view open to the public; or result in the creation of an aesthetically offensive site open to public view?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan Figure C-9 "Scenic Highways"

Findings of Fact:

- a) The project site is located along Gunther Street which is not designated as a scenic highway corridor. Therefore, there would be no impact.
- b) The existing industrial building within an existing business park will not substantially damage scenic resources, including, but not limited to, trees, rock outcroppings and unique or landmark features, or obstruct a prominent scenic vista or view open to the public, as these features do not exist on the project site. Additionally, the project will not result in the creation of an aesthetically offensive site open to public view as the project includes existing architecture, landscaping, screening of mechanical equipment, trash enclosures and placement of utilities underground. Therefore, there would be no impact to scenic resources.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

2. Mt. Palomar Observatory

a) Interfere with the nighttime use of the Mt. Palomar Observatory, as protected through Riverside County Ordinance No. 655?

Source: GIS database, Ord. No. 655 (Regulating Light Pollution)

Findings of Fact:

- a) The project site is located approximately 41 miles from Mt. Palomar Observatory and is within Zone B of Ordinance No. 655. It has the potential to interfere with the Observatory. The project is required to comply with Ordinance No. 655 of the *Riverside County Standards and Guidelines*. The purpose of Ordinance No. 655 is to restrict the use of certain light fixtures emitting into the night sky that can create undesirable light rays and detrimentally affect astronomical observations and research. Ordinance No. 655 mandates that all outdoor lighting, aside from street lighting, be low to the ground, shielded or hooded in order to obstruct shining onto adjacent properties and streets. Impacts would be less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

3. Other Lighting Issues

a) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?

b) Expose residential property to unacceptable light levels?

Source: On-site Inspection, Project Application Description

Findings of Fact:

- a) The project consisting of an existing industrial building could create a new source of light with a new occupancy as a brewery and bottling plant, however, any new source of light is not anticipated to reach a significant level due to the size and scope of the project. Additionally, any existing or new lighting is conditioned to be hooded thereby reducing any lighting impacts (Condition of Approval (COA) 10.PLANNING.3). Impacts would be less than significant.
- b) Surrounding land uses include industrial buildings and vacant land. The amount of light that will be created is consistent with existing levels and is not considered substantial; therefore, surrounding properties will not be exposed to unacceptable light levels. Impacts to light levels are considered less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

AGRICULTURE & FOREST RESOURCES Would the project

4. Agriculture

a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland) as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Conflict with existing agricultural zoning, agricultural use or with land subject to a Williamson Act contract or land within a Riverside County Agricultural Preserve?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Cause development of non-agricultural uses within 300 feet of agriculturally zoned property (Ordinance No. 625 "Right-to-Farm")?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan Figure OS-2 "Agricultural Resources," GIS database, and Project Application Materials

Findings of Fact:

a-d) The project is not affected by agriculture programs and land use standards of the Riverside County General Plan. The project site is not designated as farmland of "local importance", it is designated "other lands" and "urban-built up land". The project is not adjacent to, or within 300 feet of agricultural zones (A-1, A-2, C/V, A-D and A-P). The project does not involve changes to the existing environment that could result in conversion of Farmland to non-agricultural use. Therefore, there would be no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required

5. Forest

a) Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Govt. Code section 51104(g))?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Result in the loss of forest land or conversion of forest land to non-forest use?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Involve other changes in the existing environment which, due to their location or nature, could result in con-	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

version of forest land to non-forest use?

Source: Riverside County General Plan Figure OS-3 "Parks, Forests and Recreation Areas," and Project Application Materials.

Findings of Fact:

a) The project is not located within the boundaries of a forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Govt. Code section 51104(g)). Therefore, the proposed project will not impact land designated as forest land, timberland, or timberland zoned Timberland Production.

b) According to General Plan, the project is not located within forest land and will not result in the loss of forest land or conversion of forest land to non-forest use; therefore, no impact will occur as a result of the proposed project.

c) The project will not involve other changes in the existing environment which, due to their location or nature, could result in conversion of forest land to non-forest use.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

AIR QUALITY Would the project

6. Air Quality Impacts

a) Conflict with or obstruct implementation of the applicable air quality plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Violate any air quality standard or contribute substantially to an existing or projected air quality violation?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Expose sensitive receptors which are located within 1 mile of the project site to project substantial point source emissions?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Involve the construction of a sensitive receptor located within one mile of an existing substantial point source emitter?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Create objectionable odors affecting a substantial number of people?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Source: SCAQMD CEQA Air Quality Handbook Table 6-2

Findings of Fact: The South Coast Air Quality Management District (SCAQMD) is responsible for developing a regional air quality management plan (Salton Sea Air Basin) to ensure compliance with state and federal air quality standards. The SCAQMD has adopted the 2003 Air Quality Management Plan (AQMP). The primary implementation responsibility assigned to the County (i.e. local governments) by the 2003 AQMP is the implementation of air quality control measures associated with transportation facilities. This project does not propose any transportation facilities that would require transportation control measures, and therefore will not obstruct implementation of the AQMP.

- a) The 2003 AQMP is based on socio-economic forecasts (including population estimates) provided by the Southern California Association of Governments (SCAG). The County General Plan is consistent with SCAG's Regional Growth Management Plan and SCAQMD's Air Quality Management Plan. This project is consistent with the General Plan Land Use designations, and population estimates. The population proposed by this project will not obstruct the implementation of the 2003 AQMP. Therefore, there is no impact.
- b) Minor Air quality impacts would occur during business operations. These impacts will be reduced below a level of significance by compliance with California Building Codes for the proposed tenant improvement (COA 10.BUILDING AND SAFETY PLAN CHECK.1). Therefore, the impact is considered less than significant.
- c) The project will not result in a cumulatively considerable net increase of any criteria pollutant for which the project region is in non-attainment status pursuant to any applicable federal or state ambient air quality standard. Therefore, less than significant impacts are expected.
- d) A sensitive receptor is a person in the population who is particularly susceptible to health effects due to exposure to an air contaminant than is the population at large. Sensitive receptors (and the facilities that house them) in proximity to localized CO sources, toxic air contaminants or odors are of particular concern. High levels of CO are associated with major traffic sources, such as freeways and major intersections, and toxic air contaminants are normally associated with manufacturing and commercial operations. Land uses considered to be sensitive receptors include long-term health care facilities, rehabilitation centers, convalescent centers, retirement homes, residences, schools, playgrounds, child care centers, and athletic facilities. Surrounding land uses include industrial buildings and vacant land, which are not considered sensitive receptors; the project is not expected to generate substantial point-source emissions. The project will not include major transportation facilities or generate significant odors. Therefore, there is no impact.
- e) Surrounding uses do not include significant localized CO sources, toxic air contaminants or odors. Therefore, the proposed project will not involve the construction of a sensitive receptor located within one mile of an existing substantial point-source emitter. Therefore, no impacts are expected.
- f) The project will not create objectionable odors affecting a substantial number of people due to exhaust – ventilation requirements per the Fire Department (COA 80.FIRE.3) and California Building Code. The proposed use is also a minimum of 500 feet from the nearest future residential development to the east approved as part of Plot Plan No. 24228. Any impacts would be less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

BIOLOGICAL RESOURCES Would the project

7. Wildlife & Vegetation

a) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservation Community Plan, or other approved local, regional, or state conservation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Have a substantial adverse effect, either directly or through habitat modifications, on any endangered, or threatened species, as listed in Title 14 of the California Code of Regulations (Sections 670.2 or 670.5) or in Title 50, Code of Federal Regulations (Sections 17.11 or 17.12)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U. S. Wildlife Service?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or U. S. Fish and Wildlife Service?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: GIS database, WRC-MSHCP and/or CV-MSHCP, Environmental Programs Division (EPD) review

Findings of Fact:

a-g) The proposed project is not located within a Conservation Area of the Coachella Valley Multiple Species Habitat Conservation Plan (CV-MSHCP). A review by the Environmental Programs Division of the Planning department was done to assure consistency with the CV-MSHCP plan. No inconsistencies were reported. The land is previously disturbed with existing industrial building. The project site does not conflict with the provisions of any of the

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

above adopted Habitat Conservation Plans, Natural Conservation Community Plan, or other approved local, regional, or state conservation plan. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

CULTURAL RESOURCES Would the project

8. Historic Resources

a) Alter or destroy an historic site?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Cause a substantial adverse change in the significance of a historical resource as defined in California Code of Regulations, Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: On-site Inspection, Project Application Materials

Findings of Fact:

a-b) The site is improved with an industrial building. The project does not propose the disturbance of a historic site or the demolishing of historic structures. The project will not cause a substantial adverse change in the significance of a historical resource as defined in California Code of Regulations, Section 15064.5. Therefore, the project will have no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

9. Archaeological Resources

a) Alter or destroy an archaeological site.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to California Code of Regulations, Section 15064.5?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Disturb any human remains, including those interred outside of formal cemeteries?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Restrict existing religious or sacred uses within the potential impact area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Project Application Materials

Findings of Fact:

a) Site disturbance has already occurred with the existing industrial lot. Potential impacts to archaeological resources were previously reviewed under PM30439 and PP18221, and no archaeological resources were located on this lot based on surveys completed for the above projects. Therefore, the project will not alter or destroy any known archaeological site and there will be no impact.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

b) The proposed project is not expected to impact archaeological resources. If, however, during any building tenant improvements or ground disturbing activities, unique cultural resources are discovered, all ground disturbances shall halt until a meeting is held between the developer, archaeologist, and Native American representative to discuss the significance of the find (COA 10.PLANNING.17). No impacts are expected.

c) There may be a possibility that tenant improvements and ground disturbing activities will expose human remains. The project is subject to State Health and Safety Code Section 7050.5 if human remains are discovered during ground disturbing activities. No impacts are anticipated.

d) The project will not restrict existing religious or sacred uses within the potential impact area. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

10. Paleontological Resources

a) Directly or indirectly destroy a unique paleontological resource, or site, or unique geologic feature?

Source: GIS database, County Geologist review

Findings of Fact:

a) According to GIS database, this site has been mapped as having a low potential for paleontological resources. Due to low potential, no paleontological report has been required. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

GEOLOGY AND SOILS Would the project

11. Alquist-Priolo Earthquake Fault Zone or County Fault Hazard Zones

a) Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death?

b) Be subject to rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault?

Source: Riverside County General Plan Figure S-2 "Earthquake Fault Study Zones," GIS database, County Geologist review

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Findings of Fact:

a) According to RCLIS (GIS database), the proposed project is not located within a fault zone. Based on the review of aerial photos, site mapping and literature research, there is no evidence of active faults crossing trending toward the subject site that would expose people to structures to potential substantial adverse risks. Therefore, no impacts are expected.

b) In addition, the site is not located within one-half mile from an earthquake fault zone. Therefore, the potential for this site to be affected by surface fault rupture is considered low and no impacts are expected.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

12. Liquefaction Potential Zone

a) Be subject to seismic-related ground failure, including liquefaction?

Source: Riverside County General Plan Figure S-3 "Generalized Liquefaction", GIS Database, County Geologist review

Findings of Fact:

a) According to the County Geologist, the potential for liquefaction is moderate at this site. Due to existing structures on-site constructed with building permit, and any future building improvements being constructed in accordance with the California Building Code (CBC), no impacts from liquefaction are anticipated.

Mitigation: No mitigation measures required.

Monitoring: No monitoring measures are required.

13. Ground-shaking Zone

Be subject to strong seismic ground shaking?

Source: Riverside County General Plan Figure S-4 "Earthquake-Induced Slope Instability Map," and Figures S-13 through S-21 (showing General Ground Shaking Risk), County Geologist review

Findings of Fact:

a) There are no known active or potentially active faults that traverse the site and the site is not located within an Alquist-Priolo Earthquake Fault Zone. The principal seismic hazard that could affect the site is ground shaking resulting from an earthquake occurring along several major active or potentially active faults in southern California. CBC requirements pertaining to development will mitigate the potential impact to less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

14. Landslide Risk

a) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, collapse, or rockfall hazards?

Source: Riverside County General Plan Figure S-5 "Regions Underlain by Steep Slope", Geologist review

Findings of Fact:

a) According to the County Geologist, landslides are not a potential hazard to the site. Therefore, the project will have no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

15. Ground Subsidence

a) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in ground subsidence?

Source: GIS database, County Geologist review

Findings of Fact:

a) According to GIS database, the site is located in an area susceptible to subsidence. However, County Geologist review concluded that subsidence in the area will not cause any differential settlement or cracking of the existing building foundations subject to the CBC. Impacts would be less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

16. Other Geologic Hazards

a) Be subject to geologic hazards, such as seiche, mudflow, or volcanic hazard?

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Source: Project Application Materials, County Geologist review

a) According to the County Geologist, tsunamis and seiching are not potential hazards to the site. Therefore, the project will have no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

17. Slopes

a) Change topography or ground surface relief features?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Create cut or fill slopes greater than 2:1 or higher than 10 feet?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Result in grading that affects or negates subsurface sewage disposal systems?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Project Application Materials, Building and Safety – Grading Review

Findings of Fact:

- a) The project proposes contains relatively flat topography, no future grading is proposed due to the existing business park. The proposed project will not substantially alter ground surface relief features. Therefore, there is no impact.
- b) No slopes with a slope ratio greater than two to one (2:1) (horizontal run: vertical rise) are proposed. Therefore, there is no impact.
- c) No infiltration lines will be disturbed as a result of the project. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

18. Soils

a) Result in substantial soil erosion or the loss of topsoil?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Be located on expansive soil, as defined in Section 1802.3.2 of the California Building Code (2007), creating substantial risks to life or property?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Have soils incapable of adequately supporting use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: General Plan figure S-6 “Engineering Geologic Materials Map”, Project Application Materials, Building and Safety Grading review

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

- a) The project will not result in soil erosion or loss of top soil due to existing paving, landscaping, and decomposed granite within the planter areas. Therefore, there is no impact.
- b) The expansion potential of the onsite soils is considered low and no special design provisions relative to expansive soils are needed. Therefore, no impacts related to soil expansion is anticipated.
- c) The area does feature a sewer system. The existing building and proposed facility uses a sewer system. Therefore, there is no impact since there are no existing septic tanks.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

19. Erosion

a) Change deposition, siltation, or erosion that may modify the channel of a river or stream or the bed of a lake?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Result in any increase in water erosion either on or off site?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Source: Flood Control District review, Project Application Materials

Findings of Fact:

- a) The project will not have an impact or change deposition, siltation, or erosion that may modify the channel of a river, stream, or the bed of a lake. Therefore, there would be no impact.
- b) The proposed project is not anticipated to result in any increase in water erosion either on or off site due to existing on-site retention and transportation improvements. The project is required to accept and properly dispose of all off-site drainage flowing onto or through the site. Impacts related to water erosion are considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

20. Wind Erosion and Blowsand from project either on or off site.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a) Be impacted by or result in an increase in wind erosion and blowsand, either on or off site?				

Source: Riverside County General Plan Figure S-8 "Wind Erosion Susceptibility Map," Ord. 460, Sec. 14.2 & Ord. 484

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Findings of Fact:

a) The project site lies within a high to moderate wind erosion susceptibility area. The project site is not anticipated to be heavily impacted by wind erosion and blowsand because of existing site improvements. Impacts would be less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

GREENHOUSE GAS EMISSIONS Would the project

21. Greenhouse Gas Emissions

a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?

b) Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases?

Source: Project application materials

Findings of Fact:

a) The Planning Department does not require a greenhouse gas numerical analysis for small projects that would not contribute cumulatively significant amounts of exhaust emissions or generate cumulatively considerable levels of GHGs from fuel combustion or involve substantial water and electricity demands. The type of small-scale development authorized by this project would not generate enough GHG emissions from its operation to be deemed cumulatively significant sufficient to warrant quantitative or qualitative GHG analysis. More specifically, the California Air Pollution Control Officers Association (CAPCOA) proposed a very aggressive 900 metric tons per year of GHG emissions threshold for residential and commercial projects. The intent of the 900-ton threshold is to capture 90% of all new residential and commercial development projects. CAPCOA's threshold was based on the amount of GHG emissions associated with 50 single-family residential units, which accounts for 84% of the projects in California. The 900-ton threshold would also correspond to apartments/condominiums of 70 units, office projects of approximately 35,000 square feet, retail projects of 11,000 square feet, and supermarkets of 6,300 square feet, but would exclude smaller residential developments, offices and retail stores from having to quantify and mitigate GHG emissions under CEQA. The contribution to GHG emissions is far below the 900-ton threshold that might otherwise trigger GHG analysis according to CAPCOA's model. Therefore, the impact is considered less than significant.

b) As of the creation of this environmental analysis, the only adopted policy that would impact this project at the time of approval would be AB 32. This project does not conflict with the requirements of AB 32. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
HAZARDS AND HAZARDOUS MATERIALS Would the project				
22. Hazards and Hazardous Materials	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Impair implementation of or physically interfere with an adopted emergency response plan or an emergency evacuation plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Project Application Materials

Findings of Fact:

- a) The project does not propose any use that would involve the transport, use, or disposal of hazardous material—beyond a small increase in typical household cleaning agents resulting from the brewery operations. Therefore, less than significant impacts are expected.
- b) The proposed project is not anticipated to create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment. Therefore, there is no impact.
- c) The proposed project will not impair implementation of or physically interfere with an adopted emergency response plan or an emergency evacuation plan. The project allows for adequate emergency access. Therefore, there is no impact.
- d) There are no existing or proposed schools within 1000 feet the project site. Also, the proposed project does not propose the transportation of substantial amounts of hazardous materials. Therefore, there is no impact.
- e) The proposed project is not located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, would not create a significant hazard to the public or the environment. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
23. Airports				
a) Result in an inconsistency with an Airport Master Plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Require review by the Airport Land Use Commission?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) For a project within the vicinity of a private airstrip, or heliport, would the project result in a safety hazard for people residing or working in the project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan Figure S-19 "Airport Locations," GIS database

a) The project site is not located within an Airport Influence Area and the project will not result in an inconsistency with an Airport Master Plan. Therefore, there is no impact.

b) The project site is not located within the vicinity of a private airport and will not require review by the Airport Land Use Commission. Therefore, there is no impact.

c) The project is not located within an airport land use plan and would not result in a safety hazard for people residing or working in the project area. Therefore, there is no impact.

d) The project is not within the vicinity of a private airstrip, or heliport and would not result in a safety hazard for people residing or working in the project area. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

24. Hazardous Fire Area

a) Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Riverside County General Plan Figure S-11 "Wildfire Susceptibility," GIS database

Findings of Fact:

a) The project site is not located in a high fire area. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
HYDROLOGY AND WATER QUALITY Would the project				
25. Water Quality Impacts	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a) Substantially alter the existing drainage pattern of the site or area, including the alteration of the course of a stream or river, in a manner that would result in substantial erosion or siltation on- or off-site?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Violate any water quality standards or waste discharge requirements?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Create or contribute runoff water that would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Place housing within a 100-year flood hazard area, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Place within a 100-year flood hazard area structures which would impede or redirect flood flows?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Otherwise substantially degrade water quality?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
h) Include new or retrofitted stormwater Treatment Control Best Management Practices (BMPs) (e.g. water quality treatment basins, constructed treatment wetlands), the operation of which could result in significant environmental effects (e.g. increased vectors or odors)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County Flood Control District Flood Hazard Report/Condition.

Findings of Fact:

- a) The topography of the area consists of improved desert land. The project is not anticipated to substantially alter the existing drainage patterns of the project site. Therefore, the impact is considered less than significant.
- b) The proposed project will not violate any water quality standards or waste discharge requirements. BMPs include minimizing urban runoff, minimizing the impervious footprint, conserving natural areas, and minimizing directly connected impervious areas. Less than significant impacts are anticipated.
- c) Water service is provided by the Coachella Valley Water District. The proposed project will not substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted). Therefore, there is less than significant impact.

- d) The project has the potential to contribute to additional polluted runoff water. However, the project will not exceed the capacity of existing or planned stormwater drainage systems. The project provides for adequate drainage facilities and/or appropriate easements. Therefore, the impact is considered less than significant.
- e) The proposed project will not place housing within a 100-year flood hazard area as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map. Therefore, there is no impact.
- f) The project does contain an existing structure within a FEMA 100-year flood hazard area which would impede or redirect flood flows, but is less than significant due to adequate drainage facilities such as retention basins and street improvements.
- g) The proposed project is not anticipated to substantially degrade water quality due to existing Water Quality Management Plan for the overall business park. Therefore, there is no impact.
- h) The site has existing drainage infrastructure. Therefore, the proposed project does not include the construction of new or retrofitted storm water Treatment Control Best Management Practices (BMPs) (e.g. water quality treatment basins, constructed treatment wetlands). Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required

26. Floodplains

Degree of Suitability in 100-Year Floodplains. As indicated below, the appropriate Degree of Suitability has been checked.

NA - Not Applicable <input type="checkbox"/>	U - Generally Unsuitable <input type="checkbox"/>	R - Restricted <input checked="" type="checkbox"/>
a) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding on- or off-site?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Changes in absorption rates or the rate and amount of surface runoff?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam (Dam Inundation Area)?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Changes in the amount of surface water in any water body?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Source: Riverside County General Plan Figure S-9 "100- and 500-Year Flood Hazard Zones," Figure S-10 "Dam Failure Inundation Zone," Riverside County Flood Control District Flood Hazard Report/Condition, GIS database

Findings of Fact:

- a) The project will not substantially alter the existing drainage pattern for the area. Therefore, impacts are considered less than significant.
- b) It is not anticipated that offsite flows will be substantially affected by implementation of the proposed project due to existing drainage improvements. Therefore, the impact is considered less than significant.
- c) The proposed project would not expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam due to existing drainage improvements. In addition, the project site is not located in an area susceptible to the impacts of the failure of a levee or dam. Therefore, impacts are considered less than significant.
- d) The proposed project is not expected to change the amount of surface water in any body of water. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

LAND USE/PLANNING Would the project

27. Land Use

a) Result in a substantial alteration of the present or planned land use of an area?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Affect land use within a city sphere of influence and/or within adjacent city or county boundaries?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Source: GIS database, Project Application Materials

Findings of Fact:

- a) The project would result in an alteration of the present land use of the area since the subject land on .51 gross acres proposes a brewery and bottling plant within an existing 7,045 square foot industrial building within an existing business park. The project is consistent with the subject land since the land is designated Light Industrial. Impacts would be less than significant. See also discussion under Sections I and II, herein, as it relates to project land use, zoning, and general plan consistency.
- b) The project is located within the Sphere of Influence (SOI) of Cathedral City. However, no comments have been received from the city as of the writing of this document based on transmittals sent by the county. Impacts would be less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

28. Planning

a) Be consistent with the site's existing or proposed zoning?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Be compatible with existing surrounding zoning?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Be compatible with existing and planned surrounding land uses?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Be consistent with the land use designations and policies of the Comprehensive General Plan (including those of any applicable Specific Plan)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Disrupt or divide the physical arrangement of an established community (including a low-income or minority community)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan Land Use Element, Staff review, GIS database

Findings of Fact:

a-b) The project will be conditionally consistent with the site's existing Manufacturing – Service Commercial (M-SC) zone due to the industrial nature of the project. The project is surrounded by properties which are zoned Manufacturing–Service Commercial (M-SC), One-Family Dwellings (R-1), and Two-Family Dwellings.

c-d) The proposal to add a brewery and bottling plant will be conditionally compatible with existing zoning, surrounding zoning, and with existing and planned surrounding land uses due to existing site improvements, required tenant improvement permit, and upgraded landscaping. Additionally, the project is required to obtain a license from the California Alcoholic Beverage Control Board (Type 23 – Small Beer Manufacturer). Impacts are less than significant.

e) The project is consistent with the land use designations and policies of the General Plan. In addition, the project will not disrupt or divide the physical arrangement of an established community.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required

MINERAL RESOURCES Would the project

29. Mineral Resource

a. Result in the loss of availability of a known mineral resource that would be of value to the region or the residents of the State?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b. Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
c. Be an incompatible land use located adjacent to a State classified or designated area or existing surface mine?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d. Expose people or property to hazards from proposed, existing or abandoned quarries or mines?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan Figure OS-5 "Mineral Resources Area"

- a) The project area has not been used for mining. Therefore, the project would not result in the loss of availability of a known mineral resource in an area classified or designated by the State that would be of value to the region or the residents of the State. Therefore, there is no impact.
- b) The project site has not been used for mineral resources; therefore, the project will not result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan. Therefore, there is no impact.
- c) Surrounding the project site are industrial buildings and vacant land. There are no existing surface mines surrounding the project site; therefore, the project will be compatible with the surrounding uses and will not be located adjacent to a State classified, designated area, or existing surface mine. Therefore, there is no impact.
- d) The project site is not located adjacent or near an abandoned quarry mine; therefore, the project will not expose people or property to hazards from quarry mines. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

NOISE Would the project result in

Definitions for Noise Acceptability Ratings

Where indicated below, the appropriate Noise Acceptability Rating(s) has been checked.

NA - Not Applicable A - Generally Acceptable B - Conditionally Acceptable
 C - Generally Unacceptable D - Land Use Discouraged

30. Airport Noise

e. For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport would the project expose people residing or working in the project area to excessive noise levels?
 NA A B C D

f. For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels?
 NA A B C D

Source: Riverside County General Plan Figure S-19 "Airport Locations," County of Riverside Airport Facilities Map

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Findings of Fact:

a) The project site is not located within two miles of a public airport or public use airport that would expose people residing on the project site to excessive noise levels. No impacts are expected.

b) The project is not located within the vicinity of a private airport and would not expose people residing on the project site or area to excessive noise levels. No impacts are expected.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

31. Railroad Noise

NA A B C D

Source: Riverside County General Plan Figure C-1 "Circulation Plan", GIS database, On-site Inspection

Findings of Fact: The proposed project is not located in the immediate vicinity of any railroads. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

32. Highway Noise

NA A B C D

Source: On-site Inspection, Project Application Materials

Findings of Fact: The proposed project is not located in the immediate vicinity of any highways. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

33. Other Noise

NA A B C D

Source: Project Application Materials, GIS database

Findings of Fact: No additional noise sources have been identified near the project site that would contribute a significant amount of noise to the project. Therefore, there will be no impact.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

34. Noise Effects on or by the Project

a) A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Exposure of persons to or generation of excessive ground-borne vibration or ground-borne noise levels?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan, Table N-1 ("Land Use Compatibility for Community Noise Exposure"); Project Application Materials

Findings of Fact:

- a) The project shall not create a substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project. The existing development as an industrial building will not substantially increase ambient noise levels. Therefore, there is no impact.
- b) The proposed project may create a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project during any tenant improvements and any new landscape installation. The project will be consistent with the County Noise Ordinance No. 847, therefore, impacts are considered less than significant.
- c) The proposed project will not expose people to or generate noise levels in excess of standards established in the local general plan, noise ordinance (County Ordinance No. 847), or applicable standards of other agencies. Exterior noise levels will be limited to less than or equal to 45 dB(A) 10-minute LEQ between the hours of 10:00 p.m. to 7:00 a.m., and 65 dB(A) at all other times pursuant to County Ordinance No. 847 (COA 10.E HEALTH.2). Therefore, impacts are expected to be less than significant.
- d) The proposed project will not expose people to or generate excessive ground-borne vibration or ground-borne noise levels. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
POPULATION AND HOUSING Would the project				
35. Housing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
a) Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Create a demand for additional housing, particularly housing affordable to households earning 80% or less of the County's median income?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Affect a County Redevelopment Project Area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Cumulatively exceed official regional or local population projections?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Source: Project Application Materials, GIS database, Riverside County General Plan Housing Element

Findings of Fact:

- a) The proposed project will not displace any existing residences due to the industrial nature of the project. Therefore, there is no impact.
- b) The proposed project would not create a demand for additional housing due to the industrial nature of the project. Therefore, there is no impact.
- c) The project site will not displace substantial numbers of people due to industrial nature of the project, necessitating the construction of replacement housing elsewhere.
- d) The project is not located within or near a County Redevelopment Project Area.
- e) The project would add a new business with approximately five (5) employees. This population increase will not exceed official regional or local population projections.
- f) The project will not induce substantial population growth in an area since the business would be within a 7,045 square foot building and be limited to approximately five (5) employees. Any impacts would be less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

PUBLIC SERVICES Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services:

36. Fire Services

Source: Riverside County General Plan Safety Element

Findings of Fact:

The proposed brewery and bottling plant will have a less than significant impact on the demand for Fire services since the project provides adequate fire access along Gunther Street and will include fire protection improvements such as minimum required fire flow of 1500 GPM, water certification, and exhaust ventilation system (COA 10.FIRE.2, 80.FIRE.2, 80.FIRE.3).

Additionally, the project will not result in substantial adverse physical impacts associated with the provision of new or physically altered government facilities or the need for new or physically altered governmental facilities. As such, this project will not cause additional construction that would result in any significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services. Therefore, the impact is considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

37. Sheriff Services

Source: Riverside County General Plan

Findings of Fact:

The Riverside County Sheriff's Department (RCSD) provides law enforcement and crime prevention services to the project site. Similar to fire protection services, the proposed project will incrementally increase the demand for sheriff services in the project area; however, due to its limited size, the proposed project will not create a less than significant impact on sheriff services.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

38. Schools

Source: GIS database

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Findings of Fact:

The Palm Springs Unified School District provides public education services for the project area. The applicant of this project may be conditioned to pay the school impact fees as set by State Law. Fees are required to be paid prior to issuance of any future building permits. Therefore, with payment of school fees the potential impact is mitigated to a less than significant level.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

39. Libraries

Source: Riverside County General Plan

Findings of Fact:

The proposed project will not create an incremental demand for library services. The project will not require the provision of new or altered government facilities at this time. Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

40. Health Services

Source: Riverside County General Plan

Findings of Fact:

The use of the proposed project area would not cause a significant impact on health services since the project proposes a small brewery and bottling plant with approximately five (5) workers; the premises would also be subject to ABC licensing (Type 23). The site is located within the service parameters of County health centers. The project will not physically alter existing health facilities or result in the construction of new or physically altered health facilities. Therefore, there is not impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

RECREATION

41. Parks and Recreation

a) Would the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
b) Would the project include the use of existing neighborhood or regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Is the project located within a Community Service Area (CSA) or recreation and park district with a Community Parks and Recreation Plan (Quimby fees)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: GIS database, Ord. No. 460, Section 10.35 (Regulating the Division of Land – Park and Recreation Fees and Dedications), Ord. No. 659 (Establishing Development Impact Fees), Parks & Open Space Department Review

Findings of Fact:

- a) The scope of the proposed project does not involve the construction or expansion of recreational facilities that would have an adverse physical effect on the environment since the land is part of an existing business park. Therefore, there is no impact.
- b) Due to the relatively small size of the .51 acre industrial lot, it is not anticipated that the project could generate impacts to nearby parks or recreational facilities. Therefore, there would be no impact.
- c) The project is not subject to Quimby fees at this time since no subdivision is proposed. Thus, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

42. Recreational Trails	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--------------------------------	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Riverside County General Plan

Findings of Fact: The General Plan does not identify a Class I Bikeway/Regional Trail in this area, therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No mitigation measures are required.

TRANSPORTATION/TRAFFIC Would the project				
43. Circulation	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a) Conflict with an applicable plan, ordinance or policy establishing a measure of effectiveness for the performance of the circulation system, taking into account all modes of transportation, including mass transit and non-motorized travel and relevant components of the circulation system, including but not limited to intersections, streets,				

	Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
highways and freeways, pedestrian and bicycle paths, and mass transit?				
b) Conflict with an applicable congestion management program, including, but not limited to level of service standards and travel demand measures, or other standards established by the county congestion management agency for designated roads or highways?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Alter waterborne, rail or air traffic?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Cause an effect upon, or a need for new or altered maintenance of roads?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Cause an effect upon circulation during the project's construction?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
h) Result in inadequate emergency access or access to nearby uses?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
i) Conflict with adopted policies, plans or programs regarding public transit, bikeways or pedestrian facilities, or otherwise substantially decrease the performance or safety of such facilities?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan

Findings of Fact:

a) The proposed project to add a brewery and bottling plant will slightly increase vehicular traffic along Gunther Street (78 foot Right-of-Way) within an existing industrial park. However, the Transportation Department did not require a traffic study or street widening for the proposed project due to existing street improvements. The project will not cause an increase in traffic which is substantial in relation to the existing traffic loads and capacity of the street system subject to road dedications and improvements. Nor will the project conflict with any County policy regarding mass transit. The impact is considered less than significant.

b) The project site meets all parking requirements of Ordinance No. 348 Section 18.12 "Off-Street Parking." The project will not conflict with an applicable congestion management plan.

c & d) The proposed project is not located within an Airport Influence Area. The project will not change air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks. Therefore, there is no impact.

e) The proposed project will not substantially increase hazards to a design feature (e.g. sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment). Therefore, there is no impact.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

- f) The project will cause a slight increase in the population of the area, thus creating an increase in maintenance responsibility. A portion of property taxes are provided to the Community Services District to offset the increased cost of maintenance. Therefore, there is a less than significant impact.
- g) It is not anticipated that there will be a substantial effect upon circulation during the proposed project's construction. Therefore, this impact is considered less than significant.
- h) The proposed project will not result in inadequate emergency access or access to nearby uses. Therefore, there is no impact.
- i) The proposed project will not conflict with adopted policies supporting alternative transportation (e.g. bus turnouts, bicycle racks). Therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

44. Bike Trails

Source: Riverside County General Plan

Findings of Fact: The General Plan does not identify a Class I Bikeway/Regional Trail, therefore, there is no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

UTILITY AND SERVICE SYSTEMS Would the project

45. Water

a) Require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which would cause significant environmental effects?

b) Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed?

Source: Department of Environmental Health Review

- a) The proposed project is served by the Coachella Valley Water District (CVWD) and may result in the construction of new water treatment facilities or expansion of existing facilities as the result of the brewery and bottling plant. However, due to the relatively small size of the brewery producing approximately 3,000 barrels of beer annually (93,000 gallons), impacts would be less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

b) The proposed project will be served by CVWD. Based on review by CVWD and transmittal dated February 22, 2013, it is anticipated that the project will have sufficient water supplies available for the project. Therefore, the impact is considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

46. Sewer

a. Require or result in the construction of new wastewater treatment facilities, including septic systems, or expansion of existing facilities, the construction of which would cause significant environmental effects?

b. Result in a determination by the wastewater treatment provider that serves or may service the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?

Source: Department of Environmental Health Review

Findings of Fact:

- a) The proposed project may result in the construction of new waste water treatment facilities or expansion of existing facilities as the result of the brewery and bottling plant. The Coachella Valley Water District (CVWD) transmittal letter of February 22, 2013 requires this industrial development to complete a sanitation (waste water) service survey to determine impacts of any waste discharge. However, due to the relatively small size of the brewery producing approximately 3,000 barrels of beer annually (93,000 gallons), impacts would be less than significant.
- c) The proposed project, based on the requirement for sanitation service survey to be submitted to CVWD, and existing business park improvements, is very likely to have adequate wastewater treatment capacity to serve the existing project site. Therefore, it is not anticipated the project will result in service that has inadequate capacity to serve the project's projected demand. Therefore, the impact is considered less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

47. Solid Waste

a) Is the project served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs?

b) Does the project comply with federal, state, and local statutes and regulations related to solid wastes including the CIWMP (County Integrated Waste Management Plan)?

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Source: Riverside County General Plan, Riverside County Waste Management District correspondence

Findings of Fact:

a-b) The project will not generate significant amounts of construction demolition waste. Some minor construction is planned with the tenant improvement. The project will be served by Riverside County Waste Management Department and shall be required to submit a Waste Recycling Plan (WMP) as indicated by transmittal dated February 20, 2013. The proposed project will not require nor result in the construction of new landfill facilities, including the expansion of existing facilities. Therefore, impacts are less than significant.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

48. Utilities

Would the project impact the following facilities requiring or resulting in the construction of new facilities or the expansion of existing facilities; the construction of which could cause significant environmental effects?

a) Electricity?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Natural gas?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Communications systems?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Storm water drainage?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
e) Street lighting?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Maintenance of public facilities, including roads?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
g) Other governmental services?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Source: Riverside County General Plan

Findings of Fact:

a-g) No letters have been received eliciting responses that the proposed project would require substantial new facilities or expand facilities. The project will have less than significant impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

49. Energy Conservation

a) Would the project conflict with any adopted energy conservation plans?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
---	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Riverside County General Plan

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Findings of Fact:

a-b) The proposed project will not project conflict with any adopted energy conservation plans. The project will have no impact.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

MANDATORY FINDINGS OF SIGNIFICANCE

50. Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
---	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Staff review, Project Application Materials

Findings of Fact: Implementation of the proposed project would not substantially degrade the quality of the environment, substantially reduce the habitat of fish or wildlife species, cause a fish or wildlife populations to drop below self-sustaining levels, threaten to eliminate a plant or animal community, or reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory.

51. Does the project have impacts which are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, other current projects and probable future projects)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Staff review, Project Application Materials

Findings of Fact: The project does not have impacts which are individually limited, but cumulatively considerable.

52. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

Source: Staff review, project application

Findings of Fact: The proposed project would not result in environmental effects which would cause substantial adverse effects on human beings, either directly or indirectly.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

EVERY DEPARTMENT

10. EVERY. 1 USE - PROJECT DESCRIPTION RECOMMND

The use hereby permitted is for a brewery and bottling plant (Type 23 ABC License - Small Beer Manufacturer) within an existing 7,045 square foot industrial building producing approximately 3,000 barrels of beer per year (93,000 gallons) using approximately 11 tanks with manufactured product being delivered to local restaurants and retail stores. The use includes a 500 square foot "tasting room" with stand-up bar that will be used for marketing and showcasing the product to potential vendors by appointment only.

10. EVERY. 2 USE - HOLD HARMLESS RECOMMND

The applicant/permittee or any successor-in-interest shall defend, indemnify, and hold harmless the County of Riverside or its agents, officers, and employees (COUNTY) from the following:

(a) any claim, action, or proceeding against the COUNTY to attack, set aside, void, or annul an approval of the COUNTY, its advisory agencies, appeal boards, or legislative body concerning the CONDITIONAL USE PERMIT; and,

(b) any claim, action or proceeding against the COUNTY to attack, set aside, void or annul any other decision made by the COUNTY concerning the CONDITIONAL USE PERMIT, including, but not limited to, decisions made in response to California Public Records Act requests.

The COUNTY shall promptly notify the applicant/permittee of any such claim, action, or proceeding and shall cooperate fully in the defense. If the COUNTY fails to promptly notify the applicant/permittee of any such claim, action, or proceeding or fails to cooperate fully in the defense, the applicant/permittee shall not, thereafter, be responsible to defend, indemnify or hold harmless the COUNTY.

The obligations imposed by this condition include, but are not limited to, the following: the applicant/permittee shall pay all legal services expenses the COUNTY incurs in connection with any such claim, action or proceeding, whether it incurs such expenses directly, whether it is

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10. EVERY. 2 USE - HOLD HARMLESS (cont.) RECOMMND

ordered by a court to pay such expenses, or whether it incurs such expenses by providing legal services through its Office of County Counsel.

10. EVERY. 3 USE - DEFINITIONS RECOMMND

The words identified in the following list that appear in all capitals in the attached conditions of Conditional Use Permit No. 3692 shall be henceforth defined as follows:

APPROVED EXHIBIT A = Exhibit A, (site plan), Exhibit B (elevations), and Exhibit C (floor plans), Amended No. 1 dated March 19, 2013.

BS GRADE DEPARTMENT

10.BS GRADE. 1 USE - GIN VARY INTRO RECOMMND

Conditional Use Permit No. 03692 proposes to open a wholesale Brewery and Bottling Plant within an existing 7,045 square foot industrial building. No grading is proposed as part of this development. The Grading Division does not object to this proposal with the included conditions of approval.

BS PLNCK DEPARTMENT

10.BS PLNCK. 1 USE - BUILD & SAFETY PLNCK RECOMMND

PERMIT ISSUANCE:

The applicant shall obtain the required building permit(s) from the building department prior to any construction or placement of any building, structure or equipment on the property.

A Tennant Improvement building permit from the building department may include all required and proposed construction as well as any mechanical, electrical, and plumbing improvements and alterations within the building. Additional building permits would be required for additional structures or items including but not limited to trash enclosures, light standards, building signage etc...

The applicant shall not occupy or use the building at any time prior to receiving an approved final inspection from

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.BS PLNCK. 1 USE - BUILD & SAFETY PLNCK (cont.)

RECOMMND

the building department.

CODE/ORDINANCE REQUIREMENTS:

All building plans and supporting documentation shall comply with current adopted California Building Codes, Riverside County Ordinances, and California Title 25 regulations in effect at the time of building plan submittal and fee payment to the Building Department. All Building Department plan submittal and fee requirements shall apply.

ACCESSIBLE PATH OF TRAVEL:

Included within the building plan submittal shall be a site plan to reflect all required accessible path of travel details. The revised site plan shall include the following information for the required continuous paved accessible path of travel:

- 1.Connection to the public R.O.W.
- 2.Connection to all buildings.
- 3.Connection to areas of public accommodation (Including recreation/sports park facilities and viewing areas.
- 4.Connection to accessible designed trash enclosures.
- 5.Connection to mail kiosks.
- 6.Connection to accessible parking loading/unloading areas.

The details shall include:

- 1.Accessible path construction type (Concrete or asphalt)
- 2.Path width.
- 3.Path slope%, cross slope%.
- 4.Ramp and curb cut-out locations.
- 5.Level landing areas at all entrance and egress points

E HEALTH DEPARTMENT

10.E HEALTH. 1 CVWD WATER AND SEWER SERVICE

RECOMMND

Conditional Use Permit 3692 is proposing to obtain potable water and sanitary sewer service from Coachella Valley Water District (CVWD). It is the responsibility of the developer to ensure that all requirements to obtain water and sewer service are met with CVWD as well as all other applicable agencies.

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.E HEALTH. 2 INDUSTRIAL HYGIENE - COMMENTS RECOMMND

Based on the information provided, no noise report shall be required for Conditional Use Permit 3692. However, this facility shall be required to comply with the following:

1. Facility-related noise, as projected to any portion of any surrounding property containing a "sensitive receiver, habitable dwelling, hospital, school, library or nursing home", must not exceed the following worst-case noise levels: 45 dB(A) - 10 minute noise equivalent ("leq"), between the hours of 10:00 p.m. to 7:00 a.m. (nighttime standard) and 65 dB(A) - 10 minute leq, between 7:00 a.m. and 10:00 p.m. (daytime standard).

For any questions, please contact the Office of Industrial Hygiene at (951) 955-8980.

FIRE DEPARTMENT

10.FIRE. 1 USE-#04-HIGH PILE/RACK STORAGE RECOMMND

A separate permit may be required for high-pile storage and/or racks. Sprinkler plans and/or sprinkler review must be submitted by a licensed sprinkler contractor with storage and/or rack plans to Riverside County Fire Department for review and approval of the 2001 cfc Article 81 compliance. Complete Article 81 information re: all commodities stored, rack dimensions, placement in building, sprinkler densities, etc. must be provided with suppression system for racks and/or high-pile storage review. A complete listing of commodities, classified using CFC Article 81, 2001 Edition and NFPA 13, 1999 Edition guidelines by a licensed Fire Protection Engineer (or other consultant approved by this jurisdiction).

10.FIRE. 2 USE*-#23-MIN REQ FIRE FLOW RECOMMND

Minimum required fire flow shall be 1500 GPM for a 2 hour duration at 20 PSI residual operating pressure, which must be available before any combustible material is placed on the job site. Fire flow is based on type VB construction per the 2010 CBC and Building(s) having a fire sprinkler system.

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.FIRE. 3 USE-#84-TANK PERMITS RECOMMND

Applicant or Developer shall be responsible for obtaining compressed gas, chemical and mixed liquid storage tank permits, from the Riverside County Fire Department and Environmental Health Departments. Plans must be submitted for approval prior to installation. If applicable: Tank must be tested and labeled to UL2085 Protected Tank Standard or SwRI 93-01. The test must include the Projectile Penetration Test and the Heavy Vehicle Impact Test. A sample copy of the tank's label from an independent test laboratory must be included with your plans. The plan will also be required to show location, detail, and protection of all tanks.

10.FIRE. 4 USE-#89-RAPID HAZMAT BOX RECOMMND

Rapid entry Hazardous Material data and key storage cabinet (Knox HAZMAT cabinet) shall be installed on the outside of the building where hazardous materials are utilized. If no hazardous materials are produced or used, a Knox key storage box will be required. Plans shall be submitted to the Riverside County Fire Department for approval prior to installation.

FLOOD RI DEPARTMENT

10.FLOOD RI. 1 USE FLOOD HAZARD REPORT RECOMMND

Conditional Use Permit 03692 is a request to open a commercial brewery and bottling plant within an existing industrial building on an approximately 0.51-acre lot of an existing industrial park complex. The lot is located in the Thousand Palms area on the east side of Gunther Street, south of Pet Land Place and east of Rio Del Sol. The site is Parcel 7 of Parcel Map 30439 and the Industrial Park was developed under Plot Plan 18221.

The site is located outside of the boundaries of the Riverside County Flood Control and Water Conservation District and flooding and drainage related issues and concerns are under the authority of another agency.

The District does have jurisdiction over compliance with the water quality requirements of the Regional Water Quality Control Board. However, no additional grading or other improvements which will increase the impervious area of the site are proposed. The surrounding parking area and

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.FLOOD RI. 1 USE FLOOD HAZARD REPORT (cont.) RECOMMND

landscaping are all constructed and all activity associated with this CUP will be conducted within the existing building. Therefore, no Water Quality Management Plan (WQMP) will be required by the District.

The District does not object to this request.

PLANNING DEPARTMENT

10.PLANNING. 1 USE - COMPLY WITH ORD./CODES RECOMMND

The development of these premises shall comply with the standards of Ordinance No. 348 and all other applicable Riverside County ordinances and State and Federal codes.

The development of the premises shall conform substantially with that as shown on APPROVED EXHIBIT A, unless otherwise amended by these conditions of approval.

10.PLANNING. 2 USE - FEES FOR REVIEW RECOMMND

Any subsequent submittals required by these conditions of approval, including but not limited to grading plan, building plan or mitigation monitoring review, shall be reviewed on an hourly basis (research fee), or other such review fee as may be in effect at the time of submittal, as required by Ordinance No. 671. Each submittal shall be accompanied with a letter clearly indicating which condition or conditions the submittal is intended to comply with.

10.PLANNING. 3 USE - LIGHTING HOODED/DIRECTED RECOMMND

Any outside lighting shall be hooded and directed so as not to shine directly upon adjoining property or public rights-of-way.

10.PLANNING. 4 USE - COLORS & MATERIALS RECOMMND

Building colors and materials shall be in substantial conformance with those shown on APPROVED EXHIBIT A.

10.PLANNING. 5 USE - LAND DIVISION REQUIRED RECOMMND

Prior to the sale of any individual structure as shown on APPROVED EXHIBIT A, a land division shall be recorded in

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.PLANNING. 5 USE - LAND DIVISION REQUIRED (cont.) RECOMMND
accordance with verside County Ordinance No. 460, and any other pertinent ordinance.

10.PLANNING. 6 USE - HOURS OF OPERATION RECOMMND
Use of the facilities approved under this conditional use permit shall be limited to the hours of 7:00 a.m. to 9:00 p.m., Monday through Sunday, in order to reduce conflict with adjacent residential zones and/or land uses.

10.PLANNING. 7 USE - PERMIT SIGNS SEPARATELY RECOMMND
No signs are approved pursuant to this project approval. Prior to the installation of any on-site advertising or directional signs, a signing plan shall be submitted to and approved by the Planning Department pursuant to the requirements of Section 18.30 (Planning Department review only) of Ordinance No. 348.

10.PLANNING. 8 USE - NO OUTDOOR ADVERTISING RECOMMND
No outdoor advertising display, sign or billboard (not including on-site advertising or directional signs) shall be constructed or maintained within the property subject to this approval.

10.PLANNING. 10 USE - EXTERIOR NOISE LEVELS RECOMMND
Exterior noise levels produced by any use allowed under this permit, including, but not limited to, any outdoor public address system, shall not exceed 45 db(A), 10-minute LEQ, between the hours of 10:00 p.m. to 7:00 a.m., and 65 db(A), 10-minute LEQ, at all other times as measured at any residential, hospital, school, library, nursing home or other similar noise sensitive land use. In the event noise exceeds this standard, the permittee or the permittee's successor-in-interest shall take the necessary steps to remedy the situation, which may include discontinued operation of the facilities. he permit holder shall comply with the applicable standards of Ordinance No. 847.

10.PLANNING. 11 USE - NOISE MONITORING REPORTS RECOMMND
The permit holder may be required to submit periodic noise monitoring reports as determined by the Department of

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.PLANNING. 11 USE - NOISE MONITORING REPORTS (cont.) RECOMMND

Building and Safety as part of a code enforcement action. Upon written notice from the Department of Building and Safety requiring such a report, the permittee or the permittee's successor-in-interest shall prepare and submit an approved report within thirty (30) calendar days to the Department of Building and Safety, unless more time is allowed through written agreement by the Department of Building and Safety. The noise monitoring report shall be approved by the Office of Industrial Hygiene of the Health Service Agency (the permittee or the permittee's successor-in-interest shall be required to place on deposit sufficient funds to cover the costs of this approval prior to commencing the required report).

10.PLANNING. 12 USE - CAUSES FOR REVOCATION RECOMMND

In the event the use hereby permitted under this permit,
a) is found to be in violation of the terms and conditions of this permit,
b) is found to have been obtained by fraud or perjured testimony, or
c) is found to be detrimental to the public health, safety or general welfare, or is a public nuisance, this permit shall be subject to the revocation procedures.

10.PLANNING. 13 USE - CEASED OPERATIONS RECOMMND

In the event the use hereby permitted ceases operation for a period of one (1) year or more, this approval shall become null and void.

10.PLANNING. 14 USE - 90 DAYS TO PROTEST RECOMMND

The project applicant has 90 days from the date of approval of these conditions to protest, in accordance with the procedures set forth in Government Code Section 66020, The imposition of any and all fees, dedications, reservations and/or other exactions imposed on this project as a result of this approval or conditional approval of the project.

10.PLANNING. 15 USE - ABC23 SMALL BEER MFR RECOMMND

SMALL BEER MANUFACTURER - (Brew Pub or Micro-brewery)
Authorizes the same privileges and restrictions as a Type 01 which "Authorizes the sale of beer to any person holding a license authorizing the sale of beer, and

CONDITIONAL USE PERMIT Case #: CUP03692

Parcel: 650-350-017

10. GENERAL CONDITIONS

10.PLANNING. 15 USE - ABC23 SMALL BEER MFR (cont.) RECOMMND

to consumers for consumption on or off the manufacturer's licensed premises. Without any additional licenses, may sell beer and wine, regardless of source, to consumers for consumption at a bona fide public eating place on the manufacturer's licensed premises or at a bona fide eating place contiguous to the manufacturer's licensed premises. May conduct beer tastings under specified conditions (Section 23357.3). Minors are allowed on the premises." A brewpub is typically a very small brewery with a restaurant. A micro-brewery is a small scale brewery operation that typically is dedicated solely to the production of specialty beers, although some do have a restaurant or pub on their manufacturing plant.

10.PLANNING. 16 USE - MT PALOMAR LIGHTING AREA RECOMMND

Within the Mt. Palomar Special Lighting Area, as defined in Ordinance No. 655, low pressure sodium vapor lighting or overhead high pressure sodium vapor lighting with shields or cutoff luminaires, shall be utilized.

10.PLANNING. 17 USE - INADVERTANT ARCHAEO FIND RECOMMND

10 PLANNING - GEN - INADVERTENT ARCHAEO FIND

The developer/permit holder or any successor in interest shall comply with the following for the life of this permit:

If during ground disturbance activities, cultural resources* are discovered that were not assessed by the archaeological report(s) and/or environmental assessment conducted prior to project approval, the following procedures shall be followed:

1.All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist**, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the County Archaeologist to discuss the significance of the find.

2.At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal (or other appropriate

CONDITIONAL USE PERMIT Case #: CUP03692

10. GENERAL CONDITIONS

10.PLANNING. 17 USE - INADVERTANT ARCHAEO FIND (cont.) RECOMMND

ethnic/cultural group representative) and the archaeologist, a decision is made, with the concurrence of the County Archaeologist, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

3. Further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate mitigation measures.

* A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

** If not already employed by the project developer, a County approved archaeologist shall be employed by the project developer to assess the value/importance of the cultural resource.

10.PLANNING. 18 USE - IF HUMAN REMAINS FOUND RECOMMND

10 PLANNING - GEN - IF HUMAN REMAINS ARE FOUND ON THIS SITE:

The developer/permit holder or any successor in interest shall comply with the following codes for the life of this project:

Pursuant to State Health and Safety Code Section 7050.5, if human remains are encountered, no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American heritage Commission shall identify the "Most Likely Descendant". The Most Likely Descendant shall then make recommendations and engage in consultation with the property owner and the County Archaeologist concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human

10. GENERAL CONDITIONS

10.PLANNING. 18 USE - IF HUMAIN REMAINS FOUND (cont.) RECOMMND

remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Archaeologist.

10.PLANNING. 19 USE - MAINTAIN LICENSING RECOMMND

At all times during the conduct of the permitted use the permittee shall maintain and keep in effect valid licensing approval from the California Alcoholic Beverage Control Board (ABC), or equivalent agency as provided by law. Should such licensing be denied, expire or lapse at any time in the future, this permit shall become null and void.

10.PLANNING. 20 USE - SITE MAINTENANCE RECOMMND

The project site shall be kept in good repair. Graffiti shall be removed from any structures within one week of observation and/or notification.

10.PLANNING. 21 USE - MAINTAIN FLOOD FACILITY RECOMMND

The permit holder shall at all times maintain any and all required stormwater, flood control and drainage facilities in a safe condition, in good repair and in a manner capable of being operated as designed.

10.PLANNING. 22 USE - LIMIT OUTDOOR STORAGE RECOMMND

No approval is granted for more than 200 square feet of outdoor storage; any and all outdoor storage shall be limited in area to 200 square feet or less.

10.PLANNING. 23 USE - BUSINESS LICENSING RECOMMND

Every person conducting a business within the unincorporated area of Riverside County, as defined in Riverside County Ordinance No. 857, shall obtain a business license. For more information regarding business registration, contact the Business Registration and License Program Office of the Building and Safety Department at www.rctlma.org.buslic.

No restaurant or brew pub with food service is allowed under this conditional use permit.

10.PLANNING. 25 USE - TASTING ROOM RECOMMND

The "tasting room" depicted on the APPROVED EXHIBIT A shall be limited to vendors by appointment only with a stand-up bar. No seating areas are allowed within the "tasting room."

TRANS DEPARTMENT

10.TRANS. 9 USE - STD INTRO (ORD 461) RECOMMND

With respect to the conditions of approval for the referenced tentative exhibit, the landowner shall provide all street improvements, street improvement plans and/or road dedications set forth herein in accordance with Riverside County Road Improvement Standards (Ordinance 461). It is understood that the exhibit correctly shows acceptable centerline elevations, all existing easements, traveled ways, and drainage courses with appropriate Q's, and that their omission or unacceptability may require the exhibit to be resubmitted for further consideration. This ordinance and all conditions of approval are essential parts and a requirement occurring in ONE is as binding as though occurring in all. All questions regarding the true meaning of the conditions shall be referred to the Transportation Department.

10.TRANS. 10 USE - TUMF RECOMMND

Prior to the issuance of a building permit, the project proponent shall pay the Transportation Uniform Mitigation Fee (TUMF) in accordance with the fee schedule in effect at the time of issuance, pursuant to Ordinance No. 673.

20. PRIOR TO A CERTAIN DATE

PLANNING DEPARTMENT

20.PLANNING. 1 USE - EXPIRATION DATE-CUP/PUP RECOMMND

project are in a negative balance. If so, any outstanding fees shall be paid by the applicant/developer.

80.PLANNING. 8 USE- LANDSCAPE REQUIREMENT RECOMMND

Prior to issuance of building permits, the developer/permit holder shall file a Landscaping Minor Plot Plan Application to the Riverside County Planning Department for review and approval along with the current fee. The landscaping plans shall be in conformance with the APPROVED EXHIBITS; in compliance with Ordinance No. 348, Section 18.12; Ordinance No. 859; and, be prepared consistent with the County of Riverside Guide to California Friendly Landscaping. At minimum, plans shall include the following components:

- 1)Landscape and irrigation working drawings "stamped" by a California certified landscape architect;
- 2)Weather based controllers and necessary components to eliminate water waste;
- 3)A copy of the "stamped" approved grading plans; and,
- 4)Emphasis on native and drought tolerant species.

When applicable, plans shall include the following components:

- 1)Identification of all common/open space areas;
- 2)Natural open space areas and those regulated/conserved by the prevailing MSHCP;
- 3)Shading plans for projects that include parking lots/areas;
- 4)The use of canopy trees (24" box or greater) within the parking areas;
- 5)Landscaping plans for slopes exceeding 3 feet in height;
- 6)Landscaping and irrigation plans associated with entry monuments. All monument locations and dimensions shall be provided on the plan; and/or,
- 7)If this is a phased development, then a copy of the approved phasing plan shall be submitted for reference.

NOTE:

- 1)Landscaping plans for areas within the road right-of-way shall be submitted for review and approval by the Transportation Department only. The Planning Department shall not approve landscape plans within the Road Right-of-Way.
- 2)When the Landscaping Plot Plan is located within a special district such as Valley-Wide Recreation and Park District, Jurupa Community Services District, Coachella Valley Water District, a County Service Area (CSA) or other maintenance district, the developer/permit holder shall

FIRE DEPARTMENT

90.FIRE. 1 USE-#45-FIRE LANES RECOMMND

The applicant shall prepare and submit to the Fire Department for approval, a site plan designating required fire lanes with appropriate lane painting and/or signs.

90.FIRE. 2 USE-#12A-SPRINKLER SYSTEM RECOMMND

Install a complete fire sprinkler system per NFPA 13 1999 edition in all buildings requiring a fire flow of 1500 GPM or greater. Sprinkler system(s) with pipe sizes in excess of 4" in diameter will require the project structural engineer to certify (wet signature) the stability of the building system for seismic and gravity loads to support the sprinkler system. All fire sprinkler risers shall be protected from any physical damage. The post indicator valve and fire department connection shall be located to the front, within 50 feet of a hydrant, and a minimum of 25 feet from the building(s). A statement that the building(s) will be automatically fire sprinkled must be included on the title page of the building plans.

Applicant or developer shall be responsible to install a U.L. Central Station Monitored Fire Alarm System. Monitoring system shall monitor the fire sprinkler system(s) water flow, P.I.V.'s and all control valves. Plans must be submitted to the Fire Department for approval prior to installation. Contact fire department for guideline handout

90.FIRE. 3 USE-#83-AUTO/MAN FIRE ALARM RECOMMND

Applicant or developer shall be responsible to install a manual and automatic Fire Alarm System. Plans must be submitted to the Fire Department for approval prior to installation.

90.FIRE. 4 USE-#27-EXTINGUISHERS RECOMMND

Install portable fire extinguishers with a minimum rating of 2A-10BC and signage. Fire Extinguishers located in public areas shall be in recessed cabinets mounted 48" (inches) to center above floor level with maximum 4" projection from the wall. Contact Fire Department for proper placement of equipment prior to installation.

Murrieta office (951)600-6160
Indio Office (760)863-8886

PLANNING DEPARTMENT

90.PLANNING. 1 USE - PARKING PAVING MATERIAL RECOMMND

A minimum of 16 existing parking spaces shall be maintained as shown on the APPROVED EXHIBIT A, unless otherwise approved by the Planning Department. The parking area shall maintain existing asphaltic concrete to current standards as approved by the Department of Building and Safety.

90.PLANNING. 2 USE - ACCESSIBLE PARKING RECOMMND

A minimum of one (1) accessible parking space for persons with disabilities shall be maintained as shown on APPROVED EXHIBIT A. Each parking space reserved for persons with disabilities shall be identified by a permanently affixed reflectorized sign constructed of porcelain on steel, beaded text or equal, displaying the International Symbol of Accessibility. The sign shall not be smaller than 70 square inches in area and shall be centered at the interior end of the parking space at a minimum height of 80 inches from the bottom of the sign to the parking space finished grade, or centered at a minimum height of 36 inches from the parking space finished grade, ground, or sidewalk. A sign shall also be posted in a conspicuous place, at each entrance to the off-street parking facility, not less than 17 inches by 22 inches, clearly and conspicuously stating the following:

"Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons may be towed away at owner's expense. Towed vehicles may be reclaimed at ___ or by telephoning ___."

In addition to the above requirements, the surface of each parking space shall have a surface identification sign duplicating the symbol of accessibility in blue paint of at

90. PRIOR TO BLDG FINAL INSPECTION

90.PLANNING. 2 USE - ACCESSIBLE PARKING (cont.) RECOMMND

least 3 square feet in size.

90.PLANNING. 3 USE - LOADING SPACE RECOMMND

A minimum of one (1) loading space shall be provided in accordance with Section 18.12.a.(2)f(3).b. of Ordinance 348. The loading spaces shall be surfaced with six (6) inches of concrete over a suitable base and shall not be less than 10 feet wide by 35 feet long, with 14 feet vertical clearance.

90.PLANNING. 4 USE - ROOF EQUIPMENT SHIELDING RECOMMND

Roof-mounted equipment shall be shielded from ground view. Screening material shall be subject to Planning Department approval.

90.PLANNING. 5 USE - INSTALL BIKE RACKS RECOMMND

A bicycle rack with a minimum of two (2) spaces shall be provided in convenient location to facilitate bicycle access to the project area. The bicycle rack shall be shown on project landscaping plans submitted for Planning Department approval, and shall be installed in accordance with those plans.

90.PLANNING. 6 USE - TRASH ENCLOSURE RECOMMND

One (1) trash enclosure which is adequate to enclose a minimum of two (2) bins shall be maintained as shown on the APPROVED EXHIBIT A. The existing enclosure shall be a minimum of six (6) feet in height and shall be made with masonry block and a solid gate which screens the bins from external view. Additional enclosed area for collection of recyclable materials shall be located within, near or adjacent to each trash and rubbish disposal area. The recycling collection area shall be a minimum of fifty percent (50%) of the area provided for the trash/rubbish enclosure(s) or as approved by the Riverside County Waste Management Department. All recycling bins shall be labeled with the universal recycling symbol and with signage indicating to the users the type of material to be deposited in each bin.

Hans W. Kernkamp, General Manager-Chief Engineer

February 20, 2013

Jay Olivas, Project Planner
Riverside County Planning Department
P. O. Box No. 1409
Riverside, CA 92502-1409

RE: Conditional Use Permit (CUP) No. 3692
Proposal: Open a brewery and bottling plant within an existing industrial building
APN: 650-350-017

Dear Mr. Olivas:

The Riverside County Waste Management Department (RCWMD) has reviewed the proposed project located north of Woburn Court, south of Petland Place, and east of Gunther Street, in the Western Coachella Valley Area Plan. In order to mitigate the project's potential solid waste impacts and help the County comply with AB 341 (Mandatory Commercial Recycling) through diverting solid waste from landfill disposal, the Department recommends that the following conditions be made a part of any Conditions of Approval for the project:

1. **Prior to issuance of a building permit**, A Waste Recycling Plan (WRP) shall be submitted to the Riverside County Waste Management Department for approval. At a minimum, the WRP must identify the materials (i.e., concrete, asphalt, wood, etc.) that will be generated by construction and development, the projected amounts, the measures/methods that will be taken to recycle, reuse, and/or reduce the amount of materials, the facilities and/or haulers that will be utilized, and the targeted recycling or reduction rate. During project construction, the project site shall have, at a minimum, two (2) bins: one for waste disposal and the other for the recycling of Construction and Demolition (C&D) materials. Additional bins are encouraged to be used for further source separation of C&D recyclable materials. Accurate record keeping (receipts) for recycling of C&D recyclable materials and solid waste disposal must be kept. Arrangements can be made through the franchise hauler.
2. **Prior to issuance of an occupancy permit**, evidence (i.e., receipts or other type of verification) to demonstrate project compliance with the approved WRP shall be presented by the project proponent to the Planning Division of the Riverside County Waste Management Department in order to clear the project for occupancy permits. Receipts must clearly identify the amount of waste disposed and Construction and Demolition (C&D) materials recycled.
3. Hazardous materials are not accepted at Riverside County landfills. In compliance with federal, state, and local regulations and ordinances, any hazardous waste generated in association with the project shall be disposed of at a permitted Hazardous Waste disposal facility. Hazardous waste materials include, but are not limited to, paint, batteries, oil, asbestos, and solvents. For further information regarding the determination, transport, and disposal of hazardous waste, please contact the Riverside County Department of Environmental Health, Environmental Protection and Oversight Division, at 1.888.722.4234.

4. AB 341 focuses on increased commercial waste recycling as a method to reduce greenhouse gas (GHG) emissions. The regulation requires businesses and organizations that generate four or more cubic yards of waste per week and multifamily units of 5 or more, to recycle. A business shall take at least one of the following actions in order to reuse, recycle, compost, or otherwise divert commercial solid waste from disposal:
 - Source separate recyclable and/or compostable material from solid waste and donate or self-haul the material to recycling facilities.
 - Subscribe to a recycling service with their waste hauler.
 - Provide recycling service to their tenants (if commercial or multi-family complex).
 - Demonstrate compliance with the requirements of California Code of Regulations Title 14.

For more information, please visit:

www.rivcowm.org/opencms/recycling/recycling_and_compost_business.html#mandatory

5. Use mulch and/or compost in the development and maintenance of landscaped areas within the project boundaries. Recycle green waste through either onsite composting of grass, i.e., leaving the grass clippings on the lawn, or sending separated green waste to a composting facility.
6. Consider xeriscaping and using drought tolerant/low maintenance vegetation in all landscaped areas of the project.

Thank you for the opportunity to review this proposal. If you have any questions, please call me at (951) 486-3200.

Sincerely,

Ryan Ross

Jay Olivas
Riverside County Planning Department
4080 Lemon Street, 9th Floor
Riverside, CA 92501

Dear Mr. Olivas:

Subject: Conditional Use Permit No. 3692

This project lies within the area of the Whitewater River Basin Thousand Palms Flood Control Project, which will provide regional flood protection to a portion of the Thousand Palms area. Coachella Valley Water District (CVWD) is currently in the design phase of this project. Upon completion of the design phase, developers and property owners within the area may be required to dedicate right-of-way for regional flood control facilities and/or participate in the financing of a portion of these facilities. Until construction of this project is complete, the developer shall comply with Riverside County Ordinance 458.

This area is shown to be subject to shallow flooding and is designated Zone AO, depth 1 foot on Federal Flood Insurance rate maps, which are in effect at this time.

CVWD will provide domestic water and sanitation service to this area and such service will be subject to the satisfaction of terms and conditions established by CVWD and exercised from time to time, including but not limited to fees and charges, water conservation measures, etc.

CVWD may need additional facilities to provide for the orderly expansion of its domestic water and sanitation systems. These facilities may include pipelines, wells, reservoirs, booster pumping stations, lift stations, treatment plants and other facilities. The developer may be required to install these facilities and provide land and/or easements on which some of these facilities will be located. These sites shall be shown on the development plans as lots and/or easements to be deeded to CVWD for such purpose.

This notice of domestic water and sanitation service availability can only be used and relied upon for the specific property for which it was issued and shall expire three (3) years from date of issuance.

Domestic water and sanitation service remains at all times subject to changes in regulations adopted by CVWD's Board of Directors including reductions in or suspensions of service.

CVWD requires commercial/industrial development to complete a sanitation (wastewater) service survey form to determine the impact of any proposed waste discharge to the CVWD sanitation system. The form requests basic information identifying the physical location, a legal contact, site or facility contact, the projected use, and facility operating parameters. Sanitation service may be further conditioned upon receipt and review of the survey.

The project lies within Upper Whitewater River Subbasin Area of Benefit. Groundwater production within the area of benefit is subject to a replenishment assessment in accordance with the State Water Code

All water wells owned or operated by an entity producing more than 25 acre-feet of water during any year must be equipped with a water-measuring device. A CVWD Water Production Metering Agreement is required to ensure CVWD staff regularly read and maintain this water-measuring device.

If you have any questions please call Joe Cook, Domestic Water Engineer, extension 2292.

Yours very truly,

Mark L. Johnson

APPLICATION FOR LAND USE PROJECT

If the property is owned by more than one person, attach a separate page that references the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

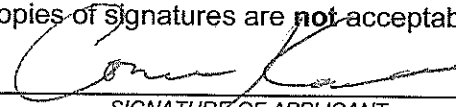

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

AUTHORIZATION FOR CONCURRENT FEE TRANSFER

The signature below authorizes the Planning Department and TLMA to expedite the refund and billing process by transferring monies among concurrent applications to cover processing costs as necessary. Fees collected in excess of the actual cost of providing specific services will be refunded. If additional funds are needed to complete the processing of your application, you will be billed, and processing of the application will cease until the outstanding balance is paid and sufficient funds are available to continue the processing of the application. The applicant understands the deposit fee process as described above, and that there will be NO refund of fees which have been expended as part of the application review or other related activities or services, even if the application is withdrawn or the application is ultimately denied.

All signatures must be originals ("wet-signed"). Photocopies of signatures are **not** acceptable.

"Be Energy Efficient"

SMALL BEER MANUFACTURER - TYPE 23

The privileges and limitations for this type of license are the same as for other beer manufacturers because there is no legislative distinction other than the license fees. (See Type 1 - Beer Manufacturer.)

This license formerly related only to Steam beer. "Steam" beer is made by fermentation at cellar temperature rather than near freezing as is the case with other beers. It is made using only one type of malt--malted barley. It contains no corn, rice or other cereal grains as regular beers normally do. The method of carbonation is entirely natural and involves a process known as Krausening. This process requires taking beer which has been completely fermented and adding to it beer which is still fermenting. This causes a second fermentation to occur. The Krausening process in beer corresponds closely to the "bulk process" in making some types of sparkling wines.

The most common users of this license are operators of micro-breweries and brewpubs. These designations are not to be construed as legal definitions. Their use below is only for descriptive purposes.

"Micro-brewery": A small-scale brewery operation that generally produces approximately 15,000 barrels a year. Its beer products are primarily intended for local and/or regional consumption. Typically, these operations are solely dedicated to the production of specialty beers, although some do have a restaurant or pub on their manufacturing plant.

"Brewpub": Typically, a very small brewery with a restaurant where the beer it produces is sold in draft form exclusively at its own premises. This operation often sells other supplier's bottled beer, including other hand-crafted or micro-brewed beers as well as wine to patrons for consumption on its premises. See "Special Note" below.

Special Note

A brewpub-restaurant (Type 75) license, authorized under Section 23396.3, has a limited brewing privilege and may sometimes be referred to as "brewpub." However, the Type 75 is an on-sale retail license with significant differences/limitations in license privileges from those of a true "beer manufacturer" (either Type 01 or Type 23).

Other Requirements:

The Board of Equalization requires a small beer manufacturer to post a surety bond. the Board will notify the applicant regarding the bond shortly after the application has been made with us. Failure to satisfy this requirement will delay/prevent issuance of the license.

**COMMON ABC LICENSE TYPES
AND THEIR BASIC PRIVILEGES**

LICENSE TYPE	DESCRIPTION
01	BEER MANUFACTURER - (Large Brewery) Authorizes the sale of beer to any person holding a license authorizing the sale of beer, and to consumers for consumption on or off the manufacturer's licensed premises. Without any additional licenses, may sell beer and wine, regardless of source, to consumers for consumption at a bona fide public eating place on the manufacturer's licensed premises or at a bona fide eating place contiguous to the manufacturer's licensed premises. May conduct beer tastings under specified conditions (Section 23357.3). Minors are allowed on the premises.
02	WINEGROWER - (Winery) Authorizes the sale of wine and brandy to any person holding a license authorizing the sale of wine and brandy, and to consumers for consumption off the premises where sold. Authorizes the sale of all wines and brandies, regardless of source, to consumers for consumption on the premises in a bona fide eating place that is located on the licensed premises or on premises owned by the licensee that are contiguous to the licensed premises and operated by and for the licensee. May possess wine and brandy for use in the preparation of food and beverage to be consumed at the bona fide eating place. May conduct winetastings under prescribed conditions (Section 23356.1; Rule 53). Minors are allowed on the premises.
20	OFF SALE BEER & WINE - (Package Store) Authorizes the sale of beer and wine for consumption off the premises where sold. Minors are allowed on the premises.
21	OFF SALE GENERAL - (Package Store) Authorizes the sale of beer, wine and distilled spirits for consumption off the premises where sold. Minors are allowed on the premises.
23	SMALL BEER MANUFACTURER - (Brew Pub or Micro-brewery) Authorizes the same privileges and restrictions as a Type 01. A brewpub is typically a very small brewery with a restaurant. A micro-brewery is a small-scale brewery operation that typically is dedicated solely to the production of specialty beers, although some do have a restaurant or pub on their manufacturing plant.
40	ON SALE BEER - (Bar, Tavern) Authorizes the sale of beer for consumption on or off the premises where sold. No wine or distilled spirits may be on the premises. Full meals are not required; however, sandwiches or snacks must be available. Minors are allowed on the premises.
41	ON SALE BEER & WINE – EATING PLACE - (Restaurant) Authorizes the sale of beer and wine for consumption on or off the premises where sold. Distilled spirits may not be on the premises (except brandy, rum, or liqueurs for use solely for cooking purposes). Must operate and maintain the licensed premises as a bona fide eating place. Must maintain suitable kitchen facilities, and must make actual and substantial sales of meals for consumption on the premises. Minors are allowed on the premises.
42	ON SALE BEER & WINE – PUBLIC PREMISES - (Bar, Tavern) Authorizes the sale of beer and wine for consumption on or off the premises where sold. No distilled spirits may be on the premises. Minors are not allowed to enter and remain (see Section 25663.5 for exception, musicians). Food service is not required.
47	ON SALE GENERAL – EATING PLACE - (Restaurant) Authorizes the sale of beer, wine and distilled spirits for consumption on the licenses premises. Authorizes the sale of beer and wine for consumption off the licenses premises. Must operate and maintain the licensed premises as a bona fide eating place. Must maintain suitable kitchen facilities, and must make actual and substantial sales of meals for consumption on the premises. Minors are allowed on the premises.
48	ON SALE GENERAL – PUBLIC PREMISES - (Bar, Night Club) Authorizes the sale of beer, wine and distilled spirits for consumption on the premises where sold. Authorizes the sale of beer and wine for consumption off the premises where sold. Minors are not allowed to enter and remain (see Section 25663.5 for exception, musicians). Food service is not required.
49	ON SALE GENERAL – SEASONAL - Authorizes the same privileges and restrictions as provided for a Type 47 license except it is issued for a specific season. Inclusive dates of operation are listed on the license certificate.

PROPERTY OWNERS CERTIFICATION FORM

I, VINNIE NGUYEN, certify that on 3/19/2013,

The attached property owners list was prepared by Riverside County GIS,

APN (s) or case numbers = CUP03692 For

Company or Individual's Name Planning Department,

Distance buffered 1000'.

Pursuant to application requirements furnished by the Riverside County Planning Department, Said list is a complete and true compilation of the owners of the subject property and all other property owners within 600 feet of the property involved, or if that area yields less than 25 different owners, all property owners within a notification area expanded to yield a minimum of 25 different owners, to a maximum notification area of 2,400 feet from the project boundaries, based upon the latest equalized assessment rolls. If the project is a subdivision with identified off-site access/improvements, said list includes a complete and true compilation of the names and mailing addresses of the owners of all property that is adjacent to the proposed off-site improvement/alignment.

I further certify that the information filed is true and correct to the best of my knowledge. I understand that incorrect or incomplete information may be grounds for rejection or denial of the application.

Address

30640 Gunther Street, Thousand Palms, CA.
Project Location

Brewery and Bottling Plant within existing 7,045 square foot industrial building producing approximately 3,000 barrels of beer per year (93,000 gallons).
Project Description

This is to advise that the Riverside County Planning Commission, as the lead agency, has approved the above-referenced project on April 17, 2013, and has made the following determinations regarding that project:

1. The project WILL NOT have a significant effect on the environment.
2. A Negative Declaration was prepared for the project pursuant to the provisions of the California Environmental Quality Act. (\$2101.50 + \$64)
3. Mitigation measures WERE NOT made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Plan/Program WAS NOT adopted.
5. A statement of Overriding Considerations WAS NOT adopted for the project.

This is to certify that the Negative Declaration, with comments, responses, and record of project approval is available to the general public at: Riverside County Planning Department, 4080 Lemon Street, 12th Floor, Riverside, CA 92501.
